DEATH OF JAMES H. ADAMS.

Was Well Known and Greatly Loved in Anderson.

(Anderson Intelligencer, April 2.)
The news of the sudden death of James H. Adams at his home in Seneca will be received with regret by the people of Anderson. He was a frequent visitor to Anderson and had many friends here. Always in a good humor and always ready for a joke, he made a friend of every acquaintance.

When death summoned him Wednesday there was taken from his relatives and friends on earth a good man, a Christian gentleman, a man who led a clean life, and who, in all things was conscientious, straight forward and honest. There was nothing pretentious about him. He was a plain man, true to every trust, however small, God-fearing and God-loving. It is sad to thus lose an exemplary citizen. Every community mourns when so bereaved. Yet it is a solace to be warranted in honoring good men in death as Seneca does, honors James H. Adams.

Mr. Adams never paid a visit to Anderson but that he dropped in to see The Intelligencer force, and he usually made his trips to Anderson when he knew he would strike up with his friend Capt. D. A. Taylor. They were the best of friends, and neither ever tired of seeing which could get off the best joke. Mr. Adams was a good man—a man with a heart as big as they make them, and in his death the editor of The Intelligencer feels that he has lost one of his best friends. We join the friends of the family in extending sympathies.

Gaffney to Have Sewers.

Gaffney, March 31.—That Gaffney is a wide awake and progressive city was demonstrated in no uncertain terms to-day when her citizens by a vote of 366 in favor of, and six votes against, decided to issue \$120,000 in bonds for the purpose of installing a system of sewerage for the city. This, together with several other large enterprises soon to be launched, insures the city's continued growth.

Mob Battles with Officers.

Pittsburg, April 2.—A riot occurred at 3.30 o'clock yesterday afternoon at Cheswick, Pa., a mining town above this city. Officers shot and killed one Italian, and several others are reported seriously wounded. The trouble arose when an officer arrested a miner. His companions, numbering several hundred, attempted to rescue him and the shooting followed.

AGED COUPLE FOUND BURIED.

Discovery Made by Neighbors Searching Ruins of House.

Toledo, Ohio, April 1.—The bodies of Ludwig Krueger and his wife were found this afternoon buried under the floor of the cellar in their home. The discovery was made by neighbors while searching the remains of the Krueger home, which burned last night. Mr. Krueger is known to have been paid \$2,000 in cash last week by M. Sobieski, a tailor, in Toledo, who had purchased the farm. The old couple undoubtedly were murdered by unknown persons with robbery as the motive, and the house set fire to cover up the tragedy. In a cellar floor, underneath which the bodies were found, the bricks had been replaced.

Southern Policy Holders Now Safe.

Columbia, April 3.—The taking over of the policies of the Southern Life by the Jefferson Standard Life of Raleigh, which occurred at Fayetteville last Wednesday, meets the enthusiastic approval of South Carolina's Commissioner, Mr. McMaster, as it has the approval of Commissioner Young, of North Carolina. Mr. McMaster, whose recent severe criticisms of Lacey and Cooper of the Southern Life in revoking that company's license, brought forth some sharp retorts from Mr. Cooper, is delighted that the South Carolina policyholders are to be so thoroughly protected by such a solid company as the Jefferson Standard.

"The Jefferson Standard Life," said Mr. McMaster, "is one of the strongest Southern Companies, and I am much pleased to learn of its purchase of the Southern Life. The Jefferson Standard has assets of about \$511,000, of which \$250,000 is capital and \$230,000 general surplus, making \$480,000 surplus to policyholders. The policyholders of the Southern Life are now in a strong company which is above reproach."

B. R. Moss, of Walhalla, S. C., says: "I am recommending Doan's Kidney Pills in the hope that other people suffering from kidney trouble may learn of them and be benefited. I was never in a serious condition as the result of kidney complaint, but for some months I noticed that my kidneys were disordered. I suffered from pains through the small of my back and the kidney secretions were irregular in passage and unnatural. I finally procured Doan's Kidney Pills at Dr. J. W. Bell's drug store and it required but a few doses to relieve me. I am now entirely free from kidney trouble and am pleased to give Doan's Kidney Pills my endorsement."

SMALLPOX IN DEADLY FORM.

Several Deaths at Yorkville, Where Disease Has Become Epidemic.

Yorkville, April 2.—Several deaths have resulted from smallpox in the city during the last few days and new cases are developing daily. The situation has become so serious that the State board of health has taken the matter up. This city and Lancaster, where the disease has broken out in a malignant form also, will probably be quarantined by order of the board.

The people of the two cities are almost panic stricken. Occasional cases of smallpox in a mild form have not been unusual here during the past few years, but it was seldom that a death occurred from it. The present outbreak is nothing less than an epidemic and the disease seems to be of a deadly form. Improvised pest houses are being used and every means will be brought to bear to stamp out the disease.

A BRIDE SPRAINS HER ANKLE.

While changing from one train to another a few days ago a bride wrenched her ankle very badly. She was afraid she would be lame for some time, for the ankle pained her and was swelling rapidly. One of her fellow passengers brought her a bottle of Sloan's Liniment. The Liniment stopped the pain at once and took down the swelling and next day her ankle was almost as strong as ever.

L. Roland Bishop, of Scranton, Pa., says: "On the 7th of this present month, as I was leaving the building at noon for lunch, I slipped and fell, spraining my wrist. I returned in the afternoon, and at 4 o'clock I could not hold a pencil in my hand. I returned home at 5 o'clock and purchased a bottle of Sloan's Liniment and used it five or six times before I went to bed, and the next day I was able to go to work and use my hand as usual. I thought sure I would be laid up, and as we are busy I was very much worried. I cheerfully recommended Sloan's Liniment to all persons who may injure themselves in any way."

GREENVILLE CASE DECIDED.
Recorder Stone Loses Fight With Mayor G. H. Mahon.

Greenville, April 1.—Judge S. W. G. Shipp to-day handed down a decision dismissing the rule requiring G. H. Mahon to show by what authority he holds the office of recorder. Judge Shipp holds that the city had the right to abolish the office, which was formerly held by R. G. Stone and to put the work on Mayor Mahon. Stone alleged that Mahon had usurped the office without warrant and without authority, claiming that although he had been elected for a four-year term, he was forced to give up the office to the mayor after serving one year.
