

LEXINGTON SHERIFF ACCUSED.

He is Charged with Not Arresting a Man who Carried a Pistol.

Columbia, April 8.—Charges were filed to-day against Sheriff Corley, of Lexington county, before Governor Ansel, charging the sheriff with discriminating in a case involving the carrying of concealed weapons. The papers state that last Saturday the sheriff heard the firing of pistols, and on going out in the road met Thos. Aughtrey, whom he accused. This Aughtrey, denied, but on being searched a pistol was found on him. After more shots were heard, and the sheriff found Jas. Bagley with a pistol. He took the weapon from Bagley, and on the way back to Brookland met H. E. Avant, the foreman of the McDuffie Lumber Co. In relating the circumstances to Avant the latter interrupted by pulling out his own pistol. The deputy sheriff took the pistol from him and handed it to the sheriff. After walking a few yards Sheriff Corley, it is charged, returned the pistol, and cases were not brought against either of the men. Aughtrey pleaded guilty and was fined \$20. The petitioners ask that the Governor look into the case.

People past middle life usually have some kidney or bladder disorder that saps the vitality, which is naturally lower in old age. Foley's Kidney Remedy corrects urinary troubles, stimulates the kidneys, and restores strength and vigor. It cures uric acid troubles by strengthening the kidneys so they will strain out the uric acid that settles in the muscles and joints causing rheumatism. J. W. Bell, Walhalla; Stonecypher Pharmacy, Westminster.

Killed Girl; Takes Own Life.

Christiansburg, Va., April 9.—Frank Cauthron, slayer of Mrs. Ada Jones, wife of Sidney Jones, it was learned here to-day, has committed suicide by hanging in the Southwestern State Hospital at Marion.

About a year ago Cauthron was sent to the hospital after having been declared insane by a Montgomery county jury, before which he was tried for murder.

Cauthron was about 21 years old, and Mrs. Jones, his victim, had been his sweetheart before her marriage.

At the time of the trial Cauthron admitted that he committed the deed for love of the girl, and that he only regretted that he could not be hanged, as he wanted to meet her in another world.

A London Fog.

(London Chums.)

Nothing has such a bewildering effect as fog. Only animals which find their way by scent can get about in it with any certainty. Birds are entirely confused by it. Tame pigeons remain all day motionless and half asleep, huddled up, either in or just outside their pigeon houses. Chickens remain motionless for hours during heavy fogs. No bird sings or utters a call, perhaps because it fears to betray its whereabouts to an unseen foe. During one very thick fog a blind man was found wandering about in a certain district of London. This man was in the habit of coming up every day from a suburb, carrying notes and parcels, and had scarcely ever lost his way before. Asked why he had gone astray (for he was quite blind, and it was supposed that weather would make no difference,) he said that in a fog the ground "sounded quite differently."

How She Was Related.

(London Tit Bits.)

"You say, madam," said the bewitched lawyer to the woman in the witness box, "that the defendant is a sort of relation of yours. Will you please explain what you mean by that—just how you are related to the defendant?"

The witness beamed upon the court and replied:

"Well, it's just like this. His first wife's cousin and my second husband's first wife's aunt married brothers named Jones, and they were cousins to my mother's aunt. Then again, his grandfather on his mother's side and my grandfather on my mother's side were second cousins, and his step-mother married my husband's step-father after his father and my mother died, and his brother Joe and my husband's brother Harry married twin sisters. I ain't never figured out just how close related we are, but I've always looked on 'im as a sort of a cousin."

Potash Fight is Won.

Columbia, April 9.—Commissioner Wilson this afternoon received the following telegram from Congressman Lever at Washington:

"Potash salts provided for by committee amendment yesterday; basic slag to free list; amendment just adopted. Fight entirely won in both."

A GOOD OPPORTUNITY.

Trained Nursing is Now the Best Paid Occupation.

The Philadelphia School for Nurses, 2219 Chestnut street, Philadelphia, Pa., offers free scholarships in trained nursing to young women in every State in the Union. The scholarships cover the full two years' course, with room, board, uniforms, laundering, etc., included, and railroad fare paid to home town or district upon the completion of the course.

