

# Stomach Trouble

Mrs. Sophie Bauer, 521 First Ave., North, Faribault, Minnesota, writes: "I cannot praise your wonderful medicine, Peruna, enough. It has done much for me during the past ten years and I keep it in the house continually. I was in such a condition that I could eat nothing but bread and milk, and even that was too heavy for me at times. Now, I can eat anything. I will recommend Peruna to all my friends."

Those who object to liquid medicines can procure Peruna Tablets.

## LIEUT. RIDDLE TALKS AT YORK.

Some Home Folks Visiting in Other Parts of the State.

Clover, S. C., May 24.—Special: "Those of you who think that the war will be over in something like a year may as well revise your estimates. I cannot tell you how long it will last; but I am afraid that we are in for a long war, and we may as well make up our minds to it." So declared Lieut. Baxter C. Riddle, in an interesting and instructive talk at the daily evening prayer meeting in York last Friday. Lieut. Riddle was formerly superintendent of the Yorkville Graded Schools. Having been educated at the Citadel, he volunteered his services at the beginning of the war, went to Fort Oglethorpe and was among the first of the American expeditionary forces to go across. He has been in the front line trenches, and has participated in hot work that has resulted in much bloodshed on both sides. He is back in America with an insignia of veteran service on his arm. He is not here because he has been wounded or incapacitated in any way, but as a representative of the boys over there and as an experienced instructor to the boys who are preparing to go.

He spoke of life on the firing line as not being especially dangerous except during attacks, and said the front line trenches were the safest places on the battle front—not even excepting the best dugouts five or six miles back. This, he explained, was because the artillery could not fire for fear of killing their own men, and the men in the opposing trenches kept their heads out of sight.

In response to questions, Lieut. Riddle said that he had been in several scraps with the Germans, and on one occasion his company got six of them, two of whom were credited to his platoon. He said the morale of our men is ideal, and went on to say that the feeling of hatred so common elsewhere did not exist among them to any considerable extent.

"Our men," he said, "seemed to be inspired with a feeling of sportsmanship—as if they were hunting deer or partridges. They are tremendously intent on killing Germans and are exalted with pride over and success in that direction. At the same time they take their own losses as a part of the game. That is the spirit that is going to win," he declared.

When Lieut. Riddle left France he was promised that he would be back in three months, and he hopes that he will be sent back; but as to that he does not know. He has been attached to a company at Camp Gordon, near Atlanta. Lieut. Riddle is another one of our home boys making good.

Miss Mollie Nicholson, of Oconee, who has been attending the Clover High School, spent several days last week with her friend, Miss Cullinder. She left Tuesday for her home at Salem. She made a host of friends during her stay in York county, and they will be glad to welcome her back in the future.

Joe L. Cullinder and sister, Miss Mary, spent Saturday and Sunday in Belmont, N. C., having gone up for confirmation at St. Mary's.

## Whenever You Need a General Tonic Take Grove's.

The Old Standard Grove's Tasteless chill Tonic is equally valuable as a General Tonic because it contains the well known tonic properties of QUININE and IRON. It acts on the Liver, Drives out Malaria, Enriches the Blood and Builds up the Whole System. 60 cents.

## U. S. Casualties to May 30.

Washington, May 30.—The total casualties in the American expeditionary force to date is 6,463.

## Watch Your Blood Supply, Don't Let Impurities Creep In

Pure Blood Means Perfect Health. The average druggist has handled hundreds of medicines in his day, some of which have long since been forgotten. But there is one that has been sold by the druggists throughout this country, for more than fifty years, and that is S. S. S., the reliable blood

## THE PYTHIANS IN SESSION.

Renew Pledge of Allegiance to Government and Constituted Authorities.

Columbia, May 28.—The 33d annual convention of the Grand Lodge, Knights of Pythias, of the Domain of South Carolina, meeting here in a two-day session, to-day went on record as being wholeheartedly behind the government in the prosecution of the war to a victorious conclusion against the Teutonic powers. The morning session was featured by a number of patriotic addresses, among them being that of Governor Manning, who pitched his speech on lofty patriotic ideals.

There are several hundred delegates here from practically every county in South Carolina, and visiting Pythians are on hand from other States. Each of them signed cards renewing his allegiance to the government and pledging himself to assist in every way in the winning of the war.

