A REAL TEST OF PATRIOTISM.

Can we Stand the Fruits of Victory? The War Work Campaign.

The time has come to put the acid test to our patriotism!

In the United War Work Campaign that begins November 11th and will close November 18th, we are to have an opportunity to show the boys where we stand. The Liberty Loans are investments from which we get

for their lives that our liberty may be secure. Have we given up one single thing for them? The fighting may be nearly over on the battle front, but it will be several years before the lads will be disbanded, and we cannot afford to forsake them in their hour of triumph.

Wery man, woman and child in the United States is called upon to GIVE to the United War Work two dollars and fifty cents to "keep the boys smiling"—to bring them back to us clean and strong. Won't you give yours without a murmur? They did not stop when they heard the command to "Forward, march!" Can we keep faith with them and do so now? Be ready when the committee make your gift large enough to banish a frown and create a smile as "he" fights our bat-

LEE WILLIAMS LOST HIS LIFE

In Collision at Sea of His Ship, the Otranto, with the Kashmir. Return, Oconee County, Nov. 4 .-

Lee Williams, son of Mrs. Fannie Williams Cain, was lost at sea when the Otranto nad Kashmir collided off the coast of Scotland. Lee was about 22 years of age. He volunteered for service in the army soon after the

returns in actual cash. The United declaration of war, and was on his War Work is of just as much importance, for it is an investment in mathood whose value no man can.

The boys mave given up position, home and loved ones to offer their lives that our liberty may be secure. Have we given up one liberty way to the front when he met his tragic death.

While all sympathy is extended to with loving pride that we say, "Our bescure. Have we given up one lise country," died for freedom, died his country, died for freedom, died doing bravely his duty."

Aye, though dead, he lives-lives in our hearts and gratitude, for he, with many another dear lad, has laid down his life that we, the folks back home, might go safely, peacefully about our daily duties. Can we forget? Nay! Lee sleeps calmly; let the waves whisper to him that around old Return they are proud to say, "He is my kinsman," "We were friends," "I've known him all his life," "I was his schoolmate," "I was

his teacher.' We will not forget, but will try to serve more truly, so that we may meet, clear eyed, in that Day when the angel shall stand with one foot on the sea and one on the land, and proclaim "Time is no more.

And the sea shall give up her dead! Yes, we shall meet then and rejoice that he gave up his life in so righ-

teous a cause.

And there shall be no more death, neither sorrow nor sighing, for God Himself shall wipe away all tears from their eyes. Neighbor.

Local Notes from Concross.

Concross, Nov. 4.—Special: Sunday school at Concross yesterday was well attended. It is said by the older people of the community that in the present epidemic the stoppage of services in this church was the first in their recollection. We should feel very thankful indeed that the community has had so few who have suffered with influenza, and none of our immediate community have so far died from the disease. We should all feel deeply thankful for this bless-

Final adjustments, territorial and otherwise, are all deferred to the peace conference, for which the cessation of hostilities paves the way. The German appeal for an armistice was submitted on the basis of acceptance of the peace terms already outlined by President Wilson, and when the discussion starts the Allies and the United States whl be in a position to dictate its results. fact, the real peace conference has

been sitting in Versailles. Little Choice for the Huns.

The judgment of army officers as to the situation on the Western Continued. front in a military sense is that Germany must accept the armistice conditions or face a debacle of her armies. Signs of disintegration of the German forces facing the Franco-American lines have been evident for two days. The German official statements yesterday admitted an American break-through. If the breach is widened the German armies will be cut in half as effectively as were the Austrian armies in Italy. They then may be crushed separate-

It is generally assumed that the German government will receive the armistice terms through Washing-ton, as its request was received in that way. The Austrian case does not form a precedent, as the appeal to Washington was suplemented after the collapse of the Austrian front by a direct appeal to Gen. Diaz, the Italan commander. Unless the situation of the German armies forces similar action on the Western front, however, it is assumed here that the German case is being handled through diplomatic channels. The present Berlin civil government claims absolute authority over the army.

MANY KILLED IN STREET CAR

Wreck-85 Bodies Recovered-Cars on Brooklyn Idne Jump Track.

New York, Nov. 1. — Eighty-five bodies had been taken late to-night from what is known as the Malbone street tunnel, on the Brighton Beach line of the Brooklyn Rapid Transit Company, where a five-car train, running at high speed, jumped the track on a curve and struck the side wall with such terrific force that the first car was demolished and the others "buckled" until they were jammed

against the roof of the tunnel. Between 75 and 100 men and wo-men were killed, and probably double that number injured, in the collision near prospect Park station.
