

No sir-ee, bob!

No premiums with Camels—all quality!

CAMELS quality plus Camels expert blend of choice Turkish and choice Domestic tobaccos pass out the most wonderful cigarette smoke you ever drew into your mouth!

And, the way to prove that statement is to compare Camels puff-by-puff with any cigarette in the world!

Camels have a mild mellowness that is as new to you as it is delightful. Yet, that desirable "body" is all there! They are always refreshing—they never tire your taste.

Camels leave no unpleasant cigarettey aftertaste nor unpleasant cigarettey odor! Your say-so about Camels will be:

"My, but that's a great cigarette".

Camels are sold everywhere in scientifically sealed packages of 20 cigarettes; or ten packages (200 cigarettes) in a glassine-paper-covered carton. We strongly recommend this carton for the home or office supply or when you travel.

OVERALL CLUB FOR COLUMBIA.

Women Join Also in Pledge to Wear Cheaper Clothing.

Columbia, April 14.—An overall club was launched in Columbia today. A dozen prominent citizens signed a call for a mass meeting Friday night, at which time the organization will be perfected. Among those signing the call are Senator Christie Benet, Gen. W. H. Jones, A. W. Jones, W. G. Query and John I. Rice, of the State Tax Commission; State Treasurer Carter and former Attorney General J. Frazer Lyon and T. H. Peoples. Some of the members of the club have already purchased their overalls.

An overall club was organized at the University of South Carolina this morning, and students who refuse to wear overalls will be taboed. Originated at Tampa.

Atlanta, Ga., April 14.—The overall club movement, which originated in Tampa, Fla., and is spreading to the northward through Dixie, has hit Atlanta and surrounding towns. A call was issued to-day for a mass-meeting next Sunday afternoon at the Baptist tabernacle, when a central organization will be formed.

In addition to the overall club for men, it is planned by Rev. John W. Ham, pastor of the "Tabernacle," and John A. Manget, fair price commissioner for Georgia, who are co-operating in arranging for the mass-meeting, to form an "economy club" for women and children. The latter will be asked to pledge themselves to "use cheaper materials in their clothing and cheaper food products in running their homes."

Rev. J. S. Hillhouse Dead. A recent dispatch from Vicksburg, Miss., announces the death of Rev. J. S. Hillhouse, who was a classmate at Princeton University of President Wilson. The deceased was 66 years of age and was a brother of Rev. Jos. Hillhouse, of South Carolina.

WILL ATTEMPT TO SIGNAL MARS

Amherst College Scientist Will Attempt Signalling April 23.

Omaha, Neb., April 14.—The attempt by Prof. David Todd, of Amherst College, to signal Mars from a balloon, will be made April 23, according to an announcement by A. Leo Stevens, balloon expert at Fort Omaha, whose gas bag will be used in the effort. The professor suggested next week because Mars will then be nearest the earth.

In a telegram to Lieut. Col. Jacob Wuest, commander of Fort Omaha, Prof. Todd referred to the apparatus he will use to ascertain whether sound waves or other disturbances are coming from the far away planet and whether they are electrical or otherwise.

The tests will be made with a recorder that he has worked on for several years. The device carries records sensitive to all atmospheric waves, and which will hold impressions made in such form that they may be studied when the balloon has returned to the earth.

To ascertain the chemical composition of the air at each altitude small vacuum containers will be carried. These will be opened at various altitudes and the air collected. It will be subjected to an analysis after the balloon has descended.

Dust particles in the atmosphere will be examined by means of apparatus furnished by Prof. R. W. Wood, of Johns-Hopkins University.

Experts from the Rockefeller Institute are preparing methods for studying the pathological and physiological properties held in the upper air. The bearing of pressure changes on cures of various diseases, they said, will be of especial interest.

It is hoped by studying the upper air strata to get new facts bearing on the origin of hot and cold waves, typhoons, cyclones and tornadoes. Pilot Stevens expects to reach a height of 50,000 feet.

For the first time in the history of France, women will be allowed to compete in the highest French examinations on philosophy and physiology.

MANGET "THERE WITH GOODS."

Will Supply Carload of Overalls to Georgia People at Cost.

(Atlanta Georgian, 16th.)

A carload of 4,000 pairs of overalls has been ordered by John A. Manget, State fair price commissioner, for members of overall clubs being organized in Atlanta to fight the high cost of clothing. The overalls are expected soon and will be placed on sale immediately at cost.

