Sold by Druggists Everywhere
50 cts. (Two Sizes) \$1.00

Recommended as a positive remedy for constipation, mild and gentle in its action. The standard family remedy in countless homes. A trial bottle can be obtained by writing to Dr. W. B. Caldwell, 458 Washington Street, Monticello, Illinois.

ANDERSONIANS IN SMASH-UP.

Car Fell Over Bank and Wrecked Fifteen Feet Below.

(Anderson Mail, July 16.)

A party of Anderson people had a narrow escape from death Tuesday when the car in which they were riding took a plunge from the mountain road near Highlands, N. C., landing bottom-side up on a ledge some fifteen feet below the road.

The car was occupied by Mrs. J. N. Land, Miss Ethel Thompson, Fred Thompson, Joe and Ralph Land. Joe Land was driving the car. According to Joe Land, the car was not going very fast, but when he attempted to pass a buggy, the road caved in and the car took a leap over the side of the road. Fred Thompson was sitting on the front seat with the driver and suffered the misfortune to have the occupants of the rear seat, with most of the luggage, to fall on top of him. Joe Land was bruised and scratched considerably, and states that, after the fall, the first he remembered was that he was sitting in the same position as if he were still driving the car, the car turned over and the motor still running. He assisted the others to clear themselves from the wreck. "The car was pretty well torn up, the body being smashed and bent, top and windshield and other parts broken and twisted. Mrs. Land and Miss Thompson continued their trip to Highlands, where they will spend several days.

Berlin Food Prices Fall.

Berlin, July 16.—Prices on all foodstuffs have fallen with a crash in Berlin as a result of the lifting of the blockade. They began to show weakness when it was rumored that the embargo would be lifted, but the real drop came only when illicit dealers, with huge concealed stocks, brought them out in a virtual panic to unload before competing supplies entered Germany.

Tons of provisions are being shipped in from occupied territories, while everywhere in the city great stores of coffee, cocoa, butter, sausages and other supplies have made their appearance. Coffee prices fell from an average of 40 marks to below 20 yesterday and the product could easily be bought for 15. Other food prices were correspondingly cut. Restaurants, however, still maintain absurdly high prices and apparently intend to continue to do so long as possible.

REDUCE THE COST KURFEES PAINT

reduces the cost of painting because it requires fewer gallons for the job. It covers more surface and covers it better, for the simple reason that it contains more White Lead than any other Paint.

It's made of:

Pure White Lead 80%
Pure Zinc Oxide 20%
100% Pure Lead and Zinc

That's more Lead than you will find in any other paint.

The Outside White weighs 19 pounds to the gallon and the Colors weigh more than those of any other Lead and Zinc Paint. It's the best that money can buy.

KURFEES PAINTS ARE SOLD IN THIS SECTION BY D. E. GOOD, WALHALLA, S. C.

Mrs. Annie Woolbright Dead.

Coneross, July 16.—Special: Mrs. Annie Woolbright passed peacefully away from this life to the great beyond last Sunday morning at 1 o'clock, at the home of H. W. Byrd, of the Coneross community.

Mrs. Woolbright was born in Oconee and spent her life at different points in this county. She came from A. W. Allison's, near Wolf Stake, to H. W. Byrd's in April to spend her last days. Although she had been in this community only a few months, she was loved by all who knew her because she possessed such a kind and loving disposition. She was in her 79th year, and had been sick for several weeks. She bore her suffering meekly and expressed herself as being ready to go.

Mrs. Woolbright was an aunt of A. W. Tollison, of Wolf Stake, and a great-aunt of Mesdames T. W. Byrd and J. E. Payne, of Coneross, and A. W. Nix, of Westminster. She was a member of the Pleasant Ridge Baptist church. The funeral services were conducted by her pastor, Rev. M. J. Stansell, at 4 o'clock Sunday afternoon, after which her remains were interred in the Pleasant Ridge cemetery.

We extend our heart-felt sympathy to the bereaved relatives and friends.

The next time you buy calomel ask for

The purified and refined calomel tablets that are nausealess, safe and sure. Medicinal virtues retained and improved. Sold only in sealed packages. Price 35c.

