

WOMAN KILLED IN MARYLAND.

Dead Woman was Wife of Los Angeles Automobile Dealer.

Baltimore, Md., June 25.—A brief telegram received after midnight from St. Michaels, Md., announces the capture of Robert's, the alleged murderer of Mrs. Edith May Woodhill.

Practically the entire eastern shore of Maryland was aroused and searching to-night for one Emmet E. or John T. Roberts, wanted in connection with the brutal murder of Mrs. Edith May Woodhill, wife of Gilbert Woodhill, an automobile dealer of Los Angeles, Cal., whose nude body, with the skull crushed in from a blow, apparently delivered from behind, the face horribly disfigured, the entire body swollen from the effects of several days' immersion, and weighted with an iron pot with a half dozen bricks, was yesterday discovered by boys who were crabbing in Back creek, a tributary of the Choptank river, not far from the home of Mrs. Woodhill's foster father, Capt. Chas. H. Thompson, a few miles from here. Roberts was with Mrs. Woodhill when she was seen for the last known time, and he is accused of having committed the murder. The motive for the crime is at present a mystery. The police of Baltimore and all other cities to which Roberts might make his way were asked to search for and arrest him.

Mrs. Woodhill came here early this month with the intention of spending the summer with her foster father. Her husband remained only a few days, leaving, it is understood, for Detroit, whence he intended to return to Los Angeles. From that time, Mrs. Woodhill and Roberts are said to have seen much of each other. Last Saturday Mrs. Woodhill went to Easton to have some dental work done, and it had been arranged that Roberts should meet her at Royal Oak and return with her to her home. Roberts missed the train for Royal Oak and drove there, met Mrs. Woodhill and drove with her back here to the landing where his launch was moored. They entered the launch and Mrs. Woodhill was not seen again alive, so far as has been learned.

Sang for McKinley.
Mrs. Woodhill before her marriage was given an excellent musical education in this country and Europe, and she is said to have sung in the White House before the late President McKinley. She was a beautiful woman and highly attractive, and was always a warm welcome by her many friends in this locality when she returned with her husband the early part of the month.

Sensation in Los Angeles.
Los Angeles, Cal., June 24.—The news of the murder of Mrs. Edith M. Woodhill, the young wife of Albert Woodhill, president of the Woodhill Automobile Company, of this city, created a sensation here, where both are well known.

Mrs. Woodhill was 20 years old, and was formerly Miss Edith May Thompson, a ward of Lyman J. Gage, former Secretary of the Treasury, now a resident of San Diego.

Mrs. Woodhill's husband's relatives are very reticent concerning her early childhood, but it is understood that she was lost or stolen from her parents in Chicago when she was about two years of age. Mrs. Woodhill several months ago caused an advertisement to be inserted in Chicago newspapers asking for information about any one who had lost a

child in that city about 18 years ago. Gage declines to talk.

San Diego, Cal., June 24.—Lyman J. Gage, former Secretary of the Treasury, whose ward Mrs. Woodhill was until her marriage to Mr. Woodhill, to-day refused to tell how he came to assume the relation toward the young woman, and declined to talk of her life or affairs.

Beyond the bare admission that he had received a telegram telling of her death, he refused to speak of her. He then denied himself to interviewers.

Educated by Gage.
Chicago, Ill., June 24.—Mrs. Ell A. Gage, daughter-in-law of former Secretary of the Treasury Lyman J. Gage, when informed to-night of the murder of Mrs. Woodhill, in Maryland, said:

"My father-in-law first became interested in this girl when he was Secretary of the Treasury. The girl came to Washington with her mother, and in some way Mr. Gage met her. She was then twelve or thirteen years old. Mr. Gage sent her to a school to be educated. She never was his ward. There never was any mystery about her identity and the news that she was stolen when a baby is new to me."

Roberts Shot by Sheriff's Posse.
Baltimore, Md., June 25.—Emmet E. Roberts, of Washington, newspaper correspondent and magazine writer and author, who was wanted for the murder of Mrs. Edith Woodhill, was shot to death by a sheriff's posse while resisting arrest off the wharf at McDaniel, Talbot county, at 4 o'clock this morning.

Shortly after midnight a mysterious looking craft was seen moving up Black river toward the home of Roberts by a farmer. He notified officers, and for three hours the boat was followed by part of the sheriff's crowd in a boat and part on the bank.

The killing followed Roberts's attempt to land. When ordered to surrender he fired on the officers.

Roberts killed the woman several days ago. She was a neighbor, they were on good terms, and the mystery surrounding the murder has not been cleared up.

Tutt's Pills
FOR TORPID LIVER.

