SUGGESTIVE QUESTIONS ON THE SUNDAY SCHOOL LESSON BY REV. DR. LINSOTT FOR THE INTERNATIONAL PRESS BIBLE QUESTION CLUB.

The object of the International Press Bible Question Club is to promote, by questions, through the press, thought and investigation on the teaching of Scripture in connection with the International Sunday School Lessons.

**SUNDAY, NOVEMBER 2, 1913.**  
**Subject: "Balak and Balaam."**  
 Num. xxii:1; xxiii:10.  
**Golden Text: "A double-minded man is unstable in all his ways." Jas. i:8.**

1. Verses 1-4—Where were the Israelites at this time?
2. What made King Balak and his people, the Moabites, so much afraid of Israel?
3. What had been the success of Israel in overcoming the opposition to their march to the promised land of Canaan?
4. How do you justify Israel for killing all those who objected to their marching through their lands?
5. Verses 5-7—When Balak saw that there was but little chance to overcome Israel with physical force what plan did he then adopt?
6. Who was Balaam and what was his character?
7. Has any person power to either help or hurt another by exerting merely mental influence?
8. Why would you say, or not, that the old-time wizards and witches, or any others to-day who claim occult power to hurt or help others, are deceivers?
9. What is the difference between so-called new thought people, who claim they can mentally "treat" the sick or unsuccessful, and bring to them health, or prosperity, and the old-time wizard? (This is one of the questions which may be answered in writing by members of the club.)
10. Would you say, or not, that Balaam possessed the power which Balak thought? Why?
11. Verses 8-14—Can a man be other than good and true who, before making a promise, gets direction from God? Why?
12. Would you say that revelations from God in those days were confined to the Israelites, or in these days to the people called Christians? Why?
13. On what ground did Balaam refuse to curse the Israelites?
14. Verses 15-21—What useful lesson is there for us in Balak's persistence, who, notwithstanding Balaam's refusal, presses him again

with a stronger appeal than the first time?

15. What effect did the offer of a big bribe have upon Balaam?
16. Having had from God a definite answer to his question, ought Balaam to have consulted him again? Give your reasons.
17. Why did God conditionally permit Balaam to go with these men, seeing that was not his first best plan?
18. Verses 22-30—What was there in Balaam's action which merited the anger of God?
19. Would you say that this story of the ass, speaking of Balaam, is literal history, or an allegory, or a dream?
20. Verses 31-35—When a man's preferences are opposed to God's will, and that has blinded his eyes so he does not see God is opposing him, is he as guilty as if he did see?
21. Verses 36-41—Balak, in his reproof of Balaam, seems to assume that promotion to "honor" is the chief thing. Wherein was he wrong?
22. Chapter xxiii:1-10—If we are intent on doing wrong what does prayer or any religious ceremony avail?
23. "If God be for us who can be against us?"

**RESCUERS OVERCOME BY GASES.**  
**About 23 Out of Nearly 300 Survive Terrible Disaster.**  
 Dawson, N. M., Oct. 24.—Crews from the first government rescue car to reach here were equipped with helmets to-day and sent into Stag Canon Mine No. 2 in search of James Lurdi and William Poisa, helmet men, believed to have been killed by poisonous gases after an accident that caused them to remove their headgear.

The government rescuers started for the eighteenth chamber east, two and a half miles from the portal. It was at this point that Lurdi and Poisa, with two companions, were searching for the body of General Superintendent Wm. McDermott and perhaps at least 100 more miners who were believed to have been in that part of the mine when Wednesday's explosion occurred.

Because of the increasing presence of carbon dioxide gas in the mine, which has permeated chambers where the air was comparatively pure last night, the government's rescuers, confident that no more men are alive, have changed their method of attack and devoted their entire energies to driving out the poisonous gases.

The probable death list, including the two helmet men, was increased to 263 to-day, and at noon the number of men rescued alive remained at 23.

