

# WHY DR. WILEY IS FOR WILSON

He Says Taft and T. R. Are Soldiers of Fraud.

## ENEMIES OF PURE FOOD LAW

Famous Chemist Believes the Health of the Nation Demands Election of the Democratic Ticket.

By HARVEY W. WILEY.  
(Former Chief Chemist of the U. S. Department of Agriculture.)

My appeal is chiefly to those who, like myself, have been lifelong Republicans. I believe that no kind of an administration is going to ruin the country. I have a high personal regard for each one of the candidates for president and vice-president on all the tickets. All the political platforms are mainly sound and all promise effort in behalf of the whole people. My choice is not based on a platform. It was determined by my impressions of the real attitude of the candidates respecting the public welfare. We are creatures of heredity and environment. In our attitude towards great public questions we are almost altogether creatures of environment.

What two men are by environment most likely to be swayed by special interests and most likely to be guided by devotion to public welfare? Two of the candidates have already been tried in the presidential chair and we know by experience what may be expected if either of them resume his former seat on March 4, 1913. Mr. Roosevelt by reason of his attitude towards the food and drug act abandoned the consumers of the country to the rapacity of a few mercenary manufacturers. Under authority of congress I had carried on extensive experiments with my so-called poison squad and found that certain substances, viz., benzole compounds, sulphurous compounds and sulphate of copper (blue stone), were injurious to health.

The law conferred upon me, as chief of the bureau of chemistry, the duty of acting as a grand jury and determining whether foods and drugs were adulterated or misbranded. Instead of appealing from my decisions to the courts as the law requires, the users of these poisons appealed to President Roosevelt. He not only listened to them, but he promulgated the plain provisions of the law, appointed a board not contemplated by the law, and directed that these predatory interests might continue their attacks on the health of the people until this board, unknown to the law, should decide otherwise.

Can we safely trust the campaign for public health to Mr. Roosevelt? I cannot believe that to be the proper course. Mr. Taft inherited this exceedingly bad condition of affairs from his predecessor and has not only continued this illegal board under whose patronage adulterators are still poisoning the people, but he did worse. In the matter of the adulteration of distilled beverages in which Roosevelt upheld the legally constituted authorities, Mr. Taft reversed that policy and threw the mighty weight of the executive office to the support of the worst lot of adulterators that ever disgraced a country.

Mr. Wilson and Mr. Marshall by their strenuous efforts in behalf of the food laws of their respective states, have given a positive promise to end such a threatening state of affairs. They will support to the utmost the officials under the law who are trying to protect the public health and will make short shrift of those who have brought about these present unbearable conditions.

Wilson and Marshall by their education and environment are free from bias in favor of predatory interests and are inspired by true patriotic zeal in behalf of public welfare.

I support the Democratic nominees in full knowledge that many of the prominent Democrats in congress have been in full sympathy with the paralysis of the food law in behalf of the unholly dollar. But when the Democratic president and vice-president lend the aid of their powerful sympathy in behalf of the public health those of their own party not in sympathy with them will be robbed of their power for evil. If Roosevelt or Taft be chosen the soldiers of fraud and adulteration will be impregnably entrenched for another four years and benzoates, sulphites and adulterated alcoholic beverages will have a new lease of life.

I believe also that President Wilson will renovate the department of agriculture, reekle, as it has been for the past twelve years, with scandals and favoritism. He will see to it that the bureau of animal industry will protect the public health instead of the efforts of the packers to sell diseased meats under the deceptive phrase "U. S. Inspected and Passed." Under President Wilson no more Pinchots will be kicked out of the service, no more unspcakable McCabes will exercise dictatorial powers. There will be no more cotton leaks and jungle atrocities, no more Everglade swindles. Buccaneering, boasting and buncombe will give place to sane efforts for the promotion of real agriculture and the public health.

Under Wilson the department of agriculture will be restored to speak

ing terms with the State Agricultural Colleges and Experiment Stations, and the State officials will no longer be regarded as inferior beings, living only on the largess of a Washington cabal. I ask all who want honesty and faithful service in the Department of Agriculture, the promotion of public health, and executives who have grown to manhood and lived in an environment favorable to that which makes for the public welfare, to vote for Wilson and Marshall.

## TAXING POOR MAN'S COAT OFF HIS BACK

Concrete Illustration of What a Republican Tariff Really Means Causes Workers to Think.

Concrete examples of how a protective tariff operates are causing the working man, the "poor man," to do a lot of thinking nowadays. He is beginning to understand whether it is not about time to call a halt on the Republican practice of taxing the coat off his back and threatening him with the loss of his shirt and his socks if he does not submit.

