GREENVILLE LOST HER SUIT.

Dr. Burnett Won a Verdict for \$2,000 Against the City.

Greenville, Feb. 14.—A jury in the Court of Common Pleas yesterday returned a verdict in favor of Dr. W. M. Burnett for \$2,000 in his suit against the city of Greenville for \$20,000 damages.

Dr. Burnett entered suit against the city about four years ago, alleging that by direct negligence and mismanagement of the city, he was injured by having his collar bone broken, sustained several other injuries and was permanently injured.

Dr. Burnett was injured on the afternoon of November 12, 1912, which was one of the days set aside for the practicing by autos for the hill-climb, and he claimed that he did not know the practice was on.

On January 16, 1917, the State Supreme Court reversed the judgment of the lower court and held that the city of Greenville was liable for permitting the streets to be used for the speed practice.

When Dr. Burnett first brought suit against the city the circuit judge granted a demurrer, holding that under the statute the city was not liable. This was reversed, however, by the Supreme Court.

SALAZAR TO RAID BORDER

And Kill Gringos, According to His Own Written Word.

Hachita, N. M., Feb. 15.—Jose Ynez Salazar threatened soon to raid an American city or town and kill all the American men, according to "Bank" Spencer, the American negro, who with his Mexican wife are being held for ransom by Salazar's forces at Ojitos.

Spencer reached the border yesterday to obtain a ransom for the release of himself and wife, returning to Ojitos.

According to Spencer, Salazar gave him the following message to take to the border: "Tell the American people, that Jose Ynez Salazar is going to visit them shortly and distribute a few pounds of lead in their midst."

"The Warren ranch interests are understood to have agreed to pay \$5,000 ransom for Spencer and his wife. Spencer returned to Salazar after meeting his employers. The Mexican had threatened to kill Spencer's wife if he failed to come back. The ransom, it is understood, will be paid in monthly installments, and its payment would insure protection to the ranch interests from future raids.

Richardson Holds Job for Two Years.

Columbia, Feb. 14.—The fight in the Senate to-day to remove the office of game warden from politics came to a climax to-night with the passage of the Christensen bill, with the Bonham amendment in substitution, which provides that the game warden shall be selected as other State officers in the general election two years hence.

A second provision, and the storm center of the whole agitation, is that A. A. Richardson is to be retained until the election, although his term expires early in April. This was the first factional legislation of the session, and the present game warden and his associates maintained an active lobby even while the question was under discussion. The vote on the amendment was 21 to 17.

Wilson's Election Ratified.

Washington, Feb. 14.—Congress completed to-day the constitutional formalities carrying into effect the will of the voters expressed last November and officially declared Woodrow Wilson, President, and Thomas Marshall, Vice President, re-elected.

At a joint session of the Senate and House the sealed vote was canvassed by States with the usual quadrennial ceremony and the result of the balloting of the Electoral College, once the deciding factor in Presidential contests, but in recent years only a perfunctory means of ratifying the popular vote, was entered formally on the official records. The count showed 277 votes for the Democratic nominees and 254 for Hughes and Fairbanks.

RESOLUTIONS OF RESPECT.

W. C. Foster.

Whereas, in the providence of God, Sovereign W. C. Foster has been removed from the forest of this temporal life to the camp of the Grand Sovereign above; and whereas, we bow in humble submission to His divine will; yet we resolve:

1. That in the removal of our esteemed sovereign the county has lost one of her most valued and efficient officers, the church one of her most consistent and faithful members, and our camp a most honored and useful official sovereign.

Whereas, the great and Supreme Ruler of the Universe has, in His infinite wisdom, removed from among us one of our worthy and esteemed fellow-sovereigns, John W. Davis; and whereas, the long and intimate relation with him in the faithful discharge of his duties as an efficient officer of the county makes it eminently fitting that we record our appreciation of him; therefore, he is resolved:

1. That the wisdom and ability which he exercised in the discharge of his duties, contributions and counsel will be held in grateful remembrance.

2. That the sudden removal of such a life from among our number leaves a vacancy and a shadow that will be deeply realized by all the members and friends of the Woodmen of the World, and will prove a serious loss to the community and the public.

3. That with deep sympathy for the bereaved family of the deceased we express our hope that even so great a loss to us all may be overruled for good by Him who doeth all things well.

4. That a copy of these resolutions be spread upon the records of this organization, a copy printed in the county papers, and a copy forwarded to the bereaved family.

BACKING UP PROOF.

The Kind that Walhalla People Cannot Deny.

Many an earnest Walhalla man or woman has publicly endorsed Doan's Kidney Pills.

Week after week, month after month, you've read their statements. Would these Walhalla people recommend any medicine if it were not good?

Local proof is good evidence. Testimony confirmed years after is better evidence.

The following Walhalla woman's statement leaves no room for doubt. It must convince every kidney sufferer who reads it. If your back aches—if your kidneys are weak, profit by Mrs. Hellams' experience.

Mrs. Ida Hellams, Factory Hill, Walhalla, says: "I suffered from backache and a tired feeling and couldn't do my work as I should. After taking Doan's Kidney Pills, I could see an improvement."

Death of Prof. Tate Deplored.

Seneca, Feb. 10.—Special: At a largely attended meeting of the Oconee County Teachers' Association, held in Seneca to-day, the following resolutions were unanimously adopted:

Whereas, it has pleased our Heavenly Father to take from earth Prof. W. K. Tate; and whereas, to many of us he was a personal friend, and all of us have felt the influence of his work; and whereas, we desire to put on record our appreciation of his worth; therefore he is resolved:

1. That in the death of Prof. Tate the cause of education—the country schools especially—has lost one of its greatest advocates.

2. That on account of his broad human sympathy Prof. Tate understood, and was understood by, the people for whom and with whom he worked, and every one of them could find in him a sympathetic friend and wise adviser.

3. That in his death the church has lost a consecrated worker and the nation an upright and patriotic citizen.

4. That while we cannot understand the reason of his being taken just when it seemed that he was most useful, we bow to the will of an all-wise Providence, in the belief that the death of our friend is but another step in the plans of our Creator for manifesting His wisdom and love.

5. That a copy of these resolutions be sent to the family of our deceased friend, a copy be sent to President Bruce R. Payne, of George Peabody College for Teachers, and a copy be furnished the press.

Constipation, or inaction of the bowels, a condition that nearly every one experiences with more or less frequency, is the direct cause of much disease.

Hon. John D. Keister

Various remedies to relieve constipation are prescribed, but many of these contain cathartic or purgative agents that are harsh and violent in their action and shock the system. is recommended as a family laxative, mild enough for the tiniest babe, yet sufficiently powerful to act easily on the strongest constitution. To avoid imitations and ineffective substitutes be sure to get Dr. Caldwell's Syrup Pepsin. See that a facsimile of Dr. Caldwell's signature and his portrait appear on the yellow carton in which the bottle is packed. A trial bottle, free of charge, can be obtained by writing to Dr. W. B.
