HARD ON DOCTORS AND JEWS.

An Anderson Woman Gives Them a Special Warning.

(Anderson Mail.)

The following communication has been received at this office:

To the People of Anderson: About two years ago I was praying much to God; I was praying to be endowed with power from on high, so that I would be better prepared for his service. While praying the Lord gave me a vision, and told me that in a short time he was going to fill me with His spirit, and that he did want me to speak to the people in an unknown tongue, but to speak to them in a language that they could understand.

In a short while after this the Lord did give me the baptism of the Holy Ghost as he had promised, and he gave me a message to give to the doctors and to the Jews of this place. He told me to warn them to prepare for the second coming of Jesus. At that time I did not feel like I could do this, being a poor, ignorant woman. As I was without an education I delayed the message a long time. The Lord showed me that unless I obeyed Him that destruction would come upon me.

So I went and called on the doctors and the Jews and gave the message that the Master had given me. There may be some yet that I have not found, but I still hope to reach them.

And in July of this year, while I was at prayer, the power of God came upon me, and the Lord talked with me in the spirit and told me that when His message, that he had given me, had reached the people and I had fulfilled my mission, then if they did not repent that He would come and remove the candlestick out of his place, as recorded in Revelation 2:5.

I have been a Christian for about nine years, and the Lord has shown me many things that He was going to bring to pass. Many times I have warned people of God's wrath that was going to be poured out upon them, and many of them have laughed me to scorn, but the Lord has always been true to His word so I beg the dear people of this place to heed the Scripture recorded in Prov. 1:24-28. Then read these words that come from God in Gen. 6:3; Isa. 63:10; Matt. 19:16-21; Luke 10:25-35; Mark, 10:17-21, and many other passages I could refer to.

I give you God's word here, hoping that this may find its way to some honest hearts in Anderson, and that some souls may take warning and flee the wrath to come.

Your friend in Jesus' name,  
Mrs. Nettie Wood.

Some Kansas Corn.

(Kansas City Journal.)

This is the tallest corn story of the season, and is being told among the traveling men over the State. It is said to have been in a letter written home by an Eastern visitor: "Most of the Kansas streets are paved, grains of corn being used for cobblestones, while the cobs are hollowed out for sewer pipe. The husk, when taken off whole and stood on end, makes a nice tent for the children to play in. It sounds queer to hear the feed men tell the driver to take a dozen grains of horse feed over to Jackson's livery stable. If it were not for soft, deep soil here I don't see how they would ever harvest the corn, as the stalks would grow up as high in the air as the Methodist church steeple. However, when the ears get too heavy, their weight presses the stalk down in the ground on an average of ninety-two feet, and thus brings the ear near enough to the ground to be chopped off with an axe."

Farmers, mechanics, railroaders, laborers rely on Dr. Thomas' Electric Oil. Takes the sting out of cuts, burns or bruises at once. Pain cannot stay where it is used.

Over twelve hundred girls have asked to enter Winthrop College this year. Of that number seven hundred can be accommodated, while the remainder, five hundred, will have to go to other colleges or stay at home.

SIGN BOARD LAWS.

Regarding the Marking and Maintenance of the Same.

The 1902 Civil Code of the laws of South Carolina contains the following that will prove of interest to the people of the State.

"Section 446. Any person or persons who shall cut down, burn or deface any mile post or stone erected by the county commissioners or county supervisors in any county, he, she or they, upon conviction thereof, shall forfeit and pay the sum of ten dollars, to be recovered by indictment or information before any court of competent jurisdiction.

"Sec. 447. If any person shall wilfully demolish, throw down, after, or deface any guide-post, every person so offending, shall, upon conviction thereof before any magistrate of the proper county, be fined in a sum not exceeding ten dollars and the cost of suit, or be sentenced to labor on the public works of the county for a term of not more than thirty days, and the money, when collected, shall be by the magistrate collecting the same, paid over to the county treasurer.

"Sec. 448. The county board of commissioners of any county neglecting to cause the public highways in their county to be posted and numbered and to have pointers erected at each fork of said highways declaring the direction of such highways shall be liable to pay the sum of ten dollars for each and every said neglect, to be recovered by indictment in the court of general sessions of the county within which the same occurs, to be collected and paid to the treasurer of such county for the use of the county. Provided, That no county commissioner shall be liable to said penalty who shall put said poster at such times as he shall have his division of roads worked."

The Civil Code of South Carolina has also a section bearing upon this which gives the county commissioners authority to erect such sign boards and charge the cost to the county, and the neglect of this can be construed by the public to mean that they are indifferent to the convenience of the public. The section is as follows:

"Section 1337. Each road overseer within his district may erect and keep up, at the expense of the county, at the forks and cross roads a post and guide-board, or finger-board containing an inscription in legible letters, directing the way and distance to the town or towns, or public place or places, situated on each road respectively."

