LOCAL AND PERSONAL.

—Dr. H. F. Thoda, who last week was suffering from an attack of influenza, is again on his feet and giving attention to his practice in and near town.

—The local authorities on Monday night last, at a special meeting, passed a resolution calling upon all citizens to co-operate with the City Council in an endeavor to stamp out the influenza. The request comes in the nature of a suggestion that all persons wear gauze masks over the mouth, and nose, these masks to be saturated with some recognized and standard disinfectant or germicide to be recommended by a physician in active practice of his profession. This measure taken is democratic in form—a reasonable request. Cheerful and ready compliance by the citizens of the town will obviate the necessity of passing an ordinance compelling the use of this means of preventing disease and of allaying the epidemic now raging in the State. Remember that "an ounce of prevention is worth a pound of cure," and comply gracefully and promptly with this wise and reasonable request.

—Girls Wanted.—To loop hosiery at home. Apply to Hetrick Hosiery Mills, Walhalla.—Adv.tf.

—The meeting of the Paul Hayne Circle which was to have been held with Miss Daisy Strong on October 18th has been postponed until further notice.

—Mrs. Dell G. McAllister and her daughter, Miss Catherine, of Columbia, are visiting at the home of the former's mother, Mrs. E. A. Bell, and among other relatives in town.

—Louis F. and Earle Sloan, of Pendleton, were in Walhalla for a short while yesterday, having run up on business. They have numerous friends here who are always glad to see them.

—To Rent.—The Schumacher house on Main street. Apply to W. L. Verner, at Bank of Walhalla.—Ad.

—Miss Carrie Darby Harrison returned home Tuesday of last week from Columbia, where she had been attending Chicora College. The institution has closed for a short period on account of influenza.

—Rev. E. R. Pendleton, of Pendleton, has decided to enter the Y.M.C.A. work overseas. He will enter upon his new duties about November 1st. Mr. Pendleton has numerous friends in this part of the State who will wish for him abundant success and a safe return.

—Dr. and Mrs. J. W. Bell returned last Wednesday from Columbia, where they had been at the bedside of their son, Wm. B. Bell, a student at the South Carolina University. He suffered a severe attack of influenza, but is now pronounced out of danger. His friends here and elsewhere will hope for his early complete restoration to health.

—Louis Puckhaber, of Charleston, came up last week and is visiting his grandmother, Mrs. H. L. Brandt, and among other relatives and friends. Mr. Puckhaber is off from work temporarily owing to the closing of his place of employment on orders from the State Board of Health. Mr. Puckhaber is an employee of the Academy of Music.

—Misses Pauline Steck and Ruth Brown, Marion Hetrick and Eloise Montjoy are in Walhalla for an indefinite stay, having been sent home from Greenville Woman's College, which is closed on account of Spanish influenza, which is raging in Greenville as elsewhere. Miss Myrtle Brown is in the Infirmary at G. W. C. at present, suffering with the malady. Her early recovery is hoped for by her many friends.

—Mrs. W. D. Moss returned to Walhalla the latter part of last week, after having spent several weeks in Baltimore with her husband, who is in that city for an operation at the Johns-Hopkins Hospital. Owing to the scourge of Spanish influenza in Baltimore all patients in Johns-Hopkins for operation were called upon to give up their places in order that the epidemic might be given attention. Mrs. Moss received word while in Baltimore of the illness of her son, Walter, Jr., at the home of his aunt, Mrs. J. W. Bowen, of Mount Pleasant, this State, and she left immediately for the latter place, bringing the child home with her to escape the influenza scourge raging at Mount Pleasant. He has been quite ill while away from home, but friends of the family will be glad to learn that the little fellow has greatly improved in the past few days.

—The many Walhalla friends of Mr. and Mrs. S. N. Pitchford, of Anderson, will be glad to know that they will again become residents of our town. Mr. and Mrs. Pitchford were here last week, and during their brief visit purchased from Mrs. G. W. Eaton her house and lot on the hill at the corner of Katherine and Mauldin streets. This property is more familiarly known as the Wrecking place. Mrs. Pitchford, we understand, will come to Walhalla this week and begin the overseeing of putting the place in such shape as is desired for their home. Mr. Pitchford will remain in Anderson temporarily, completing a contract as manager of a store in that city. We most cordially welcome these good people back to old Walhalla. We knew "Pap" couldn't stay away from Walhalla long. "It can't be did" after one gets used to living in a good place like Walhalla.

