WALHALLA, S. C.:

WEDNESDAY, MARCH 8, 1916.

ORDINANCE NUMBER TWO.

At the regular monthly meeting of City Council last Saturday, March 4th, it was decided to enforce more strictly the provisions of Ordinance No. 2—"An Ordinance to preserve the health and cleanliness of the town of Walhalla."

This is one of the most important of the local laws, and the authorities should have the solid backing of the citizens of the town in the matter of enforcing it. This portion of the local laws is republished in this issue of the Courier, the idea being to give ample warning to all citizens that this law should be kept constantly in mind, and that it will be constantly kept in mind by the authorities.

We cannot be too careful in the matter of keeping clean premises and the surroundings of our homes in thoroughly sanitary condition. Dirt and filth are the two great breeders of disease. With a clean town—clean everywhere, no premises being permitted to accumulate filth—conditions will be materially improved during the year 1916. The strictest enforcement of this ordinance will prove greatly beneficial to all, and no one should complain.

We congratulate Council in this step forward, and we bespeak for this work the hearty co-operation of all the citizens.

Read the ordinance as it is republished to-day. Study it with the end in view of so strictly complying with its terms that the authorities will have no opportunity to enforce the laws. Obedience to law obviates the necessity of law enforcement.

"GOL DURN IT."

There's one chap that  
To meet we yearn;  
A true-truo farmer  
Who says "Gol durn."  
—Columbia State.  
The chap you say  
You want to know  
Lives over in  
Oconee Co.  
—Pickens Sentinel.

Oh, no, he don't—  
You know it well;  
That fellow is  
Ed. Sentinel.

The Columbia State gives us this in a head line: "Four Million Shells Fired in as Many Days on French Front." How long have they been fighting, please? We figure it out at 19,258 years and 11 months, according to your figures. Don't like to question The State's veracity, but we don't believe it.

Providence seems to be working with the Russians these days. Last week it was announced from Petrograd that the Russian army and civilians were beginning to feel the pinch of hunger. Then the whole city of Mush fell into the hands of the Russian forces, who seem to have gotten Turkey's goat also. Mush and milk! By cracker, what do the gluttons want?

Richland News Notes.

Richland, March 6. Special: J. P. Stribling spent Friday night at Clemson and took in the contest there. The friends of Stiles C. Stribling will be interested to know that he won the medal in the oratorical contest at Clemson College at that time. His subject was, "The Danger of Intemperance in Our Nation."

Messrs. Boyd and Holder are back after a few days' visit of inspection in Florida, and they are now "haling between two opinions"—whether to "hear the lks they have or fly to those they know not of." It is reported here that they will split the difference and move to West Union.

S. N. Harts, who owns the old Mauldin water mill near Richland, is having the mill overhauled, and the large wheel rebuilt. When all this is completed this will be an up-to-date plant.

Mrs. J. P. Stribling is very much troubled with a sore eye and has to stay in a dark room most of the time. With one's ear to the ground around Richland a distinct ringing can be heard. Some of the well informed ones suggest marriage bells. We are not authorized to make any announcement as yet.

Miss Cora Wyly, who is teaching near Tokena, spent the week-end at home.  
Mr. and Mrs. Wade H. Armstrong announce the birth of their second daughter.

Wooden shoes are frequently worn by employees of breweries and tanneries and others whose feet need protection from heat, the demand having grown so large that a factory for their manufacture from red cedar has been established at Everett, Washington.

NEWS FROM WESTMINSTER.

Enoch Breazeale Quite Ill—Little Girl Suffers Broken Arm.

Westminster, March 7.—Special: The operetta, "The Flower Nymph's Surprise," at the auditorium last Friday evening, was a grand success—in fact, so successful was it that a repetition was desired by many present, so it was presented for the second time Monday evening. Never had the stage been more beautifully arranged, making one feel as if one had a glimpse into Fairyland, peopled with its gay nymphs and imps and ruled by gorgeously attired king and queen. The ladies having the play in charge felt amply repaid for their labor, as the receipts were very gratifying. The money will be used in fitting up the stage at the auditorium.

