

HELPED ME IN EVERY WAY I NEEDED AID

Says Tanlac Proved a Good Stomach Remedy.

BROUGHT GREAT CHANGE.

"In Short Time Tanlac Had Me Feeling So Much Better," She Says.

"Tanlac proved to be a good stomach remedy and tonic for me, and it helped me in every way I needed relief," declared Mrs. J. J. Worthey, of 65 Railroad street, Arkwright, Spartanburg, in a statement she gave June 7. "I was troubled a great deal with indigestion, and my whole system was run down badly. My appetite was bad, and I was bothered awfully with nervousness and headaches. When I had one of those bad nervous headaches I could not rest at night.

"The Tanlac quieted and strengthened my nerves, though, and I soon was eating heartily. The indigestion soon left me, those headaches were relieved, and in a short time I was feeling better in every way."

Tanlac, the master medicine, is sold exclusively by Bell's Drug Store, Walhalla; J. C. Cain, Oakway; Salem Drug Co., Salem; Seneca Pharmacy, Seneca; Stonecypher Drug Co., Westminster; Hughs & Dendy, Richland.—Adv.

NEW TURN IN THIS INQUIRY.

Brewers Deny Blacklist, But Admit "Preference to Friends."

Washington, Nov. 20.—Evidence relating to the political activities of brewers, and their alleged efforts to boycott firms and individuals antagonistic to the liquor business, was adduced to-day before the Senate committee investigating brewers' propaganda and the purchase of the Washington Times by Arthur Brisbane.

Major E. L. Humes, who is conducting the inquiry for the committee, also undertook to show from documents produced by officers of the United States Brewers' Association a connection between that organization and the German-American Alliance. The charter of the alliance was revoked recently by Congress.

Major Humes put into the record lists of candidates for public office which, he said, were to be supported by the Brewers' Association and the German-American Alliance, and also a statement which, he asserted, was prepared for C. J. Hexamer, of Philadelphia, former president of the alliance, at the office of the Brewers' Association. The statement, Major Humes declared, was German propaganda.

Only two witnesses—Hugh F. Fox of New York, secretary of the brewers' national organization, and John Gardner of Philadelphia, formerly chairman of the organization committee—were examined to-day.

Fox denied that all of the firms named had been blacklisted, saying that the association's purpose merely was to "give preference to those who were friends." Later he told the committee that he would be willing to assume that all of the documents relating to the firm which Major Humes put into the record were taken from the files of the association.

Major Humes told the committee that the firms were listed by the Brewers' Association because of their attitude against the use of liquor by their employees, or because of the activity of individual members of the firms, and in some instances of employees, against the liquor business. The inquiry into political activity began when John Gardner was called

to the stand. The witness said he might have seen lists of candidates at different times from 1911 to 1914 which the Brewers' Association endorsed in some States, including Iowa, Texas, Pennsylvania, Indiana, and Ohio, and the candidate for Congress from Illinois, but he could not recall the details. He admitted that the association's organization committee was active in "wet" and "dry" fights in several States in those years, and said that in those fights it spent between \$100,000 and \$500,000, "doing all it legitimately could to arouse public sentiment in our favor."

Gardner declared that the brewers made no contributions to political campaign committees, and at first denied that it had endorsed any set of candidates.

Columbia, Nov. 22.—Special: To the end that the people of South Carolina may be united in support of President Wilson in the establishment of an effective league of nations to insure the peace of the world following the conclusion of peace, which will bring the world war to an end, the aims and purposes of the League to Enforce Peace, a nation-wide organization, will be fully explained at a session of the State Council of Defense meeting to be held in Columbia on December 5th. This session will be held while the county chairmen of the Defense Council are in Columbia in attendance upon the regular bi-monthly meeting.

The former American ambassador to Germany, James W. Gerard, will come from New York to address the meeting, after which, it is expected, organization on a State-wide scale will be entered into. There will be present a number of officials of the League to Enforce Peace, and a luncheon will be given the members of the county organizations in attendance.

The meeting promises to be of the greatest interest.

MOTHER! DON'T TAKE CHANCES IF CHILD'S TONGUE IS COATED.

If Cross, Feverish, Sick, Bilious, Clean Little Liver and Bowels.

A laxative to-day saves a sick child to-morrow. Children simply will not take the time from play to empty their bowels, which become clogged up with waste, liver gets sluggish, stomach sour.

