Subject: The Bread from Heaven.
Ex. xvi:27; xvi:36.

Golden Text: "Jesus said unto them, I am the bread of life." John vi:35.

1. Verse 27—xvi:1—What did it mean to them in that country to camp near twelve wells of water and seventy palm trees?

2. Why is it that the Israelites were, and we are, sometimes placed in favorable, and at other times very adverse circumstances?

3. Verses 2-3—When the average man is face to face with what looks like calamity, how much comfort does he get from the fact of God's past deliverances?

4. Which bulks the greater, and why, while in present distress, the difficulties or the blessings of the past?

5. How is it that the troubles of the past seem like blessings compared to present trouble?

6. Verse 4—Which tends most to develop our spiritual nature and increase our trust in God—hardship or ease? (This is one of the questions which may be answered in writing by members of the club.)

7. Which good man has the more average and real happiness, and why, the rich, or one who makes his living by daily labor?

8. Verse 5—Would you say, or not, and why, that a man can accomplish more by working six days than he can by working seven days in the week?

9. What, if any, reason is there to believe that God now governs mankind by law; that is, the age of miracles is past?

10. Verses 6-8—Which most tends to quicken our appreciation of the blessings of the past, present blessings or present sorrows, and why?

11. When we murmur against circumstances how does that differ from murmuring against God?

12. What does every morning and every evening witness, to every good man, of God's love and providing care?

13. Verse 9—Either from a natural or supernatural standpoint does murmuring or rejoicing over difficulties bring about the speediest relief?

14. What did it mean to Israel, and what does it mean to us, to "Come before the Lord"?

15. Verse 10—What can any man to-day see of the "glory of the Lord" by looking up through the clouds? (See Ps. xix.)

16. Verses 11-12—Did God have any better blessing in store for them if, instead of murmuring, they had praised God? Why?

17. Which is God's better blessing to-day, and why, the health to labor for our living or having it given to us without labor?

18. Which is the greater evidence of God's constant love and care, miracles like this daily manna, or his common daily providence?

19. What guarantee have we of our daily bread?

20. Verses 13-17—If the daily supply of quails and manna should prove to have been natural events would it be any less evidence of God's loving care than if miraculous? Why?

21. Verses 18-21—What is the average result when a man accumulates more money than he needs?

22. Verses 22-36—What is the general effect upon man and beast of resting from work one day in seven?

23. What is the degree of culpability of men who break the Sabbath day?

WOMEN ARE HARD TO CURE.

Startling How Many Are Addicted to Use of Cigarettes.

Chicago, Aug. 15.—That the cigarette habit, once it was started, fastens its grip more strongly on women than on men was the opinion expressed here Tuesday by Lucy Page Gaston, foe of the "paper pill" and superintendent of the Anti-Cigarette League of America.

Since Miss Gaston's free clinic for the cure of those addicted to the "makings" and the "tailor made" was opened a week ago, she has been keeping a close record of the average ages of those who appear for treatment and of their sex and station in life. Fully 15 per cent of those who have asked medical aid, either in person or by mail, are women, and this, she says, shows that a larger percentage of the fair sex than of men are sorry they started the habit.

"Maybe it is because women have a weaker will-power than men, or maybe it is because they are more changeable of mind," said Miss Gaston. "Anyway, I am surprised at the large number of women who have written me heart-rending letters asking for the slightest encouragement that they might be able to sever the bonds that hold them slaves to the cigarette habit. And the appeals I get are not from the lower class of women, but from those of intelligence.

"One woman, whose husband is a prominent Canadian, possessor of a title, and who moves in the most exclusive society, has written for the cure. She contracted the habit unknown to her husband. I was astonished to find that some of the women have been using cigarettes for twenty years. This is remarkable, considering the fact that the habit among women in society is a fad of practically recent origin.

"Actresses seem to be in the majority of women patients. Some reported that they wanted to quit because smoking was impairing their singing and speaking voices. Married women also seem to be in the majority of those who apply for treatment. One of the most pitiful appeals was from a young married woman who said that the cigarette

KEEP THE KIDNEYS WELL.

Health is Worth Saving, and Some Walhalla People Know How to Save It.

