

Columbus Wagons

ARE GOOD WAGONS!

Why Has Your Wagon Not Got a Fifth Wheel?

Study the Columbus Fifth Wheel Only International Wagons Have It

WE can demonstrate how the Columbus fifth wheel makes the best wagon still better. Look over this strong, new feature, which you will find only on International wagons.

The famous fifth wheel on the Columbus, made of strong, malleable iron, with large wearing surface, does these things: It distributes the strain on the front bolster and sandboard; overcomes pitching of bolster, so preventing bending or breaking of the king bolt; does away with pulling up of front bolster and bending of circle iron. The top plates of the fifth wheel are widest, so the lower plates are protected and no dirt gets in between. The more you study the merits of this feature, the more you will appreciate its importance.

Schilleter, of Clemson College. The Courier joins with many other Oconeeans in wishing for our young friends every success and a full measure of honors in the service.

—The Courier yesterday morning received from J. R. Zachary a handsome collection of dahlias, presented to this office by the Zachary connection present at the family reunion at Cashiers last Saturday. The dahlias were grown by Dr. and Mrs. Halsted, of Cashiers Valley, N. C. Their large property at that place is annually a veritable garden, in which are grown the handsomest specimens of many varieties of flowers. The flowers were left at our office by Mr. and Mrs. J. R. Zachary, of the lower part of our county, who were returning from the reunion.

—The people of Walhalla were delighted to again have opportunity to hear Rev. G. M. Wilcox preach, he having last Sunday occupied the pulpit of the Presbyterian church in the absence of Rev. W. H. Hamilton, the pastor, who is absent on his vacation. Rev. and Mrs. Wilcox and children have been spending some days in Oconee among relatives and friends, and were heartily welcomed in Walhalla. They are spending a few days at Elberton, Ga., visiting before returning to their home at Bennettsville.

—Have selected all new colors, at reasonable prices, in sport hats and ready-to-wear; also nice line white felts. See them. Mrs. F. H. Bruce, Seneca, S. C.—Adv.

—In noting last week the entrance of 23 young men of the First Regiment at Greenville for service in the Engineers Corps for foreign service, we stated that Jas. S. Wilson, of Walhalla, was among the number "drawn" for this branch of duty. As a matter of fact, we are informed that a call was made for volunteers to fill the places and four responded, James Wilson being among the four. Nineteen others were drawn for the service. Young Wilson spent the past week-end in Walhalla with his mother. His company will leave this week for a training camp in the North.

—Jay W. Hutchison lost his fine black horse last Thursday. The animal was put up for the night Wednesday apparently in perfect condition. About 2 o'clock the next morning Mr. Hutchison was awakened by noises at the barn, indicating that the horse was down and struggling. He went out, but could do nothing to relieve the animal, which was suffering from colic or some form of poisoning. The horse died Thursday morning about 9 o'clock. He was one of the best animals in this section, being a splendid traveler and possessing fine qualities. Mr. Hutchison did not carry insurance on him.

—We have the reputation of turning out the highest class of tombstones, of which we are justly proud. Place your order with us and join our list of pleased customers. Seneca Marble and Granite Works. adv.

—The colt exhibit at West Union last Saturday brought out about 20 animals for inspection. The colts ranged in age from seven weeks to three years. A colt owned by J. H. Alley took the prize of \$10 offered by J. S. A. out, owner of Duke Downing, sire of most of the colts exhibited. This is an unusually fine specimen of colt, being from a half Percheron mare weighing 1,100 pounds. The exhibition called for colts from three months to three years in age, but the owners of colts present made no objection to the entrance of the seven-week-old part Percheron, which was awarded the blue ribbon. "Lambert," a two-year-old, owned by Sam Smith, who lives near West Union, and "Max," 19-weeks-old, owned by J. A. Steck, were given red ribbons, designating them as winners among the young colts and "yearlings" not of the Percheron type. There were some very handsome young animals brought to the exhibit. Duke Downing has good reason to be proud of his "family."

—We are requested to announce that Rev. S. A. Tow will preach at the Salem Baptist church next Sunday (the first Sunday in September) at 11 o'clock a. m. He will also hold services at Mountain Grove Baptist church on the Sunday following, September 9th, at 11 o'clock. The public is cordially invited to attend both these services.