The novel idea of wearing overalls at work and on all other occasions desired is spreading rapidly, according to Mr. Manget, who said Wednesday morning that he has received messages from large local establishments stating that 100 per cent of the office forces have agreed to wear overalls until the price of clothing comes down.

Mr. Manget is co-operating with Rev. J. W. Ham, of the Baptist Tabernacle, and it is expected that there will be at least 12,000 people present at the great Tabernacle mass meeting Sunday. "We expect to convert at least 5,000 persons to wearing overalls," said the Doctor. There will be men there from all classes. The professions and the workmen—all—are invited to attend in overalls. The pastor, in all likelihood, will be wearing them.

Mr. Manget said that two preachers have agreed to conduct their services in overalls next Sunday, and that he expects to enlist all in the movement.

Chester Gains Slightly.

Washington, D. C., April 14.—Among the population figures given to the public to-day were those for Aiken, S. C., which city is shown to have made a slight gain in population. The record shows: Aiken, S. C.—Population 4,103; increase 192, or 4.9 per cent.

Here's a Good Bill.

Washington, D. C., April 15.—The Betts bill, making it a misdemeanor for any one to willfully furnish false information to a newspaper, passed the Assembly this afternoon, 102 to 16 votes.

TAKE ACTION IN LAURENS CASE.

Solicitor Blackwell Confers With the Governor in Matter

Columbia, April 15.—Homer S. Blackwell, of Laurens, Solicitor of the Eighth Judicial Circuit, and Sheriff S. C. Keld, of Laurens county, came to Columbia yesterday for a conference with Governor Cooper relative to the recent killing of Joe Stewart, a negro, who was removed from the Laurens jail and hanged to a bridge. Governor Cooper was in New York at the time the crime was committed, but has been in constant communication with Solicitor Blackwell, who has been busy with the Gossett case for the last two weeks. This case was concluded last Saturday, and Mr. Blackwell hurried to Columbia yesterday for a conference. In that the Laurens killing was committed at the time the Gossett trial was practically under way, the work of forgetting out testimony which might lead to arrests in the Laurens case was somewhat retarded, but after the conference with the Laurens men yesterday Governor Cooper said that he was confident that a thorough investigation will be made and the case rigorously prosecuted. He believes that the Laurens officials will have the active co-operation of the citizens of Laurens county.

"After conferring with Solicitor Blackwell and Sheriff Reid I am satisfied that the case will be thoroughly investigated and vigorously prosecuted," he said. "I know the Solicitor will discharge his duty fearlessly. The sheriff assures me that he has been continuously at work gathering testimony and will continue to do so until the guilty parties are brought before the courts. I know the people of Laurens county, and I am sure the officers of the law will have the active assistance of all good citizens to the end that justice may be done and the majesty of the law vindicated."

PERSHING WILLING TO SERVE, BUT IS NOT A CANDIDATE SEEKING THE PRESIDENTIAL NOMINATION.

Washington, April 15.—While Gen. John J. Pershing is not seeking a Presidential nomination, he told fellow-Nebraskans here to-night at a reception in his honor by the local Nebraska Society that "no patriotic American could refuse to serve if called upon by the people."

The statement followed references by other speakers to a movement in Nebraska to name Gen. Pershing as the "favorite son" candidate from that State for the Republican nomination.

"It seems fitting that I should say to you, my friends," Gen. Pershing said, "that my whole life has been devoted to the service of our country, and while in no sense seeking it, I feel that no patriotic American could decline to serve in that high position if called upon to do so by the people."

You Do More Work.

You are more ambitious and you get more enjoyment out of everything when your blood is in good condition. Impurities in the blood have a very depressing effect on the system, causing weakness, laziness, nervousness and sickness.

GROVE'S TASTELESS CHILL TONIC restores Energy and Vitality by Purifying and Enriching the Blood. When you feel its strengthening, invigorating effect, see how it brings color to the cheeks and how it improves the appetite, you will then appreciate its true tonic value.

GROVE'S TASTELESS CHILL TONIC is not a patent medicine, it is simply IRON and QUININE suspended in Syrup. So pleasant even children like it. The blood needs Quinine to Purify it and IRON to Enrich it. These reliable tonic properties never fail to drive out impurities in the blood.

