Original articles and tributes of respect of not over one hundred words, will be printed free of charge. All over that number must be paid for at the rate of one cent a word. Cash to accompany manuscript.

WALHALLA, S. C.

WEDNESDAY, MARCH 21, 1915.

THE DIGGS-CAMINETTI CASE.

Court of Appeals Sustains Conviction in Lower Court.

San Francisco, March 18.—The convictions of F. Drew Caminetti, son of Anthony Caminetti, United States Commissioner General of Immigration, and Maurice I. Diggs, former state Architect, under the Mann white slave act, were affirmed today by the United States Circuit Court of Appeals.

Diggs and Caminetti were tried and convicted in the District Court in 1913 for the transportation of Lola Norris and Martha Warrington from Sacramento, Cal., to Reno, Nev., for immoral purposes.

Diggs was sentenced to imprisonment on McNeil Island for two years and fined \$2,000. Caminetti was sentenced to 18 months imprisonment and a fine of \$1,500.

The case went to the higher court on a writ of error.

The opinion holds that the prosecution had a right to comment on the fact that Diggs was silent upon the movements of the four principals after they left Sacramento and that it was proper for the jury to consider this silence as an indication of guilt or innocence.

White Man With Black Liver.

The liver is a blood purifier. It was thought at one time it was the seat of the passions. The trouble with most people is that their liver becomes black because of impurities in the blood due to bad physical states, causing biliousness, headache, dizziness and constipation. Dr. King's New Life Pills will clean up the liver and give you new life. 25c. at your druggist.—Adv. 3.

BOTH FIRE AND WATER USED.

Mazurian Lake District Proved Death Trap to Russians.

London, March 18.—How the Germans employed both fire and water to destroy the Russians in the campaign in the Mazurian Lake district, East Prussia, is related in a communication received by the Westminster Gazette from Gothenburg.

"German strategy counted not only on water and fire, but even fire," the correspondent says. "Their engineers have for many years been equipped with a peculiar kind of apparatus for excavating the trunks of soft trees such as the Mazurian firs. When the Russian army first advanced into East Prussia, German engineers hastily excavated numbers of trees.

"When Russian troops reached the Mazurian district, German engineers at once opened the canal locks, drowning the invading troops like flies. Some Russians reached the forests, but, of course, they had no idea that many trees had been charged with gasoline. It was an easy task for the German artillery to set a match to this bonfire and burn up the Russian regiments they had entrapped."

"SYRUP OF FIGS" FOR CONSTIPATED CHILD.

Delicious "Fruit Laxative" Can't Harm Tender Little Stomach, Liver and Bowels.

Every mother realizes, after giving her children "California Syrup of Figs," that this is their ideal laxative, because they love its pleasant taste and it thoroughly cleanses the tender little stomach, liver and bowels without gripping.

When cross, irritable, feverish or breath is bad, stomach sour, look at the tongue, mother! If coated, give a teaspoonful of this harmless "fruit laxative," and in a few hours all the foul, constipated waste, sour bile and undigested food passes out of the bowels, and you have a well, playful child again. When its little system is full of cold, throat sore, has stomachache, diarrhoea, indigestion, colic—remember, a good "inside cleansing" should always be the first treatment given.

Millions of mothers keep "California Syrup of Figs" handy; they know a teaspoonful today saves a sick child to-morrow. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and grown-ups printed on the bottle. Beware of counterfeiters sold here, so don't be fooled. Get the genuine, made by "California Fig Syrup Company."—Adv.

WOODMEN AND WOODWOMEN.

Dual Session Ends at Charleston—Next Session at Greenwood.

Charleston, March 17.—About 1,200 delegates and members of local camps, Woodmen of the World, attended the opening session of the Head Camp Convention for the jurisdiction of South Carolina in the German Artillery Hall. Four hundred and eighty-eight delegates and officers of the convention were enrolled.

Following several addresses of welcome and responses, the first business session of the Head Camp was immediately called to order. The enrolling of delegates, reports of officers and appointment of committees, resolutions and other preliminary business were disposed of at this session.

At the afternoon session officers were elected as follows:

M. J. Spears, of Lamar, Head Counsel.

W. H. Broome, of Spartanburg, Head Adviser.

Fred C. Lotz, of Charleston, Head Banker.

R. S. Hood, of Sumter, Head Clerk.

J. M. Daniel, of Greenville, chairman of the Board of Managers.

The huge parade yesterday afternoon, in which 1,000 Woodmen participated, is one of the big public features of the convention, and many hundreds lined the route of march to the ferry wharf, where the delegates and members of local camps embarked for the Isle of Palms. Arriving at the beach, the chief social feature of the convention was enjoyed by the visitors this evening. One of the largest oyster roasts since the "fleet week" affair at the Scheutenplatz had been prepared.

