—Among the social events of the past week was a bridge party which Mrs. J. A. Steck gave in honor of Mrs. C. P. Corn, of Johnston. The room was attractive in beautiful fall flowers, and tables were placed for eight. After a series of exciting games, Mrs. Parly, scoring highest, won first prize; Miss Strother second and Miss Vandiviere consolation. Mrs. Corn was presented with a dainty piece of handwork. Late in the afternoon a delicious salad course, with Russian tea, was served by the hostess and Miss Pauline Steck.

—The boys' basket ball team of the Walhalla High School met defeat at the hands of the Westminster team last Friday afternoon, the final score being 14 to 6. Taking into consideration the fact that the Westminster team is probably the best high school team in the State, and that this was the first match game to be played by the Walhalla boys, the showing made was good. The playing was marked by gentlemanly conduct on the part of the boys of both teams. The next game on the Walhalla court will be between the Walhalla boys and those of the Seneca High School Friday afternoon of this week at 4 o'clock.

—The daily meetings held last week in observance of "a week of prayer" by members of the Woman's Missionary Society of the Walhalla Methodist church, were well attended and were a source of edification and encouragement. Under the direction of the efficient president, Mrs. J. L. Stokes, and the several hostesses, the programs varied from day to day, and the interest increased with each meeting. The offerings amounted to more than \$11. This society is having a most successful year. With 17 members enrolled, 14 copies are taken of the Missionary Voice, general organ of the board of missions. Previous to last week's services the money contributed for all purposes amounted to \$89. In addition to carrying out the prescribed programs for monthly meetings, the members are engaged in a course of mission study. They are at present using as a text book, "The King's Highway," and find it instructive and interesting. The flourishing condition of the society gives much gratification to its members, and while most of them have been faithful, it is due to the president to say that to her untiring zeal and devotion, with divine help, the successful issue is largely attributable. Conditions have never been so encouraging since the organization of the society thirty-odd years ago.

—Miss Jamie Neville gave the Auction Bridge Club a beautiful party on Tuesday afternoon at her home in West Union. In the card room tables were arranged, and for two hours the guests made merry. When time was called it was found that Mrs. Steck had won the score prize, and Mrs. C. P. Corn was given a lovely hand-embroidered apron, after which a beautiful salad course and tea, with minis, were served.

—R. T. Jaynes, Esq., is spending this week in Athens, Ga., where he is engaged professionally, looking after land interests of F. A. Hull, John Lochrie and others. These matters pertain to the government forest preserve deal in extensive mountain tracts of land, totaling about 5,000 acres. This tract is in litigation between John Lochrie and the Oakley Mountain Lumber Company, Nat. W. and Andrew Gennett, principals. Condemnation proceedings in some of these tracts have been begun by the general government.

—Fulghum oats, very best quality, \$5c. per bushel; 25 bushel lots \$9c.; Apples, 75c. per bushel; Blue Straw wheat, \$1.40 per bushel. All the above grown on highly manured land. Seed of very best quality, and pure. Westminster Oil and Fertilizer Co., Westminster, S. C.—Adv. 17.

—We are requested to announce that the first meeting of the Oconee County Teachers' Association will be held in the auditorium of the Walhalla High School on Saturday, November 20th. All teachers of the county are urged to be present.

—L. M. Pressley, one of the penitentiary guards, came up Monday afternoon and returned to Columbia with Lester Sanders, sentenced last week for breaking jail. It was felt that Sanders would be safer at the penitentiary, where he will spend three years. Mr. Pressley has been on the guard force at the penitentiary for 20 years. He arrived here early in the afternoon and took Sanders off on the next train.

—The 7.40 Blue Ridge passenger train this morning did not get to leave Walhalla until several hours late, owing to the fact that the boiler sprung a leak during Tuesday night, all the water being drained from the boiler, necessitating putting enough into the boiler by "bucket brigade" to start the locomotive on a short trip to the water tank some blocks away from where the engine stands over night.

