

RICHLAND HAS REAL "TALENT."

Using One's "Talent" is Better than Ruffling and Hot Suppers.

Richland, Sept. 30.—Special: Farmers were very busy the past week picking cotton and cutting hay. Several fields have been cut and the hay is down in this rain.

Supervisor W. C. Foster met with a painful, and what came very near being a serious accident, last Tuesday near W. T. Hubbard's residence. His car became unmanageable and ran into the bank on the side of the road and turned almost completely over. He was under the car about ten minutes before his calls attracted help. After he got out from under his machine he felt some better. He received several bruises, but was able to keep going. His car was shaken up considerably, but no serious damage was done.

Miss Beth Coe, of the Walhalla High School, spent the week-end with her mother, Mrs. S. H. Coe.

Miss Bert Morris left Sunday after a six weeks' visit to her aunt, Mrs. J. P. Stribling. She will spend several days with her brother, John Morris Bruce, near Avalon, Ga., before she returns to Carnesville.

Edgar McMahan, of Clemson College, spent Sunday with homefolks.

Mr. and Mrs. J. P. Stribling and children, David, Bessie May and Elizabeth, spent Sunday and Monday with the former's sister, Mrs. Sloan Bruce, on the Georgia side.

Tom Anderson, of Greenville, spent the week-end at the home of S. N. Hughs.

The Ladies' Missionary Society of the Richland Presbyterian church held its regular meeting at the church last Monday evening. After an unusually long program on the study of Japan, delegates were elected to represent this society at the Presbyterial Union, which will meet at Liberty soon. Mrs. S. N. Hughs and Miss Pauline Davis were elected to go, with Mrs. S. H. Coe and Miss Pearl Ballenger as alternates. A collection was then taken to defray the expenses of the delegates and pay the yearly dues.

The Ladies' Aid Society met at the home of Mrs. J. J. Ballenger last Friday evening, the object being to collect the "talent" nickles that had been given to each member a year ago. The plan was suggested by an article in the Christian Observer, and the treasurer gave each member a nickel, with the request that it be used as a talent for church work. The meeting was called to order by the president, Mrs. S. N. Hughs, and the secretary, Miss Myra Ballenger, called the roll. The members responded by telling the amount gained and how she had made it. This caused a good deal of merriment and pleasure. Most of them made their money by fancy work and sewing. The largest amount made by one member was \$7.30. The total amount raised was \$30.75. Capt. J. J. Ballenger furnished the nickles to encourage the ladies in their work and the society tendered him a vote of thanks. The plan was such a success that dimes were given out to use for the next six months. Next Mrs. S. H. Coe invited the members to help quilt a quilt that Mrs. W. H. Hughs had pieced for the orphanage. The quilting will be next Friday at the home of Mrs. Coe. Each one is to carry her own lunch and have a picnic dinner. There being no further business before the society Miss Pearl Ballenger invited the ladies into the dining room, which was tastefully decorated with goldenrod, where delightful hot chocolate and cake was served. A vote of thanks was tendered the charming hostesses for the social part of the program.

Mrs. Pauline Wyatt and Miss Myrtle Barton, of Anderson, are expected Tuesday at the home of their sister, Mrs. J. R. Holland.

Next Saturday has been set apart by the superintendent of the Sunday school here as Orphan's Day. The children are to pick cotton for E. L. Stone and give the money thus made to one of the orphanages. It is hoped that the day will be favorable and that the children will make quite a nice sum to be appropriated to this worthy cause.

Little Albert Smith, who has been seriously ill for several weeks, is on the mend and we hope will soon recover.

Foul Play Suspected.

Chicago, Sept. 27.—The mutilated body of a well dressed woman was found on the tracks of the Elgin, Joliet and Eastern railroad early today near Wayne, Ill., under circumstances which made the coroner suspect a murder had been committed. Workmen at a stock farm about a quarter of a mile away assert they heard screams from that direction after an interurban car from Chicago had passed. This gave rise to the suspicion that the woman was murdered and placed on the tracks. The woman's purse is missing and the only mark of identification found is on a bracelet, which is engraved from "W. H. A. to M. A. A."