Many Walhalla people take their lives in their hands by neglecting the kidneys when they know these organs need help. Weak kidneys are responsible for a vast amount of suffering and ill health—the slightest delay is dangerous. Use Doan's Kidney Pills—a remedy that has helped thousands of kidney sufferers. Here is a Walhalla citizen's recommendation:

Mrs. Martha Driscoll, No. 9, Factory Hill, Walhalla, S. C., says: "My kidneys were in bad shape, and I had severe attacks of backache and pains in my sides. I was also subject to dizzy and nervous spells. Seeing Doan's Kidney Pills advertised, I got a supply at Dr. Bell's drug store. They restored me to good health."

For sale by all dealers. Price 50c. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

Further Parcels Post Extensions.

Washington, Aug. 15.—The post-office department is contemplating further extensions of the parcel post system. Postmaster General Burleson is in daily consultation with higher department officials concerning the proposed changes. The nature of reforms contemplated is unknown.

The new specifications governing increased weight and reduced postage in the parcel post system go into effect to-day. "Banking by mail," a feature of the postal savings bank system, is also effective to-day.

Looking After "Crops."

(Easley Progress.)

Baylus Bagwell, of near Seneca, Oconee county, was the guest of his nephews, W. L. Bagwell, of the city, and J. L. Bagwell, of near Easley, the past week. Mr. Bagwell is a widower and was looking around to see how the crops were in the different sections.

habit had almost disrupted her home."

HAMPTON COUNTY MAN IS SHOT.

Charles S. Blocker Perhaps Fatally Wounded by Jesse Smith.

Hampton, Aug. 13.—Charles S. Blocker, a prominent young white man of this town, was shot and probably fatally wounded last night about 10 o'clock by Jesse Smith. The shooting occurred on Lee avenue, the main thoroughfare of the town, in front of the store of W. Fred Lightsey, in which Mr. Blocker works as manager. The wound was inflicted in the lower intestines, and the exact nature and effects of it cannot now be ascertained. Mr. Blocker was given immediate medical attention. He was carried to a hospital in Charleston by the early morning train.

Alleged Starting of Trouble.

It seems that Smith, who prior to this time has been repeatedly incarcerated in the local jail on charges ranging from drunk and disorderly to murder, and who was tried for murder and acquitted several years ago, got drunk last night and started to shoot up the town. W. M. Bishop and several other young men were, it is said, threatened by Smith, and the drunken man shot at Mr. Bishop twice before the altercation with Mr. Blocker, but his aim proved untrue. Hearing the shooting, six traveling men at the local hotel went out to investigate, but Smith herded them into a residence on Lee avenue. Mr. Blocker, who had just come into the town, heard the shooting, and thought that fire had broken out. When he arrived at his store he found Smith there, and tried to quiet him, placing his hand on Smith's shoulder, when he was shot at close range, the bullet taking effect in the right side of the lower abdomen, and coming out about six inches in the front. It is possible that the muscles of the abdomen deflected the bullet so that there was no entry into the cavity.

Wounded Man Whips Assailant.

After being shot, Blocker, who is a powerful man, knocked Smith down and proceeded to give him a sound beating. Blocker was about to shoot Smith, when some men rushed up and prevented any further trouble. Mr. Blocker was then given medical attention and Smith was locked up in the local jail, where he will await the outcome of the shooting, that is, whether or not Mr. Blocker will recover from the shot. Mr. Blocker is no relation to the man of the same name who was recently killed in Colleton county.

Efficacy of Prayer.

Philadelphia, Aug. 15.—Rev. Gustave Alf, pastor of the First Polish Baptist church, is a firm believer in the efficacy of prayer. Whenever Mr. Alf wants anything he prays for it and his prayers are answered.

Several years ago Mr. Alf wanted a wife. One young woman had jilted him, so he asked the Lord to give him another. The wife was forthcoming and to-day Mr. Alf is the proud father of two children.

Mr. Alf has been praying for a church to house his congregation. This prayer will also be answered. More than one-half of the necessary amount to purchase a church building for the Polish congregation has been collected.

A short time ago Mr. Alf met in Cleveland one of his converts, named Lapinski, who wanted a wife. Two days after they prayed together for this particular blessing Lapinski met the attractive young woman, who two months later, he married.

Another of Alf's converts, named Morsey, won his father to the Christian faith through his preceptor's prayers and his own.

Botanist Drops Dead.

