WALHALLA, S. C.

WEDNESDAY, DEC. 17, 1919

HELD ANOTHER GOOD MEETING.

West Union, S. C., Dec. 8, 1919. Editor Keowee Courier: The other day while at your office

I asked you if you had been notified to be present at a meeting to be held at the Cheohee Baptist church, Westminster, of the same nature of the meetings held at Richland and Pleasant Hill churches (colored) and you informed me that your had notice of the meeting.

We held the meeting, after wait ing more than a half hour for you and Squire R. T. Jaynes to come and speak to us as you did at the other points; but our looking and longing was in vain. However, we had four white men with us. Hon. E. E. Verner was there and made a powerful speech. Just before he spoke two colored men spoke-J. W. Skelton and Rev. T. A. Gideon—and then came Mr. Verner.

What Mr. Verner said to the colored people of Westminster ought to help us along all lines. He said we as a race had some good traits and some bad ones. He said if we would keep or obey the laws—the laws of the State, the moral and the Spiritual laws—there would be no mistake and conditions would be better, and the man that does the right thing can always get along in this country. He gave it to us abount breaking the Sabbath day. He said he kept that day holy and said we ought to do the same. He also said that drinking liquor and carrying pistols and telling lies was against us, or any other race of peo-He said that fraud and crimes of no kind should be concealed by any one, white or black.

Well, Mr. Editor, I feel that in this reconstruction time, if all the people would do right all of us could sleep good at night. am real sorry you all did not

get to this meeting. Respectfully,

J. S. Steward, Pastor.

The editor of The Courier regrets inability to attend the meeting at Cheohee church. While we had information that the meeting was to be held, still we had no direct invitation as for the meetings we have attended. But that matters not. If Mr. Verner gave the people at Cheohee a speech similar to the one he delivered at Pleasant Hill, he really left nothing for others to say. When one takes in, thinks of and acts on that talk of E. E. Verner's, he has food for thought and a basis for living for a long time to come We hope there will be other meet-We hope we may be able to attend others.

Mrs. T. A. Spencer Dead.

(Tugaloo Tribune, 9th.)

Mrs. Caroline Spencer, wife of Thos. A. Spencer, died at their home in Madison last Friday morning, December 5th, at an advanced age. Mrs. Spencer had been in delicate health many years. Her maiden name was Duke, and she was a sister of the late Frank and Warren Duke, who were well known in this section. Mrs. Spencer was a most estimable lady, kind-hearted and true, as she was a good friend to all.

She leaves beside her husband, dren. Lewis Spencer, the second son, lives at Westminster, and Henry, the youngest son, has been in the West several years.

Mrs. Spencer had been a consistent member of the Chauga Baptist church many years, and her body was buried there Saturday if the presence of a large number of sorrowing friends. Services were conducted by Rev. J. A. Martin.

The family have the sympathy of

a wide circle of friends in their sore

bereavement. Mrs. Spencer was in the 76th year of her age. She was a daughter of the late James Duke.

COAL SITUATION IS CLEARED. Miners Agree Finally to President Wilson's Plan.

Indianapolis, Ind., Dec. 10.—The coal miners' strike is ended. With but one dissenting vote, the general committee of the United Mine Workers of America, in session here this afternoon, voted to accept President Wilson's proposal for immediate rework pending final settlement of their wage controversy with operators by a commission to be appointed by him.

Return to Work at Once. Telegrams were sent out to-night to the four thousand locals of the union by international officials of the mine workers instructing the men to return to work immediately. Full instructions with regard to the agreement will be sent out to-morrow morning.

Predict Full Operation. Operators to-night predicted full esumption of operations Friday and shipment of coal from the mines beginning Monday morning. Miners, operators and government officials alike were highly gratified over the settlement to-night and all sides appeared confident of a final satisfac-tory settlement of the fight by the

Widespread Suffering.
The action to-day ends a tie-up of the coal industry of more than five weeks duration and one which was more far-reaching in its effects than any other in the history of the country. As a result of the strike the country was fast approaching a complete shutdown of industry and widespread suffering among its 100,-000,000 inhabitants.

Conservatives Win Out.
The decision of the miners came fter many hours of debate in which the radical element in the general committee made incendiary speeches against operators and others interested in settlement of the strike and for a time threatened to defeat efforts to settle the strike at this The conservative element, led by Acting President John L lewis and Secretary-Treasurer William Green, gained control of the situation this morning and succeeded in putting down practically all opposition by the time the question came to a vote.

Radicals Gain Point. One concession was made to the radicals. The convention agreed to the calling of a general convention of the miners at a future date, at which time the action of and reasons for the general committee will be fully explained. The opponents of acceptance of President Wilson's plan made their fight principally on the theory that only a general convention of the mine workers had power to call off the strike.

Members of the general committee to-night steadfastly refused to make public the name of the delegate who cast the one dissenting vote. Palmer Commends Lewis.

Mr. Palmer's first statement pressed his gratification at the decision of the united mine workers and commended Mr. Lewis and Mr. Green for "their wise and patriotic

A supplemental statement issued this evening follows:

Operators Accept. "The miners at their meeting this afternoon accepted the President's proposal exactly as written, and I understand the operators' committee have announced their acceptance of it. It provides for the immediate general resumption of operations in all districts upon the basis which obtained October 31, 1919, except as to wages, which are to be 14 per cent higher than at that date. This means that the men shall be taken back to work in all mines in the positions and upon the terms of their contracts of employment then existfour sons and three daughters, as ing; and it is confidently expected follows: Robert, Lewis, Ervine and that the mine owners will accede Henry Spencer, Miss Belle Spencer, to the government's earnest request to the government's earnest request that the status quo of October 31 be L. Jones; also, several grandchil-promptly re-established in order that promptly re-established in order that peaceful relations between employer and employees in all parts of the mining fields may be immediately resumed. I am asking the Governors of all coal mining States to co-operate in the effort to bring this about."

Statement by Owners. Expressing gratification that the strike was ended, a statement was given out here to-night by local operators with the announcement that it had been obtained by long distance telephone from the executive committee of the National Bi-tuminous Coal Operators' Association in Washington. The statement follows:

"We are pleased that the miners have voted to return to work and that the public can be promptly supplied with coal. Realizing the imperative public need of coal in large quantitles, the operators stand ready now, as in the past, to bend all their energies toward a maximum production, beginning at once."

Statement by Miners. Two statements were given out by international officials of the miners, one of them having been prepared during the meeting this afternoon to announce the decision. The other statement was dictated to newspaper men by Acting President Lewis.

Mr. Lewis' statement declared that the action of the general committee was taken with consciousness of the responsibilities of the miners to the nation during "this acute industrial crisis and firm in the conviction that the word of the President of the United States will secure for the miners just consideration of their merited claims." stated that the international convention of the miners would be reconvened in Indianapolis and a supplemental explanation given the delegates from all of the four thouand locals

Believe in Democracy. Mr. Lewis declared that the action taken to-day "should demonstrate to the people of our country that the United Mine Workers of America are loyal to our country and believe in the perpetuity of our democratic institutions. No greater demonstration of such facts could be given than our action in accepting the pro-

posal of the President of the United

The statement given out at adjournment of the conference an-nounced the decision reached and stated that it was based on the definite and concrete provisions in the President's plan. It brought out that the commission to be appointed to fix upon a just wage scale and prices for coal will have power to settle internal questions peculiar to each district and declared this feature "of very great importance to the mine workers." It was explained that differentials in wages in some districts has been a subject of controversy for many years. The statement also brings out that "neither the operators nor the miners will be allowed to change nor the the basis and no discrimination by the coal operators will be permitted.'
