AS TO GOOD ROADS.

Favors Move for Better Highways. Some Suggestions.

Seneca, R. F. D. No. 1, Aug. 23.—Editor Keowee Courier: In your last issue I notice a move has been started for better roads; and I am glad of it, as I think there is nothing that needs more attention at present than our roads. With the exception of a few roads that lead from one town to the other they have almost been abandoned. While I know we have no funds to work them at present, still I don't think to raise the commutation tax to \$3 or \$3 would be just to our fellowmen, as there are a great many who own neither wheel nor hoof, and to tax them the same as the man who owns farms with plenty around him would be unjust as I see it. Why not raise a mill tax on the property, as there is a great deal of land owned by men who live in town, and some of them do not pay road tax at all, yet they get the benefit of the tax of the poor man who owns nothing but his daily bread?

I am in favor of good roads and willing to do all I can to get them. If every man who lives on the road would use a few rocks in the mud holes in the winter when he can't do much else it would be a lasting benefit, not only to the public, but to himself as well.

In some sections of the county there are vast tracts of land owned by capitalists and worked by renters, and if the property was taxed, and that tax applied to the district in which it is located, the distribution of funds would be averaged up better.

There is one public road that I know of that, to my best recollection, has not had any work done on it in six or seven years. That road leads from Thos. H. Hunnicutt's to the Shallow Ford on Keowee river; and on another road—that leading from Old Pickens to Walhalla, by New Hope church—a portion has had but one working to my knowledge in five years, and not much then. Mr. Bowers, the overseer, had only a few dollars to work with, but he did the best he could with the funds available.

I want to have good roads to travel. Let the \$1 commutation tax stand, and then put a tax of as many mills on the property as will be necessary to work our roads. There are some places in this section over which one vehicle cannot pass another without getting in the ditch or woods.

Let us get a better system for better roads. I want to hear from others on this very important subject.

for the benefit of the library. If the weather is bad the refreshments will be sold in the library room over the hardware store. Let everybody turn out and help swell the fund for buying new books.

Blackburn officiated, and the young couple left at once for the groom's home in North Carolina.

COUNTY TREASURERS SHORT.

Hampton and Edgefield Treasurers Short About \$38,000.

Columbia, Aug. 21.—The bonding company has tendered \$20,000 in payment of the shortage of J. C. Langford, of Hampton county. The total shortage reported was \$24,171.22, and every effort will be made to get the balance due the State and county of Hampton. The bonding company is claiming insurance. In the meantime the matter is in statu quo.

J. C. Langford, treasurer of Hampton, was found short last year, and was suspended from office December 24, 1908, by Governor Ansel, a new treasurer being appointed in his place. The official shortage is as follows:

Due State \$ 5,457 03
Due county 10,529 10
Schools 8,610 06

Total \$24,596 19
Turned over to successor 424 97

Net shortage, \$24,171 22

The bonding company has sent in a check for \$20,000, leaving a balance of \$4,171.22. It is explained that the bonding company should be liable for the entire amount, as the treasurer gets bonds every time he is elected to an office, that is to say, each term the bond has to be taken out again. The bonds are good for ten years. In case a shortage is discovered within that time the bonding company must stand good for the amount of the shortage up to the \$20,000 for each term of office. The present payment is, perhaps, the largest in the history of the State for one bonding company.

The Edgefield Case.

In regard to the Edgefield shortage, a compromise upon which was entered into at Edgefield yesterday at a meeting of the grand jury, the following is the official statement of the shortage of Dr. J. T. Pattison:

Due State \$ 874 39..

Due county 9,767 18

Due schools 3,434 83

Total \$14,076 40

From this amount should be deducted the following items:

Cash paid successor..... \$1,448 32

County claims on hand..... 3,961 62

Total deduction, \$5,409 94

This leaves a net shortage of \$8,666.46. The compromise agreed upon at Edgefield yesterday fixed the payment at \$5,800, of which \$5,000 goes to the county and \$800 to the State, leaving the balance unaccounted for of \$2,866.45. This amount is apportioned among the county funds and schools.

The Legislature will, no doubt, accept the compromise, because the delegation was present at the meeting of the grand jury at Edgefield. The report is made by the Comptroller General in his annual report to the Legislature on the matter of shortages.

Death of a Good Woman.

Our community was saddened last Thursday a little after the noon hour when it was learned that the quiet, gentle spirit of Mrs. J. L. Glenn had winged its flight to Him who loved her better than we. She was found dead in her yard, and the fact that none of her children were with her at the time seems, if possible, sadder than if they could have ministered to her in her last hour. Death must have come to her instantaneously and as swift as snuffing out a candle, for there was no evidence of any struggle. That morning she seemed in her usual good health when her unmarried son, John, who was living with her, left to attend a singing school at the Baptist church, little realizing he would never see his mother again. Her death was due to paralysis of the heart. Mrs. Glenn was the daughter of the late Samuel Isbell and at the time of her death was living at the home where she was born and reared, having first seen the light April 2d, 1843. She professed faith in early life and lived up to her profession, joining the Baptist church and living a consecrated Christian life. In December, 1861, she was happily married to J. L. Glenn, who preceded her to the Great Beyond in January, 1895. To this union were born six sons and three daughters, all being present at the funeral. They are Edgar, Samuel, Robert, John, Pet, Curtis, and the daughters, Mrs. Tugaloo Knox, Mrs. Newt Richardson and Mrs. Ode Richardson. We would commend the dear children into the hands of our kind Heavenly Father, "who doeth all things well," and may the God of peace comfort and sustain them in this sad dispensation of providence. Mrs. Glenn leaves, besides her devoted children and grandchildren and a host of friends, one sister, Mrs. R. E. Mason, of Charlotte, N. C. To them all we would offer this word of consolation: She is at rest; that was so well prepared to meet God that it was only a short step from this life to be with Him. How infinitely happier is she now with her Saviour whom she knew so well.

Her body was laid to rest in the Beaverdam cemetery on Friday afternoon at 4 o'clock, in the presence of a large number of sorrowing friends and relatives. The services were conducted by the pastor, Rev. J. G. Graham.