—T. N. ("Bud") Hall, a prominent citizen of Westminster, died at his home in that place Tuesday night of last week after a lingering illness. He suffered a stroke of paralysis months ago, and from this attack he had never rallied. He had been in declining health for more than a year, and his death was not unexpected. Mr. Hall was well known in Walhalla and in the vicinity, and there are many who will learn of his death with deep sorrow. He was a good citizen, an upright man, dealing honestly and squarely with his fellows, and earning for himself an enviable reputation wherever he was known. He had large business interests in Westminster and other parts of the county. Funeral services and interment were held Wednesday last at Westminster. He was a Mason, and quite a number of his

brethren of the Walhalla Masonic Lodge attended the funeral.

—Mrs. G. A. Norman left last week for Pittsburg, Pa., where she will be with her daughter, Mrs. F. L. Bunker, for a while.

—Wm. J. Owens, who spent some months in Walhalla recently, has accepted government employment at the National Capital, and for the present at least Washington will be his headquarters. His residence address is 606 E street, N. W.

—Miss Bessie B. Abbott, who recently completed a stenographer's course in the Cecil Business College of Anderson, has accepted a position in the office of the Brogan Cotton Mills Company of that city. Miss Abbott has a host of friends here in Walhalla and in the vicinity who will wish her every degree of success in her chosen work.

—Lost—Large white and black spotted hound dog; named "Rock." Ten dollars reward. W. L. Sanders, Walhalla, S. C.—adv.

—Mrs. Chas. A. Hetrick left last Saturday for Rock Hill, where she has gone to be with her sister, Mrs. Sidney Adams, during the illness of little Katherine Adams, who is suffering with an attack of influenza. Mr. Adams has also been a victim of the malady, and has been quite ill, having had the misfortune to develop a case of pneumonia following partial recovery from the influenza. It will be learned with much pleasure by the hosts of friends here of the family that both Mr. Adams and Miss Katherine are improving.

—Get these while you can. The Red Cedar Shingles outlast any roofing. We have these now. Matheson Hardware Co., Westminster.—ad

—From the Valley Register of Middletown, Md., we clip the following item, which will prove of interest to many people in Walhalla and other parts of the county. Paul Umberger's name appeared some time ago in the army casualty lists, and note of his wounding was made in these columns at the time. The clipping is taken from the Maryland paper of date of September 27th: "Rev. J. B. Umberger, pastor of St. John's Lutheran church, at Church Hill, this valley, received a letter last Saturday from his son, Capt. Paul R. Umberger, commander of Company C, 108th Machine Gun Battalion, in France, stating that he had been wounded in action on August 13. When the letter was written, Capt. Umberger was able to sit up in bed in the hospital. He paid a glowing tribute to the work of the Red Cross, and stated that the care and attention given by the association in the hospitals could not be expressed. Especially was this the case with the noble Red Cross nurses." Capt. Umberger is pleasantly remembered here, and the direct news of his convalescence will be gladly learned by a host of his friends.

—For Sale—7-room residence, with 15 acres of land; best known as the Col. J. S. Newman place; in town of Walhalla; nice orchard, fine well; all necessary outbuildings in good condition. Apply to Jas. H. Darby, Walhalla, S. C. (or at Seneca Oil Mill.)—adv.—42-17

—Gordon Fant and George Harrison, who have been attending Clemson College, were at home here for a short while last week. They have gone to a military training station at a distance, the location of which we have not been able to learn.

—Misses Maude Moss and Lillie Thompson came over from Greenville Monday on the sad mission of attending the funeral of Willie Bowen, whose body was brought here from Mount Pleasant for interment.

—John J., the 6-year-old son of Mr. and Mrs. J. H. Ernest, has been quite ill for the past week, suffering from a threatened attack of typhoid fever, though the physician in charge of the case has not as yet pronounced the trouble to be of a typical typhoid nature. We hope to hear soon that the little fellow is entirely well.
