ALL OUR PEOPLE SHOULD VOTE.

Governor Blease Urges the Democrats to Go to Polls.

Governor Blease has issued the following for publication:

"To the Democratic Voters of South Carolina: Much has been said and written in regard to the coming election, which is to be held for State, national and county officers, on November 5th, and I deem it absolutely unnecessary for me to make any further statement in reference to the matter. However, as I have received some communications, and have also heard a great deal of talk, possibly it is not amiss for me to urge upon the voters of this State to go to the polls on the date of the election and vote the straight Democratic ticket from President of the United States down to coroner of their county. We pledged ourselves in the Democratic primary to abide the result and to support the nominees of the party. We took a solemn oath to do this, and, in my opinion, that pledge and oath cover and binds us to support the nominees of the national Democratic party just as much as it does the nominees of the State and county Democracy.

"I have heard several say, and it has been reported to me that many others have said, that there were two men on the Democratic electoral ticket that, under no conditions or circumstances, would they vote for. It is true that these two men were very obnoxious in the recent campaign, and in their speeches and writings were very bitter against me and against the interests of the people of South Carolina, and I consider the placing of their names on the ticket a direct insult to me and to every man who voted for me. However, you remember who controls and dominates the present State Executive Committee, and you also remember their attempt to defeat the will of the people as expressed at the primary, but there will come a time when we can repudiate them and their acts, but we must not injure our party in order to punish a few who, on account of neglect upon our part, are temporarily in power; therefore, I beg my friends to remember that they are not voting for the men whose names are on the electoral ticket, but that they are only the tools which the Democratic party uses to express their preference for the Democratic Presidential candidate.

"Our Congressmen, particularly, should have an overwhelming vote polled in their behalf, for if there should be a contest about any of their seats, nothing would be more

SON SHOTS FATHER TO DEATH.

Fired Five Shots Into Back of Head. Claims Self-Defense.

Clinton, Oct. 28.—W. F. Lawson, a farmer living near this place, was killed here this afternoon by his son, Robert Lawson, on one of the principal streets. The young man who killed his father is about 22 years of age and fired five shots into the back of his father's head. A number of people witnessed the tragedy and young Lawson surrendered almost immediately after the killing. The father died almost instantly.

Young Lawson, now in prison, says that he and his father had not been on good terms for more than two years and that his father had made repeated threats to take his life.

He and his father came into Clinton this morning from their farms with a bale of cotton to sell. Both were armed and doubtless trouble had been anticipated. The cotton is supposed to have been the property of the younger Lawson, and shortly after their arrival in the city young Lawson was seen to be driving the wagon across the square with the bale of cotton in it. He was approached by his father, who demanded the bale in payment for rent. The son denied that he owed any money, and the father then demanded that the son get down from the wagon. When the latter refused to do so, the father, according to the young man's statement, drew his pistol and prepared to shoot. The boy then brought his weapon to bear and fired five shots rapidly, all five taking effect in the back of the older man's head.

Despite the fact that the man was shot from the rear, the boy puts in a plea of self-defense and says that if he had not fired, his father would have killed him. The father did not fire a shot.

beneficial to them than to be able to point to the fact that a large majority of the qualified voters of their district have cast their ballots for them, and I hope that all Democrats will go to the polls and register their votes.

"Let's all rally to the polls on November 5th and give the Democratic nominee the heaviest majorities South Carolina has ever rolled up. "Yours for South Carolina, and for peace, prosperity and happiness to all her people. Cole L. Blease."

Atlanta, Oct. 28.—While crossing the Central of Georgia tracks in an automobile a short distance above Jonesboro, about 7 o'clock last night, R. V. Conneratt, manager of the Atlanta branch of the Bulek Motor Car Company, was struck by a fast passenger train and instantly killed. The body was found plonked in the bent and battered hulk of the two-passenger racing car in which Conneratt drove to Macon last week, nearly 300 yards from where the collision occurred. It was badly mangled, and it was only by the watch and letters found in the clothing that the remains were identified.
