\$780 FORD Model "T" Touring Car. FULLY EQUIPPED.

\$680, FULLY EQUIPPED

\$725 FULLY EQUIPPED. Demonstrations Gladly Given.

FORD---the car that outdistances competition on the race track in speed contests; on the road in endurance trials; and for every day use in dependability, performance and appearance. The car of established quality---established value and low prices---backed by a company with millions. Cheapest car in the world to buy and maintain and simplest to operate. Lightest car in the world, size, power and capacity considered. Strongest car in the world---a car of Vanadium steel. Buy a Ford because it is a better car, not because it is cheaper.

STRAIGHT TO U. S. SENATE.

Sooner or Later Governor Blease Expects to Get There.

(Special to News and Courier.) Columbia, March 29.—Governor Blease will be a candidate for the United States Senate. He said today that he is "going straight to the United States Senate as a martin to its gourd."

Senator Tillman said the other day that he will run again if his health permits, but it is doubted by many that he will again be in the race. Governor Blease said recently that he could beat any man except Tillman for the Senate.

In the event Senator Tillman is not a candidate in 1913, Governor Blease will be in the race. Otherwise he will be a candidate for the Senate later on. That is the way the situation appears to-day.

Governor Blease has received encouraging letters, he states, from all parts of South Carolina. He is told in these letters that he is stronger now politically than ever before. One man wrote him to-day:

"Go ahead and give 'em h—."

The Sound Sleep of Good Health.

Cannot be over-estimated, and any ailment that prevents it is a menace to health. J. L. Southers, Eau Claire, Wis., says: "I have been unable to sleep soundly nights, because of pains across my back and soreness of my kidneys. My appetite was very poor and my general condition was much run down. I have been taking Foley's Kidney Pills but a short time and now sleep as sound as a rock. My general condition is greatly improved, and I know that Foley's Kidney Pills have cured me." Barton's Pharmacy, Walhalla; W. J. Lunney, Seneca.

Commission's First Meeting Over.

Columbia, March 29.—The dispensary commission will probably start its investigation early during April. Probably the next meeting will be held in two weeks. The commission held a short meeting to-day and adjourned to meet at the call of the chairman.

Practically nothing has been given out from the first session. It is stated that the matters were of a routine nature, except the statements made by Governor Blease.

Turns Over Cash and Records.

Dr. W. J. Murray, erstwhile chairman of the State dispensary commission, turned over to-day \$289,259, and all records of the old commission to the new.

READY TO BUY MOUNTAIN LAND.

The Forest Reserve Commission Soon to Begin Purchasing.

The National Forest Reservation Commission, created under the Weeks law, is ready to commence purchasing lands for the creation of national forests in the Appalachian and White Mountains, according to an announcement by the Department of Agriculture. Under the Weeks bill the Secretary of Agriculture was authorized to examine, locate and recommend to the commission for purchase such lands as, in his judgment, may be necessary for regulating the flow of navigable streams. The forestry service has printed a circular giving information as to the location and kind of land wanted.

The land purchases will be restricted to the States whose Legislatures have consented to the acquisition of land by the government for preserving the navigability of streams. Maine, New Hampshire, Maryland, Virginia, West Virginia, North and South Carolina, Tennessee and Georgia have already consented.

The first lands to be examined for purchase will be those which, because of their altitude, steepness and lack of protection are considered to be in a class by themselves.

Want Land in Oconee.

Counties within which proposals are requested are:

Georgia—Habersham and White counties.

North Carolina—Lands in Wilkes, Caldwell, Watuga, Buncombe, Yancey, McDowell, Mitchell, Haywood, Swain, Jackson, Henderson, Transylvania, Macon, Clay, Cherokee and Graham counties.

South Carolina—Lands in Oconee county.

Tennessee—Lands in Johnson, Cocke, Sevier, Blount and Monroe counties.

Virginia—Lands in Shenandoah, Rockingham, Warren, Page, northern Bedford, Botetourt, Rockbridge, Washington, Smythe, Grayson and Wythe counties.

West Virginia—Pendleton, Hardy, Randolph and Pocahontas counties.

Good results always follow the use of Foley's Kidney Pills. They give prompt relief in all cases of kidney and bladder disorders. Try them. Barton's Pharmacy, Walhalla; W. J. Lunney, Seneca.

Children Jump for Lives.

Demorest, Ga., March 31.—A score of children were injured, some seriously, when they were forced to jump from windows of the Hill school building at Piedmont College here, when fire was discovered. There were more than 100 persons in the building at the time, but all made their escape.

The fire started in the basement in the heating apparatus and burned fiercely. The building is occupied by the primary grades and nothing prevented a heavy loss of life except the fact that the second story windows were so close to the ground. The damage is about \$2,000.

THE STATE COLORED COLLEGE.

