THREE SHOT IN PISTOL DUEL.

Crowd of Shoppers in Panic—Fifteen Bullets Fired in Streets.

Macon, Ga., Oct. 11.—In a pistol duel at Third and Poplar streets this afternoon at 4:30 o'clock, in the midst of a crowd of 200 shoppers, Geo. C. Bolton, a sheet metal worker, was fatally wounded and is now in a dying condition; Chas. A. Snipes, an ex-fireman and a painter, was wounded three times, and G. C. Tittle, a non-participant, was shot twice in the arms by flying bullets.

The shooting threw the crowd of shoppers into a panic and they sought shelter in convenient doorways and store entrances. A total of fifteen shots were fired before the police were able to interfere and stop the combat.

Snipes and Tittle, who were together, met Bolton at the Dannenburg Department store. The latter opened fire on Snipes and emptied his pistol. Snipes returned the fire. Bolton was shot through the forehead and the bowels, and after he had emptied his gun, he turned and ran around the corner into Third street with Snipes in pursuit.

Bolton entered the Dannenburg store, with clerks and shoppers alike fleeing in front of him. Just as he entered the store proper from the lobby he sank to the floor, but not before Snipes had followed him into the lobby and shot him with the one remaining bullet in his gun.

About this time the police reached the men. Bolton was rushed to the hospital in an ambulance and later Snipes and Tittle were taken there in the police patrol. Neither of the latter two is fatally injured. Snipes had one finger of his right hand shot off, and, in addition, one bullet passed through the palm of his hand, while another went through his arm. Tittle was shot through both arms.

INCREASE THE GRAIN ACREAGE.

Official Long Calls Attention to Advantages of this Plan.

Editor Keowee Courier: While we have been blessed in this State with an average cotton crop in many sections, and with a price that is remunerative, I fear that the financial relief that is coming to many of our farmers will make them forget the necessity, at this time, of seeding a large grain crop, especially oats, and I would add, some wheat. I am calling the attention to the advisability of seeding these two grain crops from the fact that the corn crop in many of the great corn producing States of the West is a failure. In many sections it is an absolute failure, and the present prices of corn in the Western markets, and reflected in our local markets, should make us realize the necessity of seeding a large crop of oats, and in many cases wheat, in order to supplement the crop of corn that we are now harvesting. It is not too much to expect that corn next spring and summer will be selling for \$1.25 cash and \$1.50 or more on credit per bushel. Surely the possibilities of such prices is enough to make us stop and think, and the farmer who has not produced a sufficient supply of corn for man and beast certainly will be very much in his own light if he does not seed as large a crop of grain as it is possible for him to do.

I have mentioned the seeding of wheat, not from the fact that it is a paying market crop in our State, but I am one of those who believe that every farmer should make all of his supplies at home, for it is my observation that those who practice this method of agriculture are generally the men who are prosperous. It would take only a few acres on each farm to supply every family with flour enough for home consumption.

W. W. LONG, State Agent and Superintendent of Farm Extension Work.

Thousands of other families have been equally benefited and depend entirely upon Dr. King's New Discovery to cure their coughs, colds, throat and lung troubles. Every dose helps. Price 50c. and \$1. SULZER VERDICT NOT REACHED.

Failing to Agree, Further Arguments Will Be Made.

Albany, N. Y., Oct. 13.—The high court of impeachment which is to decide the fate of Governor Sulzer today failed to reach a verdict.

After a session of an hour and a half, virtually all of which was held in secret, the court unexpectedly adjourned until 11:30 o'clock to-morrow to permit further argument by counsel relative to the testimony of Allan A. Ryan, Ambassador Henry Morgenthau and Duncan W. Peck, superintendent of public works.

This testimony had to do with alleged efforts of Governor Sulzer to suppress evidence against him and to obtain political influence to stop the trial. The offenses alleged in this connection were not specified in the articles of impeachment, and upon the convening of court to-day Judge Miller, of the Court of Appeals, raised the question as to where they fitted in. The executive session at once followed.

DIVISION OF STATE IS POLITICAL MOVE, SAYS V. B. CHESHIRE

Candidate for Congress Knocks Aiken's Latest Move.

CHESHIRE IN SENECA Will Make a House-to-House Canvass of Third District.

(Seneca Farm and Factory.) Col. Victor B. Cheshire, candidate for Congress, until a few weeks ago editor and owner of the Anderson Intelligencer, was in Seneca for a few hours Saturday afternoon. Mrs. Cheshire accompanied him. They were on their way to spend Sunday with Mr. Cheshire's friend, John Abbott, of near New Hope.

During his short stay in Seneca Col. Cheshire was a welcome visitor to Farm and Factory office. He talked interestingly of political matters in South Carolina, and particularly of his race for Congress against Hon. Wyatt Aiken and Fred Dominick, Assistant Attorney General of South Carolina. He is confident of being in the second race and of defeating his opponent in the final round.

Col. Cheshire says that he has not started to devoting his entire time to his campaign yet, but is at present engaged in looking after the construction of several new houses in the city of Anderson. After he has finished this work he will start out on a house-to-house canvass of the entire Third District. He will travel by automobile and give his entire time to his campaign.

Asked as to his opinion regarding Wyatt Aiken's bill to divide the State into two Federal districts, thereby creating several new offices, the more important being a judge and marshal, Col. Cheshire said that it was simply another one of Aiken's moves in behalf of his race for Congress. There is little chance of the bill passing, said Mr. Cheshire, but in the event it does, Mr. Aiken will have charge of the turning out of several "plums," and in this way help his chances of re-election.

The entrance of Mr. Cheshire into the Congressional fight makes it sure that there will be warm times in the Third District next year. He will be one of the most energetic campaigners that ever mounted a stump in South Carolina. Through his connection with the Intelligencer, which under his management was one of the most influential papers in the upper part of the State, he has become widely known and liked by the people of this district, and in all probability he will make a good showing in the forthcoming race.—Advertisement.