All through the present tariff law, passed by a Republican congress and endorsed by a Republican President as THE BEST TARIFF BILL EVER PASSED, are to be found discriminations, the higher duty on the cheaper article, the lower on the shoulders of those least able to bear it the greater burden of the protective system. Here are some illustrations:

The cheapest wool blankets bear a duty of 165.42 per cent.; the dearest, 104.55 per cent.

Flannels, not more than 40 cents a pound, are taxed at 143.87 per cent.; over 70 cents a pound, 76.37 per cent.

Wool plushes, cheapest, 141.75 per cent.; dearest, 95.33 per cent.

Knit fabrics, cheapest, 141 per cent.; dearest, 95.53 per cent.

Stockings, worth from \$1 to \$1.50 a dozen, 76.37 per cent.; from \$2 to \$3, 59 per cent.

Hats and bonnets, worth not over \$5 a dozen, 63 per cent.; over \$20 a dozen, 35 per cent.

Carpets, highest priced, 50 per cent.; that used for mats and rugs, 126.33 per cent.

Women's gloves, unlined, 49 per cent.; lined, 84 per cent.; longest gloves, unlined, 42 per cent.; lined, 29 per cent.

Men's gloves, worth less than \$3 a dozen, 66.28 per cent.; eastliest gloves, 14.45 per cent.; leather, unlined, 44.53 per cent.; lined, 29.50 per cent.

Books, cheapest, 77.48 per cent.; dearest, 26.3 per cent.

Uncut diamonds bear a 10 per cent. duty; imitation diamonds, 20 per cent.

The humble firecracker bears a 37.92 per cent. duty, while elaborate fireworks bear but 70 per cent.

Matting, smaller and cheaper grades, 43 per cent.; costlier, 44 per cent.

Watch movements, seven jewels, 66.02 per cent.; 11 jewels, 40.41 per cent.; 17 jewels, 34.45 per cent.

Underwear, cheapest, 56.90 per cent.; dearest, 50 per cent.

Dress goods of wool, cheapest, 105.42 per cent.; dearest, 94.13 per cent.

Velvets, cheapest, 105.22 per cent.; dearest, 49.55 per cent.

Silk handkerchiefs, cheapest, 77.44 per cent.; dearest, 59 per cent.

Scissors, worth 50 cents a dozen, 52.21 per cent.; worth \$1.75 a dozen, 46 per cent.

Table knives, fancy grades, 57.40 per cent.; bone handled, 69.43 per cent.

Butcher knives, best grades, 52.10 per cent.; cheapest grades, 93.55 per cent.

Files, smallest, 81.29 per cent.; longest, 36.81 per cent.

Shot guns, worth from \$5 to \$10, 47.67 per cent.; worth over \$10, 45.46 per cent.

These are only a part of the discriminations, gleaned from a swift conning of some of the schedules. Reduced to simplest terms, they mean that the poor man is taxed higher than the rich man.

## WALHALLA PROOF

Should Convince Every Walhalla Reader.

The frank statement of a neighbor, telling the merits of a remedy, bids you pause and believe.

The same endorsement by some stranger far away commands no belief at all.

Here's a Walhalla case. A Walhalla citizen testifies.

Read and be convinced.

Mrs. Ida Hellams, Factory Hill, Walhalla, S. C., says: "We have used Doan's Kidney Pills in our family with excellent results, and I know that they live up to the claims made for them. They were obtained from Dr. Bell's drug store, and used for pains in the back and sides and trouble with the kidney secretions. Complete and lasting relief was received."

Mrs. Hellams is only one of many Walhalla people who have gratefully endorsed Doan's Kidney Pills. If your back aches—if your kidneys bother you, don't simply ask for a kidney remedy—ask distinctly for Doan's Kidney Pills, the same that Mrs. Hellams had—the remedy backed by home testimony. 50c. at all drug stores. Foster-Milburn Company, Props., Buffalo, N. Y. "When Your Back is Lame—" member the Name.

An Irishman, standing in a crowded street car, lost his balance, and fell across a lady's lap. She was very indignant, and asked in a stormy tone: "Who are you, sir? Who are you?" "I thought I was an Irishman, but it seems that I am a Laplander," was the instant reply.

## ONE MORE LOVE LORN LOON.

When Girl Chooses Rival Athens Youth Shoots Himself.

Athens, Ga., Sept. 26.—Before the residence of a young girl who is alleged to have refused him in favor of a rival earlier in the evening, Preston Arthur, a prominent young man of this city, shot himself near the heart, and is reported dying.

Accompanied by Gerline Phelps, another young fellow, Arthur went to call upon Miss Grace McKinnon, a pretty 18-year-old girl, who lives on Oak street. The young men were rivals, and agreed before the visit, it is said, to let the girl decide between them. Phelps remained at the house, while Arthur soon left and went to the business section of the town, where he played pool for an hour.

During the game he showed a pistol, which he carried, to two chums and laughingly declared he had the nerve to use it. He then returned to the McKinnon home.