—The many friends of Capt. W. L. Sanders will be glad to learn that he has returned to Walhalla from Baltimore, where he went to consult specialists, fearing an attack of appendicitis. Mr. Sanders returns without having had to undergo an operation, his physician finding that he is suffering from severe indigestion. Instead of the surgeon's knife Mr. Sanders got a little slip of paper, known as a diet list. Capt. Sanders arrived yesterday afternoon and will resume his railroad duties at an early date.

—Fairfield (formerly Red Hill) Graded School will open Monday morning, November 15th. All patrons and pupils are urgently requested to be present at 8.30 o'clock for opening exercises. The public is also urged to bear in mind that Thursday of next week (the 18th) will be a big day at Fairfield. The corner-stone will be laid, and a big time generally is expected. Prominent speakers and singers will be present, and an interesting program will be carried out. Every body is urged to go and take dinner. The full program was published in last week's Courier.

—Attention is directed to the advertisement on the fifth page this week of Carter's Spot Cash Store, Walhalla, who will inaugurate a special sale beginning Friday, November 12th, at 9 a. m., and continuing for 14 days only. This firm has a large stock of merchandise which they wish to turn into cash quickly, and to do so they have made some sweeping reductions in price. It will be well for all to read carefully this announcement. There are bargains to be had and some special features that will prove of unusual interest to buyers. Note the special for the opening day.

—If you want to save money on stoves, ranges and furniture, remember "Jaynes cuts the price and sells the goods."—Adv.

—Mrs. H. P. Terhune and daughter, Miss Anna, after spending Wednesday and Thursday in Walhalla, returned to Atlanta Friday morning, making the trip in their car. They were accompanied by H. C. Busch, who went over for the purpose of inspecting certain residences particularly attractive to the Terhunes, and in the near future he will erect a residence here for Mrs. Terhune on her property on Tugaloo street. Mrs. Terhune contemplates making Walhalla her headquarters, spending the summers here. The many friends of Mrs. and Miss Terhune will be glad indeed to learn of this contemplated change.

Postmaster Part has received notice from the department at Washington that recent recommendations as to Rural Route No. 1 from Walhalla have been adopted. The changes are slight, and were recommended in order that the carrier might take advantage of a better road than heretofore traveled on a section of the route. The changes noted are, after passing Blue Ridge school house to the Bear Swamp road, "East and southeast to Poplar church road, south to Lee's corner, retrace to Abbott road, thence following previous lines to Walhalla post office." Patrons interested will take due notice. Change will be effective November 16th.

—We are requested to announce that the play to be given by the ladies of the Civic League will be presented at the High School auditorium Thursday night (to-morrow) instead of Friday, as originally intended. The change is made necessary by reason of the fact that Rev. Geo. W. Morrow and Hon. John G. Woolley, lecturers of national reputation, have the auditorium for Friday night. Bear this fact in mind, and attend the Civic League play, "Teddy," or "The Runaways," which promises to eclipse any play yet presented by the Civic League. That ought to be recommendation sufficient to guarantee a crowded house. And besides, you will be helping a good local cause, Thursday (to-morrow) night—remember that—and be present.

—There are many in Oconee who will learn with regret of the death of Mrs. Minnie Herndon, wife of Samuel A. G. Herndon, of Tyler, Texas, which occurred at their home in that city on October 29th. Mrs. Herndon had been in poor health for several years, during the past 18 months having been under treatment for pellagra, this malady being the cause of her death. The deceased is survived by her husband and seven children. Two brothers, T. Walter Thompson, of Hamlet, N. C., and Robert Thompson, of Oklahoma, also survive. Mrs. Herndon was before marriage Miss Minnie Thompson, and she was a native of Belton, this State. She was about 40 years of age, and was a consistent member of the Methodist church, with which she was identified in early girlhood. When quite a small girl she came to Walhalla, making her home with her uncle and aunt, Mr. and Mrs. W. W. Robinson, who then resided here. She made many friends here, who will be grieved to learn of her death.

—Mrs. Mary E. Bradley, after spending a week here at the home of Mrs. Fannie Brennecke, will leave this afternoon for Westminster, where she will spend a few days, returning to her home at Easley Saturday.

