MISSIONS AND EDUCATION.

riences, Rev. Rockwell Clancy, of Muttra, tells of the problems faced in India by practical educators:

"It is generally known," he says, "that this country is densely ignorant. But unless one has worked right among the people, it is difficult to understand the degrading effects of centuries of heathenism. The masses are little better than slaves to the better castes. Their poverty is appalling. The failure of a single harvest means famine, as 95 out of every 100 people live in mud vil-lages and are cutlivators, most of being servants of the native landlords. Very few can read. people are so poor that even the little boys and girls have to help eafin the living for the family, and there is usually little time or inclination for education.

The government is spending \$440,-000 a year for primary education here in the northwest provinces, and within the next five years is planning to spend \$1,766,000 a year, so that primary education may be placed within reach of every village The masses are too poor to take advantage of it. Our Christians, for the most part, belong to the depressed classes—the "untouchable," as they are called—and the government schools are practically closed to them because of caste."

Boy Christians of Japan.

Chinzei Gakuin, the Anglo-Japanese college at Nagasaki, Japan, is said to be turning out a larger per of Christians than any other mission school for boys in the Empire. Last year a class of 48 young men was graduated, 37 of whom were professing Christians. All but five of this number had been converted since coming to the college. Of the 185 students who entered the Chinzel Middle School last year, only eight were Christians, only 13 had come from Christian homes, and only 20 of the entire number had ever seen a Bible. More than 100 of these young men are now avowed followers of the Cross.

Inside Information.

Dr. I. M. Miller, superintendent of the Methodist hospital at Yungbyen, Korea, tells one story of a man who had been rabid in his abuse of the Christian church, although his wife was a devout believer. One morning the doctor was called to this man's house. His family thought him to be in a dying condition. A diagnosis of the case showed the immediate ne-

mind of his neighbors how eign doctor" could guess at the

been opened up.' Even the district superintendent, Rev. Kim Chan Sik, says "it is very strange."

A Beacon Light of Influence.

As typical of the successful Christian village school in Mexico, the work of the Miraflores institution may be cited. Its enrollment this year is 339 boys and girls, under the care of eight teachers. The number of students alone speaks well for the influence of the school. It may truly be called the beacon light of the town. It invariably takes the lead in

all patriotic and social festivities, as

· CLARENCE BOWMAN.

A Case of Catarrhal Deafness.

Rapids, Iowa, writes:
"Some time ago I wrote you about

my little boy, Clarence, five years of

age. He was troubled with his cars

They were very sensitive to the touch,

and he was quite deaf at times. He

seemed to be worse after catching

cold. I had taken him to doctors, but

they did not seem to be able to relieve

him, and I was very much afraid he

would lose his hearing entirely. He was getting more deaf every day.

prescribed Peruna. I began giving it to him, and can now say that he is

entirely cured. He is now well and hearty and can hear perfectly."

Catarrh Causes Many Diseases.

cold. A cold is very likely to settle

in the nose, causing nasal catarrh. It may settle in the upper part of the

throat, called the nasal pharyngeal

space. In this space are two little tubes called eustachian tubes, that lead to the middle ear.

If the catarrh settles in the pharyn-

geal space it may follow the mucous membrane through the eustachian tubes into the middle ear. If it does

it will cause noises in the ear, and later on be sure to cause deafness.

Catarrh of the throat may follow

the custachian tubes up into the mid-

A Christian Atmosphere.

It is reported that in Japan there is a growing religious atmosphere. Rev. formation of three societies which TAKES OFF DANDRUFF have avowed the purpose of promoting the religious life of the Japanese. One is called the "Great Japan Religion Society," which is intended to procure and publish articles on religionaries. ion that the religious thought of the people may be molded by it. The second is "This Way Association," which seeks to deepen the religious life of the people, bringing before them the best religious thought of the time. At a recent monthly meeting of the "Concordia Association," Dr. Gulick, of the American Mission Board, gave an address on "What is Religion?

The Talent Plan for Children.

