

DEATH OF MRS. LOUISA WARREN

She Was the Widow of a Gallant Confederate Officer.

Mrs. Maria Louisa Warren died at her home at Easley, S. C., on the night of the 29th of March, 1916, after a short illness, in the 86th year of her age.

She was the widow of Col. Thomas Warren, a gallant Confederate officer, who was killed in the battle of Gettysburg, while bravely leading his regiment in the thickest of the battle.

Mrs. Warren, before her marriage, was a Miss Maxwell, a daughter of Robert A. Maxwell, of Pendleton, S. C., where the deceased spent most of her long and useful life, much cherished by her devoted children.

The subject of this notice was very closely related to the Earles of upper South Carolina, being a granddaughter of Capt. Samuel Earle, who was a brave officer of the Revolutionary War. Soon after peace was declared he was elected to Congress. He served his country in other useful and responsible positions.

Our departed sister, early in life, became connected with the Presbyterian church. She lived a consistent life, being always interested in everything connected with church affairs. Two daughters survive her: Miss Elizabeth Warren and Mrs. W. P. Pickens, of Easley; also one sister, Mrs. Elizabeth Blake, of Greenwood, S. C., who is the last survivor of a large and honorable family, which sent three brave sons to the Civil War. The youngest gave his noble life at Second Manassas.

The funeral services were at the Baptist church at Pendleton, and interment in cemetery nearby, were conducted by Rev. C. D. Waller, of Easley, pastor of the deceased, assisted by Rev. W. H. Mills, of Clemson College, and Rev. Dr. Robert Adams, of Pendleton. A Friend.

About the Two-Quart Law.

(Bamberg Herald.)

The two-quarts-per-month law doesn't seem to suit anybody. This law was enacted by the last Legislature, and it is now in the hands of the Governor. Whether he will sign the measure or not, he has not indicated, but it is pretty certain that he is giving the matter careful consideration. The measure will become law, if it is approved by the Governor, 20 days after he attaches his signature. The measure has recently been widely discussed by the newspapers. The following from the News and Courier may throw some light on why the Governor has not yet signed the bill:

Although the Greenwood Journal and the Spartanburg Journal, both of which are strong for prohibition, have been insisting that Governor Manning hurry up and sign the two-quart bill, the Manning Herald, which is edited by J. K. Breedin, the official spokesman for the prohibition movement in last year's campaign, denounces the new law as "a travesty on the cause of temperance." The Herald is especially indignant that the Legislature should have allowed 60 pints of beer a month to be imported and asserts that this is a defiance of the spirit of prohibition. But it also brings another count against the measure. "Somewhere," it says, "the bill contains provisions so faultily phrased that a wholesale druggist—a man widely respected, and himself a leading prohibitionist—says that it is possible to interpret the new act as to drive out of business every drug store in the State."

The bill, then, satisfies nobody who has given it any serious consideration and if Governor Manning signs it he will find it even more of a trouble-maker in its way than the new insurance laws have proved. The prohibitionists will be offended because of the notable increases in beer importations which may be expected; the anti-prohibitionists will resent the fact that the act makes a law-breaker out of anybody who has more than two quarts of wines or liquor in his possession, no matter for what purpose. Such a law could never have been passed if the Legislature had been willing to listen to reason on this subject.

Shoots Wife and Kills Self.

Danville, Va., April 7.—John Edward Lanier, wealthy member of a distinguished family living at Chatham, shot his wife early to-day and then turned a pistol on himself, meeting instantaneous death. No reason except despondency, for which there is no evident cause, was attributed to his action. He was married in December to Miss Elizabeth Pigg. Mrs. Lanier will recover. Twenty years ago Lanier's father ended his life in the same way.

Invigorating to the Pale and Sickly
The Old Standard general strengthening tonic, GROWER'S TASTELESS CHILL TONIC, drives out malaria, enriches the blood, and builds up the system. A true tonic. For adults and children, 50c

TO KILL EUROPEAN RULERS.

Plans of Anarchists Described and Confessed in Written Statement.

Chicago, April 7.—Existence of an international anarchistic plot to assassinate all rulers of Europe has been discovered here, according to a formal statement issued to-day by Maclay Hoyne, State's attorney for Cook county.

The information given to the State's attorney is expected to be turned over to Federal authorities.

The prosecutor said his informant intimated that secret meetings had been held in New York at, or about, the time of the Chicago meeting.

According to the State's Attorney the plot was known to anarchists in various cities in America as well as in Europe. One man from each city was believed to have been delegated to the work of assassination.

Mr. Hoyne said a written statement had been made to him by an anarchist baring the details of the alleged plot.