Little Kathryn Cannon, daughter of Mr. and Mrs. F. W. Cannon, had the misfortune to fall and break her arm while playing at school Monday. Medical attention was procured at once and Kathryn is doing nicely.

G. P. Puckett, of Greenville, was here on business Monday.

W. E. Rhyne, of Lavana, was merrily among his friends here the first of the week.

Mrs. J. T. Miller was called to West Union last week on account of the illness of a sister.

The friends of Mrs. K. W. Maret will be pleased to know that she has returned from Richmond, Va., where she underwent an operation, and is now rapidly recovering.

Mrs. N. S. Harper and Mrs. Ella Terrell visited relatives at Fountain Inn the latter part of last week.

Mrs. Anna Lizon is convalescing after a recent painful operation. Her friends hope she may soon fully recover.

J. D. Witherspoon has returned from a several weeks' trip through Alabama, Louisiana and Mississippi. He is traveling in the interest of the Stonecypher Drug and Chemical Co.

Rev. J. A. Martin, of Cross Hill, filled the pulpit at Emmanuel Baptist church last Sabbath.

Mr. and Mrs. J. D. Hull, of Madison, visited relatives here Sunday.

Enoch Breazeale is very sick at the home of his son, B. D. Breazeale. His many friends hope for his speedy recovery.

Guy Simpson received an appointment as weigher on train No. 30, between Greenville and Greensboro, N. C., last week. He made his first run last Sunday.

C. L. O'Kelley, who has been our assistant postmaster for the past two years, has accepted a position with W. L. England.

Mrs. H. M. Fallaw and two children, Wesner and Lee, have been quite sick for the past week, suffering with grip. We hope that they soon may be on the road to recovery.

W. E. Mason, of Greenville, was a business visitor here the first of the week.

C. H. Stonecypher and Frank H. Shirley are spending a week or more in Florida.

Miss Julia Dickerson visited her uncle, J. P. McDonald, near Richland, last week.

MOEWE STEAMS INTO PORT.

German Raider Has Done Much Destruction to Shipping.

Berlin, March 5.—The German commerce raider Moewe has returned to a German port with 199 prisoners and 1,000,000 marks in gold bars, according to an official announcement to-day by the naval general staff. The statement follows:

"The naval general staff states that H. M. S. Moewe, commander Capt. Burgrave Count von Dohna-Scholden, after a successful cruise lasting several months, arrived to-day at some home port with four British officers, 29 British marines and sailors, 166 men of crews of enemy steamers, among them 103 Indians, as prisoners and 1,000,000 marks in gold bars.

"The vessel captured the following enemy steamers, the greater part of which were sunk and a small part of which were sent as prizes to neutral ports:  
"The British steamers Corbridge, 3,687 tons; Author, 4,196 tons; Trader, 3,608 tons; Ariadne, 3,325 tons; Drunoby, 3,627 tons; Partridgeford, 3,116 tons; Clan MacTavish, 5,816 tons; Appam, 7,781 tons; Westburn, 3,300 tons; Horace, 3,335 tons; Flamenco, 1,629 tons; Saxon Prince, 3,171 tons.

"The British sailing vessel Edinburgh, 1,173; the French steamer Maroni, 3,109 tons.  
"The Belgian steamer Luxembourg, 1,322 tons.

"At several points on enemy coast the Moewe also laid out mines to which, among others, the battleship King Edward VII fell victim."

Honors Crew and Captain.

London, March 5.—An Amsterdam dispatch says:

"The Moewe reached Wilhelmshaven yesterday. Count Dohna, the Moewe's commander, has been awarded the Iron Cross of the first class and the members of the crew have received the iron cross of the second class. Count von Dohna has been ordered to meet Emperor William at headquarters.

Robbers Flee With \$8,000.