Getting Ready to Return Roads.

Washington, July 15.—In view of the statement by President Wilson that the railroads would be returned to their owners at the end of this year, Chairman Esch told the House interstate commerce committee today that it would be useless to consider plans for a five year extension of government control.

"Mindful of the sentiment throughout the country on the question of government ownership," the chairman added, "I think we should not spend much time on that. There are many problems which we are taking up to-day and in light of the President's declaration to Congress, there is nothing to be gained by a discussion of a situation which will not exist, as the roads will be turned back at the time the President indicated.

Killed in Storm in Chester.

Chester, S. C., July 17.—One man dead and two severely hurt is the toll of a windstorm which swept over a section of Chester county late yesterday. The men sought shelter from the storm in a house and the wind blew a tree down upon the building, crushing it.

300 ENEMY ALIENS ARE HELD.

Only Few of These Will be Deported—Others Dangerous.

Washington, July 16.—Dr. Karl Muck, former conductor of the Boston Symphony Orchestra, interned during the war as a dangerous enemy alien, still is at Fort Oglethorpe, Ga., John R. Creighton, of the Department of Justice, told the house immigration committee to-day at a hearing on a bill to deport undesirable aliens.

In view of recent reports that Dr. Muck had left Charleston, S. C., on a government transport with several hundred aliens, Representative Seigel, of New York, asked why he had been deported.

"Dr. Muck has not been deported," Mr. Creighton said. "He did not choose to go. The fact that he is retained at Fort Oglethorpe places him in the class with prominent German business men held there because we believed their cases were serious."

The reason for Dr. Muck's internment was not disclosed by the witness.

No more than forty or fifty of the five hundred enemy aliens still interned at Fort Oglethorpe and Fort Douglas, Utah, can be deported under present laws, Mr. Creighton said in urging additional legislation.

"Only eighty per cent of those now interned are wanted in this country," he added.

Many German and Austrian subjects, Mr. Creighton said, had decided to stay in the United States and take their medicine.

"But we cannot go much further in paroling these people," the committee was told, "without letting out those who were considered dangerous during the war."

Rural Health and Sanitation.

David F. Houston, Secretary of Agriculture, says:

Every means should be adopted to see to it that the benefits of modern medicine accrue more largely to the scattered populations of the rural districts. Formerly the urban communities were characteristically the homes of disease. They possessed all the disadvantages of concentration of population without adequate sanitary safeguards. Now no cities and very few of the larger towns are without substantial equipment in the way of drainage, sewage disposal, and hospitals. They have the services of specialists and of trained nurses. Very many of them provide free medical and dental clinics for people of limited means, have their schools inspected, and their water and milk supplies regularly tested and safeguarded. As a consequence, among the inhabitants of the larger communities the ravages of smallpox, typhoid fever, and malaria have been in large measure controlled. The rural districts still have advantages; but a vast deal remains to be done to control such pests as mosquitoes and the hookworm, to eliminate the sources of typhoid fever, and, even more, to give the country districts the advantages of modern hospitals, nursing, and specialized medical practice.

The Needs of "The Inner Man" and "The Inner Woman"

It's hard to minister to a MIND diseased, but an easy matter to minister to a diseased BODY; to supply the remedial needs of "the inner man"—and the inner WOMAN.

Most everybody is, more or less, constipated and frequently bilious. Neglect of these conditions is dangerous—foolish and useless.

The "inner works" of the human body are so complicated that they easily get out of order; and when anything's the matter with any of THEM, there's going to be trouble with the whole physical machinery of life.

DR. THACHER'S LIVER AND BLOOD SYRUP is a standard remedy for the internal ills that bring about the ailments common to men, women and children. It is gently but effectively LAXATIVE, or vigorously and thoroughly CATHARTIC, according to the dose prescribed.

It purifies and tones up the BLOOD, making it run red, rich and riotous in health-giving current through the system.

It helps to induce natural action of the KIDNEYS—the drainage system of the body which must be kept open and clean to perform its proper function.