Standing by the gate before the girl's home, Arthur fired the fatal shot. The report aroused the inmates, and he was carried inside in a dying condition.

Arthur had stated earlier in the evening that if he were turned down he would kill himself.

## End of the Revolution.

Washington, Sept. 26.—Gen. Mena, leader of the Nicaraguan revolutionists, is to be sent to Panama under guard of American sailors and marines.

American Minister Weitzel reported to the State Department to-day that Rear Admiral Southerland had accepted the surrender of Mena and 700 followers at midnight on September 24th.

His capture is taken to indicate the collapse of the revolution and his removal to Panama probably means exile.

Officials here believe Gen. Mena requested that he be permitted to surrender to Admiral Southerland from fear of summary action at the hands of the Nicaraguan Federals, and the admiral doubtless thought it advisable to get the rebel leader out of the country.

## Nat Goodwin, Life Cripple.

Los Angeles, Sept. 20.—Nat G. Goodwin, comedian, who has delighted thousands of audiences, probably will never again appear before the footlights. Physicians declare he will be a cripple for life as the result of the fracture of his pelvic bone, which happened August 15 while Goodwin was boating in the Pacific. To carry out a whim of Miss Moreland, an actress to whom he was reported engaged, he ventured into dangerous waters in a small craft. A huge breaker upset the skiff and dashed Goodwin against the rocks.

## Beats Wife and Suicides.

Marietta, Ga., Sept. 25.—After beating his wife over the head with a base ball bat, Hope Irwin, son of R. C. Irwin, of the State Comptroller's office, stood before a mirror in his bed room early to-day and killed himself by slashing his throat with a razor. Mrs. Irwin is expected to recover. Temporary insanity is advanced as the cause for the act.

## DR. SIMMONS Squaw Vine Wine

A Palatable Medicine especially prepared to relieve and cure the diseases which affect women

This excellent medicine is not only successful in conquering the painful and prostrating diseases that attack the female generative system but it is exceptionally pleasant to take. The usual rule that the nastier the medicine the more effective it is, is reversed in the case of Squaw Vine Wine. It is one of the pleasantest of medicines. The fresh juice of a well ripened sweet orange is not more agreeable. It is indeed a happy combination of sweet herbs compounded with just enough spirits to keep it fresh and active in its medicinal effect. Poor, tired mothers, worn out with the cares of a family and household, and suffering from those distressing aches, bearing down pains and nervousness which women only know, revive wonderfully under its strengthening and exhilarating influence. It eases pain, strengthens weakened parts, corrects irregularities, builds up a strong, vigorous body, restores brightness to the eye and color to the cheeks.

## MICAH JENKINS' OFFICE GONE.

Internal Revenue Districts of South and North Carolina Combined.

An order has been issued by President Taft consolidating the internal revenue district of South Carolina with the fourth district of North Carolina, with headquarters at Raleigh. The office of Major Micah Jenkins, collector of internal revenue for South Carolina at Columbia, thus disappears.

The deputy will probably be stationed at Columbia to sell stamps. Who this officer will be has not yet been determined, according to a statement made at the office of Commissioner Cabell in Washington. The order of consolidation is effective October 1, and follows the enactment of the legislative, executive and judicial appropriation bill passed at the last session of Congress, when provision was made for the continuance of only 63 of the 67 revenue districts now in existence, leaving to the President the designation of the districts to be merged.

For dyspepsia, our national ailment, use Burdock Blood Bitters. Recommended for strengthening digestion, purifying the blood. At all drug stores. \$1 a bottle.

## Finger Kicked Off by Mule.

(Pickens Sentinel, Sept. 26th.)

We learn from Oliver Pickens, of Easley, who is attending court here, that L. L. Thomas, of Easley, suffered a painful accident Tuesday, being kicked by his mule. In some way Mr. Thomas' hand became fastened to his wagon body and the mule kicked one of his little fingers entirely off at the second joint. He was also kicked in the breast.

## KEEP IN PERFECT HEALTH.

You owe it to yourself, your family and your work to keep in the best possible condition. If you have strong, ready muscles—rich, healthy blood and a clear brain, you can do more and better work and really live, and enjoy living and be a blessing to those you love.

Much of the eternal grouch and many of the aches and pains you see every day are caused directly by a lazy, torpid, over-worked liver, and all of that may be absolutely cured by R. L. T. (Richardson's Liver Tonic). One fifty-cent or dollar bottle of this magnificent tonic will prove to you that it is the finest laxative and the quickest strength building tonic ever offered. Kick suffering humanity. Get a bottle from your druggist today, and keep it always in the family medicine chest ready to put the liver right in one night or cure malaria, constipation, or bilious fevers in the shortest possible time. If not on sale in your town, write R. L. T. Co., Anderson, S. C.