Next Session at Greenwood.

On the third Tuesday of March, 1917, the eleventh biennial session of the Head Camp, jurisdiction of South Carolina, Woodmen of the World, will be held at Greenwood. This was decided by the State Convention Wednesday.

The Woodmen Circle.

The fourth biennial State Convention of the Woodmen Circle adjourned last night. Greenwood was selected as the place for the next convention, which will meet on the third Tuesday in March, 1917. Officers for the ensuing term were elected as follows:

Grand Guardian—Mrs. Hattie J. Brewer, Charleston.

Grand Adviser—Mrs. Lillian Johnson, Grey Court.

Grand Clerk—Mrs. Ella Schuler, Vance.

Grand Banker—Mrs. Blanche Martin, Cheraw.

Grand Attendant—Mrs. Lena Steller, Columbia.

Grand Assistant Attendant—Mrs. Mamie Leary, Florence.

Grand Chaplain—Mrs. Villa Berry, Bowman.

Grand Inner Sentinel—Mrs. Bernice Fair, Greenville.

Grand Outer Sentinel—Mrs. Ina Foster, Pacolet.

Grand Managers—Mrs. Anna McE. Collins, Hartsville; Mrs. Mamie Waits, Columbia, and Mrs. Amelia Hogan, Greeleyville.

Supreme Delegate—Miss Mary DeLahanty, of Charleston; alternate, Miss Lizzie Corcoran, Charleston.

Whole Family Dependent.

E. Williams, Hamilton, Ohio, writes: "Our whole family depend on Pine-Tar-Honey." Maybe some one in your family has a severe cold—perhaps it is the baby. The original Dr. Bell's Pine-Tar-Honey is an ever-ready household remedy—it gives immediate relief. Pine-Tar-Honey penetrates the linings of the throat and lungs, destroys the germs, and allows nature to act. At your druggist, 25c.—Adv. 3.

SAVES SISTER, KILLS FATHER.

Head of Family Threatened His Daughter's Life.

Canton, Ga., March 17.—Judson McCoy shot and killed his father, J. R. McCoy, a well-known citizen of Cherokee county, at the latter's home, 12 miles west of here, at noon today.

The elder McCoy had struck his daughter with a chair and then went to a bureau drawer to secure his pistol, threatening to kill the entire family. His son, Judson, interfered, securing his father's shotgun and fired before the elder McCoy could make good his threat.

The trouble arose over McCoy's daughter's refusal to allow one of his sons to eat dinner at their home.

McCoy was a noted character in this section and had large family connections. He was on one occasion tried for murder and sentenced to be hanged, but had lived a quiet life during recent years and was considered a substantial citizen.

Whenever You Need a General Tonic Take Grove's

The Old Standard Grove's Tasteless Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50 cents.

The Mighty Hen.

(Home and Farm.)
There are still farmers who consider the hen as a means of income a joke. Judged from these figures made public by the Southern Railway Company, Tennessee hens are "jokers" worth cultivating.

One shipping point (Morristown, Tenn.) consigned 325 cars of eggs in 1914, containing 130,000 cases, or 46,800,000 eggs—almost enough for half an egg apiece for one breakfast for our entire population.

In addition to the eggs, 175 cars of live poultry and fifty-three cars of dressed fowls were shipped from the same point.

The total value in 1914 of the poultry products shipped from this country center is reckoned at over \$2,000,000.

Keep Crops "Stirred Up."

Farmers who watched their crops parch and shrivel during last year's long drought, while neighbors who cultivated persistently made good yields, will no doubt be more inclined this year to the use of the cultivator, one of the most valuable of agricultural implements. Make up your mind now, long before planting time, that you are going to keep your land constantly "stirred up" and not allow your plants to be handicapped by unsatisfied thirst.

Observations indicate that failure to obtain a successful stand of clover is due to a number of different causes, any one or any combination of which may react very unfavorably to its growth. The primary causes of clover failure appear to be due to depletion of the humus content of the soil and soil "acidity." Clover will not succeed on poorly drained soil. Lack of fertility reduces the yield in some sections. In the spring grain sections the nurse crop should be seeded from one-half to two-thirds the usual rate.

When a full seeding of the nurse crop is made, and this is especially true of oats, the greater portion of the soil moisture is used by the grain. The clover plants thus become weakened and when the grain is cut they have no time to recover. Alsike clover does well on soil which will no longer grow red clover, and where moisture is sufficient it is recommended that alsike be planted. Sweet clover or soy beans are very good soil renovators, and they may replace red clover in the rotations until the soil is in such condition that red clover will succeed.

About Leaving the Farm.

(Progressive Farmer.)