Washington, Aug. 14.—While pursuing boys who had been throwing stones at the hot houses in the national botanical gardens to-day, C. Leslie Reynolds, superintendent of the gardens, dropped dead from heart failure. Mr. Reynolds had been connected with the botanical gardens for about forty years and won national reputation through his development of the American beauty rose. He was 55 years old and a native of Montgomery county, Maryland.

Mothers, Have Your Children Worms

Are they feverish, restless, nervous, irritable, dizzy or constipated? Do they continually pick their nose or grind their teeth? Have they cramping pains, irregular and ravenous appetite? These are all signs of worms. Worms not only cause your child suffering, but stunt his mind and growth. Give "Kickapoo Worm Killer" at once. It kills and removes the worms, improves your child's appetite, regulates stomach, liver and bowels. The symptoms disappear and your child is made happy and healthy, as nature intended. All druggists, or by mail, 25c. Kickapoo Indian Medicine Co., Philadelphia, Pa., St. Louis, Mo. adv.

A TRIED AND PROVED GUARANTEE.

Man Bought a Bottle of Dodson's Liver Tonic, Then Took It Back and Asked for His Money and Got It.

A man recently tried out the guarantee which Bell's Drug Company gives with every bottle of Dodson's Liver Tonic. He bought a bottle and then went back to the drug store and said the medicine hadn't helped him.

This druggist just reached into his cash register and took out a half dollar, the price of the bottle of Liver Tonic, and handed it back to the gentleman. But he didn't take the money. He owned up that he was just trying the guarantee, and, as a matter of fact, he had found Dodson's Liver Tonic the best remedy for constipation and biliousness he had ever tried. "Why," he said, "my wife wouldn't be without a bottle in the house for anything. It's the best thing in the world for the whole family, and the medicine that I prefer to take or to give to my children for a lazy liver."

Bell's Drug Company sells Dodson's Liver Tonic and guarantees it to start the liver without violence. It is taking the place of calomel everywhere. If you buy a bottle and don't find this pleasant-tasting vegetable liquid the best thing to start a lazy liver, they will hand your money back with a smile. adv.

PREFERS FIG LEAF COSTUME.

Minister Arraigns Slit Skirts as "Door to Eternal Torment."

A Minneapolis, Minn., dispatch says:

Before leaving on a trip to South America, Rev. G. L. Morrill, of the People's church, took a parting shot at present dress styles in some pithy sentences.

"I believe that the Amazonian women of the jungles will be more modest than their Christian sisters here, who profess more, but wear less," said Mr. Morrill, in his parting interview.

"Mother Eve, in her figleaf apron, was modestly dressed compared with some of her diaphanous skirted daughters. The slit skirts show a cracked brain and empty head and advertise demimonde charms. Clothes are an index of character. What a woman wears shows what she is and what she is not.

"Slit skirts are open doors to hospitals here and hell hereafter.

"Jeremiah, the prophet, must have been thinking of the present styles when he wrote: 'For the greatness of thine iniquity are thy skirts discovered, and thy heels made bare.'"

Mr. Morrill will be accompanied by a picture operator on his trip to South America.

Race War on Train.

Knoxville, Tenn., Aug. 14.—A race war occurred on a mining train entering Lafollette, fifty miles north of Knoxville, early last night. Three negroes were dangerously hurt, and several white men slightly injured. Several negroes entered a car reserved for white men, and one negro attempted to take a white man's seat. The latter struck the negro a terrific blow on the head and a general melee ensued. The train was stopped and held for thirty minutes to quiet the combatants.

His Shirt Bank Sinks in Sea.

New York, Aug. 14.—Emilio Lombardi, a steerage passenger on the Italian liner Taormina, in yesterday, from the Mediterranean, found the air of the Atlantic very hot when the liner was in midocean and took off his shirt and flung it on the deck. Angelo Catania, a fellow voyager, somewhat fastidious, supposed the shirt, which was rather grimy, had been discarded by somebody and picked it up and flung it into the sea.

Thereupon Lombardi shouted the equivalent in Italian of "Man overboard!" and there was an eruption from the steerage. Lombardi explained that there was not really a man overboard, but that, sewed in the old shirt, was 500 francs, all the money he had, and he wanted the shirt rescued. By that time the shirt was far out of sight. Lombardi was taken before the captain and proved that he had had 500 francs in the shirt. When the liner got to New York the company decided to pay Lombardi that amount.
