

THANKSGIVING PROCLAMATION.

President Wilson Has Set Aside November 25th for Thanksgiving.

Washington, Oct. 21.—President Wilson to-day in a proclamation designating Thursday, November 25, as Thanksgiving Day, called attention to the fact that the United States has been at peace while most of Europe has been at war.

"It has long been the honored custom of our people to turn in the fruitful autumn of the year in praise and thanksgiving to Almighty God for His many blessings and mercies to us as a nation. The year that is now drawing to a close since we last observed our day of National Thanksgiving has been, while a year of discipline because of the mighty forces of war and of changes which have disturbed the world, also a year of special blessing for us.

"Another year of peace has been vouchsafed us; another year in which not only to take thought of our duty to ourselves and to mankind, but also to adjust ourselves to the many responsibilities thrust upon us by a war which has involved almost the whole of Europe. We have been able to assert our rights and the rights of mankind without breach of friendship with the great nations with whom we have had to deal; and while we have asserted rights, we have been able also to perform duties and exercise privileges of success and helpfulness which should serve to demonstrate our desire to make the offices of friendship the means of truly disinterested and unselfish service.

"Our ability to serve all who could avail themselves of our services in the midst of crises has been increased, by a gracious Providence, by more and more abundant crops; our ample financial resources have enabled us to steady the markets of the world and facilitate necessary movement of commerce which the war might otherwise have rendered impossible; and our people have come more and more to a sober realization of the part they have been called upon to play in a time when all the world is shaken by unparalleled distresses and disasters.

"The extraordinary circumstances of such a time have done much to quicken our national consciousness and deepen and confirm our confidence in the principle of peace and freedom by which we have always sought to be guided out of darkness. Out of darkness and perplexities have come firmer counsels of policy and clearer perceptions of the essential welfare of the nation. We have prospered while other peoples were at war, but our prosperity has been vouchsafed us, we believe, only that we might the better perform the functions which war rendered it impossible for them to perform.

"Now, therefore, I, Woodrow Wilson, President of the United States of America, do hereby designate Thursday, the 25th day of November next, as a day of thanksgiving and prayer, and invite the people throughout the land to cease from their wonted occupations and in their several homes and places of worship render thanks to Almighty God.

"In witness whereof, I have hereunto set my hand and caused the seal of the United States to be affixed. Done at the city of Washington this 21st day of October, in the year of our Lord one thousand nine hundred and fifteen, and of the independence of the United States of America the 140th.

"By the President: Woodrow Wilson, Robert Lansing, Secretary of State."

EAT BIG MEALS! NO SOUR, ACID STOMACH, INDIGESTION OR GAS.

"Pape's Diapepsin" is Quickest, Surest Stomach Relief Known. Try It!

Time it! Pape's Diapepsin will digest anything you eat and overcome a sour, gassy or out-of-order stomach surely within five minutes. If your meals don't fit comfortably, or what you eat lies like a lump of lead in your stomach, or if you have heartburn, that is a sign of indigestion.

Get from your pharmacist a 50-cent case of Pape's Diapepsin and take a dose just as soon as you can. There will be no sour risings, no belching of undigested food mixed with acid, no stomach gas or heartburn, fullness or heavy feeling in the stomach, nausea, debilitating headaches, dizziness or intestinal griping. This will all go, and, besides, there will be no sour food left over in the stomach to poison your breath with nauseous odors.

Pape's Diapepsin is a certain cure for out-of-order stomachs, because it takes hold of your food and digests it just the same as if your stomach wasn't there.

Relief in five minutes from all stomach misery is waiting for you at any drug store. These large 50-cent cases contain enough Pape's Diapepsin to keep the entire family free from stomach disorders and indigestion for many months. It belongs in your home.—Adv.

A MEXICAN ULTIMATUM.

Villa Notified He Must Be Good or Take Consequences.

New York, Oct. 21.—The Mexican Constitutionalist party leaders were reported to have notified Villa that he must give up the fight against Carranza and come to the United States. Unless he does so, it is stated, all his generals of prominence will quit him.

It is understood the Constitutionalist here believe the fight for constitutional government in Mexico will best be waged by a waiting policy. They won't attempt to violate United States neutrality.

Villa is now said to be considering the ultimatum. He is undecided whether to come to the United States or continue fighting Carranza with such men as remain with him. Manuel Chao and Raoul Madero, two of Villa's principal generals, are here.

Whenever You Need a General Tonic Take Grove's

The Old Standard Tasteless Chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50 cents.

Woman Slays Peddler.

San Francisco, Oct. 21.—Mrs. Mary Parnias, wife of a street car conductor, surrendered to the police to-day and was held in connection with the murder of Michael Weinstein, a crippled peddler, whose mutilated body was found in a box couch in Mrs. Parnias' bed-room.

The peddler's body was cut into several pieces. Each piece was wrapped in newspapers. Weinstein's wooden leg and crutch were placed on top of the couch. Fragments of torn letters were found underneath it. Charred papers were in a stove.

