#### WALHALLA, S. C.:

#### WALHALLA MUST HAVE IT.

The word "must" is correct. We have been saying for a long while that Walhalla needs a hotel, ought to have a hotel, is hampered without a hotel, etc., etc. Now comes a man who has been in Walhalla in a business capacity for some months, is interested in the growth and prosper ity of the town, and he says Walhalla MUST have a hotel. We agree with him most heartily. Here is in brief what this business man among us, but not yet entirely of us, says:

"Walhalla must have a hotel. It is to every one's interest to have one, and a good one. People want to visit your town, but they can't; you want them to come, and you cannot invite them.

"You have the prettiest and most conveniently situated mountain town anywhere to be found. But how can people find this out when you have no hotel at which to entertain them? You have the churches, schools, air, mountains, and the best water and the best

people, "Why can't you get together? I am with you most heartily if there is anything I can do.

So there we are. The gentleman quoted above is "with us" if there is anything he can do. One thing is certain, and that is that he is not ready to come in among us and do ALL. No other sane man is going to come into our midst and attempt to do single-handed what the people of the community ought to do for them selves. He is willing to help-willing even to take a lead-but he naturally wants to know that the people of Walhalla are solidly back of and

Pershing's Message to Men.

New York, Sept. 13 .- Gen. Pershing has sent a message to American soldiers through the American Bible Society. It will be inserted in the small khaki-covered Testaments. It reads:

"Aroused against a nation waging war in violation of all Christian principles, our people are fighting in the cause of liberty. Hardships will be your lot, but trust in God will give you comfort. Temptation will befall you, but the teachings of our Saviour will give you strength. Let your valor as soldiers and your conduct as men be an inspiration to your comrades and an honor to your country."

### V.-M. Village News.

The people of the mill village at Walhalla certainly appreciate the improvements in the village which are being made by the company. The dwelling houses have been repaired and painted, also equipped with waterworks and electric lights.

There are six new houses erected, and each will be nice enough for a chief to dwell in. The streets and sidewalks have recently been repaired by the company, and they are better than they have been for seve-

ral years. Our school has just opened, and we have two teachers. We are looking for a good and prosperous school. 1.82 Miss Frances Hix is principal.

We have had a raise on our wages, and now receive with our weekly pay 10 per cent bonus, and also a onthly premium. These "lifts" monthly premium. These "lifts" come in mighty good, and we appreciate the good deeds of the Victor-Monaghan Company more than we can express in words or deeds.

Rev. A. P. Marett filled his pointment here last Sunday, delivering two good sermons, one at 11 o'clock a, m. and the other Sunday night, to large and attentive congre

# Sowing Time is Here

It is not the seed that we expect SOME DAY to sow which brings results, but the seed that we have ACTUALLY sown that brings the harvest. Mere intentions to insure, no matter how good and generous, amount to nothing unless translated into actual deeds.