Trustees Choose President—R. S. Wilkinson Succeeds Miller.

Columbia, March 29.—Prof. Robt. S. Wilkinson, of Charleston, the only member of the original faculty remaining in the employ of the institution, was to-day elected president of the State Normal and Industrial College at Orangeburg, succeeding Thos. E. Miller, who resigned recently under pressure from Governor Blease.

According to Governor Blease, in whose office the meeting was held at noon, no nominations were made. "It was moved," said the Governor, "that the board enter on the election of a president. On the first ballot Wilkinson received four out of seven votes, and on my motion his election was made unanimous."

Rev. N. C. Nix, formerly vice president of the college, whose connection with the institution ceased in 1910, following a fight with President Miller, was elected to a full professorship at to-day's meeting. Nix owns a fine plantation in Orangeburg county, inherited from his father. He was educated at Claflin. At present he is pastor of Mount Pisgah Baptist church, in Orangeburg. He had been mentioned for the presidency.

President Wilkinson is from Charleston. He has been a teacher in the college since its foundation. Among the other candidates who were strongly endorsed were Prof. N. J. Frederick, for some years principal of the Howard public school in Columbia; Rev. D. J. Durham, of Alken, president of the colored Baptist State Convention, and Prof. W. W. Cook, of Washington, Miller's son-in-law.

Foley's Kidney Pills contain in concentrated form ingredients of established therapeutic value for the relief and cure of all kidney and bladder ailments. Foley's Kidney Pills are antiseptic, tonic and restorative. Refuse substitutes. Barton's Pharmacy, Walhalla; W. J. Lunney, Seneca.

Served on the Merrimac.

Norfolk, Va., March 30.—A. C. Griswold, who served on the Confederate iron-clad Merrimac during the famous battle with Monitor, died here Tuesday, following a stroke of paralysis. He was 73 years old.

Scott's Emulsion

is a wonderful food-medicine for all ages of mankind. It will make the delicate, sickly baby strong and well—will give the pale, anemic girl rosy cheeks and rich, red blood. It will put flesh on the bones of the tired, over-worked, thin man, and will keep the aged man or woman in condition to resist colds or pneumonia in the winter.

JERRY MOORE CORN SEED FREE.

An Open Letter to W. L. Verner, Walhalla, S. C.

Greenville, March 29.—Dear Sir: Every farmer's child in the Southland is familiar with the story of "Jack and the Beanstalk." This was only a fairy tale—a myth to please the fancy of innocent childhood. But there is a lesson to be learned from this simple story, for had it not been for Jack's faith and courage in planting the bean seed he never would have conquered the giant. Through his inquiring mind and great courage he mounted the beanstalk and climbed the "ladder of fame."

Truth is indeed stranger than fiction, and we have a real fact, a truth, to present to you that will bring you a harvest of golden eggs! The story is brief, not in a nutshell, but in a few seeds of corn; then listen, my farmer friend:

We have purchased some of the wonderful corn, as raised by Jerry Moore, of Winona, S. C. Perhaps some of you have heard of Jerry and his famous prize winning corn. From the identical corn seed that we have in our possession Jerry Moore raised something over two hundred and twenty-eight bushels on a single acre! Think of it, Mr. Farmer! and you can do the same, and perhaps more, if you but make the effort. We paid \$4 per bushel for this corn, and we wish to present you with a package of this seed, as we are interested in your welfare and prosperity. We are anxious to have every one of our farmer friends in this section, and all over the State, call at our office and get a package of this corn. If you cannot come in person, just write us, and we will be glad to mail you a package of it. We desire to make your acquaintance, to shake hands with you. Remember, you will be at home at our office, and this corn is given to you without money and without price.

The writer recently attended the great Commercial Congress, which convened in Atlanta, Ga., where the great promoters of commerce and manufacturers of all departments, met together to interchange ideas—where the North, the West, the East and the South, all united in one common bond of union and progress. Here was discussed the world's progress in all forms; and the farmer, the cultivator of nature's fields, was accorded a large slice on the right-of-way. It was a verified fact that the West was no longer the only place that corn could be grown to great advantage. But the South—"Old Dixie Land"—was also given a foremost place, and nearer still, the home of your nativity, South Carolina, the dear "Old Palmetto State."

Mr. Farmer, think of what Jerry Moore did with one acre! You can do likewise; you are indeed the "lords of creation." The time is ripe for you to come into your own.

Remember, we have the corn ready for you, and if the supply is exhausted we will send for more of the same seed. Let us hear from you in reference to the matter.

Wishing you all success and an abundant harvest, we are, very truly your friends, Traxler Real Estate Co., David B. Traxler, Manager.

Safe Medicine for Children.