A home study course and a short resident course are also provided, which quickly open the door to opportunity and enable progressive students to render a noble service to humanity and at the same time acquire for themselves a substantial income from the best paid occupation now open to women, besides qualifying every student to deal with emergencies in the home that may mean the saving of a loved one's life.

Far-seeing philanthropists are adding to the resources of this school, with the view to ultimately extending these benefits to earnest, energetic young women in all country districts and in all the smaller towns and cities.

The institution is endorsed and approved by leading physicians and educators of the entire country. Some of the leading men of this State are its strong supporters and endorsers, as will be seen by the catalogue, which will be sent to any one who writes to the school for it.

Trust Touched for \$1,239,088.

New York, April 9.—Collector Loeb announced to-day that the American Sugar Refining Company of New York has completed payment of the duty due the government on the relinquishment of its sugar entries in consequence of the recent findings in the United States Circuit Court. It was alleged in that case that the sugar was underweighed. The payment to-day amounted to \$342,960, making a total of \$1,239,088 that has been paid to the government.

Now that the corporation has paid the duties imposed on the relinquishment of its sugar entries, it is in a position to appeal the case to the higher courts.

If you have backache and urinary troubles you should take Foley's Kidney Remedy to strengthen and build up the kidneys so they will act properly, as a serious kidney trouble may develop. J. W. Bell, Walhalla; Stonecypher Pharmacy, Westminster.

Stole Two Cents; Gets Six Months.

Springfield, Mo., April 7.—Judge John F. Phillips, in the United States District Court here, sentenced Cleveland Carroll, a youth employed as a mail carrier, to six months in the Missouri reform school for embezzling postal funds. Carroll is said to have appropriated 2 cents given him to buy a stamp. He destroyed the letter he was to mail.

WORTH MOUNTAINS OF GOLD

During Change of Life, says Mrs. Chas. Barclay

Graniteville, Va.—I was passing through the Change of Life and suffered from nervousness and other annoying symptoms, and I can truly say that Lydia E. Pinkham's Vegetable Compound has proved worth mountains of gold to me, as it restored my health and strength. I never forget to tell my friends what Lydia E. Pinkham's Vegetable Compound has done for me during this trying period. Complete restoration to health means so much to me that for the sake of other suffering women I am willing to make my trouble public so you may publish this letter.—Mrs. CHAS. BARCLAY, R.F.D., Graniteville, Va.

No other medicine for woman's ills has received such wide-spread and unqualified endorsement. No other medicine we know of has such a record of cures of female ills as has Lydia E. Pinkham's Vegetable Compound.

For more than 30 years it has been curing female complaints such as inflammation, ulceration, local weakness, fibroid tumors, irregularities, periodic pains, backache, indigestion and nervous prostration, and it is unequalled for carrying women safely through the period of change of life. It costs but little to try Lydia E. Pinkham's Vegetable Compound, and, as Mrs. Barclay says, it is "worth mountains of gold" to suffering women.

Wanted a Doctor.

An old negro man was riding on the train and fell asleep with mouth wide open. A mischievous drummer came along, and having a convenient capsule of quinine in his pocket, he uncorked it and sifted it well into the old negro's palate and the root of his tongue. The old darkey, awakening, became much disturbed. He called for the conductor and asked:

"Boss, is dere a doctor on dis here train?"

"I don't know," replied the conductor. "Are you sick?"

"Yes, sah; I sho is sick."

"What is the matter with you?"

"I dunno, sah, but it tastes like I busted my gall."

They Ended Lives Together.

Alexandria, Mo., April 9.—Arms entwined, the bodies of Herman Bartlett and Belle Pugh, sweethearts, were found lying on the bank of the Mississippi, three miles below here last night, after a search of many hours, following the finding of a note telling of their intended suicide together. Through the forehead of each was a powder-burned wound. A revolver lay beneath them.

During the spring every one would be benefited by taking Foley's Kidney Remedy. It furnishes a needed tonic to the kidneys after the extra strain of winter, and it purifies the blood by stimulating the kidneys, and causing them to eliminate the impurities from it. Foley's Kidney Remedy imparts new life and vigor. Pleasant to take. J. W. Bell, Walhalla; Stonecypher Pharmacy, Westminster.