Tulsa Okla., March 5.—Three robbers blew open the safe and wrecked the Bank of Mounds, at Mounds, Saturday and escaped on a hand car with between \$7,000 and \$8,000 in currency.

The robbers burned some of the money in the explosion, which led the sheriff to believe that it will bring about the arrest of the men when they attempt to pass it. The men fled toward Keifer, Okla.

BLUE RIDGE STUDIES HEALTH.

The Minstrel Show Was Enjoyed—Oratorical Contest March 10.

Walhalla, R. F. D. 1, March 6.—Special: Under the auspices of the School Improvement Association, the Blue Ridge School observed March 3d as "Health Day." A large crowd was present and a very interesting and instructive program was carried out. A notable feature of the program was a most timely lecture on "How to Keep Well," by Dr. B. F. Sloan, of Walhalla. This clever young physician told in the simplest way possible, the best practical methods of avoiding, or preventing, the different diseases with which we have to cope. He laid special stress on screening and sanitation. It was very good of this busy doctor to take time from his work to help in this State-wide health movement. The S. I. A. is to be congratulated on having secured him for this occasion.

Quite a crowd attended the minstrel show last Friday night and "laughed dull care away" over the characterization of our colored brethren.

Next Friday night, March 10th, the Blue Ridge boys will contest for the privilege of representing their school in the county oratorical contest. No admission will be charged. The general public is invited to attend.

CAPITAL HAS CAR STRIKE.

Employees Want 50 Cents an Hour, 9-Hour Day.

Washington, March 5.—Street car service in Washington stopped at dark to-night after about 50 per cent of normal runs had been made throughout the first day of a strike of union carmen for higher wages and shorter hours. Both of the capital's companies announced that in view of attempts at violence it was deemed unwise to operate cars after nightfall and that service would be resumed at 6 o'clock to-morrow morning. There has been no real violence.

To-morrow, when members of Congress, officials and the thousands of government clerks start for their desks will come the real test of the companies' improvised car crews of clerks, shopmen and raw recruits. Nearly everybody in Washington moves towards the center of the city within an hour or two of 9 o'clock and thousands live several miles away.

The District commissioners conferred with representatives of the strikers and officials of the companies to-day in an effort to adjust the differences, but nothing definite was accomplished.

The strike began at 2:30 o'clock this morning, the order going forth from a union meeting that lasted until after midnight. It is estimated that nearly 1,000 of about 1,500 carmen responded to the call. The men want a minimum wage of 50 cents an hour and a nine-hour work day.

MANY KILLED IN EXPLOSION.

French Munition Plant Destroyed—Carelessness the Cause.

Paris, March 5.—A French ammunition factory at LaCourneuve, a suburb of Paris, was blown up, the explosion killing and injuring many women and men employed in the manufacture of war munitions. Early reports received at the Prefecture of Police said the casualties numbered more than 200 and that all available ambulances were needed at the scene.

Fire broke out in the factory following the explosion in the main plant and other explosions followed as the flames spread to other buildings.

An hour after the first explosion 20 bodies had been recovered from the ruins and more than 125 persons had been taken to Paris hospitals. Fourteen of the first bodies recovered were those of soldiers who had been working in the factory during their convalescence after suffering wounds at the front.

Minister of the Interior Malvy visited the scene and later announced that the disaster was accidental, having been caused by the careless handling of grenades.

Bounty Land Notes.

Bounty Land, March 6.—Special: Several from this community attended the entertainment at Blue Ridge Friday night.

Mesdames DuBoise, Miss Anna DuBoise and Mrs. E. M. Gambrell, of Blue Ridge, were visitors of Mr. and Mrs. Will DuBoise last week.

Miss Cary C. Doyle, of Norton, spent the week-end with her parents here. She was accompanied by little Misses Lizzie and Bessie Whitmire.

The many friends of Mrs. A. H. Ellison will be glad to learn that she is convalescing after a two weeks' illness.

Miss Della Sheriff is visiting relatives near Townville.

