

JOHN A. CALLAHAM DEAD.

Was Well Known and Prominent Citizen of Lower Section of County.

John Andrew Callaham, well known to citizens of every section of Oconee, and esteemed highly wherever he was known, died last Wednesday morning at the Anderson Hospital. Mr. Callaham had been seriously ill for the past five weeks, during which time he had undergone two operations in the hope of securing relief from a serious stomach trouble that had grown into a condition so severe as to render medical treatment beyond hope, and even the surgeon's knife was unable to give the relief that was hoped for.

Mr. Callaham was born in Abbeville county on the 18th of June, 1858, and he resided in his native county until some eighteen or twenty years ago, when he moved to Oconee and engaged in farming and mercantile business. He was married in Anderson county, to Miss Emma A. Kay, and she, with a number of children, survives him. The children are Clarence E. Callaham, Seneca; Connie A. Callaham, Westminster; Claud F. L. Callaham, Fair Play; Crayton W. Callaham, Anderson; Mrs. Lola E. Boggs, Seneca; Crawford L. Callaham, Seneca; Miss Lula I. Callaham, Atlanta, Ga.; Mrs. Ruby A. Williams, Carl P. Callaham, Misses Lizzie L. and Emma L. Callaham, of Oconee; Mrs. Fannie Young, Lavonia, Ga.; Mrs. Cassie Young, Honea Path; Mrs. Lula Doll, Beiton; Willis P. Callaham, Honea Path, and E. P. Callaham, Westminster.

Mr. Callaham was an honest and upright citizen, respected wherever he was known, and he was a devout Christian and a consistent member of the Baptist church, of which he had been a member for many years, and an officer and faithful worker in the Sunday school.

As a citizen he was recognized as one of the best men of our county—staunch and true in every sphere of activity. He was honest and honorable in all his dealings, and in his passing Oconee has lost one of her citizens of untarnished reputation.

The bereaved ones have the sympathy of many friends in their sorrow.

On Thursday morning last funeral services were conducted by Rev. L. M. Lyda, the interment following immediately after the funeral service at the church. Mr. Callaham was one of the most prominent members of the Woodmen of the World, and the final rites at the grave were conducted by his brethren of that order.

Rate Increase in Prospect.

Chicago, April 8.—The duty of the Interstate Commerce Commission heretofore has been to help the public, but now it must help the railroads, probably to the extent of a 25 per cent increase in freight rates, it was declared Wednesday by Judge Prouty, head of the commission's valuation committee, in an address at a luncheon attended by 25 railroad presidents.

"The commission has taken a new attitude under the new interstate commerce commission law," he said. "Valuation proceedings affecting the railroads are under way, and the commission will see that the roads get a fair return on their valuations. This is their only hope. An increase of probably 25 per cent in freight rates is necessary."

Two Killed, Seven Hurt.

Ponca City, Okla., April 8.—Two persons were killed and seven were injured, three seriously, as a result of an explosion which wrecked a cafe and rooming house here early to-day, damaged an adjoining building and shattered a number of windows in the vicinity.

C. W. Milner and Miss Viola Ammon, employees of the cafe, were killed. All of the injured are expected to recover.

The explosion, which occurred in the kitchen of the cafe, is believed to have been due to the ignition of escaping gas.

\$40,000 Fire at Timmons ville.

Timmons ville, April 8.—Fire discovered here at 11 o'clock last night threatened the business section of the town and was only subdued after assistance had been furnished by the fire department of Florence. No estimate of the damage done by the fire can be made, but it is said that the loss to one of the three buildings damaged will exceed \$40,000.

High Flight Affects Heart.

Detroit, Mich., April 9.—Major R. W. Schroder, United States army aviator at McCook Field, who recently broke the world's altitude record, may never fly again. Col. Bano, commandant at the field, has recommended a physician's examination before he will permit Schroder to fly. It is believed that he is suffering from acute heart trouble as a result of his record flight.

GREENVILLE VS. SPARTANBURG.

Census Figures Favor Former City by About Five Hundred.