"The greatest good will come to the young people if they can something to earn the money which they contribute," says Rev. L. John-son. "We suggest that in this time of emergency in our work the super-tendent or teacher furnish as a gift or loan to each child who is willing to use, a "talent"—about ten cents— to be invested and the proceeds given as his offering on missionary day. On one occasion I gave such a "talent" to a small group of children in a missionary society. In a few weeks they brought back a missionary offering of nearly \$50. One little girl invested her, money in materials and got her mother to make hot rolls. She took orders from the neighbors at the market price. Her mother filled the orders and she delivered the rolls. She made over \$10 for her offering.

This plan has been often tried with most gratifying results. Give out the "talents" immediately so as to allow as much time as possible before the twelfth of April. You will be pleased with the result. The children will be influenced toward a missionary spirit, and the cause will be helped in this time of very great

Italian Protestants in America.

In New York city alone there are now 25 Italian Protestant churches. Roman Catholics have 19. One Chicago church has 461 members, and one in New Haven has 461 members. The Baptists, Methodists and Presbyterians of America have each 60 ordained Italian ministers. In other

augeliance compaign by Protestant home missionaries. The burvest is one other need; and that is an

awakening of the Christian churches of America to the fact that there is destiny in this opportunity; destiny for America, in that we must save the immigrant from infidelity, if we would save ourselves; and destiny for Italy in the fact that, by the influence of returning immigrants, the character and faith of Italy will be finally determined by the Italians of

His Eyes Opened. The ophthalmic clinic, in connec-

tial loss of hearing is apt to be over-

looked. A person may lose half his hearing before he knows it. For instance, suppose a man can

hear his watch four feet from the ear. If he loses his hearing to the extent that he can only hear the tick of his

watch two feet from the ear he may not suspect it at all. His hearing is

good enough for ordinary purposes.

He goes on without the slightest suspicion that he is losing his hearing.

He may have ringing in the ear, or

cracking and snapping sounds in the

ear, or a feeling of pressure in the

ear, but he is not aware that he is

Testing the Hearing.

It is a good thing to test your hear-ing with a watch. First hold the

watch against your ear, then move it

gradually away from the ear and see

how far away from the watch you can actually hear it tick. Try it on the other side and see if both ears

are alike. If you find that you are

unable to hear the watch on both sides

alike and at a distance of four feet

from the ear, you may know that deafness has already begun. You should begin taking Peruna at once.

Cargle the throat with cold, strong

Salt water, as directed in the "ills of Life," sent free by Peruna Co., Co-lumbus, Ohio. Persist in this treat-

The Best Way to Gargle.

Sometimes catarrh of the nasal pharyngeal space will cause an ac-

cumulation of secretions in the throat, that completely fill the space. Unless

these secretions are promptly re-

moved by frequent gargling polypi may be formed. Once formed the

polypi or adenoids, as they are some-

times called, will require a long time

with the gargling to remove. Gar-

gling according to the proper method

losing his hearing.

THE

Is Liable to Produce Calarrhal Beainess

ports a number of interesting cases which have been successfully treated during the past year. "A merchant from the northern part of the city, who had been blind for more than eight years, was sent away rejoicing with restored vision, and ability to take up his work," says Dr. Hopkins, physician in charge. "A blind for-tune teller, hearing of our work, returned home to bring to us his blind father, although he knew that his own case was a hopeless one. The father's sight was restored and it was pathetic to see him as he looked, for the first time in six years, into the face of his blind son. Many who came to the hospital feeling their way with canes have left us restored in sight and soul."

HAIR STOPS FALLING.

Girls! Try This! Makes Hair Thick Glossy, Fluffy, Beautiful—No More Itching Scalp.

Within ten minutes after an appli cation of Danderine you cannot find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most will be after a few weeks' use, when you see new hair, fine and downy at firstyes-but really new hair-growing

all over the scalp.
A little Danderine immediately doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as anythat it has been neglected or injured by careless treatment-that's all-you surely can have beautiful hair and lots of it if you will just try a little Dnderine.

MORE REGIMENTS FOR PATROL

Diaz in Washington-Claimed He Brings New Plan to Solve Problem.

Washington, March 11 .- Dispatch of two additional regiments of American infantry to Eagle Pass and Laredo, Texas to allay fears of Mexican raids, and the appearance here of Gen. Felix Diaz and friends with a new plan to solve the Mexican problem, were the chief developments today in the Mexican situation.

