

MANY CRIMES LAID TO THIS MAN

One of Most Diabolical Fiends With Whom Authorities Have Dealt.

Providence, R. I., Feb. 5.—Ernest Wilhelm Lorenz, a young German baker, who was given a preliminary hearing in court Wednesday on the charge of having murdered Gilbert Mann three weeks ago, is guilty of half the crimes to which he confesses and others of which he is strongly suspected, he is certainly the most diabolical fiend with which the police of this city have ever had to deal.

The murder of Gilbert Mann, which occurred in the town of Johnston on January 8, is the first crime for which Lorenz is to be tried. Mann, who was an old soldier, was waylaid and mortally shot and a companion, who was with him at the time, was seriously wounded. Robbery was the evident purpose of the assailant. Mann's companion has identified Lorenz as the murderer and the charge against the young German was strengthened when a watch positively identified as having belonged to the murdered man was found among Lorenz's effects when his room was searched after his arrest.

Lorenz denies the murder, but freely confesses to having either assaulted or robbed nearly a score of women, most of the occasions having been in towns near Providence during the past fall and winter. He had a notebook in which he made a memorandum of each assault, filling in the names after he learned the identity of his victims through the newspapers. Upon his own admissions, and as far as any inquiry can substantiate his statements, Lorenz was a lone operator. Though he admits he robbed indiscriminately men and women by holding them up with a gun on unfrequented thoroughfares, he frankly admits that women were his quest. He only attacked men, he says, when there were no women about. Leaving his lodgings early in the morning or in the evening, he roamed the streets seeking unprotected women with felonious design. His diary, which he faithfully kept, is a record of success by violence in his pursuit.

The most fiendish crime which the police are inclined to lay to the door of the young German baker, but which they have so far failed to fasten on him conclusively, was the murder of Miss Laura Rogester, who was found murdered in the Jewish cemetery in the western suburbs of this city early on the morning of May 11 last. The discovery of the crime was made by a passerby, who found the dead and mutilated body of the young woman in a clump of bushes. Broken bushes and deep marks of footprints told that the young woman had fought hard for her honor. Big cuts on her head and welts on the face disclosed that she had finally been overpowered by the use of a bludgeon. The motive of the attack was a criminal assault. One of the pathetic features of the case was that Miss Rogester was to have been married within a fortnight, and when she met her death she was on her way to the dressmaker to see about her wedding gown.

A Harlemite fond of figures has been keeping tab, and says that New York women in a line to buy tickets or postage stamps consume two and one-fourth as much time as men.

Kidney Troubles Attack Walhalla Men and Women, Old and Young.

Kidney ills seize old and young. Come quickly with little warning. Children suffer in their early years. Can't control the kidney secretions. Girls are languid, nervous, suffer pain. Women worry, can't do daily work. Men have lame and aching backs. The cure for man, woman or child is to cure the cause—the kidneys. Doan's Kidney Pills cure sick kidneys—

Cure all forms of kidney suffering. The following testimony proves it: A. N. Stall, 547 Washington street, Greenville, S. C., says: "I, as well as other members of my family, have used Doan's Kidney Pills and the best results have always been received. For disposing of uric poison in the system and regulating the passages of the kidney secretions, Doan's Kidney Pills proved to be a most valuable remedy. I keep them in the house all the time.

"An Inhuman Law."

(Augusta Chronicle.)

The action of the Tillmans, of South Carolina—father and son—in taking away from their natural mother the two little children of Mrs. Lucy Dugas Tillman, under a deed executed by their father to their grandfather has naturally aroused the indignation of the entire country. The South Carolina law which permits this transfer of minor children by their father, as if they were mere chattels, is generally looked upon as a relic of the dark ages, and, as such, is being denounced by the press and people of all States.

It must be an aggravated case, indeed, that can cause the press of the country to take up editorially the issues involved in any domestic trouble, but it is to the credit of the editorial conscience of the United States that it has revolted at this cruel invasion of a mother's rights.

Long-Missing Husband Found.

In a woodchopper at work near her home, Mrs. Albert Holly, of Wabash, Ind., one day last week recognized her husband, whom she had not seen since he marched away as a soldier in the Civil War forty-seven years ago. She believed he was killed in battle, and sold her home and moved away. He could not find her when he returned from the South, and became a wandering carpenter.

Mrs. Holly was married to James Stull a few years after the war. For forty years they lived happily together. Stull was a motorman at Wabash, and ten months ago he was thrown from his car and killed.

Holly and his wife are to be remarried, just as an evidence of good faith.

TILLMAN CASE CAUSES BILLS.

Introduced Simultaneously to Protect Mother in Control of Children.

(Columbia Record.)

Following the hearing in the Supreme Court Monday of the suit of Mrs. B. R. Tillman, Jr., for the possession of her children, who were deeded by her husband to his parents, Senator and Mrs. B. R. Tillman, bills were introduced in both branches of the General Assembly last night to amend the law in reference to the deeding of children so that if the mother is living she must consent in order to make the deed valid.

The Senate bill was introduced by Senator Graydon, of Abbeville, and the House bill by Representative Gasque, of Marion.

Under the present law the father may deed his children, even though the mother be living, without the consent of the mother, while the mother cannot deed the children except the father be dead. The bills introduced in the General Assembly last night give the father and mother the same right, as they have under the present law, in case one of them should be dead, and take away from the father the right to dispose of his children without the consent of the mother, in case she should be living.

Took a Lot as Pay.

