"COTTON DAY"-SEPTEMBER 20. Governor Cooper Has So Designated it by Proclamation.

Columbia, Sept. 14—Special: Moifday, Sept. 20th, has been set aside as "Cotton Day" in South Carolina, and on that day farmers and business and professional men in every county in South Carolina will meet ut their county seats for the purpose of joining in the South-wide campaign for 40-cent cotton, basis middling, and a prosperous people.

Governor Cooper has issued a proclamation setting aside the day as "Cotton Day" in South Carolina and urging the people of the State to attend the meetings in their respective counties and to take part in them

At each county meeting the following three subjects will constitute the outsta ding features of the program: the county until fair and just prices can be obtained, together with plans for co-operative marketing. 1. Plans for holding the cotton of

2. Plans for fully utilizing ware houses and warehouse facilities of the county and for erecting additional warehouses, with special emphasis in the connection on practical plans for financing the crop.
3. Plans for immediately increas-

ing the acreage in fall-sown small grains, also cover crops, as the one wise and certain plan of effecting a reduction in cotton acreage, pledges to this effect to be taken. A special invitation to the bank-

A special invitation to the bank-ers and business men of the State to attend these meetings has been is-sued by President R. C. Hamer, of the South Carolina division of the American Cotton Association

FOR COTTON WAREHOUSES.

Meetings Will be Held in Oconee to Discuss and Act Upon Plans,

Meetings will be held (weather permitting) to discuss and act upon plans for the building of community cotton warehouses in conformity with the State Warehouse Act, at the following places on the dates as

South Union—Thursday night at 7.30 o'clock, Scht. 16th: Cross Roads—Friday night, 7.30

o'clock, Sept. 17th. Keowee School — Tuesday night, 7.30-o'clock, Sept. 21.

In the opinion of several who attended the meeting of the American Cotton Association in Columbia recently, it is of vital importance that cotton be held off the market until conditions are better. By building warehouses and entering the State system, the lowest rate of insurance is obtained, and also the best security is furnished for obtaining any needed loans.

If you are a farmer you should at tend one of these meetings by all means. Nothing is more vital to your interests. Geo. R. Briggs, County Agent.

#### THANKS TO VOTERS.

Anderson, Sept. 13, 1920.

Editor Keowee Courier: Permit me to express through your columns my profound appreciation for the magnificent vote given me in my race for Solicitor. I wish I could see every voter who favored me with his vote and thank him in person, for I surely appreciate the confidence he thereby placed in me. I am sorry I was not elected, but not disgrun-tled, for it is not my province to criticise the choice of all the people, but rather shall it be my pleasure to support the nominee of the party and render him all the assistance possi-Very truly, LEON L. RICE.

Card of Thanks.

Editor Keowee Courier:
I wish through the columns of

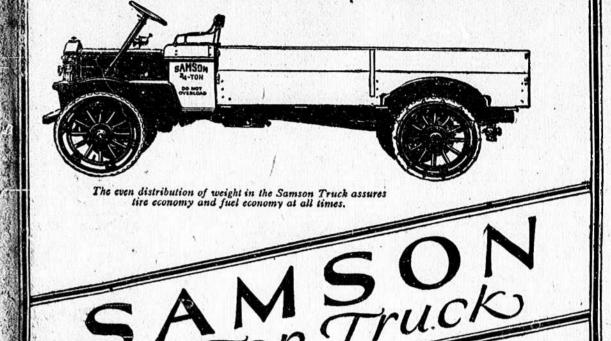

your paper to thank our neighbors and friends for the many tokens of kindness, sympathy and encouragement extended to me during my severe spell of sickness, which extended through four months. I wish to extend to each and every one who visited me and gave me words of encouragement my heartfelt thanks, and I pray God's richest blessings may rest upon each and every one. I am glad to say that I am on the road to recovery, and hope to soon be enjoying my usual health. Mrs. R. E. Lee.

We have just received our first shipments of

#### SAMSON TRUCKS. Both in 1 1-4 and 3-4 ton capacity.

These Trucks are radically different from anything that has ever been offered in this country. They have 33 per cent more loading space than any other truck of the same capacity. When a Samson is loaded to capacity, 45 per cent of the load is on the front wheels. No other truck is so evenly balanced.

Also we have just received one car of Model M 12-25 Samson Tractors. These tractors are as easily handled as an automobile. If you are in any way interested in a Farm Tractor you should see this one. We are pulling a saw mill with a Samson Tractor on our farm one mile out on the Westminster-Walhalla road.

If you are interested in belt power you now have a chance to see what a REAL TRACTOR will do.

1 1-4 Ton Truck, \$1,185.

Model M Tractor, \$1,060. All F. O. B. Factory.