## Trammen Injured in Wreck.

Florence, Sept. 25.—Train No. 32, a fast through passenger from Augusta to Florence, was wrecked four hundred yards south of the station at Lone Star, Orangeburg county, about 6 o'clock this afternoon. The engine, tender, mail, baggage and express car and two coaches were derailed and followed the engine over an embankment.

The engine, No. 234, a big copper head, it is stated, turned up-side down. The train was in charge of Engineer James L. Wysong and Conductor J. V. Harker, both of this city.

Mr. Wysong had his leg broken at the ankle, the mail clerk, express messenger and baggagemaster were all more or less injured. The report from Conductor Harker to the officials here stated that no passengers were injured. The engine left the rails just as Engineer Wysong had slowed his train down for the station, or the wreck would have been more serious.

The wrecking train was sent out from here early to-night for the scene of the wreck to clear the main line, which it is thought can be done by morning.

## Heaven Located on Old Maps.

New York, Sept. 26.—A series of old maps, representing the development of the art of map-making from the first to the seventeenth centuries, are to be used as window decorations in the big granite museum of the American Geographical Society here. In some of the early maps, drawn by monks, Palestine and the East are shown at the top and the Garden of Eden and heaven are given geographical position.

## SUMMER FOODS OFTEN CAUSE DYSPEPSIA.

Their Effect on the Digestive Organs Responsible for Many of the Season's Ills.

Summer should be the period of perfect health, but impure water and milk, unripe fruit, and the tendency to indulge in acid foods and iced drinks, produces a contrary condition in many people.

The effect of the average summer diet is to constipate even normally regular bowels, and this results in disarranging the entire digestive system. When the bowels are choked with the stomach's refuse, indigestion is almost sure to follow and the waste matter that should pass out through the bowels, not finding passage, ferments in the stomach and the poisons are forced into the blood, causing much distress and often serious illness.

To keep the bowels free, there is no more effective remedy than Dr. Caldwell's Syrup Pepsin. This is a pleasant-tasting bowel stimulant and laxative tonic that is very gentle in its action, bringing relief in an easy, natural manner, and without discomfort. A spoonful of Syrup Pepsin will quickly check summer diarrhoea by cleansing the bowels and removing the foreign matter that irritates and inflames the tissue. It is sold in drug stores for fifty cents a bottle; a large family size, considerably more than twice the quantity, costs a dollar. If you have never used Syrup Pepsin and would like a free trial bottle, postpaid, write to Dr. W. B. Caldwell, 406 Washington street, Monticello, Illinois.

## Two Outlaws Begin Terms.

Richmond, Va., Sept. 21.—Sidna Edwards, brother of Wesley Edwards, captured in Des Moines last Saturday, and Friel Allen, nephew of Floyd and Sidna Allen, were brought to Richmond yesterday afternoon and lodged in the penitentiary, where they began their terms for participation in the shooting up of the Carroll County Court March 14. Edwards is under sentence to serve eighteen years. Friel was given fifteen years. Both of these men were convicted of taking a minor part in the Hillsville horror. They were captured several days after the tragedy, being surrendered by Friel's father, Jasper Allen. Both entered pleas of guilty to participation in the shooting up of the court, and counsel for the State and defense compromised on eighteen years for Edwards and fifteen for young Allen.

You can't dodge the malaria germ while your liver is torpid. It makes you an easy mark for the disease. Dr. M. A. Simmons' Liver Medicine is the best protection. It puts the liver in sound, healthy condition and purifies the stomach and bowels. Price 25 cents per package. Sold at Bell's drug store.

## Mastodon Skeleton Found.

A dispatch from Agincourt, Ontario, says: The skeleton of a mastodon has been found by Leaman Hawley, near Malahide, Ontario. The bones have not all been dug out yet. The ribs measure five feet in length. The vertebrae joints are as big as a small size frying pan. The upright bones from the vertebrae joints measure from eight inches to sixteen inches in length. One tooth has been unearthed which weighed four pounds and is fourteen inches around. The skeleton was found on the banks of a ravine.

## Boys Start Mad Riot.

New York, Sept. 23.—Police reserves were called out to-day to quell a riot of 1,500 public school boys, who revolted against the transfer of their principals. Pupils of two schools were involved. They smashed windows, routed the janitors with showers of vegetables and terrorized the neighborhood. The pupils paraded the streets and prevented the children who did not join them from entering the school buildings.

## Tutt's Pills FOR TORPID LIVER.

A torpid liver drags the whole system, and produces SICK HEADACHE, DYSPEPSIA, COSTIVENESS, RHEUMATISM, Sallow Skin and Piles. There is no better remedy for these common diseases than DR. TUTT'S LIVER PILLS, as a trial will prove. Take No Substitute.