Look at the tongue, mother! If coated, or your child is listless, cross, feverish, breath bad, restless, doesn't eat heartily, full of cold, or has sore throat or any other children's ailments, give a teaspoonful of "California Syrup of Figs," then don't worry, because it is perfectly harmless, and in a few hours all this constipation poison, sour bile and fermenting waste will gently move out of the bowels, and you have a well, playful child again. A thorough "inside cleansing" is oft-times all that is necessary. It should be the first treatment given in any sickness.

Beware of counterfeit fig syrups. Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages, and for grown-ups, plainly printed on the bottle. Look carefully and see that it is made by the "California Fig Syrup Company."—adv.

DOCTORS SAY CALOTABS ARE BEST FOR COLDS

According to the world's greatest physicians and medical experts; calomel is the best and only dependable remedy for breaking up a cold overnight or cutting short an attack of sore throat, deep-seated cough, influenza or la grippe. Now that science has purified calomel of all its nausea and dangerous qualities, the new kind of calomel, called "Calotabs," is even more popular than the old style.

One Calotab on the tongue at bedtime, with a swallow of water—that's all. No suits, no nausea, nor the slightest interference with your diet, work or pleasures. Next morning your cold has vanished and your whole system is purified and refreshed. Calotabs are sold only in original sealed packages; price, thirty-five cents. Your druggist recommends and guarantees Calotabs and will refund the price if you are not delighted with them.—adv.

So He Passed.

From France comes the following little story of the irrepressible spirits of the Australian fighting men: Among the wounded brought into the ward was a young Billjim whom we knew at once was soon going west. He was quite conscious, and an Australian sister set herself to make his last few hours on this planet as comfortable as possible. He wanted to be wrapped up with pillows, and to do this the nurse said: "Put your arms around my shoulders so that I can raise you gently." "You bet your life, sister," whispered the irrepressible lad with a smile; "it's a long, long time since I had my arms around a dinkum Aussie girl." And then he ended his great crusade.

Bravery and Buttons.

"When I was in the ranks," John's second lieutenant tells him (John Edward Martin is the recruit hero of "The Single Star," by Capt. F. D. Grierson), "our crowd was inspected by a famous general. When he'd looked at every badge and button he said: 'Lads, remember that the biggest dandy makes the best soldier!' What he meant was that the man who takes a pride in himself and keeps himself smart whether he's on parade or square-pushing 'round the town—that man's going to be the fellow you can rely on when bother happens. Cleaning buttons may seem all d— nonsense to a man who's come out to fight for his country, but it's not. It's just one of the little things that help to make up the big things—and the big things'll come along fast enough, don't you worry."

HOW MRS. BOYD AVOIDED AN OPERATION

Canton, Ohio.—"I suffered from a female trouble which caused me much suffering, and two doctors decided that I would have to go through an operation before I could get well.

"My mother, who had been helped by Lydia E. Pinkham's Vegetable Compound, advised me to try it before submitting to an operation. It relieved me from my troubles so I can do my house work without any difficulty. I advise any woman who is afflicted with female troubles to give Lydia E. Pinkham's Vegetable Compound a trial and it will do as much for them."—Mrs. MARIE BOYD, 1421 5th St., N. E., Canton, Ohio.

Sometimes there are serious conditions where a hospital operation is the only alternative, but on the other hand so many women have been cured by this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound, after doctors have said that an operation was necessary—every woman who wants to avoid an operation should give it a fair trial before submitting to such a trying ordeal.

If complications exist, write to Lydia E. Pinkham Medicine Co., Lynn, Mass., for advice. The result of many years' experience is at your service.

No More Peach Seed Needed.

From the headquarters of the gas mask division, F. H. McMaster, chairman of the conservation section for South Carolina, has received the following:

"Large number earloads materials now on way to plants. Am instructed to say, in view of all circumstances, and to save freight and shipping space, only earloads now ready need be shipped. Accumulations may be disposed of for fuel."

So the nut and peach seed gathering should cease and no more be shipped to Columbia or elsewhere.

Preserve Draft Board Records.

Washington, Nov. 21.—Extreme care in the protection and completion of all draft board records is asked by Provost Marshal Crowder in orders sent to-day to State draft executives. The man-power record, the order points out, has extremely valuable uses in the administration of war insurance, the treatment of deserters and delinquents, and the preparation of the historic record of the war. The local boards are instructed to seal the records, all of which will be completed November 30, and await orders for their final consignment to some central collecting station.

