

# \$300 GIVEN AWAY

To all those who purchase

## GIGNILLIAT'S EUREKA GUANO.

The Highest Grade and

BEST GOODS SOLD IN THE COUNTY.

Guaranteed Analysis: Available Phos. Acid, 10 per cent. Ammonia, 4 per cent. Potash, 4 per cent.

THREE tons of these goods have as much manuring value as FIVE tons of the ordinary Standard Guano that is being offered to the trade. We use only the VERY BEST material obtainable, regardless of cost. What makes you so simple as to haul and distribute five tons of ordinary guano when three tons of Gignilliat's Eureka will accomplish the same result? To introduce this High Grade Brand we offer \$300.00 in cash prizes, to be distributed as follows:

1st CAPITAL PRIZE \$50 00	11th CASH PRIZE \$10 00	21st CASH PRIZE \$10 00
2d CASH PRIZE 10 00	12th " " " 10 00	22d " " " 10 00
3d " " " 10 00	13th " " " 10 00	23d " " " 10 00
4th " " " 10 00	14th " " " 10 00	24th " " " 10 00
5th " " " 10 00	15th " " " 10 00	25th " " " 10 00
6th " " " 10 00	16th " " " 10 00	26th " " " 10 00
7th " " " 10 00	17th " " " 10 00	
8th " " " 10 00	18th " " " 10 00	One Capital Prize \$ 50 00
9th " " " 10 00	19th " " " 10 00	Total Prizes Offered 250 00
10th " " " 10 00	20th " " " 10 00	Total \$300 00

A TICKET WILL BE ISSUED FOR EACH TON OF GIGNILLIAT'S EUREKA THAT IS SOLD. AT THE END OF THE SEASON EACH TICKET WILL HAVE A CHANCE AT ONE OF THESE CASH PRIZES. BESIDES THIS PARTICULAR BRAND, WE CARRY A FULL LINE OF ALL KINDS OF FERTILIZERS, VIZ: 16 per cent Acid Phosphate; 10 and 2 Acid; 10 and 4 Acid; Muriate Potash; Kainit; Nitrate Soda; Sulphate of Ammonia, Cotton Seed Meal; Standard Guano 8.85-2-2; our regular G. W. G. Guano, 9-2-2. Nothing but the best materials used in all our Fertilizers. We will make any special brand of goods that the trade may desire. For further particulars, address—

SENECA FERTILIZER COMPANY, G. W. GIGNILLIAT, MANAGER.

### THE FAIR AND THE UNFAIR.

Don't Let Your Mortgage Run Away With You—Demonstration Work.

Walthalla, Feb. 11.—Editor Keowee Courier: Oconee must have a fair to be held the coming October. Where shall it be?—at Walthalla, Seneca or Westminster? Shall we all make a pull for it? I do not think that best. If all will agree on one place and all help to support it we will succeed.

Now, fellow-citizens of all classes, we are one people, and if we unite in this important effort we can make it an honor to the State at large. I will be in the town soon to know what you folks think of Oconee county having a fair. The counties that do not are losing ground. Do we not want to keep up?

Now, what about the unfair? It is unfair for a man who works hard to go to the dealer and give his note for \$60 for one ton of nitrate of soda when he can give the same note and get it for \$47—and identically the same goods. And \$35 for cotton seed meal when \$30.60 will buy the same meal, made of the same seed and at the same mill; potash at an enormous profit; implements also. You sometimes are made to wonder how it is that dealers can pay men to stand around on the streets and be idle. I can tell you how it is. When you lay in your supply of tools you pay these clerks a good profit over and above. It is a matter that we all understand. We are not a foe to every man who is trying to make an advance in life, or a rise in the world, as it is generally called; but, you men who have the greatest burden to bear, open your eyes and look for yourselves. We have done good in the Farmers' Union; it is to-day needed as badly as it ever was, and if it grows stronger our country will prosper faster. Farmers, why will you stay out from between your children and your neighbors and their children—the needy people—and see men who have already more than they need take from those who want? God pity such pluck. We see it every day.

Unite! That is the thing to do. I love the people of Oconee and will give my life in the way that I can to do the most good. If we could but get the people to see what is to be the interest of the man whose home is mortgaged—and probably the horse that he plows is mortgaged by two and sometimes three papers, the cow and calf, the wagon, the buggy, and sometimes the hog, if any, and the crop. Think of the thousands of such cases in Oconee county.