Wants New Federal District.

Greenwood, Sept. 27.—If a bill introduced by Congressman Wyatt Aiken passes, Greenwood will be one of four cities in the western part of the State where Federal Court will be held. Mr. Aiken's bill provides for two districts in South Carolina, each to have a district attorney and marshal.

The Western District will include the counties of Oconee, Pickens, Anderson, Greenville, Spartanburg, Abbeville, Greenwood, Edgefield, Saluda, Newberry, Cherokee, Union, York, Chester, Lancaster and Fairfield, and terms of court would be held as follows: A term of the Circuit Court and a term of the District Court of the United States in Greenville on the third Tuesday of April and the third Tuesday of October in each year; at Anderson on the fourth Tuesday in February in each year; at Spartanburg on the first Tuesday of June in each year; and at Greenwood on the first Tuesday of December in each year.

Darky Dies Suddenly.

Crete, Pickens County, Sept. 27.—Special: Jack Lay, who for some time past had been staying at the home of W. M. Holden, in the Fall Creek section of Oconee, died suddenly there on the 24th of September. He had been waiting on Mr. Holden and had been very faithful up to the time that he was taken suddenly ill on the 24th, and he died within three hours after the attack. The old darky seemed to realize that he was critically ill, and said that he was "going to sing in glory." He sang old-time hymns, until just before he died.

Heavy Verdicts Against Coast Line.

Columbia, Sept. 29.—The Atlantic Coast Line was hit for \$75,000 today in two decisions from the Supreme Court. An appeal was dismissed in the J. A. Miller case, in which an engineer obtained \$35,000 damages for personal injury, and a rehearing was refused in the H. C. Huggins case from Barnwell, in which an engineer obtained \$40,000.

"On the Inside Looking Out."

"Why, Bridget, you surely don't consider those windows washed?" said the lady of the house reproachfully.

"Sure, I washed 'em nicely on the inside, mum, so we can look out," replied Bridget, "but I intentionally lift them a little dirty on the outside so them ignorant Jones children next door couldn't look in."

POLITICAL MATTERS IN MEXICO.

Huerta to Support Catholic Candidate—Porfirio Diaz Recalled?

Mexico City, Sept. 28.—Col. Davis de La Fuente, former minister of communications and public works in Gen. Huerta's cabinet, has been put forward as a Presidential candidate by the so-called Liberal Republican party. This makes the third nomination for Presidential honors. The Liberal Republican candidacy first was offered to Gen. Aurelio Blanquet, minister of war, but was declined. Dr. Gregorio Mendizabel, a former Senator, was named for the Vice Presidency with Col. de La Fuente. Both have accepted.

The naming of this new ticket generally is not regarded as a matter of great political importance since the sphere of influence of the Liberal Republicans is confined to the capital, and neither candidate has any great following. The party has no definite organization, but consists chiefly of the adherents of a small group of Congressmen.

Recall of Diaz.

Lively interest is centered in the announcement of the recall of the ex-President, Gen. Porfirio Diaz. He has given rise to all sorts of speculation, the chief of which is that the ex-President would be asked to resume his place in the army so that his services would be available to the war council in event of a general outbreak of hostilities.

Gen. Diaz has been on the retired list for more than a year. When Francisco Madero became President one of his early acts was to retire Gen. Diaz, alleging that age had incapacitated him for further service. Gen. Diaz recently said he would return from abroad if his country needed him for a foreign war. He is in his 84th year.

Will Support Gamboa.

That Gen. Huerta and his organization will support Federico Gamboa, candidate of the Catholic party for the Presidency, is the report brought from the capital to-day by John Lind. There was received at the same time (unofficially) a copy of President Huerta's most recent assurance that his government would see to it that the elections were conducted fairly on the date fixed, October 26.