—Miss Lula S. Adams, who spent two weeks in Walhalla visiting at the home of Mrs. N. W. Macaulay, returned to Charlotte, N. C., last Thursday. Miss Adams is pleasantly remembered here, having spent a good deal of time in Walhalla when quite a young girl. She is now holding a clerical position in the office of the Charlotte News, with which paper she has been associated for a number of years.

—A marriage of much interest took place at the home of the bride in Seneca last Saturday, August 25th, at 9 o'clock a. m. The contracting parties were Miss Lula Gignilliat and J. J. Norton. Miss Gignilliat is the oldest daughter of Mr. and Mrs. G. W. Gignilliat and is a young lady of lovely character and rare charm of manner. Mr. Norton is the son of the late Judge and Mrs. Norton and is a young man of sterling worth. The young couple are very popular and have hosts of friends in this and other States, who wish them happiness. Mr. and Mrs. Norton are touring by auto "Somewhere in America."

—Wanted—White girls, 16 years of age and up, as knitters and loopers. Nice work and good pay. Apply Hetrick Hosiery Mills, Walhalla, S. C.—Adv.

—Julius Bell, colored, about 18 years of age, was drowned near Richland last Sunday morning about 9 o'clock while bathing in a pool in comparatively small size and about ten feet in depth, and is situated between the new railway trestle and the over-land bridge put up for convenience of wagon traffic during the period of railway construction. The bathing pool is of natural formation, having been made by the swirl of the water during periods when the creek was above normal size, caused by heavy rains. Bell, while a number of persons were watching him, dived into the pool, and when his body came up it was noted that he had a gash cut on his head, the blow received when he dived having evidently rendered him unconscious at once, preventing the negro saving himself. He was an employee of one of the construction companies operating on the Richland section of the Southern double-tracking work. His home, it is said, was at Blackstone, Va. It is supposed that Bell struck some snag at the bottom of the pool that others had been fortunate in escaping. Numerous persons bathe constantly in this pool, and this is the first accident that has happened there. A spring board has been in place at the pool for some time, and it was from this that Bell made his spring when he dived.

—Auto for Sale—In good running order; recently overhauled; bargain in it. Apply to Wm. A. Hetrick, Walhalla, S. C.—Adv. tf.

—Rev. W. M. Thompson will preach at Rocky Knoll Baptist church on the second Sunday in September at 11 o'clock in the morning. The public is cordially invited to attend.

—The Anderson Phosphate and Oil Co. have a very interesting, instructive and common sense talk along the line of small grain and fertilizers this week. Read it on the fifth page—and profit by it.

—Mr. and Mrs. Rufus Simpson, of Iva, who have been spending a week in this section, spent last night in Walhalla at the home of Mr. and Mrs. George Morton. They were on their way home from a week's trip.

—Married, at the Seneca Methodist parsonage, on Sunday morning, August 26th, Mrs. W. H. McAlister and Thos. W. Bellotte. Both parties are from the Fairview section. Rev. N. G. Ballenger performed the ceremony in the presence of a few friends. There are many who will join The Courier in extending congratulations and best wishes.

—Twenty fine pigs, 8 weeks old, ready for delivery. Cheap. W. M. Brown, Walhalla.—Adv.

—The finding of an old Spanish coin recently fell to the good fortune of Miss Annie Belle Wilbanks, who lives with her parents, Mr. and Mrs. R. E. Wilbanks, about a mile from Madison. The date of the coin is still quite plain—1813—though the piece is badly scarred, presumably from plow points. Mr. Wilbanks has plowed over the field every year for seven years, never noticing the coin, which was seen glittering in the sunlight by the young girl as she was passing casually. Still visible on the coin are the words "Hispano—Ferd. VII." The piece is a little larger and heavier than the United States silver dollar. The date shows it to be 104 years old. It was picked up on July 1.

—There are many in this section who will regret to learn of the death of Chester Wood, a young man of about 28 years of age, who married a former Walhalla girl last November, at Tampa, Fla., his wife being before marriage Miss Sophie Rose, a daughter of Mrs. Julia Rose, the latter now residing at Tampa. Mr. Wood died at South Acton, Mass., Tuesday of last week, August 21st, after a brief illness from infantile paralysis. Mr. and Mrs. Wood had gone from their home at Newcastle, Pa., to South Acton, where they were visiting Mr. Wood's parents. Interment was made there at his old home. The bereaved widow has the sympathy of many friends here at her old home.