You are the people I want to help. Will you let me? I am a friend of the man who has plenty, but it is the needy and uneducated in whom I am most deeply interested. To see them come into town it looks as though they will almost break a buggy axle—and it mortgaged—to get that \$15 or \$20 suit of clothes. You do not need them. An \$8 suit is good enough for us folks who cannot pay for them until they are worn out. Suppose we furnish ourselves this year and get a little nearer even. The merchant will be glad to see us this fall if we do.

I hope to commence the demonstration work in March. All who would like to become demonstrators will please write me soon.

Very respectfully,  
M. G. Holland.

Crippen's Will Probated.

London, Feb. 11.—The will of Dr. H. H. Crippen, made just before his execution and leaving his \$1,342 estate to Ethel Leneve, was recorded for probate yesterday. Miss Leneve is sole executrix.

### DEADLY POISONS KILL TWO.

One Child Swallowed Belladonna; Another Ate Jasmine Flowers.

Swainsboro, Ga., Feb. 9.—The circumstances surrounding the death of little Ruth Edenfield, eight years old, which occurred yesterday, were exceedingly sad. Ruth, with some other children, went to her grandfather's, and child-like, they were making excursions about the place, hunting treasure boxes. They came upon a medicine chest, and, investigating its contents, came across a bottle of belladonna, which the little girl drank.

When it was discovered that she had taken poison a doctor was summoned, and although everything possible was done that medical skill could suggest, the little girl died a few hours afterward.

**Child Ate Jasmine Blossoms.**  
Another very tragic death was that last night of little Flora Hayes, 18-months-old daughter of Mr. and Mrs. Walter Hayes, which occurred at the home of Mrs. Hayes' father, John Hall, last night about 8 o'clock. The child was apparently in good health and was playing in the yard with her little brother and sister when suddenly the little boy ran in and told his mother that Flora had gone to sleep standing up.

It was discovered that she had eaten a quantity of yellow jasmine blossoms, which were blooming in the yard. A physician was called, but nothing could be done to save the little one's life.

It is rather a sad coincidence that two children in this county should die within a few hours of each other, one from the effects of similar poison from the flower which is used to make this medicine.

### New Hope Honor Roll.

Following is the honor roll of New Hope school for month of January:  
Ora Glazener, Pauline Kelley, Butler Kelley, Luchious White, Walter Kelley, Lillie Glazener, Etta Owens, Leathe Barton, Bessie Barton, Henry Elrod, Willie Bearden, Knox White, Wannie Morgan, Teacher.

### Admiral Schley Injured.

Washington, Feb. 10.—Rear Admiral Winfield Scott Schley, who was injured a few days ago in a fall upon an icy pavement fronting his home, spent a comfortable night and is reported this morning as resting easy. Because of the fracture of two ribs, the retired naval officer suffers much pain. His condition is not regarded as serious.

## Wood's Seeds

For The Farm and Garden

have an established reputation extending over thirty years, being planted and used extensively by the best Farmers and Gardeners throughout the Middle and Southern States.

Wood's New for 1911 will help you to determine as to what crops and seeds to plant for success and profit. Our publications have long been noted for the full and complete information which they give.

Catalog mailed free on request. Write for it.  
**T. W. WOOD & SONS,**  
Seedsmen, - Richmond, Va.

### WORKING TO SAVE HIS JOB.

Trustees of State Colleges Cannot Have Relatives Holding Positions.

Columbia, Feb. 9.—Charges of nepotism in State colleges have resulted in the introduction of a bill by the House committee on public schools to prohibit any person related to any trustee of State institutions of higher education, within sixth degree, from holding any position in such institution. Reference was dispensed with.

State Geologist Earle Sloan is here in an effort to counteract the campaign commenced in the House to abolish his office. The committee on offices and officers have reported favorably, there being a minority unfavorable report.

The bill introduced by the ways and means committee is to abolish the office of State geologist and provide for the sale of his specimens. The position pays \$1,900 salary and expenses.

### Unable to Write, Leaves Fortune.

Jamaica, N. Y., Feb. 10.—John Leahy, an eccentric hermit, is dead at his home in Lakeville, Long Island. More than 70 years of age, he died on his 3,600-acre estate adjoining Deepdale, the home of W. K. Vanderbilt, Jr. Leahy came to this country from Ireland when a boy, and shrewdly purchased from his early earnings extensive suburban plots of land in Long Island.

Ten years ago he sold a part of his holdings for \$250,000, and put the money into gilt-edged securities, the value of which has more than trebled since that time.

The man could neither read nor write, and was not able to sign his name. He signed hundreds of deeds and legal documents every year with his marks. Several sons will inherit his property.