"Desiring to reaffirm my allegiance to my country, and to dedicate myself in patriotism to its present foremost objects," said the card, "I voluntarily enter with my fellow Pythians this solemn covenant:

"For the period of this war I do solemnly promise, upon my knightly honor, that I will uphold all constituted authority, national, State and local, under which I live.

"I further promise to promote all endeavors of my government to conserve the nation's resources, and, to the extent of my ability, provide the sinews of war, to the comfort of our allies and to the confusion of our enemies.

"To the faithful observance of this obligation I pledge my life, my fortune and my sacred honor. Ho help me God, and may He keep me steadfast."

The sessions of the convention are being held in the auditorium of the Jefferson Hotel, which is festooned with the national colors and draped with the "Stars and Stripes," and commingling with them are the insignia and the colors of the Pythian order.

The public session this morning was presided over by Col. Henry T. Thompson, of Columbia, a Past Grand Chancellor of the order in South Carolina.

The session was opened with the singing of the "Star Spangled Banner" by the audience, following which prayer was offered by Rev. Achille Sassard. Col. Thompson then told of the objects of the meeting.

## MAMMA! DON'T YOU SEE YOUR CHILD IS SICK, CONSTIPATED?

Look at Tongue! Move Poisons from Liver and Bowels at Once.

Mother! Your child isn't naturally cross and peevish. See if tongue is coated; this is a sure sign its little stomach, liver and bowels need a cleansing at once.

When listless, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomachache, diarrhoea, remember, a gentle liver and bowel cleansing should always be the first treatment given.

Nothing equals "California Syrup of Figs" for children's ills; give a teaspoonful, and in a few hours all the foul waste, sour bile and fermenting food which is clogged in the bowels passes out of the system, and you have a well and playful child again. All children love this harmless, delicious "fruit laxative," and it never fails to effect a good "inside" cleansing. Directions for babies, children of all ages and grown-ups are plainly on the bottle.

Keep it handy in your home. A little given to-day saves a sick child to-morrow, but get the genuine. Ask your druggist for a bottle of "California Syrup of Figs," then look and see that it is made by the California Fig Syrup Co.—Adv.

## WAKE UP, SOUTH CAROLINA!

A very unique plan has been decided on by the South Carolina War Savings committee for the purpose of waking up the State of South Carolina in the forthcoming intensive W. S. S. drive in June. From June 14 until June 28 it is planned to have all church and fire bells, factory whistles, and other mediums of noise, ring and blow as loudly as they know how, every day at 12 o'clock noon. Every man, woman and child in every community, on hearing the noisy demonstration, will interpret it as follows:

"Wake up, South Carolina! Sign the pledge to save, and buy all the War Savings Stamps you can. Wake up!"

The State-wide concert will be a clarion call to duty, and won't disturb anybody except Bill Kaiser—and no loyal American is very solicitous about Bill Kaiser's welfare.

## CLEANSER YOUR HAIR; MAKES IT BEAUTIFUL, THICK, GLOSSY, WAVY

Try This! All Dandruff Disappears and Hair Stops Coming Out.

Surely try a "Danderine Hair Cleanser" if you wish to immediately double the beauty of your hair. Just moisten a cloth with Danderine and draw it carefully through your hair, taking one small strand at a time; this will cleanse the hair of dust, dirt or any excessive oil—in a few minutes you will be amazed. Your hair will be wavy, fluffy and abundant and possess an incomparable softness, lustre and luxuriance.

Besides beautifying the hair, one application of Danderine dissolves every particle of dandruff; invigorates the scalp, stopping itching and falling hair.

Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

You can surely have pretty, soft, lustrous hair, and lots of it, if you will spend a few cents for a small bottle of Knowlton's Danderine at any drug store or toilet counter and try it as directed.—Adv.

## Ebenezer Red Cross Auxiliary.

The children of Ebenezer school are requested to meet at the school building on Saturday, June 8th, at 3 o'clock p. m., for the purpose of receiving material and instructions for doing some of the work assigned the Ebenezer Red Cross Auxiliary. It is especially important that the larger girls all be present, as our auxiliary was organized rather late, and if we are to have part in this noble work we must begin at once.

