A Valuable Farm for Sale.

Prosperity is Knocking at Some One's Door! Will You Let Him In?

The above mentioned Farm consists of 53½ Acres of Land, more or less.

Of this there are 45 Acres in a high state of cultivation and 8½ Acres in Timber and Bermuda Pasture.

W. W. Fowler sold twenty bales of cotton off this farm last year for approximately \$4,000. And this is not mentioning corn, peas, grain and roughness.

The cotton alone paid 20 per cent on the investment. If you can put your money out on better and safer interest, do not buy this farm. If you cannot,

you had better investigate, and if you do that you will buy it.

This farm has two good houses, one of which was built in 1918;

One good barn;

Two good Cribbs;

Plenty of Outbuildings;

All in good repair.

Running water on farm; 3 good springs.

Would like to keep place myself, but owing to changes that have taken place in my business, I am wanting to sell.

If you are interested, see or write—
