AMERICANS ON EAST FRONT.

Troops Landed at Vladivostok from
Manila—Others to Follow.

London, Aug. 15.—The allied Archangel expeditionary force has reached Paberschnkala, 100 miles south of Archangel, on the railroad toward Vologda, it is announced here. Bolshevik forces, on retreating, are declared to have committed every form of atrocity upon the civilian population.

Fairly determined resistance to the allied advance was offered by the Bolshevik and the progress of the expeditionary force was delayed.

Allied forces have been landed along the shore of Onega Bay, 100 miles southwest of Archangel, for the purpose of intercepting Bolshevik forces retreating from Archangel, it is learned here.

Americans Land at Vladivostok.

Washington, Aug. 15.—American troops to-day began to disembark at Vladivostok and immediately will join the international force to aid the Czechoslovak army in its campaign in Siberia. The Americans compose the 27th regular infantry regiment from Manila and will be followed by another regiment from the Philippines and additional troops from the United States.

The 27th regiment has not been recruited to war strength, and the exact number of men is not definitely known here, but is estimated at from 1,200 to 1,500. Col. Henry D. Stier commands the 27th regiment. The entire American force will be under Major Gen. Graves.

Peasants Joining Czechoslovaks.

Russian peasants are reported in advices reaching the State Department to-day to be flocking to the standard of the Czechoslovaks operating in force about 500 miles east of Moscow. In this connection particular significance is attached here to the report that the soviet troops have begun the evacuation of Moscow, opening the way for the Czechoslovaks and allied troops aiding loyal Russians to re-establish the eastern front on a line much farther west than was believed possible.

With the soviet government ousted from Moscow the Czechoslovaks are immediately put in control of the railroad line from Siberia to Moscow and from Archangel to Moscow. The peasants reinforcing this army are just learning the truth about the assiduously spread German report that the allies had been beaten on the west front as Russia had fallen in the east.

**CALOMEL DYNAMITES
A SLUGGISH LIVER**

Crashes Into Sour Bile, Making You Sick and You Lose a Day's Work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tonic for a few cents which is a harmless vegetable substitute for dangerous calomel. Take a spoonful and if it doesn't start your liver and straighten you up better and quicker than nasty calomel and without making you sick, you just go back and get your money.

If you take calomel to-day you'll be sick and nauseated to-morrow; besides, it may salivate you, while if you take Dodson's Liver Tonic you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.—Adv.

3,000 MILES TO ENTER CAMP.

Alaskan Selectman Tried Every Carrier Except Airship.

Camp Lewis, Tacoma, Washington, Aug. 15.—Leland A. Hudson, a selectman from Paxson, Alaska, 200 miles north of Fairbanks, is here after a trip of more than 3,000 miles in which he traveled by dog team, buckboard, mail barge, river steamer, railway and coastwise vessel.

Due to a mistaken idea on the part of the registrar at Paxson, that all men who registered there were obliged to give their address in "the States," Hudson gave his mother's in Seattle. His card was sent there, and May 22 he was ordered by the Seattle board to report there for duty. He asked for a two weeks' extension because a boat did not leave Fairbanks until late in June, but he received a reply to "take the first train or be classed as a deserter."

The nearest railway is at White Horse, more than 1,200 miles away. He left Paxson May 26, going 42 miles by dog team in two days in which he went through a blizzard; then 72 miles by buckboard in two days, in which he had four relays of horses; down the Tanana river and through the Bates rapids for 100 miles on a mail barge, and arrived at Fairbanks June 2. He took a steamer for Dawson June 20, and went 900 miles down the Tanana and up the Yukon, arriving at White Horse on July 6. While on the Yukon, which makes a wide bend and goes north of the Arctic circle, Hudson, with 30 other selects who were going to Fort Yukon, drilled on the upper deck of the river boat under the light of the midnight sun.

He took the White Pass railroad from White Horse to Skagway, paying \$20 for a passage 110 miles long and arrived in Skagway in time to engage passage on a boat for Seattle, which left July 7 and arrived there July 9. He reported for duty here July 26, but it was not until yesterday when he presented vouchers for his expenses totalling nearly \$400, that officers were aware of his long journey.

Notes from Bounty Land.

(Unavoidably Omitted Last Week.)
Bounty Land, Aug. 12.—Special: Mrs. Sam Dickson, of Westminster, was a late visitor at the home of W. E. Woodbright.

Mrs. T. M. Kelley and little daughter, of Tamasssee, were guests of relatives in the community the week-end.

Mr. and Mrs. A. S. Rollins, of Charleston, are expected Tuesday as guests of Mr. and Mrs. D. A. Peritt.