J. B. Compton, Chairman, Ebenezer School Auxiliary.

## BOSCHEE'S GERMAN SYRUP

will quiet your cough, soothe the inflammation of a sore throat and lungs, stop irritation in the bronchial tubes, insuring a good night's rest, free from coughing and with easy expectoration in the morning. Made and sold in America for 52 years. A wonderful prescription, assisting nature in building up your general health and throwing off the diseases. Especially useful in lung trouble, asthma, croup, bronchitis, etc. For sale by Bell's Drug Store in 30 and 90-cent bottles.—Adv.

## Can't Send Money Out of U. S.

Because of numerous attempts to send through the mails to foreign countries coin and currency, the Post Office Department is again calling attention to Order 731:

"In conformity with the proclamation, and the regulations thereunder, issued by the President on September 7, 1917, concerning exports or shipment of coin, bullion and currency, it is hereby ordered that United States coin or currency, gold coins, whether of United States or foreign mintage, and gold bullion, are prohibited transmission through the regular or parcel post mails to countries outside of the United States and its possessions."

## Many Men in France.

Easton, Pa., May 30.—In a speech here to-night, accepting a jeweled sword presented to him by the people of Easton, his birthplace, Gen. Peyton C. March, chief of staff, United States army, declared more American troops were taken to Europe in May than were there when he left in February. No figures were given. Other accomplishments of the War Department were described by Gen. March. The sword was presented by Easton "in token of its esteem for America's distinguished soldier."

## It is Patriotic to Eat Sauerkraut.

Washington, May 30.—Sauerkraut may be eaten without disloyalty. The food administration to-day explained that the dish is of Dutch rather than German origin and that those who make free use of it will be performing a patriotic service by cultivating a greater use of cabbage and thus saving staple foods needed abroad.

## TWO OCONEE BOYS.

Dawson, Ga., May 27.—Editor Keowee Courier: It is a great pleasure for us to get The Courier. It is just like getting a letter from all my old friends.

For the information of my boys' friends, many of whom write to us to find out about them, I will say that Arthur enlisted in the aviation branch of the service over a year ago and has been in Europe since the first of last November. He had had luck some four months back, when he got crippled, and he has been in the Red Cross hospital in London, Eng., for four months or more. He is able to walk about now. I don't know whether he will be put back in service or not. I have not heard from him in some time. He said in his last letter that the Red Cross is the next thing to a mother.

I was so glad to see that Oconee goes over the top in raising funds for the Red Cross and all other war work. I tell you we must give until it hurts, and then give some more—and even then we can never give what our boys are giving. This is a most horrible war, and it may last a long time. Lots of our boys are going to give their lives for their country that we and our children may live in peace. We cannot do too much for them.

Lewis, my oldest boy, tried to get in the aviation service, but his health is not good and he failed to pass. Then he was drafted into the military service, but they sent him back from Camp Gordon on account of his health.

Here is hoping that the American army will win the war and our boys come back home while we are shouting, "Victory" God save the flag of the Free Americans.

Arthur is a pilot in the aviation service, a very dangerous position.

May God save our boys and return them safe to us when the victory is won, and I hope it will not be long. God help the allies to win a righteous and glorious victory!

Let us all stand behind our boys until the Kaiser is no more, and then it will be that the lives of our boys were well and truly sold. The Lord is on our side; He could not be on the other. D. H. Rowland.

## Soldiers May Ride for Cent a Mile.

The United States Railroad Administration authorizes the following: Director General McAdoo realizing that the payment of the full railroad fare means a serious hardship to our soldiers and sailors who desire to visit their homes before going overseas, has ordered that as soon as necessary details can be completed soldiers and sailors of the United States forces, when furloughed and traveling at their own expense, will be granted a rate of approximately one cent per mile. This fare will be available on delivery to ticket agents of certificates signed by commanding officers. Such certificates of standard form will be prepared and distributed with the utmost promptness.

# LIVER DIDN'T ACT DIGESTION WAS BAD

Says 65 year Old Kentucky Lady, Who Tells How She Was Relieved After a Few Doses of Black-Draught.

Meadorsville, Ky.—Mrs. Cynthia Higginbotham, of this town, says: "At my age, which is 65, the liver does not act so well as when young. A few years ago, my stomach was all out of fix. I was constipated, my liver didn't act. My digestion was bad, and it took so little to upset me. My appetite was gone. I was very weak. I decided I would give Black-Draught a thorough trial as I knew it was highly recommended for this trouble. I began taking it. I felt better after a few doses. My appetite improved and I became stronger. My bowels acted naturally and the least trouble was soon righted with a few
