FREE PASTEUR TREATMENT.

State Institution in Columbia Will Be Opened in Few Days.

Columbia is to have free Pasteur treatment for those suffering from rabies or threatened with an attack of this frightful disease. So with the approach of the good old summer time cease to worry about getting "mad" dog bit. The free treatment is not to be confined to patients of this immediate vicinity, but will be opened to all of the people of the State. It will be provided for by the State Board of Health in Columbia. The board is to equip a laboratory, one of the finest in the country, not only for the free treatment of rabies, but it will also be used to combat other infectious and contagious diseases.

This State, as is the case with practically every other Southern State, annually sends scores of such cases to Baltimore, Atlanta and other points for treatment, and the expense is very heavy. The State Board's idea is not only to stop this drain, but to methodically combat the spread of the disease. It has become a frequent occurrence for some sections of the State to report a regular epidemic of the rabies.

During the spring every one would be benefited by taking Foley's Kidney Remedy. It furnishes a needed tonic to the kidneys after the extra strain of winter, and it purifies the blood by stimulating the kidneys, and causing them to eliminate the impurities from it. Foley's Kidney Remedy imparts new life and vigor. Pleasant to take. J. W. Bell, Wall-halla; Stoneypher Pharmacy, Westminster.

Woman War Spy Hurt.

Washington, April 23.—Mrs. S. E. Thompson, aged 71, who served as a spy during the Civil War, and is said to be the only woman carried on the pension rolls as a soldier, was so severely injured here Wednesday by being knocked down by a street car near the Capitol that she may die. She rendered conspicuous service to the Union cause during the Civil War by the discovery of the whereabouts of the noted Confederate general, John T. Morgan. Mrs. Thompson, who was a native of Tennessee, was employed in the post office department.