Two troops—the 9th and 17th reg-

iments-were ordered to the border at the request of Senator Sheppard and Representative Garner. The latter told the President there was a good deal of cash in border banks and Americans wanted to be protected against any sudden raid or invasion. Mr. Garner also said much cat-tle had disappeared recently and res-

constille. The request for additional coops, which was proud Monday, was menssed at the Cubinot meeting and scided on late to day by the Presi-ent, who communicated his approuls appro

val to the Secretary of War.

Not Seeking Support. Gen. Diaz and his friends here said they were not yet prepared to announce their definite purposes, but would do so to-morrow. One of the party was Pedro Del Vilar, who be-fore the Senate foreign relations committee last week, was reported to have asked support for a counter revolutionary movement. The Mexicans denied to-day that they sought support or sanction for any revolutionary movement, saying their idea was a campaign of information about FIVE MINUTE CURE Mexico and to acquaint Washington with the personality of Gen. Diaz so is part in subsequent events ico might be judged from a study at close range.

It was learned they are seeking the elimination of Gen. Huerta and are not allied in any way with the Constitutionalists.

18,000 Troops on Border.

To-day's orders for the dispatch of two more regiments to Texas will result in the assembly in that State of nearly 18,000 troops, more by 3,000 than the entire force of the regular army that Gen. Shafter led into Cuba. Nearly 11,000 soldiers are in camp at Texas City, under command of Brig. Gen. Funston, of Philippine fame. The others are scattered along the border from Brownsville, Texas, to Nogales, Ariz., under command of Brig. Gen. Tasker H. Bliss, the largest garrisons being maintained at El Paso, Nogales, Douglas, Laredo, Eagle Pass and Brownsville, where railroads enter Mexico.

Will Increase Rangers.

Dallas, Texas, March 11.—Gover-nor O. B. Colquitt here to-night announced his intention of ordering a substantial increase in the force of Texas Rangers patrolling the Mexican border "to protect citizens and property from raids from across the border." -4 0 h

Best Family Laxative.

Life Sentence for Negro.

Laurens, March 12 .- Judge Bowman late this afternoon over-ruled a motion for a new trial in the case of Greenwood Rogers, convicted Tues-day of the murder of Geo. F. Young, the jury saving him from the chair by recommending mercy. After re-fusing the motion the court passed the sentence fixed by law—life im-

prisonment Hank Griffin, colored hack driver, was to-day acquitted of an alleged attempt at criminal assault, while Link Sherman, also colored, pleaded guilty to criminal assault and was

given 30 years. Bob Glover, colored, convicted of arson in consequence of an alleged confession, got ten years, the minimum.

tion with the Peking hospital, re- THE G. W. VANDERBILT ESTATE Disposition of Property Left by the Master of Biltmore.

> New York, March 11 .- Because George W. Vanderbilt left no male heir, the mansion at 51st street and 5th avenue, the works collected by the late Wm. H. Vanderbilt, the sum of \$1,000,000 outright and other property will descend to Cornelius Vanderbilt, under the will of his grandfather, who died in 1885.

William H. Vanderbilt left all his property to his widow during her life-time; then to his youngest son, Geo. W. Vanderbilt, during his life-time. It was provided that Geo. W. Vanderbilt should name one of his sons to inherit after him. In case Geo. W. Vanderbilt died without sons it was provided that the property should go to Wm. H. Vanderbilt, the grandson of the testator, and son of Cornelius Vanderbilt. Furthermore, it was provided that if Wm. H. Vanderbilt died before his time to in-herit, the property should go to his younger brother, Cornelius. Geo. W. Vanderbilt died without a

son. Wm. H. Vanderbilt, the grand-son, died in 1892, when he was a junior at Yale University It is several years since "a male descendant bearing the name of Vanderbilt" lived in the Vanderbilt mansion.

Goes to Widow and Daughter.

New York, March 12 .- The will of Geo. W. Vanderbilt, as filed for probate here to-day, leaves his entire estate, estimated at \$20,000,000, to his widow and only daughter, Cor-

Minor bequests providing annuities aggregating \$5,500 a year are made in favor of certain relatives.

There are no public bequests.

Biltmore, Mr. Vanderbilt's worldfamous estate in North Carolina, is left to his daughter, Cornelia, who is 12 years old. She also receives \$5.000,000 in cash and is made residuary legatee.