We know that on account of conditions resulting from the European war, many white farmers and tenants will now be tempted to sell out and move to town. They ought to remember three things, however:

1. That practically all other farm products except cotton are bringing good prices, and low-priced cotton is only a temporary condition.
2. That the war has made an even bluer outlook for the town laborer than for the farmer, employment being difficult to get and wages low.
3. That if a man has property enough so that he can live in town without work, he had better move home to the farm instead of moving to town to get these comforts. Paint, good walkways and driveways, light, waterworks—all cost money in town as well as in the country; so why not have them in the country? Make yourself a neighborhood leader and find new joy among old friends and neighbors, helping make your home and your community fairer and better, instead of going to town to rust out amid unfamiliar environments and uneasy strangers.

Think, too, of the greater independence of the farmer, especially the farmer who owns a little dirt. We came across a saying of the late Dr. Knapp the other day that is worth quoting in this connection. The farmer who becomes a town laborer, he declared, "voluntarily exchanges the rights and privileges of a freeman for a daily wage and the badge of servitude."

Make Garden and Orchard Count.

1. Fruits and Vegetables are the Best Kind of Cash Crops.—In the rush for a so-called "cash crop" don't forget that it is what we save, rather than what we make, that counts, and that good orchards and gardens, by enabling us in large measure to dispense with the grocer and doctor, are "cash crops" in the very best sense.

2. Don't Expect the Orchard and Garden to Take Care of Themselves.—If you take care of them they will later do likewise by you; but planting an orchard or garden and giving them no further attention usually means so much effort and money wasted.

3. Have the Orchard and Garden Near the House.—Attention to this matter will save many steps for the good wife, and will insure better attention to the cultivation and general management.

4. Make Your Garden Fertile.—Having a really good garden on poor land is almost an impossibility, and this is one of the first and most important details to be attended to. For the average garden an abundance of well rotted stable manure is the best fertilizer, but of course this will in most cases have to be supplemented with applications of commercial phosphoric acid and potash.

5. Plant Only the Best Varieties.—We have lost many thousands of dollars through planting trees and seeds that later proved worthless, and to get the most from garden and orchard it is essential that only dependable seedsmen and nurseries be patronized.

6. Keep the Garden at Work.—Just as labor and machinery yield the greatest return when steadily employed, so it is with the garden. Two and even three crops a year are easily possible, and unless you are getting these you are falling short of your opportunities.

In making for "Diversification and Independence in 1915" well tended gardens and orchards are going to be mighty factors. Are yours what they should be?

"TIZ" PUTS JOY IN SORE, ACHING FEET.

Use "TIZ" for Tired, Tender, Swollen, Sweaty, Calloused Feet and Corns—It's Grand!

"Happy! Happy! Use 'TIZ'!"

"TIZ" makes sore, burning, tired feet fairly dance with delight. Away go the aches and pains, the corns, callouses, blisters, bunions and chilblains.

"TIZ" draws out the acids and poisons that puff up your feet. No matter how hard you work, how long you dance, how far you walk, or how long you remain on your feet, "TIZ" brings restful foot comfort. "TIZ" is magical, grand, wonderful for tired, aching, swollen, smarting feet. Ah! how comfortable, how happy you feel. Your feet just tingle for joy; shoes never hurt or sting tight.

Get a 25-cent box of "TIZ" now from any druggist or department store. End foot torture forever—wear smaller shoes, keep your feet fresh, sweet and happy. Just think! A whole year's foot comfort for only 25 cents.—Adv.

Embryonic Independences.

"What are you going to be when you grow up, Jennie?"
"I'm going to be an old maid."
"An old maid, dear? Why?"
"Cause I don't think I'd like to kiss a man a hundred times and tell him he's handsome every time I do shopping. I'd rather earn money and buy things for myself."

CASTORIA

For Infants and Children.
The Kind You Have Always Bought

Bears the Signature of *Wm. C. Little*

Beating Around the Bush.

Susie's grandmother had been scolding her. Susie felt indignant, but had been taught never to "answer back." However, she got even. Taking her kitten in her arms, she thus soliloquized:

"Kitty, I wish one of us was dead this minute. Not you, kitty, nor me, kitty, but one of us three in this room."

THAT TIRED FEELING!

DO YOU CONTINUALLY FEEL SLUGGISH, DISINTERESTED?

If you do, it is probably caused by your liver. When the liver fails to perform its functions properly, the system becomes clogged with poisonous matter, that weighs you down mentally and physically.

The liver gets out of order very easily, and if neglected, chronic trouble usually results. Don't delay if you feel badly. You knowingly lay yourself out to life-long pain when you allow yourself to continue in a run-down condition. Cure yourself quickly and harmlessly with the natural vegetable remedy, **Liv-Ver-Lax**. It has all the effectiveness, but not the effect, of calomel.

Genuine Liv-Ver-Lax bears the likeness and signature of L. K. Grigsby, and is guaranteed to give satisfaction or money refunded. Insist on it. For sale by Norman Company, Walhalla.—Adv.

