

THE PUBLIC HEALTH.
Article Number 2.
Seek Protection Against Summer Diseases.

The best life insurance the farmer or rural dweller can take out this summer, advises the North Carolina State Board of Health, is that which will insure him and his family protection against three of the most common and serious of summer diseases—typhoid fever, diarrhoeal diseases and hookworm. This insurance may be had by any one who desires this protection and is willing to pay the price. The rates are fixed according to the residence and the degree of protection desired. The premiums remain at home and declare annually big dividends.

This particular kind of life insurance, probably better termed health insurance, as explained by the board, is based upon three home conditions—the home water supply, the home method of disposing of sewage and the protection of the home against filthy flies.

The water supply must be free

from pollution. It should receive no surface drainage and should be on higher ground than any stables, out houses or privies. The hands should never come in contact with bucket or chain. For this reason pumps and wells having closed tops are much safer than open wells. The farm home privy, to be safe, must be fly-proof and so constructed as not to pollute the surrounding soil. The pit type of privy with a closed back has been recommended to meet these needs. The farm home, furthermore, must be screened. Where it is impractical on the farm and elsewhere to keep flies from breeding altogether, it is practical to screen all the doors and windows of the house, the back porch included, and be free from flies.

The three things needed for a farmer to have freedom from filth diseases this summer is to look well to his water supply, to the safe disposal of human waste, and to thoroughly screening his home.

Drives Out Malaria, Builds Up System
The Old Standard general strengthening tonic, GROVE'S TASTELESS CHILL TONIC, drives out Malaria, enriches the blood, and builds up the system. A true tonic. For adults and children. 50c.

Most stimulants are poisons.

July Fourth at Hunnicutt's.

The regular Fourth of July picnic will be held at Hunnicutt's Bridge, on Little River, and the biggest crowd in the history of these annual gatherings is expected. Everybody is invited to attend and bring well-filled baskets. All candidates are expected, and each will be given an opportunity to be heard. County Chairman Jas. M. Moss will call the meeting to order at 10 o'clock. Two candidates for Congress will certainly be there, and they ask that the farmers and cotton mill people attend, as they have something to say to them. The candidates for Solicitor will also address the gathering. The speaking will be started by the county candidates, Frank H. Shirley speaking first, and then Jos. W. Shelor, both candidates for State Senate. These will be followed by the others in their regular order until the afternoon, when the candidates for Solicitor and Congress will be heard. Music and dancing will be furnished for the entertainment of the young folks. Refreshments will be sold on the grounds. Everybody come and celebrate the Glorious Fourth.

Whenever You Need a General Tonic Take Grove's

The Old Standard Grove's Tasteless Chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 50 cents.

In the Seneca Section.

(Farm and Factory.)

The farmers of this section are enthusiastic over the wheat yield. D. D. Elrod, of the Oakway section, sowed a bushel and a half on three acres, used 900 pounds of meal and acid and threshed 51 bushels.

News of the marriage of Miss Eula Harbin, daughter of J. T. Harbin, and a Mr. Wright, at Anderson Sunday, has been received here. Miss Harbin formerly made her home here and has numerous friends and admirers near town. Mr. Wright holds a responsible position with the W. L. Brissey Lumber Company, and is to be congratulated upon winning so charming a bride. The young couple will make their home at Anderson.

Prof. L. H. Raines, of Greenville county, was a visitor to Seneca Friday. He was on his way to Long Creek, where he is to be principal of the Long Creek Baptist Academy.

Friends of Hugh P. Holleman will be sorry to learn of an accident which befell him recently. While engaged in his duties near the Southern depot he fell and sprained a limb. Mr. Holleman is now traveling about with the use of crutches.

British Troops See Victory Near.

London, June 22—The Times' military correspondent in France writes that the opinion on the British front is most optimistic that the war will be brought to a successful conclusion during 1916. The feeling of optimism, he says, is based largely on the following factors:

"Continually growing numbers of men and quantities of munitions on the entente front; the extraordinary successes of the Russian armies; the arresting of the Austrian offensive in Trentino, the silencing of the German navy through the sea battle off Jutland; the exhaustion of the German reserves as indicated by the calling up of 17-year-old youths and the use of prisoners in German munition factories.

"The task before us," the correspondent adds, "remains a hard one, but conditions are favorable to us and it only remains for generalship and hard fighting to take advantage of them."

The Quinine That Does Not Affect The Head
Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness nor ringing in head. Remember the full name and look for the signature of E. W. GROVE, 25c.

METHODISTS MEET AT SUMTER.

South Carolina Wesley Bible Class Federation July 3, 4, 5.

The fourth annual meeting of the South Carolina Wesley Bible Class Federation, of the Methodist Episcopal Church, South, will be held in Sumter, S. C., July 3, 4, 5. The opening session will be held on Monday evening, July 3, in Trinity Methodist church, which will be the Federation headquarters and general meeting place.