Foley's Honey and Tar Compound is a safe and effective medicine for children, as it does not contain opiates or harmful drugs. The genuine Foley's Honey and Tar Compound is in a yellow package. Barton's Pharmacy, Walhalla; W. J. Lunney, Seneca.

WELL MAN 40 YEARS IN BED.

Because Prevented from Marrying Girl of His Choice.

Because Joseph Plummer, of Milton, N. H., was prevented by his father from marrying the woman of his choice, he has remained 40 years in bed, says a Boston special to the Washington Post. He is now 71 years old.

The woman he loved is dead, but the old man has not been told. In fact, he refused to speak to her from the very day when he said to his father: "Since you will not let me have her, I have no other ambition, and may as well spend the rest of my life in bed." Joseph went to bed. Joseph did not get up. He continued in bed day after day, week after week, year after year, until the sensation of his course waned, and he became more or less of an institution in Milton.

His mother and his father have both died. Now his two brothers, both well along in years, keep the Plummer household, which is a prosperous one, and take care of Joseph. These two brothers Ephraim and Samuel, are bachelors and cook all the meals.

"When Joseph took to his bed," says Ephraim Plummer, "father did not make any objections, but took his food to him and let him stay there. Father didn't approve of Joseph going with the girl because she was only 16 years old, while Joseph was considerably older."

"Joseph felt that after seeing her he could never love any other girl. He was stubborn and used to have his food to him and let him stay there. At first, when he took to his bed, none of us thought that he would stay there long."

"Now he is so weak, from staying in bed so long that he has lost the use of his legs. He could not walk about now if he tried."

Harsh physics react, weaken the bowels, cause chronic constipation. Doan's Regulets operate easily, tone the stomach, cure constipation. 25c. Ask your druggist for them.

Chickens Come Home to Roost.

(Anderson Mail.) Chickens come home to roost. South Carolinians used to knock Governor Patterson, of Tennessee.

COTTON INDUSTRY IMPERILED.

Plan to Check Shipment of Infected Seed Into Alabama.

Montgomery, Ala., March 31.—So alarming has become the indiscriminate shipment of cotton seed and cotton seed meal into Alabama from districts infected with the boll weevil that Commissioner of Agriculture R. F. Kolb has called a special meeting of the State Board of Horticulture to assemble in Montgomery April 4th to adopt drastic measures for the enforcement of the State laws on this subject.

Commissioner Kolb declares that the cotton industry of Alabama is being imperiled by irregularities all over the State and the shipment of the objectionable products is especially large from Mississippi. Heavy penalties are provided for such violations.

"We have authority," said Commissioner Kolb, "to prevent common carriers from bringing the stuff into Alabama and we are going to read the riot act to them."

Accidents will happen, but the best regulated families keep Dr. Thomas' Eclectic Oil for such emergencies. It subdues the pain and heals the hurts.

**LUZIANNE COFFEE**

Its double strength cuts the coffee bill in two; Its superior quality gives it a value double its price.

THE REILY TAYLOR CO. NEW ORLEANS, U.S.A.

No Man is Stronger Than His Stomach

A strong man is strong all over. No man can be strong who is suffering from weak stomach with its consequent indigestion, or from some other disease of the stomach and its associated organs, which impairs digestion and nutrition. For when the stomach is weak or diseased there is a loss of the nutrition contained in food, which is the source of all physical strength. When a man "doesn't feel just right," when he doesn't sleep well, has an uncomfortable feeling in the stomach after eating, is languid, nervous, irritable and despondent, he is losing the nutrition needed to make strength.

Such a man should use Dr. Pierce's Golden Medical Discovery. It cures diseases of the stomach and other organs of digestion and nutrition. It enriches the blood, invigorates the liver, strengthens the kidneys, nourishes the nerves, and so GIVES HEALTH AND STRENGTH TO THE WHOLE BODY.

You can't afford to accept a *feet* nostrum as a substitute for this non-alcoholic medicine of known composition, not even though the urgent dealer may thereby make a little bigger profit. Ingredients printed on wrapper.

SULPHUR---HANGCOCK

JUST PUBLISHED

Webster's NEW INTERNATIONAL Dictionary, (G. & C. Merriam Co., Springfield, Mass.) surpasses the old International as much as that book exceeded its predecessor. Editor in Chief, Dr. W. T. Harris, former U. S. Com. of Education. The definitions have been re-arranged and amplified. The number of terms defined has been more than doubled. The Etymology, synonyms, pronunciation, have received unsparing scholarly labor. The language of English literature for over seven centuries, the terminology of the arts and sciences, and the every-day speech of street, shop, and household, are presented with fullness and clearness. In size of vocabulary, in richness of general information, and in convenience of consultation, the book sets a new mark in lexicography.

400,000 words and phrases. 6000 illustrations. 2700 pages.

Write to the publishers for Specimen Pages.