A torpid liver deranges the whole system, and produces
SICK HEADACHE, Dyspepsia, Costiveness, Rheumatism, Sallow Skin and Pile.
There is no better remedy for these common diseases than DR. TUTT'S LIVER PILLS, as a trial will prove.
Take No Substitute.

STRUCK BY SOUTHERN TRAIN.

Thos. O. Jameson, of Pickens County, was Severely Injured.

(Greenville News, 26th)
Struck by a fast freight train as he was driving across the tracks of the Southern Railroad at Kelley's Crossing, between this city and Easley, Thomas O. Jameson, 56 years of age, and a prosperous farmer of Pickens county, was yesterday morning thrown several feet in the air and sustained a fracture of the skull, two fractures of the left arm and was bruised about the body and face. He was shortly afterwards brought to Greenville and is being treated in the Greenville Infirmary by Dr. C. B. Earle. While his condition is not necessarily fatal it is very serious and it will be a day or so before any real definite statement can be given out.

Mr. Jameson was in his farm wagon and driving two mules when the accident occurred. He had just rounded a bend in the road and was on the train before he saw it. Elias Day, who lives near the crossing, and who at the time of the accident was in his yard, witnessed the collision and yesterday said that he thought at first that Mr. Jameson was dead. The train knocked the wagon many yards from the track and one of the mules was thrown high in the air and had both legs broken. The other animal was not injured and raced across the field with a part of the broken wagon swinging to him.

Mr. Jameson was thrown about 30 feet and was unconscious when he was picked up by Mr. Day and taken to the home of a neighbor, where he was treated by Dr. Russell. When a passenger train passed he was placed aboard it and brought to this city for treatment. The fracture of his skull is not thought to be a very serious one. There are, so far as has been learned, no serious injuries.

Sufferers from internal and external aches and pains will find immediate relief by using Noah's Liniment—the honest pain remedy—triple strength, the most penetrating and most effective of all pain killers. Contains no alcohol or poisonous drugs, absolutely pure and clean. Sold by all dealers in medicine everywhere, 25c. Noah's Ark on every genuine package.

POSITIVE PROOF.

Should Convince the Greatest Skeptic in Walhalla.

Because it's the evidence of a Walhalla citizen.

Testimony easily investigated. The strongest endorsement of merit.

The best proof. Read it:
B. R. Moss, of Walhalla, S. C., says: "I am recommending Doan's Kidney Pills in the hope that other people suffering from kidney trouble may learn of them and be benefited. I was never in a serious condition as the result of kidney complaint, but for some months I noticed that my kidneys were disordered. I suffered from pains through the small of my back, and the kidney secretions were irregular in passage and unnatural. I finally procured Doan's Kidney Pills at Dr. J. W. Bell's drug store, and it required but a few doses to relieve me. I am now entirely free from kidney trouble and am pleased to give Doan's Kidney Pills my endorsement."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
Remember the name—Doan's—and take no other.

DOCTORS AND LAYMEN AGREE.

Campaign Against Tuberculosis Enlists Workers from All Classes.

New York, June 22.—Special: Confirming the recent statement of Dr. William Osler, that the anti-tuberculosis campaign is no longer a battle for the doctors only, the National Association for the Study and Prevention of Tuberculosis issues a statement to-day, in which it is shown that over 45 per cent of those enlisted in the White Plague War are laymen.

The National Association's membership, consisting of nearly 2,500, and representing every State in the Union, is composed of 54.6 per cent doctors and 45.4 per cent laymen. In the local and State associations, however, throughout the country, the percentage of laymen averages considerably over 50 per cent. The National Association declares that this fact is peculiarly significant, as indicating the great popularity of the anti-tuberculosis movement.

Twenty-five years ago, when the campaign against tuberculosis was started in this country by Dr. Edward L. Trudeau, even the doctors laughed at the movement. Gradually the medical profession realized the possibilities of an organized fight against tuberculosis, and in 1904, the National Association for the Study and Prevention of Tuberculosis was formed by the American Medical Association. At that time the percentage of laymen in the Association was only 12.9, and very few persons were interested in the campaign against this disease.

To-day, according to recent figures published by the National Association, churches, schools, labor unions, women's clubs, fraternal organizations, and State Legislatures, interesting fully 8,000,000 people, are all allied in the campaign against tuberculosis, and in addition to these, laymen of all classes of society, and in every branch of social and industrial life, are uniting against this one common foe.

Every day sees hundreds of new recruits in the war, and every day brings new methods for the fighting of the plague. The National Association predicts that if the present degree of interest is maintained, within five years everybody in the United States will have been informed on the way to prevent and cure tuberculosis, and concerning the infectious nature of the disease.

Two things in particular are needed, and for these the National Association is working in every way. They are a complete registration of tuberculosis cases, and the further isolation of dangerous advanced cases of consumption.

