WADHALLA, S. C.
WEDNESDAY, JUNE 11, 1919.

WOMAN SUFFRAGE WON AT LAST
Passes Senate 56 to 25—Now Goes to States for Ratification.

Washington, June 1. Action by Congress on equal suffrage—subject of a fight for forty years—ended late today in adoption by the Senate by a vote of 56 to 25, of the historic Susan B. Anthony constitutional amendment resolution.

The proposed amendment, adopted by the House by a vote of 391 to 89 on May 21, as the first act of the new Congress, now goes to the States, ratification by the Legislatures of three-fourths of which is required for its incorporation in the Federal Constitution.

The roll-call today showed two votes more than the necessary two-thirds for the resolution, which was drafted by Susan B. Anthony in 1875 and introduced by Senator Sargent, of California, in 1878. Counting paired and absent members, the Senate actually stood 56 to 20 for the measure.

Unchecked Applause.
Loud applause, uncheckered by the presiding officer, swept the Senate chamber when the final vote was announced, after two days' debate and many jubilation meetings were in progress to-night at headquarters of various women's organizations which have been active in support of the measure.

Immediately after the Senate's action the resolution was taken to Speaker Gillett's office and signed. It was then rushed back to the Senate for its presiding officer's signature, but arrived after the Senate had adjourned, and will be approved tomorrow. President Wilson's signature, it was stated, is not necessary, although the resolution will be sent to the White House as usual and may be signed by the Executive. It will be certified to the States by the State Department.

Text of Amendment.
The amendment, as it will be added to the Constitution if ratified by the States, reads:

"Article—Section 1. The right of citizens of the United States to vote shall not be denied or abridged by the United States or by any State on account of sex.

"Section 2. Congress shall have power, by appropriate legislation, to enforce the provisions of this Article."

Efforts to Change Fail.
All efforts to amend the resolution in the Senate failed. By a vote of 55 to 28 the Senate rejected an amendment of Senator Underwood, Democrat, of Alabama, proposing submission of the proposed article to popular State conventions instead of State Legislatures. An amendment by Senator Gay, Democrat, of Louisiana, proposing enforcement by the States instead of the Federal government was voted down, 62 to 19. The Senate also rejected, without a roll-

CALOMEL DYNAMITES
A SLUGGISH LIVER.
Crashes Into Sour Bile, Making You Sick, and You Lose a Day's Work.

Calomel salivates! It's mercury. Calomel acts like dynamite on a sluggish liver. When calomel comes into contact with sour bile it crashes into it, causing cramping and nausea.

If you feel bilious, headachy, constipated and all knocked out, just go to your druggist and get a bottle of Dodson's Liver Tonic for a few cents, which is a harmless vegetable substitute for dangerous calomel. Take a spoonful, and if it doesn't start your liver and straighten you up better and quicker than nasty calomel, and without making you sick, you just go back and get your money.

If you take calomel to-day you'll be sick and nauseated to-morrow; besides, it may salivate you, while if you take Dodson's Liver Tonic you will wake up feeling great, full of ambition and ready for work or play. It's harmless, pleasant and safe to give to children; they like it.—adv.

call, a revision of Senator Underwood's amendment, proposed by Senator Phelan, Democrat, of California, to fix methods of calling popular ratification conventions.

Although few State Legislatures are now in session, woman suffrage champions to-night declared that ratification soon would be accomplished—probably by next spring. In today's debate, however, Senator Gay predicted that, with the Southern States opposing the measure because of entailed enfranchisement of the negro women, the required thirteen states would refuse to ratify, and thus cause its rejection.

Approval of the resolution to-day by the Senate followed the meeting of new members elected last November and also the transformation of a few Senators from opponents into supporters.

Opponents again occupied most of today's debate and reiterated arguments that the resolution is destructive of State rights and popular rule.

E. D. Smith Against It.

Senator E. D. Smith, of South Carolina, spoke for about a half hour in the Senate in opposition to the S. B. Anthony Federal suffrage amendment. He gave in detail his reasons for his stand, emphasizing particularly the point that Southern Senators who voted for the proposition were in effect recognizing and vitalizing the 15th amendment, which they have already held to be in defiance of the constitutional rights of their States.

The reopening of the race question lying dormant in the 15th amendment was predicted by the South Carolina Senator if the woman suffrage amendment should be adopted. Some students of political conditions think it will be harder to get the amendment ratified by the States than it has been to get it through Congress.

Illinois May Lead.

Springfield, Ill., May 5.—A resolution seeking to put Illinois first, on record as ratifying the Federal suffrage amendment was introduced in the State Senate to-day. The resolution went over for one day.