S. A. Davis, of Danville, Va., and Mrs. D. S. Abbott and little son, D. S., Jr., spent Sunday at the Davis home.

Miss Clyde Walton, who has been visiting the Misses Davis for several weeks, left Wednesday for her home at Coleman, Ga.

Miss Laura Addis, of Coneross, visited her cousin, Miss Bertha Sanders, Sunday.

Little Misses Nellie and Ila Guntharp, of West Union, spent the week-end with their sister, Mrs. L. M. Smith.

Mrs. J. M. Barron, son and daughter, Master Charles and Miss Leila, spent a few days last week with Mrs. Barron's parents, Capt. and Mrs. A. H. Ellison.

Misses Arnold and Margaret Morrison were guests Saturday of Mrs. D. A. Ferritt.

S. M. Shanklin, of Clayton, Ga., visited his mother, Mrs. Julia D. Shanklin, the latter part of the week.

J. R. Wright, who has been quite indisposed for the past week, is out again.

American Consul Kelly Dead.

Rome, Italy, March 4.—William F. Kelly, the American consul here, was found dead in a chair shortly before the breakfast hour to-day. Death probably was due to heart disease.

Native of Nebraska.

Washington, March 4.—Consul Kelly's home was at Lincoln, Neb., where he had practiced law 22 years before entering the government service as private secretary to Secretary Bryan in October, 1914. Mr. Kelly was a native of Fremont, Ohio. He was 51 years old.

SUMMONS FOR RELIEF.

The State of South Carolina, County of Oconee.  
(In the Court of Common Pleas.)  
Tugaloo Lumber Company, a Corporation Created and Existing under the Laws of the State of South Carolina, Dan McIntosh and John I. Hennessy as partners under the Style and Firm Name of McIntosh & Hennessy, and individually, Plaintiffs,  
against  
Chattooga River Lumber Company, a Corporation Created and Existing under the Laws of the State of South Carolina, and John Loehrie, Defendants.

(Summons for Relief.—Complaint Not Served.)  
To the Defendants Above Named:  
You are hereby summoned and required to answer the Complaint in this action, which was filed in the office of the Clerk of the Court of Common Pleas for the said county, on the 9th day of February, 1916, and to serve a copy of your Answer to the said Complaint on the subscriber, at his office, on the Public Square, at Walhalla Court House, South Carolina, within twenty days after the service hereof, exclusive of the day of such service; and if you fail to answer the Complaint within the time aforesaid, the Plaintiffs in this action will apply to the Court for the relief demanded in the Complaint. Dated February 9th, 1916.

FERTILIZERS!

We offer to our trade our regular Piedmont Guano, made the same as last year—that is, we get our Potash from German Kainit.

We could have sold this Kainit for considerably more than we will get on time from our customers—But we are looking after our customers' interests while taking care of our own.

We will offer to our trade this season:  
Fertilizer with Potash,  
Fertilizer without Potash,  
C. S. Meal,  
16 per cent Acid,  
Nitrate of Soda,  
W. H. G. Top-Dresser, same as last year.

Our experience in farming ourselves has convinced us thoroughly that, if you can arrange to do so, it pays to side dress. A little under your cotton when you plant, and side dress just about the time the cotton begins to put on squares or a little before. More often than not people side dress too late. Had rather have it a little early than later.

Six Badly Hurt—Cigarette.

San Diego, Cal., March 4.—Six seamen working in the hold of United States torpedo boat destroyer Preble were badly burned to-day through the explosion of a can of gasoline.

One of the men was said to be in a serious condition. At the time of the accident the Preble was tied up at the municipal wharf undergoing repairs. According to officers on the Preble the explosion is believed to

have been caused by a leak in a gasoline torch.

Two of the victims said to-night the explosion was due to ignition of fumes from a pail of gasoline. Johnson, the boatswain's mate, it was said, lighted a cigarette, causing combustion of the fumes which filled the small compartment in which the men were working.