The Federation will be in session through Wednesday morning. More than 2,000 delegates are expected from the various organized classes in the State. This fourth conference of Bible class workers is expected to go far beyond anything that has been held in the entire Methodist Episcopal Church, South. These Federations have been held in South Carolina first, then in Texas, Florida, North Carolina and Alabama. Last year there were nearly 2,000 in attendance at Spartanburg, making that meeting surpass all others. This year plans have been laid to make the meeting at Sumter reach the high water mark in every respect.

There will be more than twenty speakers on the program. In addition to some of the strongest speakers of the Methodist church in this State, such as Dr. H. N. Snyder, Dr. A. G. Rembert, Dr. R. E. Stackhouse, Dr. E. O. Watson, Dr. D. W. Daniel, Revs. A. N. Brunson, D. M. McLeod, R. E. Turnipseed, G. F. Kirby, Peter Stokes, T. W. Munnerlyn, G. T. Harmon, Messrs. H. A. Wise, W. V. Martin, T. H. Tatum and others, there will be prominent speakers from out of the State—Rev. Ralph Wells Keeler, D. D., assistant editor adult class publications, M. E. Church, Cincinnati; Dr. C. D. Bulla, superintendent Wesley Bible Class Department, M. E. Church, South; Rev. J. W. Shackford, superintendent teacher-training department, M. E. Church, South, Nashville; and J. M. Way, divisional field secretary, M. E. Church, South.

On Tuesday afternoon, July 4th, there will be a great parade of all Wesley Bible classes represented, under their own banners, and led by one or more bands. Elaborate arrangements have been made to make this the most imposing spectacle of the entire meeting, a grand demonstration of loyal class members. In addition to the delegates it is expected that all Bible class members of the city and surrounding country will take part in the parade. Each member is urged to secure a banner and march in the class and in the district from which he came. Ladies are to have a place of honor in all the meetings.

Again the railroads have granted exceedingly low rates. The fare is based on an average of three cents a mile one way, plus 25 cents, for the round trip. It is expected that special trains will be run from Orangeburg, St. George, Bennettsville, Dillon, Marion, Florence, Summerton, Columbia, and many other nearby points. At the very low rates granted by the railroads entire classes can easily come for at least one day.

The Federation is self-entertaining, because no city can afford to entertain it otherwise. The cost will be nominal. Good board can be obtained for \$1 per day up, and rooms for 50c. per day up. For further information as to board, rooms, etc., write to Revs. R. S. Truesdale and J. M. Rogers, Sumter, S. C.

TIME TO ACT.

Don't Wait for the Fatal Stages of Kidney Illness—Profit by Walhalla People's Experiences.

Occasional attacks of backache, irregular urination, headaches and dizzy spells are frequent symptoms of kidney disorders. It's an error to neglect these ills. The attacks may pass off for a time, but generally return with greater intensity. Don't delay a minute. Begin taking Doan's Kidney Pills, and keep up their use until the desired results are obtained. Good work in Walhalla proves the effectiveness of this great kidney remedy.

Mrs. C. W. Pitchford, Depot street, Walhalla, says: "I suffered from pains in the small of my back. I was so nervous that I couldn't stand the least bit of noise, and at times I felt drowsy. The kidney secretions passed too frequently and caused me much trouble. I had dizzy spells and my feet were pretty badly swollen. After taking Doan's Kidney Pills, I felt relief right away. Two boxes cured me of the complaint."

Price 50c. at all dealers. Don't simply ask for a kidney remedy—get Doan's Kidney Pills—the same that cured Mrs. Pitchford. Foster-Milburn Co., Props., Buffalo, N. Y. ad.

Toads Are Valuable.

If you are looking after your garden properly this year you will certainly keep a toad or two. All successful gardeners know that toads are their best friends, but all of them do not know the value of birds as insect destroyers. By encouraging birds, as well as toads, to live in his garden, he can reduce his troubles with insects to a minimum.

A Timely Warning

ELEVEN well-known automobiles have advanced in price within the last ninety days.

The Maxwell Company has not increased their prices. We do not know what their plans are, but we do know *and you know* that materials entering into the construction of *good* automobiles now cost from 20 to 300 per cent more than they did six months ago.

Nothing is to be gained by delay. Much may be lost.

Not only may you lose several dollars in the purchase price, but you are sacrificing the enjoyment, the relaxation, the health-giving properties—everything, in fact, that makes motoring the favorite pastime of the nation.

We urge you to come in and investigate the Maxwell.

Or, we will refer you to any number of Maxwell owners and let them tell you their own story in their own way.

They will tell you what they have told us. That the Maxwell is good-looking—that it is powerful—that it is comfortable—that it is economical—in short, that it is the best investment they ever made. They will tell you more and they will tell you gladly and freely.

That's the way they feel toward us and the Maxwell Car.

Whatever you do, don't put this off. We have a few cars on hand and can take orders for immediate or future delivery—at present prices. If you can't come in today, phone us for a Maxwell demonstration.