—Special Agent Boon R. Moss gives us the information that, to November 1st, 1915, there were ginned in Oconee 9,128 bales of cotton. This compares with 9,971 bales ginned to November 1, 1914—a falling off of 843 bales.

—Mrs. Claude W. Reid left last Sunday for Atlanta, where she will join Mr. Reid. They will make their home in Atlanta, where Mr. Reid accepted a position some months ago. We wish for them every prosperity in their new home. They have hosts of friends here who regret their departure.

—Mrs. R. L. Rogers is greatly improving her residence, at the corner of Mauldin and Tugaloo streets, by the addition of a second story porch facing north and a sleeping porch to the south. Contractor K. F. Kaufmann has charge of the work, which will be completed within a couple of weeks.

—Born, unto Mr. and Mrs. W. A. Bowen, of Oakway, on November 6th, twin boys. Mr. Bowen is now the happy father of 15 living children—8 by a former marriage and 7 by his present wife. He also has four children dead. Mr. Bowen is one of the most progressive and prosperous farmers of the county. He is a native of Anderson.

—Furniture, coffins, caskets, stoves and ranges. "Jaynes cuts the price and sells the goods."—Adv.

—The municipal lighting plant will probably be able to make connection with their original date for furnishing power and lights to citizens of Walhalla, the engines having reached Walhalla yesterday. The outside date set for installation of the plant and the beginning of municipal service was November 15th. Many residences have been wired for the new service in addition to those already using electric lights since the beginning of service by the Walhalla Light and Power Company.

—On Thursday of last week a mule belonging to J. L. Wood, of the Salem section, was instantly killed at the Neville crossing of the Blue Ridge railway in West Union. The team was a double one, but fortunately only one of the animals was killed, the other escaping without injury, the driver and wagon being untouched. The animal was struck by the motor car which passes the Neville crossing about noon, going east. It is stated that the whistle signals were given by the motor at the proper distance from the crossing, but they were either not heard by the driver, or he thought he could make the crossing ahead of the motor car.

—A marriage that will prove of interest to many in Oconee took place this morning at 10 o'clock at the home of Mrs. Geo. W. Eaton, on Faculty Hill, when Miss Annie Brewer, niece of Mrs. Eaton, became the bride of Andrew Bearden, one of the best known and most prosperous farmers of Oconee. The ceremony was performed by Rev. T. L. Smith, of the Baptist church, in the presence of a number of relatives and friends of the bride and groom. The Courier joins with hosts of friends in extending to Mr. Bearden sincere congratulations on his good fortune in winning the heart and hand of his charming bride, who numbers her friends by her acquaintances, and we wish for the happy couple every joy and happiness through many years of usefulness. Mr. and Mrs. Bearden left shortly after the ceremony for the home of the groom, where a wedding dinner will be served, a number of guests being bidden to partake and meet Mr. and Mrs. Bearden at their future home at Oakway.

—A warrant was sworn out yesterday for the arrest of Furman Bowen, of the Cross Roads section, who is charged in the affidavit with having struck Monroe Brock, of the same community, last Thursday, inflicting a severe wound. The warrant was issued by Magistrate John B. S. Denny of Walhalla, on complaint and affidavit by relatives of the injured man, who, we are informed, were refused a warrant in the community where the unfortunate affair took place. The trouble occurred at the home of Mr. Bowen. Mr. Brock went to the home of Mr. Bowen to see him in regard to hauling some cotton, in which he (Brock) had an interest. A dispute arose between the two men, and hot words brought on the encounter. It is stated that Bowen ordered Brock from his premises, that Brock began using abusive language and that within a minute or two after Bowen and Brock clinched in a hand-to-hand fight others (Brock's boys) entered the controversy and abuse against Bowen. It seems that a general fight ensued, the blow that injured Brock being struck by Bowen, who used a rock as his weapon. Brock's condition is quite serious, though the gravity is not definitely known here. Magistrate Denny communicated with physicians attending Mr. Brock, and from the information he received did not feel justified in releasing Mr. Bowen on bond. He is, therefore, being held pending more definite indications of Mr. Brock's condition. The young man arrested is a son of W. A. Bowen, of Oakway, one of the most prominent farmers of Oconee.
