—Mrs. Rosa Callaway left yesterday afternoon for Atlanta, where she will spend several weeks.

—At the Walhalla precinct 43 votes were cast for and 33 against the \$24,000,000 cotton bond issue.

—Mrs. J. R. Hughes is the latest victim of diphtheria, she having suffered an attack the latter part of last week. She is, however, getting along nicely, and her many friends will be pleased to learn that her condition is such that the quarantine will be removed from the home during this week. By reason of the quarantine Mr. Hughes has not been on his run on the Blue Ridge Railway for a week. We trust that Mrs. Hughes will be speedily restored to health.

—Hamilton Carhartt, the well-known overall manufacturer, whose principal manufacturing plant is at Detroit, Mich., has announced to his customers in the South that he will take 5,000 bales of cotton at ten cents a pound. Messrs. Moss & Ansel, one of the Carhartt merchants, Monday last shipped to the Carhartt Cotton Mills at Rock Hill a bale of cotton weighing 544 pounds. The cotton was purchased by Moss & Ansel from M. T. Hughes at 10 cents a pound, and by them turned over to the Carhartt people at the same price on their offer to the Carhartt merchants of the South. The Carhartt people announce that every pound of ten-cent cotton thus purchased will be utilized in the making of the famous Carhartt overalls.

—It was with deep regret that the citizens of Walhalla learned of the death of Mrs. T. Ed. Sanders, which occurred last Friday morning at her home in the Bear Swamp section, after a long and tedious illness. Mrs. Sanders had been a sufferer from pellagra for about twelve years, though she had not been seriously ill for more than a few months prior to her death. She was a daughter of Mr. and Mrs. John W. Oliver, who live near Walhalla, and was well and pleasantly known by many here and elsewhere in the county. She was 36 years of age and had for a number of years been a consistent member of the Poplar Springs Baptist church. In December, 1895, she was happily married to T. Ed. Sanders, who, with five children, survives her. She is also survived by her parents, Mr. and Mrs. John W. Oliver, and one brother and two sisters. To these The Courier joins with hosts of other friends in extending sympathy in their hour of sorrow. Mrs. Sanders was a devout Christian and will be greatly missed by a wide circle of friends and acquaintances. Funeral services were conducted Saturday morning, the interment following at 11 o'clock at the Poplar cemetery. The funeral was largely attended by sorrowing relatives and friends of the deceased. The services were conducted by Rev. J. H. Farmer.

KEROSENE AND GASOLINE BURN.

Texas Oil Company's West Union Warehouse Destroyed.
Last Monday afternoon large clouds of black smoke were observed east of Walhalla, and it was soon discovered that the Texas Oil Company's warehouse in West Union was burning. The origin of the fire is unknown, but it is supposed that a spark from the Blue Ridge afternoon train may have reached the wooden building and started the flames.

Employees of the company had during the day placed in the warehouse a full carload of kerosene and gasoline, in barrels, and this, with the small quantity already stored there, was a total loss. The burning oil made a fearful blaze, and the column of black smoke led many to fear a much worse fire than was in progress.

Fortunately, there were no other buildings close to the building occupied by the Texas Oil Company, and thus the flames were confined to the one building.

Last Saturday afternoon a small oil supply house at the plant of the Brown Lumber Company, in West Union, was destroyed, along with its contents, about three barrels of lubricating oils. Fortunately no explosive oils were stored in this building. Only a comparatively few persons knew of the blaze until after it was all over. It is thought the fire originated from a spark from the boiler house.

"HELP TO FEED MY PEOPLE."

Little Belgium's King Appeals to Generosity of America.

London, Oct. 31.—King Albert, of Belgium, has asked the American people to help feed his starving people during the coming winter. His message, written under fire in the battle before Dunkirk, and transmitted to the American commission here for relief in Belgium, follows:

"I am informed that American officials and citizens in Belgium and England are working to save my people from the horrors of the famine which now threatens them. It is a great comfort to me in this hour of sorrow and misfortune to feel that a great-hearted, disinterested people is directing its efforts to relieving the distress of the unoffending civilian population of my country.

"Despite all that can be done, the suffering in the coming winter will be terrible, but the burden we must bear will be lightened if my people can be spared the pangs of hunger, with its frightful consequences of disease and violence.

"I confidently hope that the appeal of the American commission will meet with a generous response. The whole-hearted friendship of America shown my people at this time always will be a precious memory.

"(Signed) Albert."
Belgian Minister Handed Passports.
Mexico City, Oct. 30.—Paul May, Belgian minister to Mexico, was handed his passports to-day by Senor Fabella, minister of foreign affairs. Senor Fabella declared he was compelled to take this course because of certain aggressive and disrespectful notes directed to the Mexican government by the Belgian representative.

—A party of Andersonians spent a short while in Walhalla yesterday on their way to and from the Mountain Rest section, where they were the guests of Louis A. King, who tendered them a "spiced stew." —One of the best evidences of a good third-crop in one year that we have seen comes to us in the shape of a sample of oats brought in by J. D. Isbell, the three crops having been grown at the Isbell place above Walhalla by Sam J. Isbell, who is now farming there. Last fall Mr. Isbell sowed a section in oats, which were harvested in the late spring and followed by watermelons. Of these he made a fine crop, sowing down a section of the field in peas. When he began to harvest his peas Mr. Isbell noted that there was a good crop of oats mixed with the peas vines, and the whole was cut together, making a splendid feed crop for his stock. The oats among the peas came merely as a result of part of the grain shattering out as the oat crop was harvested. There are a lot of these little accidents of nature from which we are enabled to learn much in the way of increasing the productivity of the soil.

—Lost—Between Lutheran church and Herick Hosiery Mill school house, lady's gold watch, Elgin make, with fob. Suitable reward if returned to Miss Hattie Retledge, Walhalla, or to Courier office.—Adv.

—When the Hayne Circle entered Mrs. W. C. Hughes's home Friday afternoon it realized that the spirit of Halloween was abroad. It felt quite spooky surrounded by black cats, spiders, bats and jack-o'-lanterns. The thoughts of the Circle, however, were turned by the president to Peru, and Miss Walker read "Peru and Its Capital"; Mrs. Dietrick, "The Remarkable Civilization of the Incas"; Mrs. Denny, "On the Great Desert of Peru," and Mrs. Rogers, "A Peruvian Love Story." Mrs. Sloan and Mrs. Ansel brought us back to the Halloween spirit by rendering the song "Heart of the Witch." During the social hour the hostess introduced a clever Halloween contest. Miss Alice Strong received a witch's calendar as first prize, and Mrs. Kogers a jack-o'-lantern as second prize. Each guest ate her dainty refreshments, and read her fortune, hidden in nuts, by the light of her little souvenir jack-o'-lantern. The next meeting will be with Mrs. L. M. Brown on November 13th, and the program for that afternoon will be used.