FROM ROUND ROCK, TEXAS.

Country Hot and Dry—Crops will Show Up About Half.

Round Rock, Texas, Aug. 16.—Editor Keowee Courier: Find enclosed one dollar to pay my subscription from now until August, 1910. I have received your paper every week since I was at your office last August, and I am always glad when Friday comes. When I get through with the paper I feel as though I had talked with some of the old folks at home.

I intended writing up my trip for your paper when I got home, but I was so long getting there and had so much to talk about that I failed to do so; but I must confess that my trip to the old home county was the grandest of my life. To see my old home county getting along so well was a pleasure indeed. Places that were considered worthless a few years back are coming forward, and things then thought of no use are in great demand, and the people are as a rule doing well. All that was a great pleasure, and I was so glad to see it. It caused me no little sorrow, of course, to note the absence of many of the old friends whom I had known in my younger days, many of them having crossed over to the great beyond—yet that is the common fate of all, and sooner or later each one of us must answer the final summons, and the pieces and people who knew us once shall know us no more.

I note by the paper and in private letters that the crops with you are not so good as last year. We are in the same condition in Texas, only we have had no rain. We did not have a good season from October, 1908, until April, 1909, so our farmers are gathering very short crops of cotton, corn and oats; wheat none. I was south of Round Rock Saturday last, and saw some cotton that looks good for a half bale to the acre, and corn about 30 bushels to the acre that was planted early. All corn and cotton that was planted late is no good. We have had and are having some of the hottest and driest weather I have ever seen in Texas. Our gins in town have ginned about fifty bales of this year's crop, and they are now in the cotton yard, sold for from 12 to 12½ cents per pound. The first bale old brought \$75.00 and a premium of \$16, so that the owner did well. We need rain badly, and our crops are getting woefully short. Still, while this is all true, we are expecting to pull through this gloomy time for another year.

To-day one year ago my wife and I left M. C. Todd's home and your town for Round Rock, but we were on the road until the 6th day of September. We enjoyed the trip and our visit immensely. With best of wishes for The Courier and all its readers, Respectfully,  
B. T. Clinkseales.

Undertaker Made Sad Mistake.

A few days ago John A. Smith and Alonzo Wells, residents of Fordsville, Ky., were killed in a saw mill accident in Tennessee. Their bodies were shipped to Owensboro for burial. At Memphis, for some reason, the undertaker opened the coffins, and in replacing the lids, made a mistake, the name of Wells being put on Smith's coffin and Smith's name on Wells's coffin. The mistake was not learned until Wells's wife stopped the funeral procession two miles from the grave and had the coffin opened.

MISS KIRK WINS CASE.

Injunction Against Aiken Board of Health Sustained.

Columbia, Aug. 19.—Miss Mary Kirk, who contracted anaesthetic leprosy while working as a missionary in Brazil, and while living in Aiken last December, was ordered to a pest house, where smallpox negroes were kept. She had the health board enjoined, and to-day the State Supreme Court decided the case in her favor, on the ground that, in the first place, such a form of isolation in her case, she being a woman of refinement and culture, and aged and blind, was too harsh; and for the further reason, that her form of leprosy was not so dangerous as to warrant such extreme measures.

Killed by Tarheel Amazon.

At Banner Elk, N. C., last Wednesday Alonzo Hardin was killed by Mary Bennett, a mountain Amazon. The woman felled Hardin with a hoe, and then beat out his brains. There had been bad blood between the two for some time owing to Hardin's testimony in a tragedy in which Mrs. Bennett's son was the victim. Hardin passed the woman's house in a drunken condition and hurled some epithets at her, and the woman attacked him.

Didn't Speak for the Negroes.

Following the action of Governor Brown, of Georgia, in signing a bill making it a felony for negro secret societies to use the name, grip and insignia of white organizations, Phillip Werlein, president of the Progressive Union, who was scheduled to be the orator of the day at the dedication of the negro Knights of Pythias \$300,000 eight-story skyscraper, refused to participate in the exercises in New Orleans last Wednesday.

In a letter, which was read at the ceremonies, Werlein lauded the negroes for their achievements, but rebuked them for pilfering the name of an established society.

Woman's Beauty

Some women retain their beauty to an advanced age. But women, who regularly endure pain, age rapidly, for suffering leaves its lasting marks on them.

Nearly all women suffer more or less with some form of female trouble. It should not be neglected. Avoid the pain—treat yourself at home by taking Cardui, as thousands of other women have done. Begin at once and give Cardui a fair trial.

TAKE CARDUI

It Will Help You

Mrs. Katie Burlison, Goreville, Ill., tried Cardui and writes: "I suffered with female troubles, and was so sick I could not stand on my feet. Finally I began to take Cardui, and soon began to mend. Now I am able to do all my housework and am in much better health than I was before." Try it.