The Strength-Creating Power of GROVE'S TASTELESS CHILL TONIC has made it the favorite tonic in thousands of homes. More than thirty-five years ago, folks would ride a long distance to get GROVE'S TASTELESS CHILL TONIC when a member of their family had Malaria or needed a body-building, strength-giving tonic. The formula is just the same today, and you can get it from any drug store. 60c per bottle.

Little Girl Tries to Drown Self.

(Elberton, Ga., Star, 13th.) Miss Lula May Talley, 15 years old, jumped into the mill pond at Beverly Mills Sunday night with the intention of drowning herself. She was in a highly nervous state, resulting, it is said, from attentions her youthful sweetheart was showing to another girl. She was rescued by Mr. Gordon, who was near by. After being carried home and physicians summoned, the girl was in a precarious condition, and still declared it as her intention to drown herself.

Mother! Teach the Children Their Daily Health Duty

You can't be too insistent!

FEW children find pleasure in the things most vital to their physical comfort and health, so it rests with the watchful mother or to see that they are done. The child will be grateful in after years.

Chief among the functions necessary to the upbuilding of the little body, so that it will not be a dyspeptic, constipated body when it matures, is elimination regularly every morning. If the mother or will be insistent and allow nothing to interfere with it, it will soon become a habit, a daily routine that will not be forgotten throughout life.

There are times, however, when nature will not operate unaided. Then give Dr. Caldwell's Syrup Pepsin, which is a combination of simple laxative herbs with pepsin, and the headaches, the biliousness, the torpor will quickly disappear. It acts gently and without griping, and as it contains no narcotics and is pleasant to the taste, it may

be given to infants. Thousands of families have been regulated to healthy maturity with Dr. Caldwell's Syrup Pepsin. A bottle can be bought at any drug store. In a large family there is always someone who would feel better for a dose of a good medicine like Dr. Caldwell's Syrup Pepsin.

In spite of the fact that Dr. Caldwell's Syrup Pepsin is the largest selling liquid laxative in the world, there being over 6 million bottles sold each year, many who need its benefits have not yet used it. If you have not, send your name and address for a free trial bottle to Dr. W. B. Caldwell, 511 Washington Street, Monticello, Illinois.

LARGEST LEPROUS COLONY IN THE World Has Its Clubs, Theatres and Its "Movies."

The largest leper colony in the world is under the American flag.

At Cullion, Philippine Islands, 8,000 of the 2,000,000 lepers on the earth have been quartered since 1906. When the flag was carried to the Philippines leprosy was rampant. Lepers worked in cheese factories, grocery stores and tobacco factories, and as coachmen, school teachers and clerks. Quietly the government opened its colony at Cullion and brought there all the lepers in the territory. An experimental laboratory was set up. Chaulmoogra oil was discovered, and through its use 23 lepers were discharged as cured in 1915.

The lepers at Cullion have their club houses, their open-air theatres, and their motion picture entertainments. Their own brass band of 25 plays a welcome to all visitors, and festivities follow their arrival. Most of the natives till the soil or are otherwise usefully occupied. They live in nipa houses and have their own ice and electric plants.

These are the conditions reported to the headquarters of the Inter-church World Movement by representatives making a study of the leper colony. The study is being conducted to ascertain what the Protestant churches, through the closer cooperation which is the large purpose of the movement, may do to help the lepers. Already the lepers have a Christian Endeavor Society and a

Woman's Society as part of their community life.

They are practically cut off from the world. Their money has been coined for their exclusive use; their mail is handled by a non-leprous employee before it goes aboard the mail steamer; their money-orders are bought from a non-leprous clerk, who carries them outside the colony. But the flag links them with the country which has given them care under the most admirable conditions that have existed for lepers in the history of the world.

Life Was a Misery

Mrs. F. M. Jones, of Palmer, Okla., writes: "From the time I entered into womanhood . . . I looked with dread from one month to the next: I suffered with my back and bearing-down pain, until life to me was a misery. I would think I could not endure the pain any longer, and I gradually got worse. . . Nothing seemed to help me until, one day, . . . I decided to

TAKE CARDUI The Woman's Tonic

"I took four bottles," Mrs. Jones goes on to say, "and was not only greatly relieved, but can truthfully say that I have not a pain. . ."

"It has now been two years since I took Cardui, and I am still in good health. . . I would advise any woman or girl to use Cardui who is a sufferer from any female trouble."

If you suffer pain caused from womanly trouble, or if you feel the need of a good strengthening tonic to build up your run-down system, take the advice of Mrs. Jones. Try Cardui. It helped her. We believe it will help you.