DR. THACHER'S LIVER AND BLOOD SYRUP is the prescription of an old family doctor, used with his thousands of patients in a lifetime practice. It is a purely VEGETABLE preparation compounded in the laboratories of the THACHER MEDICINE CO., Chattanooga, Tenn., sole proprietors. It is sold by druggists everywhere.

HE IS A FAMOUS PRISONER.

Commander of German Raider Is Sent to England for Repatriation.

Sydney, Australia, June 6.—Count Felix Von Luckner, commander of the German raider Seeadler, which sank 25 merchant vessels in the South Atlantic in 1917, has been sent back to England to be repatriated to Germany. On the same vessel also were sent Lieut. Kirchless, Von Luckner's second in command on the Seeadler, and others of that raider's crew.

Dr. E. Schultz, who was governor of German Samoa when it was captured by New Zealand troops, also has been sent from Sydney to be repatriated, together with Dr. G. Sessions, formerly agricultural director in German Samoa.

Von Luckner has had a romantic career. Before the war he deserted from a Russian vessel on which he had run away to sea. Then he worked in a South Australian hotel and later was a newspaper vendor in Melbourne.

Having raided merchantmen in the Seeadler, he was captured in the Fiji Islands, and while in internment at Auckland, New Zealand, escaped, captured a lumber coaster and headed for the Kermadec Islands, but their vessel was overtaken and recaptured by an armed New Zealand vessel. Since then Von Luckner has been kept in confinement at Wellington, New Zealand.

"THE AMERICAN GIRL"

A Great Book by a Great Woman on a Great Subject.

"The American Girl and Her Community," by Margaret Slattery. (The Pilgrim Press, 14 Beacon street, Boston. Copyright, 1918. Price \$1.25.)

In this charming book of 165 pages the gifted and loving author appeals to the community to do its share in meeting the vital needs of the American girl. It is a work for every one who is interested in making the American girl a finer woman and the community a better place in which to live.

"The next generation will need, more than any other for centuries has needed, strong, earnest Christian womanhood. On a thousand hills, hidden in countless valleys, on the edges of the great forests, and on wide prairies, that womanhood is now being marred or made—it is for the thinking American man and woman to decide which."

Some of the chapter headings are as follows:

1. The American Girl—All the daughters of all the people.
2. Her Community—Home, church and town. What must they do for her?
3. The Rural Girl—Her Life need not be starved and lonely. Transforming agencies.
4. The Suburban Girl. The Commuter and her community: Waste vs. conservation of womanhood.
5. The City Girl. Ideals for industrial life; the power of public sentiment.
6. The Business Girl—Her strength and weakness and her needs.
7. The School Girl—Her privileges and her needs; inspiration, leadership and direction.
8. The Girl at Home. She must find a work worth while.
9. The Community—Debtor and Creditor—Including what some real girls say about it.
10. The New American Girl. She has a new vision of service, and the community dare not fail her.

Read this book; think about and talk about it; put it in your school and Sunday school libraries. It can not fail to interest, enlighten and uplift.

Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes:
"From the time I entered into womanhood . . . I looked with dread from one month to the next. I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. . . Nothing seemed to help me until, one day, . . . I decided to

TAKE CARDUI

The Woman's Tonic

"I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have not a pain. . . . It has now been two years since I took Cardui, and I am still in good health. . . . I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."

If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.

Where Can I Find Relief From Itching, Terrifying Eczema?
Question on Lips Afflicted.
There is a harrassing discomfort caused by Eczema that almost becomes a torture. The itching is almost unbearable, and the skin seems on fire with the burning irritation. A cure from local applications of salves and ointments is impossible, because such treatment can only allay the pain temporarily. The disease can only be reached by going deep down to its source, which is in the blood, the disease being caused by an infection which breaks out through the skin. That is why the most satisfactory treatment for all so-called skin diseases is S. S. S., for this remedy so thoroughly cleanses the blood that no impurities can remain. Get a bottle today, and you will see results from the right treatment. Medical advice free. Address Medical Director, 48 Swift Bldg., Atlanta, Ga.