Washington, April 7.—Among the lists of population figures given to the public to-day were those of two rival South Carolina cities—Greenville and Spartanburg. The figures show as follows:

Greenville, 23,127; increase of 7,386, or 46.9 per cent.

Spartanburg, 22,638; increase of 5,121, or 29.2 per cent.

Calomel—Ugh! Horrible! (Greenville Piedmont.)

"How are they taking the census figures over there?" asked a citizen of Greenville of a Spartanburg friend over the wires.

"Mostly like calomel," replied the Coal Chuter.

LUTHERANS TO AID REFUGEES.

Grand Duchess Olga Cables Lutheran Council for Aid.

Grand Duchess Olga Alexandria, sister of the former Czar of Russia, has cabled the National Lutheran Council for aid for the refugee Russians in Siberia. The cablegram comes from Belgrade, where the grand duchess is in exile at present. The cablegram reads:

"Having met Prof. Morehead and heard from him of the relief work his commission has done and is doing in various countries of Europe, I can only hope that this good work can be extended to Russia refugees in Siberia and elsewhere. I also express, with all my heart, my hope that, after these trying years, the Christians of America may, at the earliest practicable moment, come to the aid of my suffering countrymen in Russia?"

With the cablegram from the former Czar's sister comes a cabled report from Dr. J. A. Morehead on conditions and needs in southeastern Europe. The report says that the need of relief and church reconstruction in the Balkans is enormous. All social life is disorganized; the political conditions are uncertain; church life has come to a practical standstill. In many cases the church has to be rebuilt from the very beginning, as whole villages have been disintegrated and scattered.

Dr. Morehead has just completed a visit to Hungary, Roumania and Jugoslavia, entering Transylvania, Bessarabia and the Bukovina. He reports that the Lutheran population in Roumania exceeds 400,000, and that the Lutheran population of Jugoslavia approximates the same figures. In Transylvania, he says, the persecution of the Lutherans by the Roumanians has been severe. The churches have been occupied by the Roumanian troops, and church services have been stopped. In places pastors have been forbidden to pray the Lord's Prayer because the Roumanian military held that the petition, "Thy kingdom come," was political propaganda. Many of the people have been deported and are now crowding the capital of Hungary, Budapest, and the surrounding villages.

Dr. Morehead requests that the budget provisions in the coming Lutheran World service campaign for these countries be doubled. Especially does he emphasize the need for greater help in Russia. Of Russia he says that the church is completely disorganized; that there is poverty of the most essential institutions and that only immediate help and the most effective counsel and sympathy will bring results.

A Great Financial Disaster.

(Houston Post.)
New Reporter: "What was the worst financial panic you ever went through, Mr. Moneybags?"

Mr. Moneybags: "Let me see. Coming home one night in the street car somebody dropped a nickel and seven women claimed it."

30x3 1/2 Goodyear Single-Cure Fabric, Anti-Skid Tread..... \$21.50

Such extraordinary competence and carefulness as are characteristic of all Goodyear manufacture likewise characterize Goodyear's building of tires for the smaller cars.

Only very unusual experience and endeavor make possible the high relative value built into the 30x3-, 30x3 1/2-, and 31x4-inch Goodyear Tires in our Plant No. 2, the world's largest factory devoted to these sizes.

In addition to the larger sizes Goodyear builds, a daily production averaging 20,000 tires of these smaller sizes alone makes them easily available, regardless of the big demand, to owners of Ford, Chevrolet, Dort, Maxwell, and other cars taking these sizes.

If you are one of these owners, go to the nearest Goodyear Service Station Dealer for these tires, and for Goodyear Heavy Tourist Tubes. He carries a stock.

"Supervisors Vs. Lawyers."

(Unavoidably omitted last week.)

The Courier has received a brief bit of verse, under the above caption, with the request that we publish it. We comply with the request, though not as an indication that poetic effusions or letters on the subject will be published indefinitely. As a matter of fact, we feel that the fun-making has gone about far enough. The verses follow:

Fellow-citizens and all, listen and hear
What I feel my duty to say, regardless of fear;
I say this principally to Harry, the lawyer
Who almost reminds me of old "Tom Sawyer."