Mrs. Parnias, according to the police, said she killed Weinstein with an axe last night when he attacked her after she refused to elope with him.

When she had stuffed Weinstein's body into the couch, Mrs. Parnias fled from the apartment and rented another two blocks away, according to her story to the police.

Gerard Intervenes.

Washington, Oct. 21.—Ambassador Gerard, at Berlin, cabled to-day that he had taken up the cases of Mile Jeanne de Belleville and Madame Thuliez, sentenced to death by German authorities for espionage in Belgium, and that they probably would be reprieved. His message, of which the French government has been advised, was in response to cabled instructions from Secretary Lansing, at the request of Ambassador Jusserand.

The case of Miss Cavell, the English nurse reported shot by the German commander at Brussels, has not been officially called to the attention of the United States, although it has been reported that the British government would ask the United States to investigate.

To Drive Out Malaria And Build Up The System Take the Old Standard GROVE'S TASTELESS CHILL TONIC. You know what you are taking, as the formula is printed on every label, showing it is Quinine and Iron in a tasteless form. The Quinine drives out malaria, the Iron builds up the system. 50 cents

Incubator Baby Will Live.

Chicago, Oct. 21.—Master "Peanut" Hirsch, said to be the smallest baby in existence, astounded wise scientific men, physicians and nurses Saturday night when he kicked his little pink tootsies and gurgled as he was taken from an incubator which had been his home since his birth, three months ago.

"Peanut" was the only one of triplets who lived. He weighed one pound and six ounces at birth. Physicians told his mother so small a baby couldn't live.

When a physician lifted him from the incubator he weighed three pounds and four ounces. "He'll live," said the physician.

Big Deal in Cotton.

Sumter, Oct. 20.—Eighty thousand dollars, or figures slightly in excess of that amount, was the check given to J. M. Hearon, of Bishopville, by J. F. Glenn, a local cotton buyer for Sprunt & Son, in payment for 1,300 bales of cotton, which were purchased yesterday, the sale being one of the largest single transactions occurring in this section of the State. All of the cotton was stored at Bishopville. Although the exact price per pound paid was not given out, the figures show that it was something over 12 1-3 cents.

When sugar was first made from beets it took about twenty tons of beets to produce a ton of sugar; now it requires only six tons, due to scientific breeding of the beets.

TEN MEXICANS PAY PENALTY.

Posses Take Revenge for Murder, Train Wreck and Robbery.

Brownsville, Texas, Oct. 20.—Ten Mexicans were put to death by posses of citizens for alleged complicity in the killing of three Americans and the wounding of four others aboard a St. Louis, Brownsville and Mexico passenger train near Brownsville. Several hundred civilians, county peace officers and United States troops continued in pursuit of other members of the band. If captured by the citizens it is believed the outlaws will be summarily executed.

The death to-day of Dr. E. S. McCain, deputy State health officer, brought the number killed by the bandits to three. All of the others wounded are expected to recover.

After wrecking the train last night, the outlaws, said to number about 75 men, fired on the passengers and robbed them of their money and valuables.

Only meager reports of the killing of the Mexicans to-day were available to-night. One of the men was a passenger aboard the train and is said to have revealed the hiding place of Dr. McCain. When the physician refused to leave the compartment in which he had taken refuge the bandits opened fire through the door, mortally wounding him. Sheriff Vann to-day denied that the Mexican was killed, but it developed later that he was shot to death after the sheriff left the scene of the wreck. Four other Mexicans were hanged to trees at various points during the day and the others were shot.

One man captured by United troops was turned over to the civil authorities to-night. Five other suspects were placed in the Brownsville jail to-day.

Military officers here expressed the opinion that the raid was organized on the American side of the Rio Grande.

AFTER THREE YEARS

Walhalla Testimony Remains Unshaken.

Time is the best test of truth. Here is a Walhalla story that has stood the test of time. It is a story with a point which will come straight home to many of us.

Mrs. Ida Hellams, Factory Hill, Walhalla, says: "I suffered from backache and a tired feeling and couldn't do my work as I should. After taking Doan's Kidney Pills I could see an improvement. Others in the family have also been benefited by Doan's Kidney Pills." (Statement given April 8, 1914.)

On December 17, 1914, Mrs. Hellams said: "I have taken Doan's Kidney Pills since giving them my endorsement and they have acted as a tonic to my entire system." I advise any one suffering from kidney trouble to try Doan's Kidney Pills, as they are the best kidney medicine I know of."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mrs. Hellams had. Foster-Milburn Co., Props., Buffalo, N. Y.—Adv.

High Record in Exports.

Washington, Oct. 21.—New high records in the American export trade, made during September, are shown in figures made public to-day by the bureau of foreign and domestic commerce.

Exports for September totalled \$297,766,795, an increase of \$141,714,417 over September, 1914. They made a favorable trade balance of \$146,343,919 for the month, as against a trade balance of \$16,341,722 for September, 1914. The favorable trade balance for the month was only \$7,693,371 less than the favorable trade balance for the entire fiscal year 1910.

