HYDE WALKS TO DEATH CHAIR.
Anderson Man Pays Penalty for Murder of Wife and Her Father.
Columbia, Oct. 1.—Samuel Hyde, convicted at Anderson for the murder of his wife and her father, was electrocuted to-day at the State penitentiary at 12.04 o'clock, going to his death without any visible signs of nervousness. He walked into the death chamber with firm tread and with arms folded. The guards did not find it necessary to support him. He seated himself in the death chair without assistance and the electrodes were adjusted.
Before the current was turned on, Hyde spoke for about three minutes, saying he was sorry for his crime, but that he knew he was going to heaven.
A few minutes before the electrocution Hyde was administered communion by his pastor, Rev. J. P. Vines, of the First Baptist church of Anderson.
Hyde's body was shipped to Tolly's undertaking parlors at Anderson, where it will be embalmed before shipment is made to the medical college in Atlanta. Hyde willed his body to the Atlanta institution.
Here is a woman who speaks from personal knowledge and long experience, viz.: Mrs. P. H. Brogan, of Wilson, Pa., who says: "I know from experience that Chamberlain's Cough Remedy is far superior to any other. For cough there is nothing that excels it." For sale by all dealers.

MATTERS AT WESTMINSTER.

State Mission Day was observed by the societies of the Baptist church and proved to be very interesting and instructive. The program was carried out very successfully, every lady present giving her opinion of work for State missions. Some of the discussions proved to be heart-to-heart talks, in which it was found that many of the ladies denied themselves the privilege of buying certain articles of dress and gave the money thus saved to carry the Gospel to others, who are not so favored, showing their consecration and devotion to the work of the church. After the collation the young people of the Royal Ambassadors, Y. W. A. (Seniors) and Sunbeams occupied the remainder of the afternoon. They carried out their programs with much enthusiasm. The offerings amounted to about \$50.
Mrs. M. C. Barton and children and Mrs. Earle Barton and son, after a week's visit to their parents, Mr. and Mrs. W. J. Stribling, have returned to their respective homes at Piedmont and Townville.

COLE'S ORIGINAL HOT BLAST HEATER

The ideal heating stove is one which radiates all the heat thrown off from the fuel—into the rooms—instead of letting it go up the chimney. The durable heater is the one which will withstand the severe use, year after year, which a heating stove is necessarily subjected to. Sheet steel is the quickest radiator of heat and is used as radiating surface only in Cole's Hot Blast heater. Wherever the fuel comes in contact with the lining—only first quality gray cast iron is used.

Cast iron withstands the wear of the heat from active combustion better than any other material, and the sensitive, sheet metal body and base radiate all the heat into the rooms.

Burns Soft Coal, Black Lignite, Hard Coal, Wood and lighter fuel.