Michigan Wants Honor.

Lansing, Mich., June 5.—Governor Sleeper this afternoon wired the State Department at Washington asking that a certified copy of the Federal suffrage amendment be forwarded at once, so that action may be taken by the Michigan Legislature, which is now in special session.

Floridians Will Take Action.

Jacksonville, Fla., June 5.—Florida may be the first State to ratify the Susan B. Anthony amendment to the Federal Constitution, Mrs. W. S. Jennings, leader of the suffrage forces in Florida, announced to-day. Many members of the Legislature, which this week will end its biennial session at Tallahassee, this morning assured Mrs. Jennings that they would support a ratification measure, and such a measure is expected to be introduced this afternoon or to-morrow.

Won't Call Extra Session.

Hartford, Conn., June 5.—Governor Marcus H. Holcomb does not expect to call a special session of the Connecticut Legislature to act upon the suffrage amendment. In an interview last night the Governor said he knew of no emergency which calls for an extra session. The General Assembly will not meet in regular session until 1921.

Marshall Signs Bill.

Washington, June 5.—Vice President Marshall signed the resolution to-day in the presence of Chairman Watson, of the Senate Woman Suffrage Committee and other Senators and representatives of women's organizations. The Vice President's signature was the last act upon the resolution at the Capital.

CASTORIA

In Use For Over 30 Years

Always bears the Signature of *Wm. A. Hitchcock*

Wannamaker to Revenue Service.

Washington, June 1.—H. L. Wannamaker, formerly of the staff of the Charleston News and Courier and for the past year clerk of the Interstate Commerce Committee of the Senate, of which Senator E. D. Smith was chairman, has accepted a position of responsibility in the Internal Revenue Service. He will enter upon his new duties next week. These duties will take him into several States, but principally in South Carolina.

Mr. Wannamaker's family will return to South Carolina, but Mr. Wannamaker is not yet certain in what city they will reside. He and they are very popular here, and a wide circle of friends, official and social, will regret their departure.

Grove's Tasteless Chill Tonic

restores vitality and energy by purifying and enriching the blood. You can soon feel its strengthening, invigorating effect. Price 60c.

EDUCATOR FROM
GEORGIA SPEAKS.

His Wife Had Suffered for Four Years, He Says.

TELLS OF CHANGE.

"I Have Never Seen Anyone Improve Like She Has—Thanks to Tanlac.

"Tanlac is the only medicine that ever did my wife any good," declared Prof. W. A. Wood, of Central Graded School, Winder, Ga. "It has restored her health and relieved us of untold anxiety, for her case was a most serious one.

"Her main trouble seems to be nervous indigestion," he continued. She had suffered four years and had lost in strength and weight in spite of the best treatment we could get. She was extremely nervous, and the loss of sleep pulled her down to a shadow. She could digest little she ate, and suffered from gas on the stomach, heartburn and nausea, and she had headaches most all the time, with persistent constipation.

"After some hesitancy we decided to try Tanlac, and she began to show decided improvement with the second bottle. She has since taken several, and the change has been marvelous. She is gaining in strength and weight every day, and practically all her troubles have left her. She eats, and enjoys, anything she wants, and rests well at night. I have never seen such improvement in any person in such a short time."

Tanlac, the master medicine, is sold exclusively by Bell's Drug Store, Wadhalla; J. C. Cain, Oakway; Salem Drug Co., Salem; Seneca Pharmacy, Seneca; Stonecypher Drug Co., Westminster; Hughs & Dandy, Richland.—adv.

Every now and then we receive a letter from some subscriber at some point asking us to send a statement of his or her subscription, and not infrequently we are asked to mail a receipt for remittance made. We ask our subscribers not to do this, for the reason that it is unreasonable to do so. We send to every subscriber every week a statement of how his or her subscription stands, and with every paper, when a remittance is made, a receipt immediately follows. This is accomplished by means of the label. Opposite the subscriber's name is printed each week the date to which the subscription is paid. Before you remit, look at the label on your paper. Then, after you have allowed a reasonable time for transmission of the remittance and our attention to the matter, you will find that the label will show you where you stand in regard to subscription just as fully and completely as would a receipt.

Catarrhal Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure catarrhal deafness, and that is by a constitutional remedy. Catarrhal deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result. Unless the inflammation can be reduced and this tube restored to its normal condition, hearing will be destroyed forever. Many cases of deafness are caused by catarrh, which is an inflamed condition of the mucous surfaces. Hall's Catarrh Medicine acts through the blood on the mucous surfaces of the system.

We will give One Hundred Dollars for any case of Catarrhal Deafness that cannot be cured by Hall's Catarrh Medicine. Circulars free. All druggists, 75c.