**CENSUS BUREAU INFORMATION.**  
**Director Harris Anxious to Make Reports Comprehensive.**  
 Washington, D. C., Oct. 23.—Editor Keowee Courier: Director Harris, of the Bureau of the Census, finds that there is great demand for the publication, at more frequent intervals, of statistics concerning the consumption of cotton seed. It has been the practice of the Bureau of the Census to compile statistics for this important part of the cotton crop only twice during the ginning season. The first report for the crop of 1912 related to the quantity of cotton seed crushed prior to January 1, 1913. The second report showed the quantity crushed prior to March 1, 1913, with an estimate of the quantity remaining to be crushed from the crop.

The statistics of cotton seed are collected in connection with those for the production of cotton as reported by the ginners. This is necessary because the quantity of linters is constantly increasing and forms a much larger percentage of the total crop than heretofore.

Mr. Harris believes that an additional report, showing the quantity of seed crushed and of linters obtained, should relate to some date between October 31 and January 1. He is not certain as to the most desirable date, and is accordingly corresponding with the farmers and cotton seed oil mills in order to establish it. It is hoped that all will agree upon a fixed date, so that the work can be inaugurated during the present season. This additional report will be of great value to the farmers, as well as to the oil mills and public generally.

**MONEY REFUNDED WITH A SMILE.**  
**Leading Drug Store Will Give Money Back Should There Ever Be a Case Where Dodson's Liver Tonic Fails.**  
 Dodson's Liver Tonic is a mild vegetable Liver Tonic which operates so successfully in cases of constipation, torpid liver or biliousness that it has practically taken the place of calomel—the drug which is so often dangerous. Bell's Drug Co., who sell Dodson's Liver Tonic, recommend it as a reliever of constipation, sour stomach, biliousness and sluggish liver. It works gently, surely and harmlessly. If a bottle should ever fail to give satisfaction Bell's Drug Co. will refund the price paid without question.

The price of Dodson's Liver Tonic is 50 cents per bottle. Be sure you get Dodson's Liver Tonic and not some medicine put up in imitation that is not backed up by a guarantee and that may contain harmful drugs.

**For Weakness and Loss of Appetite**  
 The Old Standard general strengthening tonic, GROVE'S TASTELESS CHILL TONIC, drives out Malaria and builds up the system. A true tonic and sure Appetizer. For adults and children. 50c.

**Jurors Fired by Court.**  
 Mobile, Ala., Oct. 24.—A jury in the civil section of the city court here to-day, for acquitting W. G. Horn, prominent business man, of violating the auto speed limit law, by the loss of a silver coin, were discharged from further service in the tribunal and told that they were incompetent to serve.

**PLAN FOR NEW LINK OF ROAD.**  
**Agitators Say It is a Feasible Route, and a Cheap One.**  
 (Anderson Mail.)  
 Some agitation has been started in the sections around Pendleton and Clemson College in the interest of a connecting link of railroad from Pendleton, by way of Pendleton and Clemson College, to Calhoun station, on the main line of the Southern.

Several weeks ago a proposition was made to the Blue Ridge for a line of railroad between Cherry's and Calhoun, by way of the college, but those who are pushing this later scheme believe that it is the better proposition. The route is but a little more than 3 1/4 miles and so nearly level there will be only a minimum amount of grading to be done—a cut near Eighteen-Mile creek, at the point where the proposed new line would leave the Blue Ridge, and a fill near Clemson College.

Those who have interested themselves in the proposition believe that this is the feasible route to provide a closer railroad connection for Clemson College and for the people who live along the route between Eighteen-Mile creek and Calhoun. They say that, owing to the fact that the route is practically level, the cost to construct the link would be but little more than half the cost of that proposed from Cherry's to Calhoun.

No definite proposition of any kind looking to the construction of the link has been made to the Blue Ridge road, but some of the agitators say that this will be done shortly.