Officials said the headquarters of the band of conspirators was in the down-town district of Chicago and that there were branches in other cities throughout the country.

According to Mr. Hoyne's informant, the Mundein banquet poisoning was planned by the group which sought the death of the European rulers.

DOUBT DISAPPEARS.

No One in Walhalla Who Has a Bad Back Should Ignore this Double Proof.

Does your back ever ache? Have you suspected your kidneys? Backache is sometimes kidney ache.

With it may come dizzy spells, Sleepless nights, tired, dull days, Distressing urinary disorders. Doan's Kidney Pills have been endorsed by thousands.

Are recommended here at home. You have read Walhalla proof. Read now the Walhalla sequel. Renewed testimony; tested by time.

B. Oelkers, W. Main street, Walhalla, says: "My kidneys were out of order and their action was irregular. My back also ached. I used Doan's Kidney Pills and they soon gave me relief." (Statement given March 16, 1911.)

Still Uses Doan's.

More than three years later, Mr. Oelkers said: "I have every bit as much faith in Doan's Kidney Pills now as when I formerly recommended them. Since then when I have noticed slight returns of kidney trouble, due to colds, I have always used Doan's Kidney Pills and they have never failed to give me prompt relief."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that Mr. Oelkers has twice publicly recommended. Foster-Milburn Company, Props., Buffalo, N. Y.—Adv.

Twelve-Mile Union Meeting.

Following is the program of the union meeting of the Twelve-Mile River Association, to be held at Six-Mile church, Pickens county, on April 29th and 30th:

Saturday—Devotional exercises 10.30 a. m., conducted by Bro. R. P. Prince.

Introductory sermon 11 a. m., by Rev. R. A. Hudson.

Dinner recess for one hour. Afternoon Session—First topic, 1 p. m.: "Can a New Testament church carry out the New Testament program without supporting world-wide Missions?" Opened by Bro. T. O. Loton.

Second topic, 2 p. m.: "What is meant by the passage of Scripture in 1st Timothy, 3:5?" Opened by Rev. J. A. Bond.

Third topic, 3 p. m.: "The relation of God's children one to another." Opened by Rev. G. A. Martin.

Saturday Night, 8 o'clock.—Topic: "By what means can we bring about better efficiency in the churches of our association?" Opened by Rev. B. F. Murphree.

Sunday—Devotional exercises at 9.30 a. m.

Sunday school 10 a. m., Missionary sermon at 11 a. m., by Dr. C. C. Brown.

J. L. Willis, for Committee.

Two Casualties in Rain Storm.

New Orleans, April 7.—Two persons were killed, several others injured and a number of houses were blown down in the Gentilly subdivision, on the northern outskirts of the city, during a heavy rain and wind storm early to-day. Arthur H. Foley was crushed to death and his wife was seriously injured when their bungalow was demolished. A portion of the colored industrial home was blown down, killing a negro girl and injuring six other inmates. The property damage in Gentilly, which apparently was struck by a small tornado, was estimated at \$40,000. The wind's maximum velocity in the city proper was 25 miles an hour. No damage was reported.

Many a fellow is quick to catch on who doesn't know when to let go.

HOG GRAZING CROPS.

Information Concerning Several Crops Valuable for Swine.

Clemson College, April 10.—As soon as a farmer has his cotton and corn well under way, he should set about planting grazing crops for his hogs. Most of these crops are admirably adapted for planting at just the time when the average farmer has a little breathing spell after getting his corn and cotton stands, and this is the time to put in the grazing crops which are to feed the hogs and make meat for the farm or money for the farmer.

The following are a few of the crops that make excellent hog grazing crops:

Cowpeas—Sow May to July, one to one and a half bushels per acre, broadcast, or one to two pecks in the drill. Time before ready for grazing, two months, grazing period, four weeks.

Soy Beans—Plant May to July, one to two pecks per acre in drill. Time before ready for grazing, two to three months; grazing period, four weeks.

Sorghum—Sow May to July, four to eight quarts in the drill. Grazing period, four weeks.

Peanuts—Plant May to July, one and a half to two pecks shelled or five to seven pecks in hull; drill. Time before ready for grazing, two to three months; grazing period, all fall.

Potatoes—Plant May to July, two to three foot rows, 16 to 18 inches in drill. Time before ready for grazing, four months; grazing period, all fall.

Rape—Sow in late summer, three to six pounds per acre; drill or broadcast. Time before ready for grazing, two months; grazing period, three months.

Chufas—Plant in April and May in three-foot rows, one peck tubers per acre. Time before ready for grazing, five to seven months; grazing period, during fall and winter.

Mangels—Plant in April and May, six to nine pounds of seed per acre in drill. Apply good application of stable manure before planting. Ready for feeding by September and October.