TYPEWRITER SUPPLIES

Ribbons - Paper - Carbons

We can supply all Demands in Typewriter Papers—Bonds, Heavy, Light and Feather Weight—any size, any quantity.

High quality Carbon Paper always in stock.

We represent locally a Standard Typewriter Ribbon Sales House. Best Silk Ribbons 75c. Fresh Ribbons for all machines with but little delay.

Orders for Supplies Handled Promptly.

PRINTING

The kind that looks right and is right, in Style, Workmanship, Quality and Price Write or call.

KEOWEE COURIER, WALHALLA, S. C.

THE STATE S. S. CONVENTION.

Session This Year Will Be Held at Newberry, April 20-22.

The 38th annual session of the South Carolina Sunday School Association will be held in Newberry April 20-22. This convention bids fair to be one of the most unique and helpful conventions ever held in the State. The theme of the convention is "Religious Education." The convention will be characterized by the gathering together of the best educational and religious talent of the State. Newberry is preparing to entertain in her usual hospitable manner 400 delegates. A number of social functions in connection with the convention are being planned.

Man Takes His Own Medicine—Is An Optimist.

He has absolute faith in his medicine—he knows when he takes it for certain ailments he gets relief. People who take Dr. King's New Discovery for an irritating cold are optimists—they know this cough remedy will penetrate the linings of the throat, kill the germs, and open the way for nature to act. You can't destroy a cold by superficial treatment—you must go to the cause of the trouble. Be an optimist. Get a bottle of Dr. King's New Discovery today.—Adv. 3.

Emmanuel Church in Good Shape.

Westminster, March 17.—Special: Emmanuel Baptist church, in Westminster, is moving on nicely under the leadership of our pastor, Rev. R. A. Sabate. We have a fine Sunday school, with 204 on the roll. Our church is growing in numbers as well as spiritually.

This week is being observed as week of prayer by the Ladies' Missionary Society, and the 4th Sunday of this month (March 28th) will be Missionary Rally Day, money raised to be given to the Home and Foreign Boards.

The pastor will turn over his full hour to the Sunday school on this occasion.

When Anybody Finds a Cure He Is Generally Willing To Tell His Neighbor

¶ The willingness of one neighbor to tell another neighbor in a private way of the benefit received from Peruna, explains the popularity of Peruna more than all the advertising that has been done.

¶ The fear of the publicity undoubtedly prevents the majority of such people from writing a testimonial to be used in the newspaper. But in spite of that we are receiving fine testimonials continually.

ANEMIA—Mrs. F. A. DeWitt, Maroon, Ohio, says: "I believe Peruna to be the best tonic. I recommend it for any run-down condition of the system."

SPRING COLDS—Mrs. Rhoda Stufflebeam, Bunch, Iowa: "A spring cold I took settled on my lungs. Coughed. Could not sleep. We feared consumption. Thanks to Peruna, I am a well woman today."

CATARRH—Mrs. Saddle Allen, Joseph, Oregon: "My little boy is entirely cured of catarrh of the ears by Peruna. Am thankful for your good advice."

SPRING TONIC—Mrs. Wm. McRoberts, Brown Valley, Minn.: "Taken in spring Peruna tones up the system, acts as a tonic. I consider Peruna a whole family medicine chest."

¶ How did they hear of Peruna?

¶ Simply because one neighbor is always willing to tell another one he has found a cure. Neighborly conversation of grateful patients has done more for Peruna than advertising. Much more.

The "Ills of Life," sent free.
The Peruna Co., Columbus, Ohio.

Neuralgia

There is no need to suffer the annoying, excruciating pain of neuralgia; Sloan's Liniment laid on gently will soothe the aching head like magic. Don't delay. Try it at once.

Read What Others Say
"I have been a sufferer with Neuralgia for several years and have tried different liniments, but Sloan's Liniment is the best I have ever used for Neuralgia on earth. I have tried it successfully; it has never failed."—F. H. Williams, Augusta, Ark.
Mrs. Ruth C. Claypool, Independence, Mo., writes: "A friend of ours told us about your Liniment. We have been using it for 13 years and think there is nothing like it. We use it on everything, sores, cuts, burns, bruises, sore throat, headaches and on everything else. We can't get along without it. We think it is the best Liniment made."

SLOAN'S LINIMENT

is the best remedy for rheumatism, backache, sore throat and sprains. At all dealers, 25c. Send four cents in stamps for a TRIAL BOTTLE
Dr. Earl S. Sloan, Inc. Dept. B. Philadelphia, Pa.

occasion, that they may carry out the program of the Sunday school board. One of the speakers on the program is Mrs. Gary-Lee, a returned missionary, who spent eleven years in China. Subject: "Women's Work in China."