THE RED SHIRT REUNION

Will Be Held at Anderson Some Time in August.

(Anderson Mail, 24th.)

At the meeting held at the Court House to-day to arrange a time and place for the holding of a reunion of the survivors of the Red Shirt campaign of 1876, it was decided that the gathering be held in Anderson some time in August, the naming of the exact date being left to a committee consisting of Col. J. C. Stribling, Mayor J. L. Sherard, President G. M. Tolly, of the Chamber of Commerce, and T. T. Wakefield.

The invitation for the holding of the meeting here was presented by Mayor Sherard on the part of the city council, and Mr. Tolly on behalf of the Chamber of Commerce. An invitation was also extended by Seneca by Dr. Burgess and J. E. Sitton, and a vote was taken to decide. This resulted in 12 for Anderson and 2 for Seneca, and was made unanimous on motion of Dr. Burgess.

A special feature of the reunion will be a parade of the delegates in red shirt uniform and on horseback, a motion having been adopted at the meeting to ask that all delegates who attend the meeting here be provided with red shirts, and that as many as can come mounted, just as in the days during actual service. This motion met with a hearty response as soon as it had been introduced, and was carried unanimously.

Hon. W. L. Mauldin, of Greenville, was chosen a committee of one to prepare a constitution and by-laws to be presented at the meeting here in August, to be adopted.

Col. Stribling, who acted as chairman of the meeting, was appointed to confer with a committee here to arrange a program for the occasion, and the matter of securing reduced rates on the railroads was left with the committee that has in charge the naming of the date.

Every one would be benefited by taking Foley's Orino Laxative for constipation, stomach and liver trouble, as it sweetens the stomach and breath, gently stimulates the liver and regulates the bowels and is much superior to pills and ordinary laxatives. Why not try Foley's Orino Laxative to-day? J. W. Bell, Walhalla; Stonecypher Pharmacy, Westminster.

Heat Fatality in New York.

New York, June 25.—A scorching sun ushered in the fifth day of the hot wave and four deaths were reported to the police before the day was more than a few hours old, and prostrations have increased alarmingly.

The suffering that has been caused by the heat, especially in the tenement districts, is cumulative, and during the early hours was worse than at any time since Monday, children, as always is the case, being the worst off.

Electric Bitters
Succeed when everything else fails. In nervous prostration and female weaknesses they are the supreme remedy, as thousands have testified.
FOR KIDNEY, LIVER AND STOMACH TROUBLE

In Use For Over Thirty Years
CASTORIA
THE CENTAUR COMPANY, NEW YORK CITY.

WOULD SAVE \$192,000 YEARLY.

Blue Denim to Replace Brown Canvas in the Army Uniforms.

Washington, June 25.—The War Department intends to save \$192,800 in the next three years and a proportionate sum yearly thereafter by changing the cloth of the fatigue uniform or working clothes of the enlisted men of the army from brown canvas to blue denim.

Hereafter the quartermaster's department will issue to the troops of the mobile army in all arms of the service blue denim fatigue clothing. The reason of this change is that it has been found the blue denim is in every way just as satisfactory as the brown canvas and the cost is about one-fourth less. The supply of brown canvas uniforms now in stock will be issued and exhausted.

CASTORIA.

He Impeded Justice.

New York, June 25.—Sanford Robinson, personal attorney for F. Augustus Heinze, the head of the copper company, was found guilty in the United States Circuit Court this afternoon of impeding justice.

His conviction probably means that Arthur C. Heinze, indicted on the same charge, will also be convicted. They gave a missing witness money to get out of the country.

Robinson may get as much as three months in jail, and he will also suffer disbarment.

Fell to His Death.

Columbus, Ga., June 24.—James Cummings, aged 85 years, a prominent citizen of Mechanicville, Ala., had the misfortune to fall from the steps of his home this morning, breaking his neck and dying instantly.

The Oil Stove With a CABINET TOP
The New Perfection Wick Blue Flame Oil Cook-Stove differs from all other oil stoves.—It has a **CABINET TOP.** This means you can keep dishes and utensils within easy reach while cooking, and can keep food hot after removing it from the blaze.
From its wonderful burners to its racks for holding towels the

NEW PERFECTION
Wick Blue Flame Oil Cook-Stove
is without equal. Its principle of concentrated heat means that the work can be done quickly and without the kitchen being heated to an unbearable degree. Can be lighted instantly and turned "high," "low" or "medium" at will. Three sizes. With or without Cabinet Top. At your dealer's, or write our nearest agency.

The Rayo Lamp comes as near lamp perfection as it's possible to get. Gives a clear, bright light that reaches the farthest corner of a good-sized living-room. Well made throughout of nickle-plated brass; perfectly safe and very ornamental. If not with your dealer, write our nearest agency.