Mrs. Vanderbilt, the widow. ceives the estate at Bar Harbor, Me. the Vanderbilt home in Washington. \$250,000 in cash, a life-interest in a trust fund of \$1,000,000, which she may dispose of at her death as she sees fit; and part of the real estate in North Carolina known as Pisgah Forest, containing about 80,000 acres, together with the contracts for the sale of timber therefrom and limited to produce about \$50,000 a year. These bequests to Mrs. Vanderbilt are made in lieu of a dower.

Clogged Up? Here's Quick Relief

A SIMPLE REMEDY TO CORRECT CONSTIPATION BEFORE IT BECOMES CHRONIC.

Very few people go through life without some time or other being troubled with constipation. Thousands injure themselves by the use of strong cathartics, salts, mineral waters, pills and similar things. They have temporary value in some cases, it is true, but the good effect is soon lost, and the more one takes of them the less effective they become.

A physic or purgative is selfom necessar, and much better and n ore permane it results can be obt tinet by usnig a scientific remedy l.ke Dr. Caldwell', Syrup Pepsin. It does not hide behind a high sounding of me, but is what 't is represented to be, a mild laxative medicine. It is so mild that thousands of mothers give it to tiny infants, and yet it is so compounded, and contains such definite ingredients that it will have equally good effect when used by a person suffering from the wo st chroni; constipation. In fact, an ong the greatest endorsers of Syrur Pepsin are el-derly people who have suffered for years and tound nothing to benefit them until they took Syrup Pepsin.
It is a fact that millions of fami-

lies have Dr. Caldwell's Syrup Pepsin constantly in the house, homes like those of H. W. Fenstermaker, Sieg-fried, Pa. He says he has had won-derful results from the use of Dr. Caldwell's Syrup Pepsin, that, in fact, he has never found a remedy so good, and he is glad to recommend it. The special value of this grand laxative

H. W. FENSTERMAKER.

tonic is that it is suited to the needs of every member of the family pleasant-tasting, mild and non-grip-ing. Unlike harsh physics, it works gradually and in a very brief time the stomach and bowel muscles are trained to do their work naturally again, when all med'cines can be dispensed with.
You can obtain a bottle at any drug

tore for fifty cents or one dollar. The latter size is usually bought by families who already know its value. Results are always guaranteed or money will be refunded.
Families wishing to try a free sam-

ple bottle can obtain it postpaid by addressing Dr. W. B. Caldwell, 419 Washington street, Monticello, III. A. postal card with your name and address on it will do.

TALLEST JAIL IN THE WORLD. Skyscraper of 14 Stories Will House Women Prisoners.

New York, March 13 .- Plans are practically completed for a skyscraper jail which the city will erect on the site of the old Tenderloin police The building will be fourteen stories tall and will cost about \$456,000. That sum was appropriated for the structure by the board of estimate at the suggestion of former gorough President McAneny. Some of the city officials are active now in an effort to have the Legislature pass a bill limiting the height of buildings in this city, but they hope to get the new city jail under way before such a law goes into effect.

This jail will be the highest build-

ing of its kind in the world. It will have a frontage of 75 feet and a depth of 100 feet. It is planned chiefly for the care of women prisoners. Several floors will be given over to court rooms, detention rooms and offices for those in the charities department who look after the welfare will be of timestone and terra cotta

Exports to the United States from Japan in 1912 amounted to \$84,000,-000, constituting practically one-third of all that Japan exports. America annually consumes Japan tea worth about \$10,000,000.

Postmaster Sued for \$100,000.

New York, March 7 .- The Metropolitan Magazine Company, publisher of the Metropolitan Magazine, yesterday sued Edward A. Morgan, postmaster of this city, for \$100,000 damages.

The complaint alleges that Mr. Morgan, subsequent to the action of President Wilson in permitting the February issue of the Metropolitan Magazine to pass through the mails, referred to certain pictures in the magazine as "obscene." The company alleges that this assertion, published broadcast, did it great injury.

It is charged that Postmaster Morgan held up 10,000 bags of magazines for two days. The company appealed to President Wilson, and heover-ruled Postmaster Morgan and directed the release of the mail.