W. A. C. K. and Jesse Rankin and B. P. Wilson went to Camp Jackson, Columbia, Saturday, returning Sunday afternoon. They went to visit Louis P. Rankin, who is in training there. They report the boys all in good spirits and ready to "go over" at any time.

E. R. Shanklin left to-day for Clemson College, where he will receive military training. Mr. Shanklin registered at Rockingham, N. C., and is sent to Clemson with the registrants from that State.

Mrs. R. D. New and two daughters, little Misses Frances and Margaret, of Savannah, Ga., who have been spending a fortnight with their aunt, Mrs. Julia D. Shanklin, will leave Wednesday for their home in Georgia. Mrs. New was accompanied here by Mrs. Martha Riedel, of Savannah, who came over from Germany to Charleston many years ago. Mrs. Riedel is a thorough American, however, and glories in American success in the daily manoeuvres of the war.

Miss Ida Beth Doyle has as her guests this week her cousins, little Misses Jodie Denny, of Seneca, and Louise Magill, of Richland.

Our mail carrier, C. C. Hunnicutt, and Hon John L. Smith, are taking a vacation, and their substitutes, W. Hubbard and L. M. Smith, are serving the rural public.

Mrs. Leslie Stribling, of Seneca, chaperoned her Sunday school class in camp, in Rev. I. E. Wallace's place, two days and one night last week. We imagine the one night was quite sufficient for a taste of camp life for the youngsters, as they were most cordially welcomed and entertained by myriads of mosquitoes and chigoes.

Misses Mary Julia and Janie Neville Shanklin have been spending a couple of weeks with their grandmother, Mrs. J. D. Shanklin.

FOOD ADMINISTRATOR'S NOTES.

The following circular letter has been issued by the State Food Administrator:

To All Wholesaler and Retail Grocers:

The sugar situation is very acute. The food administration must rely upon your patriotic co-operation to tide over the situation.

The food administration estimated that the supply for July for the United States would be 300,000 tons. The supply fell short of these figures by a large margin, and the result is that there is not enough sugar to supply the country on the basis of the first allotment made.

It is sternly necessary for the retailers to supervise the sale of sugar and prevent those who are greedy and unpatriotic from obtaining more than their share. The best device to accomplish this is to keep a record of all sugar sales, making a carbon copy of the record, and send the copy to the County Food Administrator. He can, therefore, check on those people who are buying more than two pounds per person per month. This record of sugar sales will be required of all retailers in South Carolina. See that an equitable distribution of sugar is made to your customers.

Wholesalers should furnish sugar to retailers in original packages where possible. No new jobbers or wholesalers starting to handle sugar after July 1st will be given licenses or certificates. Wholesalers should not give sugar to retailers in excess of normal requirements, even if certificates are presented, but such wholesalers should immediately notify the State administrator.

With reference to canning, it should be spread in every possible way that fruit can be water-packed without sugar. The sugar may be added at time of consumption. Information on this can be obtained from the Department of Agriculture, Washington, D. C.

The profit on sugar will be strictly watched and the retail profit should not exceed one cent a pound, except where the fraction of a cent is involved.

Sales of sugar should not exceed two pounds at one sale to a customer who lives in town, and should not exceed five pounds to a customer who lives in the country. The allowance of sugar is TWO pounds per person per month. That change was necessary on account of the shortage on sugar.

For canning purposes do not sell more than 25 pounds to a householder on home canner's sugar certificates, and if more is needed, require the written permission of your County Food Administrator.

For the vast majority of the retailers the above will be patriotically followed. The unpatriotic few who violate the sugar regulations will incur the sternest penalties the food administration can inflict.

Retailers must not make more than one cent profit per pound on sugar, but in selling sugar they can figure a fraction of the cent to their favor.

For example, when sugar costs a retailer, delivered at his railway station, 8 1/4 cents a pound, he can sell one pound of it at 10 cents a pound, figuring the fraction of three-fourths of a cent in his favor. When he sells two pounds of sugar he can charge 19 cents for it, figuring the fraction of one-half in his favor. When he sells five pounds of this sugar, he can charge 47 cents, figuring the fraction of three-fourths of a cent in his favor.

The retail selling price for sugar is based on the cost of the sugar delivered at the railway station of the retailer. The gross maximum profit on sugar sold at retail must not exceed one cent a pound, except the fractional part of a cent may be figured in favor of the retailer as outlined above.

Rye.

The food administration urgently request the saving and using of rye instead of wheat for bread in order to save wheat as far as possible.

Food Administrator for Oconee Co.

To Protect Fishing Fleets.

Washington, Aug. 16.—Steps to protect the fishing fleets off the coast of New England from German submarine raiders have been taken by the Navy. Secretary Daniels announced to-day that where the vessels operate in fleets, as is the general custom, naval patrol boats hereafter will accompany them to their banks and there maintain guard.