F. J. CHENEY & CO., adv.) Toledo, O.

Jury Acquits Staub.

Columbia, June 5.—The jury trying the case of Wm. Staub, a young white man of this city, who was charged with the murder of his brother-in-law, Charles H. Markey, a discharged soldier, a native of New York city, acquitted Staub here yesterday after a few minutes of deliberation. Staub fatally shot Markey at the corner of Main and Gorvais streets here on May 2. Markey dying from the effects of the wound about a week later.

The defense was a plea of self-defense, testimony showing that Markey had made threats to take the life of his brother-in-law.

Volcano Kills Thousands.

The Hague, June 1.—The Governor General of the Kediri district of Java reports that 5,100 persons were killed in the recent eruption of the volcano of Kalut.

BALANCED AS ON KNIFE EDGE.
So Says Vanderlip in Speaking of the Commercial Situation in Europe.

Washington, June 5.—Frank A. Vanderlip, former president of the National City Bank of New York, told the Pan-American Conference here to-day that trading between South America and Europe could not be resumed as formerly for some time, as the situation overseas is more serious than has been grasped on this continent, or even by a large proportion of Europeans themselves.

"Europe," said Mr. Vanderlip, "has received such a shock as cannot be measured by those who have not seen it at close range. Men all over the country are idle. The disorders are a result of want and idleness, and cannot be confined to any one locality. I believe that Europe is now balanced upon a knife edge, and that the future alone can tell whether there will be a conflagration or not.

"Aid can and must be given. The help must be to restock the industries. Only its own people can save Europe by the sweat of their brows. The difficulty comes in starving them. Men are being supported by the millions in Europe by unemployment of gold, and are earning no wages. In England alone more than a million men are drawing \$6,000,000 weekly from the unemployment fund. In Belgium the conditions are similar. There is no labor.

"In Germany the picture is true, and a catastrophe may come out of the situation which may affect us all. If the catastrophe is averted—as I believe it will be—the position of those countries of this hemisphere which are rich in resources and unharmed by the war is of supreme importance.

"Europe cannot live except on industry with the present population. The industrial cycle must be resumed. A responsible minister of England said to me that if the industries of Europe were not speedily resumed, if the British work-shops cannot speedily supply finished products to European countries, the government must at once export five or six million Englishmen.

"Europe must have help. We of this hemisphere must grant it, and it must be in material things needed so that Europe can help herself."

Mr. Vanderlip suggested the formation of a group of nations, made up of the Latin-American republics,

"I HAVE been using Doctor Caldwell's Syrup Pepsin for more than seven years. I believe it saved my little granddaughter's life, as she had such terrible spasms, caused by the condition of her stomach, until we gave her Syrup Pepsin. Our family thinks there is no remedy like Dr. Caldwell's Syrup Pepsin for the stomach and bowels."

(From a letter to Dr. Caldwell, written by Mrs. C. F. Brown, 1012 Garfield Ave., Kansas City, Mo.)

Dr. Caldwell's Syrup Pepsin

The Perfect Laxative

Sold by Druggists Everywhere

50 cts. (Two Sizes) \$1.00

A mild, pleasant laxative, as positively effective as it is gentle in its action. For a free trial bottle send your name and address to Dr. W. B. Caldwell, 458 Washington St., Monticello, Ill.

the United States and some of the European neutrals, to lend aid to the afflicted countries of Europe in the form of materials, machinery, equipment and food. He declared that the American governments should not make further loans to other governments, adding that there was a general idea in Europe that the United States ought to forego the loans made during the war.

Charles M. Schwab, president of the Bethlehem Steel Corporation, told the conference that he had such confidence in South America that he was building in Chile twenty of the largest cargo boats ever constructed, these vessels to carry ore from the west to the east coast for conversion into steel.

"We must depend upon Latin-America for our raw materials," he added.

No Worms in a Healthy Child
All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthening Tonic to the whole system. Nature will then grow off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

Women Regarded as Fighters.

Washington, June 6.—The American Legion, recently organized by men of all branches of the war service has officially recognized the women (feminine) as part of the nation's combatant forces by granting a charter for the organization in this city of the "Betsy Ross Post No. 1," the first feminine unit to be included in the legion. The post will be entirely composed of feminine naval reservists in the District of Columbia.

May Deport Alien Bomb Plotters.

Washington, June 6.—Many of the aliens arrested as the result of the bomb outrages last Monday night may be deported. It became known to-day that records in the case of all of those arrested who cannot be connected directly with the bomb plot are being turned over to the Department of Labor.

Deportation of at least 50 alien agitators is understood to be pending.