**Avoid Sedative Cough Medicines.**  
 If you want to contribute directly to the occurrence of capillary bronchitis and pneumonia use cough medicines that contain codeine, morphine, heroin and other sedatives when you have a cough or cold. An expectorant like Chamberlain's Cough Remedy is what is needed. That cleans out the culture beds or breeding places for the germs of pneumonia and other germ diseases. That is why pneumonia never results from a cold when Chamberlain's Cough Remedy is used. It has a world-wide reputation for its cures. It contains no morphine or other sedative. For sale by all dealers. adv.

**Troops Struck by Lightning.**  
 Houston, Texas, Oct. 23.—A bolt of lightning struck a marching column of the Sixth United States Cavalry between Texas City and Galveston about 7.30 this morning, instantly killing Privates Monroe Morris, George Morris and John Zimmer. Veterinary Surgeon Devine was injured, but not seriously. Several horses and mules were killed. Several troopers are said to have been unhorsed and mules were killed. Several troopers were severely shocked. Scores of horses and mules were knocked flat by the force of the shock.

 And ALL DISEASES arising from a  
**Torpid Liver and Bad Digestion**  
 The natural result is good appetite and solid flesh. Dose small; elegantly sugar coated and easy to swallow.  
**Take No Substitute.**

After Bubonic Plague Rats.  
 Seattle, Wash., Oct. 24.—Demolition of an old wooden building on the water front, in and near which six Bubonic plague rats were killed recently, was begun yesterday. It is supposed a plague rat reached shore recently from an Oriental steamer. There have been no cases of the plague among human beings.

**"CASCARETS" RELIEVE SICK, SOUR STOMACH.**  
**Move Acids, Gases and Clogged-up Waste from Stomach, Liver, Bowels—Cure Indigestion.**  
 Get a 10-cent box now.  
 That awful scuriness, belching of acid and foul gases; that pain in the pit of the stomach, the heartburn, nervousness, nausea, bloating after eating, dizziness and sick headache, means a disordered stomach, which cannot be regulated until you remove the cause. It isn't your stomach's fault. Your stomach is as good as any.

Try Cascarets; they immediately cleanse the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry off the constipated waste matter and poison from the bowels. Then your stomach trouble is ended. A Cascaret to-night will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular for months. Don't forget the children—t ihr little insides need a good, gentle cleansing, too. adv.

**Dropped Dead in His Auto.**  
 Cheraw, Oct. 23.—About 5 o'clock yesterday afternoon, while Mr. and Mrs. M. H. Finney were out in their automobile and had reached one of the business streets of this city, Mr. Finney, who was driving suddenly dropped dead. He had had heart trouble for some time and his death was not entirely unexpected. Mr. Finney had long been the office manager of the Cheraw veneering plant and was well known. He leaves a widow.

**Eczema and Itching Cured.**  
 The soothing, healing medication in Dr. Hobson's Eczema Ointment penetrates every tiny pore of the skin, clears it of all impurities—stops itching instantly. Dr. Hobson's Eczema Ointment is guaranteed to speedily heal eczema, rashes, ringworm, tetter and other unsightly eruptions. Eczema Ointment is a doctor's prescription, not an experiment. All druggists, or by mail, 50c. Pfeiffer Chemical Co., Philadelphia and St. Louis. adv.

**You Need a Tonic**  
 There are times in every woman's life when she needs a tonic to help her over the hard places. When that time comes to you, you know what tonic to take—Cardui, the woman's tonic. Cardui is composed of purely vegetable ingredients, which act gently, yet surely, on the weakened womanly organs, and helps build them back to strength and health. It has benefited thousands and thousands of weak, ailing women in its past half century of wonderful success, and it will do the same for you. You can't make a mistake in taking

**CARDUI**  
 The Woman's Tonic

Miss Amelia Wilson, R. F. D. No. 4, Alma, Ark., says: "I think Cardui is the greatest medicine on earth, for women. Before I began to take Cardui, I was so weak and nervous, and had such awful dizzy spells and a poor appetite. Now I feel as well and as strong as I ever did, and can eat most anything." Begin taking Cardui today. Sold by all dealers.