Fifty-one years ago, rather than lose his week's wages and a shotgun, which he had loaned to his employer, Peter W. Severson took, under protest, a corner lot of land in Portland, Oregon, 50 by 100 feet in dimensions. Severson has just sold the same lot for a quarter of a million dollars cash.

Swaps Land for Whiskey.

James B. Aiken, of Fort Worth, Texas, has just completed the sale of 100,000 acres of land in Brewster and Perido counties for 100,000 gallons of whiskey. The land, which has been purchased by distillers of Dayton, Ohio, is valued at \$1.10 an acre.

Rockefeller Helps Southern Colleges.

John D. Rockefeller last Wednesday made conditional gifts of \$75,000 towards \$300,000 to the Salem College for Women, at Winston-Salem, N. C., and of \$25,000 towards \$100,000 to the Georgetown College, Georgetown, Ky.

Provided for Her Dogs.

New York, Feb. 7.—Her husband and her dogs share equally in the will filed the past week of Mrs. Minnie Knoekhs, who died recently in Harlem. The income of a trust fund of \$10,000 will be available to provide luxuries for the dogs.

Liquor Makes a Man a Burglar.

Pontiac, Mich., Feb. 7.—The police say that they have traced nearly fifty burglaries here in the past three years to the peculiar effects of whiskey in one man. This man is James Monroe, a hotel proprietor, who, the police say, has confessed that he committed the burglaries. A few drinks of whiskey, he said, produced in him an irresistible impulse to steal.

A white man named A. J. Coyle, has brought suit for \$5,000 damages against the sheriff of Greenwood county for an unlawful arrest and detention in jail. While the office of the nearest magistrate was vacant by death, Coyle put out a negro's eye in a gambling row, and for this was arrested. The sheriff had no warrant and the damage suit is based on this fact.

A Funny Remark.

"S," writing to the Southern Christian Advocate of last week, tells the following:

Our little daughter went to the water bucket to get a drink. On reaching up to get the dipper she pulled the bucket over on her head. Her mother rushed over on hearing the noise to see what was the cause of the racket.

"What in the world is the matter with you, Agnes?"

"I think I have bursted my bladder."

New York City pays a large funeral bill. It costs the city \$22.50 to bury each of the unclaimed bodies that pass through the morgue, and there are about 9,400 of them in the course of a year.

Although glass bottles were made by the Romans as far back as the year 70 A. D., their manufacture was not begun in England until 1558.

N. Y. BOND DEALERS FAIL.

Fish and Robinson Go Under for a Million or More.

Fish & Robinson, bond dealers and members of the New York stock exchange, failed for a million dollars. An involuntary petition in bankruptcy was filed by creditors in the United States District Court late last Wednesday afternoon, and Brinson Withrop was appointed receiver with a bond of \$10,000. Shrinkage in the value of railroad bonds held by the firm caused the failure.

Largest Failure Since Panic.

The failure is one of the largest since the panic of 1907, not so much as liabilities are concerned, but in view of the importance of the firm, which has branches in Chicago, Boston and Worcester, Mass.

The firm was founded in 1899. The business of the firm was principally banking business and the floating of bonds. The petition in bankruptcy was filed with the full consent of the firm, its members having concluded that this was the only way to avoid further losses for itself and its creditors.

A statement, issued by the receivers, says the firm's secured obligations will amount to approximately \$5,000,000, and the unsecured debts to more than \$1,000,000.

Cow's Blood Causes Rabies.

Griffin, Ga., Feb. 5.—Mrs. J. D. Odum, Ernest Oglesby and J. M. Kelley are at the Pasteur Institute undergoing treatment for rabies. All three contracted the affliction from a mad dog. The two men and the woman were sawing the cow's horns off when blood and saliva from the cow entered bruised places on their hands. Their condition is said to be serious. Not less than twelve cows have been killed here recently to prevent hydrophobia.

Attention Sick Women

If you had positive proof that a certain remedy for female ills had made many remarkable cures, would you not feel like trying it?

If during the last thirty years we have not succeeded in convincing every fair-minded woman that Lydia E. Pinkham's Vegetable Compound has cured thousands and thousands of women of the ills peculiar to their sex, then we long for an opportunity to do so by direct correspondence. Meanwhile read the following letters which we guarantee to be genuine and truthful.

Hudson, Ohio.—"I suffered for a long time from a weakness, inflammation, dreadful pains each month and suppression. I had been doctoring and receiving only temporary relief, when a friend advised me to take Lydia E. Pinkham's Vegetable Compound. I did so, and wrote to you for advice. I have faithfully followed your directions and now, after taking only five bottles of the Vegetable Compound, I have every reason to believe I am a well woman. I give you full permission to use my testimonial."—Mrs. Lena Carmocino, Hudson, Ohio. R. F. D. No. 7.

St. Regis Falls, N. Y.—"Two years ago I was so bad that I had to take to my bed every month, and it would last from two to three weeks. I wrote to you for advice and took Lydia E. Pinkham's Vegetable Compound in dry form. I am happy to say that I am cured, thanks to your medicine and good advice. You may use my letter for the good of others."—Mrs. J. H. Breyere, St. Regis Falls, N. Y.

There is absolutely no doubt about the ability of this grand old remedy, made from the roots and herbs of our fields, to cure female diseases. We possess volumes of proof of this fact, enough to convince the most skeptical.

For 30 years Lydia E. Pinkham's Vegetable Compound has been the standard remedy for female ills. No sick woman does justice to herself who will not try her famous medicine. Made exclusively from roots and herbs, and has thousands of cures to its credit.

Mrs. Pinkham invites all sick women to write her for advice. She has guided thousands to health free of charge. Address Mrs. Pinkham, Lynn, Mass.