## Children Cry FOR FLETCHER'S CASTORIA

Body of Victim Kills Laborer.

Chicago, Feb. 9.—A man's body, hurled through the air when struck by the Overland limited train, killed another man last night and seriously injured a third. The man struck by the locomotive was Edward Donahue, foreman of a gang of laborers. He survived the effects until to-day.

The train, on its way to the Pacific coast, had not yet cleared the Chicago and Northwestern Railroad yards here when the accident took place. Donahue and fifty of his men were at work cleaning snow from the track. The foreman apparently saw the locomotive approaching, but before he could escape he was struck and his body shot through the air, knocking over the two other workmen who were fifteen feet distant.

### Because of Mistake Boy Died of Grief

Orange, N. J., Feb. 10.—Morris Henkel, a 13-year-old school boy, is dead at his home here of grief over his supposed failure to pass his final examination in the eighth grade class. The lad was one of the best pupils in his grade, and when his teachers announced through a mistake that he had failed to pass his examinations he collapsed, and died a few hours later.

The principal of the school, knowing the boy's record as a student, had his papers looked over again, and found that young Henkel had passed his examination satisfactorily, but that an error had been made in computing the total number of credits.

### DEATH ROLL OF AIR SWEELLED.

Noel and Delatore, French Aviators, Killed by Fall With Aeroplane.

Douai, France, Feb. 9.—Two more names were added to the death roll of the aeroplane to-day. Two aviators, Noel and Delatore, were killed while conducting a trial of a military aeroplane before experts from the war department, previous to its delivery to the army. Noel was the pilot and Delatore a passenger.

According to the requirement of the department, Noel put the machine through its paces for an hour, and the trial, which was considered in every way successful, was practically at an end. The aviators were planning down from a height of about 250 feet when suddenly the wings folded up and the machine fell headlong to the earth. The two men were taken out dead. Their skulls were fractured and they were badly crushed.

### Wholesale Shooting by Courtmartial.

Cape Haytien, Hayti, Feb. 10.—The government of President Simon is dealing rigorously with the revolutionary leaders. Gen. Millionard, of the department of Valieres, head of the revolutionary forces, and a man of great influence in the district of Trou and Valieres, who has been much feared by every administration, was summarily executed. Two additional officers, one of whom was Gen. Apollon, formerly commandant at Trou, and four of the revolutionaries from the same district, whose names are unknown, also were shot to death by the Haitian troops.

These executions, following so closely on that of Gen. Montreuil Guillaume, are likely to have a deterrent effect on the rising, which is the object of President Simon, who now has the situation well in hand.

Itch relieved in 30 minutes by Woolford's Sundry Lotion. Never fails. Sold by J. W. Bell, druggist.

### Elk Facing Starvation.

Helena, Mont., Feb. 10.—Thousands of elk and other big game in West Gallatin Basin are in danger of starving to death, the snow being so deep that animals can scarcely move from place to place, to say nothing of getting feed. An unusually heavy rainfall, which later froze and put a crust on the snow that is impenetrable, is the cause. Eight elk died in one night within sight of a rancher's cabin. A party headed by Forest Supervisor Conklin and Deputy Game Warden Ferguson has left for the scene in an endeavor to prevent further losses. The district is just west of Yellowstone Park.

## GOWANS King of Externals

Accepted by the Mothers of America as the one and only external preparation that positively and quickly CURES all forms of Inflammation or Congestion such as Pneumonia, Croup, Coughs, Colds, Pleurisy.

GOWAN MEDICAL CO., DURHAM, N. C.  
Guaranteed and money refunded by your Druggist

### LINCOLN MONUMENT, \$2,000,000.

House Has Enacted Into Law Bill Providing for Commission.

Washington, Feb. 9.—The House has enacted into law the Senate bill providing for a commission to secure plans and designs for a suitable monument or memorial to Abraham Lincoln in this city. It is estimated that this memorial will cost in the neighborhood of \$2,000,000 and be the most imposing of all the monuments in Washington save only the towering shaft erected in memory of Washington. The commission is composed of President Taft, Senator S. M. Cullom, of Illinois; Speaker Cannon; Senator Wetmore, of Rhode Island; Representative McCall, of Massachusetts; Senator Money, of Mississippi, and Representative Champ Clark, of Missouri.

### Perjurer is Pardoned.

Columbia, Feb. 9.—Bartlett Hammond, a young white man from Horry county, has been pardoned by Governor Blease. He is serving a sentence of two years on the Horry county chain gang, having been convicted in June of 1909 on the charge of perjury.