The determination to support the Catholic candidate is said to have been reached at a secret meeting attended by the Provisional President, cabinet ministers and others high in politics. Reports reaching here indicate that there will be two, perhaps more, tickets besides that headed by Senor Gamboa. It was learned to-day that Gen. Felix Diaz would arrive here October 18th. Partisans insist that he is to be put forward as a candidate.

MINISTERS' HOME AT MONTREAL.

Melver Williamson Donates Money for Resort for Presbyterians.

Montreal, N. C., Sept. 27.—One of the most unique and generous acts in the rapid development of Montreal occurred a few days ago when E. Melver Williamson, of Darlington, S. C., let the contract for the construction of a handsome building for the benefit of the ministers of South Carolina.

The building will contain a lobby with large fireplace, two bath rooms, twelve furnished bed-rooms and a large upper room overing the whole upper floor, which will afford much bed-room space at the crowded season. Mr. Williamson donates the entire cost of this building, which will be erected on one of the most beautiful lots in Montreal, located on the terrace just above the Christian Workers' Home, overlooking the lake, auditorium, hotels and the beautiful valley to the south. The building is designed especially for the benefit of the old ministers, but will be opened for the use of other ministers in the synod of South Carolina so long as there is room.

In giving this building Mr. Williamson is not only making a handsome donation for the benefit of the old ministers of the Synod of South Carolina, but he is also setting a good example for the other synods.

The association has received beautiful sites for buildings for the ministers of the other synods of the assembly.

It is to be regretted that so many ministers are not able to take a much needed vacation because of small salary and limited means; especially is this true of the older ministers, who are unable to meet the demands of the arduous work of the larger churches.

Mr. Williamson has made a national reputation as a corn grower, and in other ways has been of most valuable service to his State. In this generous act of erecting a handsome home to administer to the comforts of the old ministers of his synod he is showing both a keen insight into the needs of the ministers and a most generous and willing spirit to meet these needs.

SHOT AS THE SHOW LOADED.

Flagman of Southern Gets in Way of Another's Bullet.

Greenville, Sept. 27.—A scene of blood and order incident upon the departure of Sanger's circus from Pelzer last night had as one of its results the shooting of J. C. Glymph, a flagman of the Southern railway. Glymph was standing on the rear platform of the caboose of the circus train, and a person whose identity is at present unknown shot several times at him, one of the bullets taking effect in his thigh and inflicting serious wounds.

Glymph was brought to Greenville at an early hour this morning on the Pelzer train, which passed through the city en route to Greer, where it is showing to-day. The wounded man was taken to the city hospital, and his condition to-day is said to be favorable. He is from Newberry and has relatives in the upper section of the State.

Trouble Brewed During Day.

The circus strain was being handled by a Southern railway crew, of which Glymph was a member. The circus showed at Donalds this week and passed from there to Pelzer, where it gave a performance yesterday. Persons who were present with the train said to-day that there was considerable drinking and riotous conduct. This state of affairs reached a climax during the early part of the night, when the circus was being reloaded on its train to make a departure for Greer.

Crowds of people, it is declared, gathered where the circus was being loaded and continually interfered with the circus people in their work. Considerable trouble was occasioned and words were passed between the circus people and outsiders.

In the caboose at the time were Special Agent James Altou, of this city, and Trainmaster E. M. Bishop, of Columbia. They were, however, at the upper end of the coach, and by the time they reached the wounded man the person who did the shooting had run away.

Mistake Costs Life.

Charleston, Sept. 28.—Mistaking a poison for a headache medicine, Mrs. Susie Jellico, wife of a conductor on the Southern railway, died this morning before treatment could be given her. The poison was in the house for use at the bedside of a sick baby. Mrs. Jellico is survived by her husband and eight small children.