During September importations of gold amounted to \$42,042,648 and the exports were \$2,033,990.

Nature Warns AGAINST USING CALOMEL.

The sickening, nauseating feeling that follows the use of calomel is the natural result of disarranging your entire system. Doctors everywhere are agreeing that the action of calomel is much too strong, and leaves the body sick and weakened.

LIV-VER-LAX is a wonderful substitute for calomel that has all of its good effects and none of its bad ones. It acts soothingly, but thoroughly, on the liver, cleansing it of bile, and ridding the entire system of stagnating poisons.

LIV-VER-LAX is strictly a harmless vegetable compound, and is guaranteed to give satisfaction or your money will be returned. Insist on the original, bearing the likeness and signature of L. K. Grigsby. For sale here at 50c. and \$1 at Norman's Drug Store.—Adv.

Tapioca is poisonous in its raw state, but is purified by roasting.

Potash from Alunite.

Washington, Oct. 17.—Production for the first time in the United States of commercial mineral potash, for which in the past Americans have spent millions of dollars abroad annually, was announced to-night by

CASTORIA For Infants and Children. The Kind You Have Always Bought Bears the Signature of Dr. J. C. Hatcher. In Use For Over Thirty Years CASTORIA. Exact Copy of Wrapper. THE CENTAUR COMPANY, NEW YORK CITY.

BLUE RIDGE RAILWAY—BETWEEN BELTON AND WALHALLA.

Time Table No. 17.—Effective 12:01 A. M., July 4, 1915.

Table with columns for EASTBOUND and WESTBOUND, listing stations like Walhalla, West Union, Seneca, Jordania, etc., and times for different train classes (First Class Passenger, Motor Train, etc.).

Flag Stations: Anderson (Freight Depot), West Anderson, Denver, Sandy Springs, A. Tun, Cherry's Crossing, Adams's Crossing, Jordania. Steam trains will stop at following flag stations to take on and let off passengers: Welch, Toxaway, Phinney's, Jan. ea. J. R. ANDERSON, Superintendent.

HUSBAND RESCUED DESPAIRING WIFE

After Four Years of Discouraging Conditions, Mrs. Bullock Gave Up in Despair. Husband Came to Rescue. Catron, Ky.—In an interesting letter from this place, Mrs. Bettie Bullock writes as follows: "I suffered for four years, with womanly troubles, and during this time, I could only sit up for a little while, and could not walk anywhere at all. At times, I would have severe pains in my left side. The doctor was called in, and his treatment relieved me for a while, but I was soon confined to my bed again. After that, nothing seemed to do me any good. I had gotten so weak I could not stand, and I gave up in despair. At last, my husband got me a bottle of Cardui, the woman's tonic, and I commenced taking it. From the very first dose, I could tell it was helping me. I can now walk two miles without its tiring me, and am doing all my work." If you are all run down from womanly troubles, don't give up in despair. Try Cardui, the woman's tonic. It has helped more than a million women, in its 50 years of continuous success, and should surely help you, too. Your druggist has sold Cardui for years. He knows what it will do. Ask him. He will recommend it. Begin taking Cardui today.

HIS HAND IN HIS ABDOMEN. Pocket Cut in Skin to Replace Flesh Torn Away by Machine. A Greenwich, Conn., dispatch to the New York World says: In the hope of avoiding amputation, Eugene Courte's left hand, which had been mangled and stripped of flesh in an accident, was inserted palm inward into a pocket that had been cut for it in Courte's abdomen. It is expected that in eight days the abdominal covering will have adhered to the back of the hand. Then it will be gradually detached from its original place, and the hand will be thrust into a new pocket in Courte's thigh in order to acquire new flesh and skin for the palm. Dr. Chas. Walker, of Rye, N. Y., has charge of the case in the Greenwich Hospital. Courte consented to the use of his own flesh and skin to restore the hand when advised that he must otherwise lose his left arm. He is 18, and was working in the Wilford Hall laboratories, in Port Chester, when his hand was caught in a machine which presses adhesive plaster on cloth.

A Wonderful Antiseptic. Germs and infection aggravate ailments and retard healing. Stop that infection at once. Kill the germs and get rid of the poisons. For this purpose a single application of Sloan's Liniment not only kills the pain but destroys the germs. This neutralizes infection and gives nature assistance by overcoming congestion and gives a chance for the free and normal flow of the blood. Sloan's Liniment is an emergency doctor and should be kept constantly on hand. 25c., 50c. The \$1 size contains six times as much as the 25c.—Adv. 1.

Arms Embargo Issued. Washington, Oct. 20.—President Wilson to-day declared an embargo on the shipment of arms and ammunition to Mexico. President Wilson signed a supplementary order, however, which exempts Gen. Carranza's government from the embargo and permits munitions to go through to him unhampered. The prohibition applies to the factions opposed to the government which the United States has recognized.

The President's proclamation is based upon the authority conferred by Congress in 1912 and follows closely the terms of President Taft's proclamation issued when the revolution was on against Madero.