He was convicted on the charge of perjury following his acquittal of the murder of Barni Bridges.

The petition for pardon was signed by more than a hundred citizens of Horry county. Judge John S. Wilson, who heard the case, endorsed the petition for pardon when it was presented to Governor Ansel.

### Hosiery Mill Men's Association.

Raleigh, N. C., Feb. 10.—Hosiery manufacturers of North Carolina, South Carolina and Virginia met here yesterday and formed the Carolina-Virginia Hosiery Manufacturers' Association. Representatives of 28 mills were present, representing 75 per cent of the output of the hosiery mills of the three States.

The officers elected were: President, Chas. M. Carr, Durham; vice president, H. A. V. Parker, Norfolk; secretary, Ernest Martin, Raleigh. Advisory committee, H. A. V. Parker, C. W. Jeffries, T. H. Williams, A. McDowell.

### \$100,000 Flame in Savannah.

Savannah, Ga., Feb. 10.—Originating in the plant of the Savannah Candy Factory fire last night destroyed the factory, spread to the storage shed of the Atlantic Coast Line freight depot and destroyed that and a quantity of valuable freight before its progress could be checked. The general offices of the Atlantic Coast Line, in a frame building in a stone's throw of the flames, were saved. Several automobiles were burned in the freight shed. The loss is estimated at \$100,000.

## Dr. King's New Life Pills

The best in the world.

Seattle to Have 41-Story Structure.

Seattle, Feb. 9.—The last obstacle in the way of the erection of a forty-one story building in this city by the estate of L. C. Smith, of Syracuse, N. Y., was removed when the council committee that has been going over the plans voted to grant the permit.

The local agent for the Smith estate informed the committee that the skyscraper, which will be the highest office building in the world outside of New York, will be begun within the next six weeks.

**ELECTRIC BITTERS** THE BEST FOR BILIOUSNESS AND KIDNEYS

### PROVIDES FOR INVESTIGATION.

Three Senators and Three House Members to Compose Committee.

The State Senate has passed the bill that came from the judiciary committee providing for an investigating committee to be appointed, three from the House and three from the Senate, to investigate the acts of the winding-up commission, Attorney General Lyon, the original legislative investigating committee and other persons named in the special message sent to the General Assembly by Governor Blease.

There was a fight upon an amendment of Senator Earle, of Oconee, who wished to take out of the hands of the speaker of the House and the president of the Senate the naming of this committee. By a vote of 21 to 4 the Senate tabled this amendment and left the bill practically as it came from the committee room.

Originally there came from the House a concurrent resolution, and also there was introduced in the Senate a concurrent resolution providing for an investigation, but upon being referred to the judiciary committee that committee returned a bill in lieu of the resolutions, giving more power to the committee to be named.

For any pain, from top to toe, from any cause, apply Dr. Thomas' Eucletic Oil. Pain can't stay where it is used.

### Cook to Appear Before Footlights.

New York, Feb. 11.—At the Manhattan Opera House next week, Dr. F. A. Cook will make his bow in vaudeville. The reason given by the doctor for consenting to appear upon a vaudeville stage is that he has caused to be made a moving picture, showing in a most striking way his version of what actually happened in connection with the now famous Polar controversy.

## SEVEN YEARS OF MISERY

All Relieved by Lydia E. Pinkham's Vegetable Compound.

Sikeston, Mo.—"For seven years I suffered everything. I was in bed for four or five days at a time every month, and so weak I could hardly walk. I cramped and had backache and headache, and was so nervous and weak that I dreaded to see anyone or have anyone move in the room. The doctors gave me medicine to ease me at those times, and said that I ought to have an operation. I would not listen to that, and when a friend of my husband told him about Lydia E. Pinkham's Vegetable Compound and what it had done for his wife, I was willing to take it. Now I look the picture of health and feel like it, too. I can do my own housework, hoe my garden, and milk a cow. I can entertain company and enjoy them. I can visit when I choose, and walk as far as any ordinary woman, any day in the month. I wish I could talk to every suffering woman and girl."

—Mrs. DEMA BETHUNE, Sikeston, Mo. The most successful remedy in this country for the cure of all forms of female complaints is Lydia E. Pinkham's Vegetable Compound. It is more widely and successfully used than any other remedy. It has cured thousands of women who have been troubled with displacements, inflammation, ulceration, fibroid tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration, after all other means had failed. Why don't you try it?