Death of Mrs. Elizabeth Roach.

Mountain Rest, April 3.—Special: Mrs. Elizabeth Roach died at her home in this section on the 14th of March. She is survived by her aged husband and seven children—W. B. and Robert Roach, of Mountain Rest; Baxter Roach, of Walhalla; Mrs. Sarah Jefferson, of Madison; K. Roach, Mrs. Etta Blackwell and Charlie Roach, of Mountain Rest—and 45 grandchildren and eight great-grandchildren.

Mrs. Roach was a good, Christian woman. She joined the Baptist church at Long Creek when but 16 years of age and had remained a steadfast church member and noble Christian throughout her long life. She was about 70 years of age, and will be sadly missed by all who knew her. The sympathy of many friends goes out to the bereaved ones in their sorrow.

Funeral services were conducted on the day following her death, the interment taking place at the Double Springs burying ground.

Mrs. Helen Longstreet, widow of the famous Confederate general, is now engaged in the life insurance business in Gainesville, Ga.

Sometimes a man longs for to-morrow because he is ashamed of what he didn't do to-day.

ELDERLY WOMEN SAFEGUARDED

Tell Others How They Were Carried Safely Through Change of Life.

Durand, Wis.—"I am the mother of fourteen children and I owe my life to Lydia E. Pinkham's Vegetable Compound. When I was 45 and had the Change of Life, a friend recommended it and it gave me such relief from my bad feelings that I took several bottles. I am now well and healthy and recommend your Compound to other ladies."

—Mrs. MARY RIDGWAY, Durand, Wis. A Massachusetts Woman Writes: "Blackstone, Mass.—"My troubles were from my age, and I felt awfully sick for three years. I had hot flashes often and frequently suffered from pains. I took Lydia E. Pinkham's Vegetable Compound and now am well."

—Mrs. PIERRE COURNOYER, Box 239, Blackstone, Mass. Such warning symptoms as sense of suffocation, hot flashes, headaches, backaches, dread of impending evil, timidity, sounds in the ears, palpitation of the heart, sparks before the eyes, irregularities, constipation, variable appetite, weakness and dizziness, should be heeded by middle-aged women. Lydia E. Pinkham's Vegetable Compound has carried many women safely through this crisis.

Prince Albert will show you the real road to smoke-joy!

PRINCE ALBERT was made to create tobacco content where it never existed before! It permits men to smoke all they want without getting a sore tongue, without any comeback but real tobacco enjoyment! The patented process by which Prince Albert is made (and controlled exclusively by us) fixes that—and cuts out bite and parch!

PRINCE ALBERT

the national joy smoke

comes right to your taste fair and square! And it will do for you what it has done for thousands of men—make pipe or cigarette smoking the cheerfulness of your pleasures!

Prince Albert is to be had everywhere tobacco is sold in tippy red bags, 5c; tidy red line, 10c; handsome pound and half-pound tin humidor—and in that classy pound crystal-glass humidor with sponge-moistener top that keeps the tobacco in such fine shape—always!

What we tell you about Prince Albert is a fact that will prove out to your satisfaction just as quickly as you lay in a stock and fire-up!

R. J. REYNOLDS TOBACCO CO., Winston-Salem, N. C.

On the reverse side of this tidy red tin you will read: "Process Patented July 30th, 1907," which has made three men smoke pipe where one smoked before!

WANTS ESCAPE DEPORTATION.

Hudson, Alias Schiller, Fears Result of Trip to England.

New York, April 2.—Important arrests are expected within 48 hours, the police announced to-day, in connection with the case of Clarence Reginald Hudson, who, known as Ernest Schiller, the German spy, was captured, single-handed, on the British steamship Matoppo at sea.

When Hudson was arraigned to-day on a charge of "suspicion of conspiring" to dynamite the Cunard line steamship Pannonia, the district attorney's office requested that his examination be deferred until to-morrow, explaining that important developments were expected almost immediately.

To save himself from deportation to England and the possibility of being executed there as a spy, Hudson has "confessed" to planning explosions on many munitions boats bound for ports of the entente allies, the police say. When arraigned to-day, he was not accompanied by counsel and made no request for bail.

Capt. Tunney and his "bomb squad" are endeavoring to verify Hudson's story. A thorough search is being made for the confederates that he alleges deserted him on the eve of the projected attack on the Pannonia.

According to the story told by Hudson his efforts to cause the destruction of steamers were financed by a young woman living in Salem, Mass., who is a German sympathizer. He asserts he went to Salem after escaping from a training camp for the British army in England, where he was employed in a textile mill at the outbreak of the war.

Atlantans Will Gamble.

