—It was learned with much regret in Walhalla yesterday that Frank Davis, a son of Mrs. John W. Davis, formerly of Walhalla, had had an accident near Seneca Saturday evening in which a negro child about 7 or 8 years of age lost its life. Young Davis was traveling in an automobile in the Corinth church community, passing another automobile in the road. This automobile was driven by a Mr. Kelley, who had taken up three small negro children and had brought them a considerable distance toward their home, his act being out of kindness to the children in giving them a "lift" in his car. The car had stopped on the side of the road to permit the children to get out. Just as the automobile young Davis was driving came alongside the stationary car the little negro child that was killed stepped from the standing car in front of the car driven by young Davis. The accident happened just about dusk. An inquest was held Sunday by the coroner and a jury, and the verdict exonerated young Davis of any blame in the matter.