—John Walker, colored, a convict in the Oconee chain gang, attempted Monday morning to escape from the gang and was shot by Guard Sullivan, who put one buckshot accurately in the back of his head—just enough to stop Walker, who refused to stop when ordered to "slow down" in his flight for liberty. Walker is the darkest who was sent up for murder. He killed another darkey at a construction camp near Madison last August. He is the man whom Former Sheriff John W. Davis and Former Supervisor W. C. Foster went to New Jersey to get when the two officers lost their lives accidentally by reason of escaping gas in their room. Walker is not seriously hurt, it is thought, and will soon be back at work for the county. At present, however, he is resting at the county jail and receiving all necessary medical aid. The buckshot lodged in his skull, penetrating only a short distance under the skin.

—The finest Irish potatoes we have seen of this year's crop were brought to The Courier office yesterday by Chas. Foster, who is farming near Walhalla, residing on Rural Route No. 1. Early last April Mr. Foster planted a peck of potatoes, all he could get at the time, and they made five rows about 60 feet long. From the neck planted he dug Monday six bushels, and they are as fine as we have ever seen. He brought to our office 18 of the tubers, and they filled

To Arrive To-day.

I will return to-day to Walhalla after a ten days' careful inspection of the Choicest Goods in the Eastern Markets. I have purchased a large stock of Fall and Winter Goods and will be pleased to have my friends and customers call and inspect same. A cordial invitation extended to the public of Oconee.

Respectfully

C. W. PITCHFORD,
Walhalla, S. C.

a peck measure, weighing 11 pounds. Charlie says he has fine prospects on all his crops, and we hope he will realize all that he hopes for. He is a young man who has made his way on the farm by sheer grit and energy, and against odds that would have staggered many of us. We are always glad to note the prosperity of our farmers, and especially in cases where our young men are literally fighting their way inch by inch, Good luck to you—and "here's hoping" that you will never have a less prosperous year than 1917!

—Deputy Sheriff B. R. Moss and Rural Policemen Littleton and Mitchell have again been busy with the bug juice makers during the past few days. On Friday of last week they went up into the Salem section, where they located a large plant, but found nobody about the place at the time of their visit. They cut up a copper still of 100 gallons capacity, destroyed 2,000 gallons of beer and other incidentals to the plant, which was located about one mile west of the J. A. Robertson place. This was the first of the new process stills taken by the Oconee officers. It had a large boiler in connection with the still. This class of stills, it is said, are common in the Dark Corner of Greenville county. On Monday of this week, on McKinney's Creek, about a mile and a quarter distant from the plant destroyed Friday, toward Jocassee from Salem, another plant was located and destroyed. Here a 50-gallon still was cut up, 800 gallons of beer, seven bushels of mash and eight bushels of meal destroyed. The plant was "hot," showing that the operators were interrupted in their work by the approach of the officers, who, while still some distance from the place, heard three shots fired, these shots evidently being the signal from watchers to the men at the still to vacate in haste.

D. A. Mulkey Dead.
(Tugaloo Tribune, 28th.)
The death of David Andrew Mulkey occurred at the home of his mother, Mrs. N. S. Mulkey, in Toccoa, Ga., last Saturday and his body was buried on Sunday. Mr. Mulkey had lived here and at Walhalla a great deal during the past 35 or 40 years and had many friends, who regret to learn of his death. He was a shoemaker by occupation. He leaves five children; also three brothers, C. J. Mulkey, of Westminster; Robt. Mulkey, of Atlanta, and Kelley Mulkey, of Demorest, Ga.; three sisters, Mrs. Bobo, of Washington, Ga., and Mrs. Young and Mrs. Watts, of Toccoa. Mr. Mulkey was 65 years old.

Music Department.
The music department will be in charge of Miss Miriam Weeks, of Aiken, S. C., who comes highly recommended. Besides being a graduate of Anderson College, Miss Weeks holds the degree of Bachelor of Music from Victoria College of Music, London, England, and also attended the Peabody Conservatory of Music in Baltimore, Md., for one year. Miss Weeks will be present at the beginning of the session to arrange hours for all who wish to take the course in music. The customary fees will be charged.

This class is for those who expect to teach and for teachers in service who have fall and spring vacations.

The course of study includes review of subject matter, methods, observation and practice teaching. The two text books used are Colegrove's The Teacher and the School and Bagley's Class-Room Management. There are no fees or charges for tuition.

All trustees, teachers and the patrons of every school in the county are cordially invited to attend the opening exercises of this class next Monday morning.

(Miss) Sallie Stribling, Teacher.