UGH! CALOMEL MAKES YOU DEADLY SICK.
Stop Using Dangerous Drug Before It Salivates You!—It Is Horrible!

You're bilious, sluggish, constipated, and believe you need vile, dangerous calomel to start your liver and clean your bowels.

Here's my guarantee! Ask your druggist for a bottle of Dodson's Liver Tonic and take a spoonful to-night. If it doesn't start your liver and straighten you right up better than calomel, and without griping or making you sick, I want you to go back to the store and get your money.

Take calomel to-day and to-morrow you will feel weak and sick and nauseated. Don't lose a day's work. Take a spoonful of harmless, vegetable Dodson's Liver Tonic to-night and wake up feeling great. It's perfectly harmless, so give it to your children any time. It can't salivate, so let them eat anything afterwards.

Soldiers' and Sailors' Insurance.

(Columbia State.)
Soldiers and sailors who have taken out war insurance policies may under the law keep them in force by paying the premiums for a period of five years, or within that time, they may convert them to other forms of insurance. These policies have been written while the men are young, they have absolute safety, and are cheaper than can be had from the underwriting companies. Every owner of one of them has a valuable asset, and if he allows it to lapse it cannot be rewritten.

The young man whose life is insured, entering business of any kind, has a basis of credit better than any other, unless that other be a government bond or equally gilt-edged and liquid security. The soldiers and sailors who have these policies are in possession of a special benefit from the government that other men have not, and cannot get. Men who, failing to perceive the good thing that they have in war insurance, neglect their policies and allow them to lapse will almost surely, at a later day, when they have had problems of life to face, regret their carelessness and folly.

The Secretary of the Treasury, Mr. McAdoo, a few days ago urged the soldiers and sailors to protect their policies, and pointed out to them the uncommon commercial value that the policies represent. His advice should be impressed by every newspaper and by every man having access to the defenders of the country.

Time Brings Happiness With The Dawn

The Coming of Baby Marks the Advent of a Glorious Future.

Scientists say great stress should be laid upon the remarkable influence which the mother's happy pre-natal disposition has upon the health and future of the generations to come.

There is a splendid preparation women for over half a century have applied before the stormy arrival, known as Mother's Friend. This is a most grateful, penetrating remedy that at once softens and soothes the myriad of broad, flat abdominal muscles under the skin of the abdomen. By its regular use during the period the nerves, tendons and cords are relaxed and there is an absence of nausea, bearing-down pains, strain and general discomfort more often than otherwise experienced when nature is unaided.

By the use of Mother's Friend night and morning the muscles relax with ease when baby comes, the time of the crisis is shorter and pain and danger is naturally avoided. Write the Bradford Regulator Company, Dept. E, Lamar Building, Atlanta, Georgia, for their Motherhood Book, and obtain a bottle of Mother's Friend from the druggist, by all means, and get into condition to meet the crisis.

A GOOD FRIEND

A good friend stands by you when in need. Walhalla people tell how Doan's Kidney Pills have stood the test. W. S. Grahl, blacksmith, of N. Church St., Walhalla, endorsed Doan's three years ago and again confirms the story. Could you ask for more convincing testimony?

"I hurt my back many years ago and since then I have been troubled with kidney complaint," says Mr. Grahl. "When I have one of these attacks severe pains shot through my kidneys and those organs do not act as they should. I have dizzy spells and severe pains in the back of my head. For the last 10 years I have used Doan's Kidney Pills whenever an attack of this came on and they have never failed to quickly relieve me. I think Doan's are a wonderful medicine." (Statement given December 17, 1914.)

On April 9, 1918, Mr. Grahl said: "I am glad of another opportunity to say a good word for Doan's Kidney Pills. I have not had to use a kidney remedy for some time now and believe Doan's have effected a cure. I advise anyone suffering from kidney complaint to give this remedy a trial." 60c. at all dealers. A Sidelight.
I've talked with some of the infantry coming down here and they have wonderful tales to tell. The French are wildly enthusiastic over the Americans—one French regiment passed me going into action waving the American flag.

Some time when I have time I'll sit down and analyze the sensations; they're indelible—it's a sort of high excitement that makes anything possible. It's taken at least three hits to stop any of our men. Generally they keep on going, nevertheless, until they can't go any farther—then shoot from where they are until they're picked off or the advance goes too far ahead, and the litter bearers get them and bring them in.—From Letter of an American Artillery Lieutenant, printed in Collier's Weekly.
