JAMES L. BURRISS DEAD.

Well Known and (Aged Oconcean Called to His Reward.

On February 10th a telegram was received by relatives bearing the sad message that James Lawrence Burriss was no more. We will not say he is dead, for one living the with which several Walhalla and life he did has no fears of death. Oconee hoys were, and are still, conand he but sleeps. His life was passed close to his Master, and death News of Sunday. February 16, and had no terrors for him.

Had Mr. Burriss lived until April this section: he would have been 74 years of age. .e was thrice married, the first time to Miss Eliza McJunkin, and anto this union eight children were born namely: Mrs. Effic Harris, Miss Lillie Burriss, (deceased), Mrs. Meta Allen, Mrs. Mattie Brown, Ottie and Sam uBrriss, all of South Union; Claude Burriss, who preceded his father to the grave ten years ago, and Mrs. Maud Power, of Anderson. Six children and his widow, with numerous friends and relatives, are left to mourn the loss of their earthly parent, and they richly treasure his wise counsel. If it were given to me to sum up their loss I would say that the earthly chief corner stone had been removed. May his children be as brave, as

loyal and as true as he was, for no truer, no more humble follower of Christ has come within the range of my vision. He was active in all church work, with a burning love of God and his family and for the members of South Union church, of which he had been a member for 52 years, and a deacon for 30 years.

Let us not sorrow as those without hope, for his life and memory constitute a glorious heritage and an incentive to greater loyalty and faithfulness to our Lord. The great question is, upon whose shoulders will his mantle rest?

We pray God's blessings upon his companion and loved ones, and let us so live that, as he cannot come back to us, we may go to him. A Friend.

BOTH'S CASUALTIES 49 PR. CT. Interesting Information in Letter to

Adjutant Moore

Columbia, Feb. 15.—The Thir-tieth Division's casualties amounted ic approximately 49 per cent, ac-cording to a letter from Major J. Shapter Caldwell, formerly Assistant Adjutant General of South Caro-lina, to W. W. Moore, the Adjutant 'oneral, received several days ago. Major Caldwell is the adjutant of the "Old lifekory Division." The Thirtleth Division was stationed at Ballon, France, on January 13, the date the letter was written. The let-tcr, which is full of interesting gossip relative to the division and the olicers, said that Col. McCully, who trained the 118th Infantry (the old South Carolina National Guard infantry) at Camp Sevier, Greenville, and who was relieved of his com-mand in Belgium, is again in com-mand of the regiment. The letter

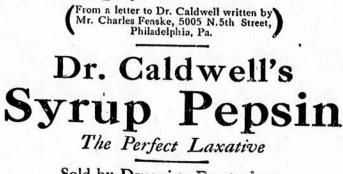

follows in part: "Headquarters Thirtieth American "Division,

"Ballou, France, Jan. 13, 1919. "My Dear Gen. Moore: Your let-ter of December 17 reached me to-c. ly 18,000 men of the Thirtieth Division fighting with the Fourth Brit-ish army. The Fifty-sixth Field Ar-tillery Brigade (three regiments), the 105th supply train, the 105th ammunition train and the mobile repair shop, upon arrival overseas, were sent to the southeastern part of France to train with the French 15's and 155's. In October the arfillery and ammunition trains were attached to various divisions operat-ing in the St. Mihiel section. They never did rejoin this division. The 105th supply train never got in any fight, being used, part at Bordeaux and part for convoy duty elsewhere. The supply train has just recently 26 cents for 6,987 pounds joined this division and the units which produced about 600 will join in a few days, to return with the division to America. "Orders have been received that no officers of the adjutant general's ever the first month. The result was that McCully has been sent back here and is once more in command of space. Sam Cowan says: the 118th Infantry.

the 118th Infantry. 'Workman is a major in the 118th, having succeeded Mahon, who was badly wounded. McFadden and Gillespie are both majors in the 118th, having won their promotion by gallantry in battle. Col. Springs has made more then more the formation of the second secon feed and milk now in half has made more than good. He has been acting division quartermaster and also acting general. Capt. Meyer (formerly adjutant of the old Second South Carolina) was ammunition officer and assistant general and has made a good record. Capt. Porcher (formerly commander of the Charleston Light Dragoons, now the division headquarters troop), is now commanding Company A, 113th Machine Gun Battalion. Cantey is in command of the 114th Machine Gun Battalion and made a splendid record. Major Brailsford is with the 119th Infantry, a North Carolina outfit. Major O'Driscoll, I believe, is with the 105th ammunition train, which has not been with us in France. 'Lieut. Col. Lewis (of the old Pirst South Carolina), is attending a school for field artillery officers. He made an excellent record at Camp Sevier, but I do not know what he did over here. At last accounts Major Marchant was in command of the ammunition train, Major Silcox having been sent to the S. O. S. for other duties. Capt. Beatty is adju-tant of the 118th Infantry, Capt. Pyles having been killed at Bohain Capt. Pete Hudgens was wounded about eighteen times, and I hear will recover

TRY IT! SUBSTITUTE FOR NASTY CALOMEL

Starts your liver without making you sick and can not salivate.

Every druggist in town-your druggist and everybody's druggisthas noticed a great falling off in the sale of calomel. They all give the same reason. Dodson's Liver Tone is taking its place.

"Calomel is dangerous and people know it, while Dodson's Liver Tone is perfectly safe and gives bet-ter results," said a prominent local druggist. Dodson's Liver Tone is personally guaranteed by every druggist who sells it. A large bottle costs but a few cents, and if it fails to give easy relief in every case of liver sluggishness and constipation, you have only to ask for yeur money back.

Dodson's Liver Tone is a pleasanttasting, purely vegetable remedy harmless to both children and adults. Take a spoonful at night and wake up feling fine; no biliouspess, sick headache, acid stomach or constipated bowels. It doesn't gripe or cause inconvenience all the next day like violent calomel. Take a cose of calomel to-day and to-mor-tow you will feel weak, sick and nauseated. Don't lose a day's work! Take Dodson's Liver Tone instead and feel fine, full of vigor and ambition .- adv.

LEMONS WHITEN AND BEAUTIFY THE SKIN.

Make this Beauty Lotion Cheaply for Your Face, Neck, A' us and Hands.

At the cost of a small jar of ordinary cold cream one can prepare a full quarter pint of the most wonderful lemon skin softener and complexion beautifier, by squeezing the

juice of two fresh lemons into a bottle containing three ounces of orchard white. Care should be taken to strain the juice through a fine cloth, so no lemon pulp gets in, then this lotion will keep fresh for months. Every woman knows that lemon juice is used to bleach and remove such blemishes as freckles, sallowness and tan, and is the ideal skin softener, whitener and beauti-

fier. Just try it! Get three ounces of orchard white at any drug store and two lemons from the grocer, and make up a quarter pint of this sweetly fragrant lemon lotion and massage it daily into the face, neck, arms and hands. It is marvellous to smoothen rough, red hands.-adv.
