Four Killed and Twenty Injured in

New York Races.

Long Island Motor Parkway, N. Y., Oct. 1 .- Four killed and twenty serlously injured, three of them probably fatally, was the price in human life paid to-day for the sixth runin electrifying fashion by Harry Grant, driving a 120-horse power

Grant, who distinguished himself ist year by finishing first in the fifth Vanderbilt, won to-day's event from Joe Dawson, driving a Marmon, by the narrow margin of 25 seconds. John Aitken, in the National, was hind Dawson.

Car Plunges Over Parapet.

The accidents that caused two of he three deaths recorded were sensational in the extreme. The first occurred when the Columbia car, driven by Harold Stone, suddenly burst a tire at the approach of the cement bridge crossing the West-bury road, and becoming unmanageable, plunged over the parapet. The machine went over twice in mid-air and landed on its side, crushing out the life of Matthew Bacon, Stone's mechanician, who was caught under it. Stone himself sustained fractures to both legs and internal lajuries, from which it is doubtful if he will recover.

Sweeps Fence Away.

The killing of Louis Chevrolet's spreading. mechanician, Charles Miller, came as he climax of a mad attempt of Chevrolet to regain a lead, lost through frequent tire trouble. The daring French driver, who, earlier in the race, had reeled off round after round at 73 ½ miles an hour, hurdled a bad run in the back stretch, with full power on, landing on three wheels only, found his car zig-zagging from side to side, unresponsive to its steering gear. With a shriek of horror from the hundreds assembled at the spot, the car plunged into the fence and swept it away like so much paper, then plowed deep into a passenger-laden touring car moored

on the side of the road.

The impact was terrific and the occupants of the touring car were tossed high in the air. All escaped death, however, but Miller was caught in the wreckage and instant-ly killed. Chevrolet owes his life to the stanchness of his steering wheel, upon which he kept a firm hold to the end. He was pulled out of the debris with nothing more serious than a broken arm.

Other Fatalities.

The third death of the day did not occur on the course, but in an acci- Breazeale will regrt to know that he dent en route to the race. Ferdinand has typhoid fever. d'Zubia, an automobile man, was the victim. His wife had both legs broken in the smash-up.

Chief Elliott gave out this statement to-night after a busy day spent in ferreting out the facts connected with the murder of Paul Williams, who was shot and robbed while rid-ing on the Hagenbeck-Wallace circus train between Columbia and Augusta early Sunday morning. He now has in the Richmond county jail ten emplayees of the circus, three white men and seven negroes. He is convinced that one of them fired the shot that killed Paul Williams.

BURGLARS AT WHETSTONE. Store of L. W. Henry Entered and Burglarized Last Night.

News reached Walhalla this morning by phone that the store of I. W. Henry, at Whetstone, this county, entered and burglarized last night, the stock of goods having been practically depleted by the marauders. The information as to the robbery was accompanied by a request that the sheriff go at once, and Sheriff W. M. Kay left immediately in an automobile to lend what assist-ance he could in the capture of the parties responsible for the burglary

Mr. Henry ordinarily carries quite a large stock of goods for a country store, and the statement that the stock was almost totally depleted. If correct, indicates that wagons were necessary to get away with the loot. This being the case, the parties will doubtless be easily caught.

Mr. Henry's store is located some three hundred yards away from his The burglary took place some time during last night and was discovered early this morning when Mr. Henry went out to prepare for the day's business.
