THAT

"JAYNES CUTS THE PRICE  
and SELLS THE GOODS."

"We don't want any one to be saying, 'Why didn't you let us know that other people are saving money by trading with you?'"  
Well, they do—and you can also. A few cents saved on all your purchases will amount to several dollars in a year's time.

REMEMBER

"Jaynes Cuts the Prices and Sells  
the Goods."

—There was a very narrow escape from a serious accident at the corner of Main and Tugalo streets last Monday afternoon, when two Fords met at the corner. One of the cars belonged to Geo. L. Wilson and was just preparing to leave for Westminster, when a car driven by Mr. Edwards, of Seneca, appeared on the scene. There was a crash, a smash and the hearts of two Fords beat as one and the hearts of the drivers and occupants of the cars were barely prevented from escaping from the owners. A by-stander asserts that he saw the hearts in the mouths of the ones in the crash. Mr. Edwards said that he was at fault in the unfortunate mix-up and authorized the bill for repairs to be sent to him. Fortunately no one was hurt in the least.

—The many friends of Rev. T. M. Stribling, of Jefferson, Ga., are glad to welcome him back on a visit to Oconee. Rev. Mr. Stribling has been in the county among relatives for some days and will return to his Georgia home the latter part of this week. He was among his Walhalla

—Mr. and Mrs. J. W. Foster and three children, of Manchester, Ala., are visiting the former's mother, Mrs. Edmund Foster, of Richland, and among other relatives in the county for two weeks. Mr. Foster and his family came to South Carolina in their car, enjoying a most pleasant trip of two days, the distance being something more than 400 miles. Mr. Foster paid close attention to crops as he passed through the country, and he says the best crops on the entire route are to be found in Oconee county. There are, he said, some fairly good crops on the Georgia side along his route, but they do not compare at all favorably with the crops he observed after getting on the South Carolina side. Mr. and Mrs. Foster have visited in Oconee on other occasions and have a host of friends who are glad to welcome

them. Mr. Foster is a native of this county, but has resided in Alabama for fourteen or fifteen years.

—Misses Lula and Rosa Mae Busch, accompanied by their friend, Miss Gilder, of Birmingham, leave to-day for a ten days' stay at the Smith House, Highlands.

—Teay B. Hutchison suffered very painful injury last Thursday evening when the wheel of an automobile from which he had just alighted ran over his right foot, breaking the arch and leaving him unable to walk. He has not been able to be out since the accident, though the injury is not considered at all serious. However, it is very painful and inconvenient. Mr. Hutchison, after alighting from the auto, stood close to the machine in conversation, expecting his friend, Frank Craig, who was driving, to back the car before turning. Instead of this, however, the turn was made without backing, and Mr. Hutchison's foot was in the direct tracking of the wheel. We hope that Mr. Hutchison will soon be able to be out.

## Wins in Clemson College Demonstration.

At the Clemson College demonstration the Fordson Tractor won honors over every other tractor shown. In the two-hour test the Fordson plowed approximately 12 1/2 per cent more land, with 30 per cent less fuel than any other tractor. This demonstration convinces us that the Fordson is the farm power in the world to-day.

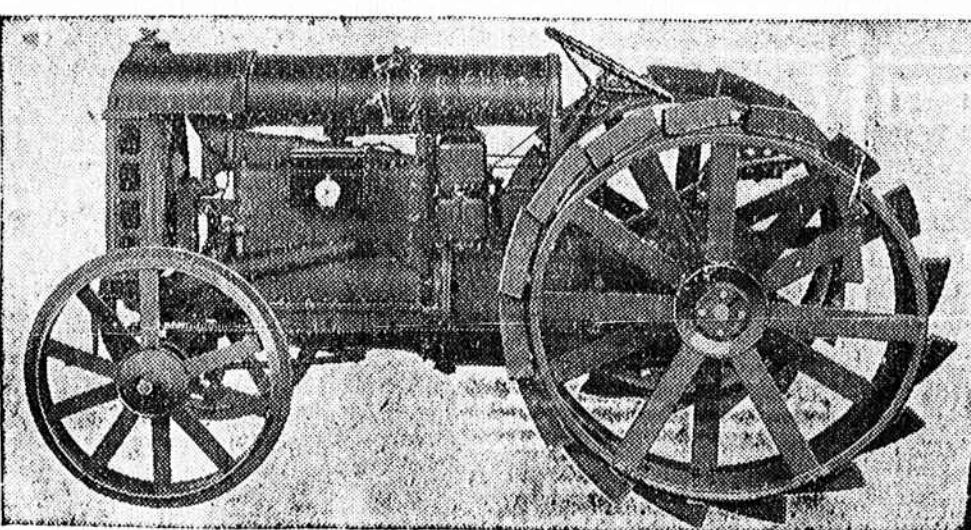

Fordson Tractors do not lie down and die; you do not have to carry insurance, and they burn kerosene, which is much cheaper than gasoline.

Those who are going to need tractors are advised to buy them now; because to wait may mean that you cannot get one this year.

We have a few Tractors on hand, and we can make immediate delivery.

The price of this Tractor is only

\$750, f. o. b. factory.