Atlanta, April 6.—With a strict police can on slot machines, base ball pools and gambling games Atlanta sportsmen have invented a new game, with which only the Society for the Prevention of Cruelty to Animals can interfere.

An egg is blown and a cockroach put into the empty shell. A checked board is chalked out and the egg-shell placed in the center. The squares are sold to the bettors and the cockroach is given three minutes to roll the egg round. The period up, the owner of the square on which the egg finally rests is the winner.

Caught at the Right Time.

"Were you beating your wife, sir?" the judge demanded.

"Yes, yer honor."

"How did you come to do it?"

"Lord knows, judge. For twenty years she allus wuz 't one what did th' beatin', but I jes' happened ter catch her when she wasn't feelin' right."

Electrical exports are increasing.

TREASURER GETS BIG CHECK.

Nearly Five Millions Realized from Sale of State Bonds.

Columbia, April 1.—A check for \$4,779,037.20 was received to-day by S. T. Carter, State Treasurer, from J. P. Matthews, cashier of the Palmetto National Bank of Columbia, in payment for the new State bond issue, authorized under the refunding act of the General Assembly. During the morning several checks for more than \$1,000,000 were signed by the State Treasurer in payment for the old Brown Consol bonds.

An agent of the Palmetto National Bank brought a big batch of the old bonds to the Treasurer's office and received a check for more than \$2,500,000.

When the big check was delivered to the State Treasurer by Mr. Matthews, the new bonds were turned over to trustees and brokers in Charleston, Baltimore and New York.

Made Good Deal.

The refunding of the State's debt has been completed and the members of the Sinking Fund Commission, including the Governor, feel that the deal has been an advantageous one.

The new bonds will bear interest at the rate of 4 per cent per annum, whereas the old bonds were bringing 4 1/2 per cent. It is estimated that the State will save about \$25,000 in interest each year.

The Palmetto National Bank paid a premium of \$20,000 for the bonds several weeks ago. No interest was lost on the bonds because the old ones were retired the day of the new issue. The new bonds will run from 20 to 40 years, the State having the right to call in the issue at the end of 20 years.

PERUNA

A STANDARD FAMILY REMEDY

For over forty years it has been used as A TONIC AND STOMACH REMEDY. Peruna aids the appetite and gives new life to digestion.

Moonshiner Killed by Rev. Officers.

Lexington, Ky., April 7.—Word reached here to-day, following a battle between revenue officers and moonshiners at Crank's Creek, in Harlan county, that Washington Garrett, considered by the officers to be the most notorious moonshiner in the State, was killed.

The report stated that while more than 100 shots were fired, none of the government men were hit. The Federal authorities have been after Garrett for years and the fight took place when they surprised him at a still.

Bees have two stomachs.

HOLLAND ALSO PREPARING?

General War Situation Said to Necessitate Especial Watchfulness.

London, April 1.—Private dispatches received at Copenhagen from Rotterdam, and wireless messages from German sources, say considerable uneasiness prevails in Holland. Dutch military and naval authorities are taking precautions. All leaves of naval and military officials are cancelled. Railway cars have been requisitioned. Significant meetings of high military authorities are held. One report says Parliament has been summoned. The cause of feeling is not disclosed, but is presumably in connection with the sinking of Dutch steamships.

Telegraph communications between Holland and England are still interrupted.

Intentions Profound Secret.

The Hague, April 2.—The secret of the increased diplomatic tension in Holland is being well kept. Even persons whose positions justify the assumption that they have knowledge of what is happening confess themselves puzzled.

A competent authority to-day informed the Associated Press there was no immediate prospect of Holland becoming involved in hostilities, though it was true that Germany lately had increased her frontier forces and that precautionary measures by Holland were a natural consequence.

The Nieuwe Courant comments on the entente conference in Paris and says the general war situation has entered or is about to enter a phase necessitating special watchfulness. This newspaper understands the chamber of deputies will not meet until April 4th, on which date it had been convoked normally to discuss old age pensions.

The Mammoth Yellow Soja Bean

promises to be one of the most profitable crops for southern farmers everywhere. Makes a large yield of beans, which are readily salable for oil-producing and food purposes, in addition to its use for feeding. Splendidly adapted to our southern soils and climate.

The New 100-Day Velvet Bean

the quickest growing of Velvet Beans, promise to supercede Cow Peas very largely as a soil-improving, forage and grazing crop throughout the South. Cheaper to seed per acre than cow peas.

Write for prices and "Wood's Crop Special" giving full information in regard to Soja and Velvet Beans, Cow Peas, Millet, Seed Corns, Sorghums, Sudan Grass, etc. Mailed free.

T. W. WOOD & SONS, SEEDSMEN, - Richmond, Va.