Harry wrote a piece the other day,
The Keowee Courier printed it without delay:

It was a piece, criticising in nature,
Almost as bad as Billy Fennell's to the Legislature:

Though Harry's piece told of the condition of roads,
And how bad they were for horses with heavy loads,
And how the chain gang, chained to the branch,
Kept poor convicts herded like cows on a ranch.

This piece Harry wrote, then signed "American Legion,"
And of course it was read in every region.

It was considered rather witty, and hit so well
That Harry, the lawyer, began to swell.

At last he decided to write a rhyme:
He did, but I'll bet it took him a time.

He said in his apologetic rhyme,
(Speaking of the chain gang piece,)
"I only meant a little fun,"
And to himself I'll bet he has said,
"It caused a little—a little ton."

But Supervisor Foster didn't like it a bit;
In fact, his friends feared he would have a fit.

Now, Harry has promised to come back some time;
If he does, we hope he will not ride his witty rhyme;

Indeed, Harry, everybody thinks you've said enough, plus more,
Then for the land's sake stop, ere your pen falls to the floor!

Fellow-citizens and all, I can't find more words that'll tally,
So I'll sign my name and close. Yours truly,
Herman Alley.

THE DAUGHTERS OF WINTHROP

Were Organized Last Week—Mrs. J. C. Neville Heads Local Body.

On the afternoon of Monday, April 5th, a number of "Winthrop Daughters," chief of whom was Miss Leila A. Russell, met at the home of Mrs. J. C. Neville for the purpose of organizing the Walhalla Chapter of Winthrop Daughters.

Miss Russell in a very pleasing manner brought before the minds of those present some interesting facts about Winthrop College. This State institution, which was started in Columbia in 1886 with a very small student body, has grown continually under the leadership of its president, Dr. D. B. Johnson (known familiarly to the girls as "Debe"), and is now by far the largest college for girls in the State. Every county in the State has sent numbers of girls to this wonderful institution, and these girls as true daughters of Winthrop, have gone out into the world with Winthrop's motto, "Service," instilled into their minds and hearts.

It is interesting to know that Winthrop is represented on every continent in the world except Australia. The great band of Winthrop Daughters, which almost reaches the 6,000 mark, has followed, individually, many different lines of work. There are hundreds of Winthrop Daughters who are teachers; many have married and now have homes of their own; some are doing government work in Washington; a large number are engaged in social service and Y. W. C. A. work; some are home demonstration agents, some missionaries in foreign countries, some stenographers, some private secretaries, and some yeomen in the navy!

The Winthrop Daughters of Walhalla hope, through the organization of the chapter, to keep in closer touch with the activities of Winthrop and Winthrop Daughters. The chapter also hopes to take up some work which will be of benefit to Walhalla directly.

There are altogether about 25 Walhalla Winthrop Daughters, but for various reasons a good many were absent from the meeting. Those present were: Mrs. J. C. Neville, Mrs. Joel Brown, Misses Lola Kaufmann, Lucille White, Emmie Ansel, Ethel Counts, Idaho Pitchford, Frances Earle, Tabitha Stribling. The officers for the coming year were elected as follows: Mrs. J. C. Neville, president; Miss Lola Kaufmann, vice president; Miss Tabitha Stribling, secretary; Miss Frances Earle, treasurer; Miss Lucille White, gleaner. The president appointed two committees, one to make suggestions as to the program of work to be carried out, and the other to arrange for a presentation, in the near future, of the

motion picture, "Winthrop Day by Day."

The chapter will meet on the second Tuesday of every month. Miss Emmie Ansel will be hostess at the next meeting, in May.

After the conclusion of business a delicious salad course, with tea, was served by the hostess, Mrs. Neville.

Mrs. Alice L. Yocum, of Cedar Rapids, Iowa, holds the record of being married and divorced thirteen times.

YOUR LIVER SUGGESTS

if your liver works all right, the rest of your inside works are apt to be all right—otherwise not so.

Then look after your liver, see that it runs "smooth and steady"; that it doesn't get clogged up or skip a cog and throw the whole machinery out of gear.
