MAN ESCAPED A YEAR AGO.

Had Earned 73 Days by Good Behavior and Lost These by Escaping.

(Anderson Mail, 22d.)

Frank Gregor, who three years ago was convicted of shooting a conductor on the P. and N. Railway, and given two years on the Anderson county chain gang, is being held at the county jail. It seems that Gregor escaped from the gang about 14 days prior to the date on which he was to be released, and has been a fugitive for nearly one year. According to the authorities, in the first year and a half of his service on the gang, Gregor's behavior was very good, and in accordance with the regulations a man with a record of this kind is supposed to be given credit for this and released earlier than would otherwise be the case. In this instance Gregor only had to serve 14 days, at the expiration of which he would have been released. The penalty for escaping in this case will be 82 days more service on the gang.

Gregor was arrested yesterday in Greenwood and brought directly to Anderson.

Georgia Negress Dies at 121 Years.

Douglas, Ga., Sept. 22.—Having lived for 121 years without acquiring a surname, "Aunt Hester," a negress, believed to be the oldest living person in the United States, is dead near Nichols, in this county.

The aged woman had incontrovertible proof that she was born near Dublin, Ga., in the spring of 1799. She was a grandmother, she said, when the Civil War broke out. So far as she knew, she never had a surname, being always known simply as "Aunt Hester."

CONFEDERATE VETS ARE ASKED

To Take Their Own Covering to Reunion to Be Held at Houston.

As the equipment for the U. C. V. reunion at Houston, Texas, was not to be obtained from the government, the general secretary of the veterans has sent out a letter informing all veterans that they will have to take their own blankets with them to Houston if they wish to take advantage of the free entertainment offer made by the city.

The letter is as follows: "Owing to the fact that we have been unable to get the equipment from the government, we have been compelled to change our plans.

"The reunion committee have purchased 5,000 mattresses at a cost of \$20,000, and will place the veterans in the school houses, as was done at Tulsa. For many reasons this is preferable, especially in case of bad weather. A central mess hall has been established where the veterans will receive meals.

"The failure of the government to supply us with the necessary cots and blankets, as has been the usual custom, and our inability to secure these after repeated efforts, has forced us to ask the veterans who desire to be entertained free by the city, to bring their own blankets. I feel sure that under these circumstances the veterans will not object to this. This plan has been adopted only after we have exhausted every effort to secure the necessary equipment.

"N. B. Forrest, "General Secretary."

FOUNDERSHIPS FOR TAMASSEE

Industrial School—Anderson D. A. R. Women Actively at Work.

(Daily Mail, Sept. 22.)

At the regular meeting of the Andrew Pickens Chapter, D. A. R., held on Monday afternoon, the 20th, the chapter received the very interesting news that sixteen new founderships for the Tamassee Industrial School for mountain children had been secured among the members of the chapter and a few friends in the community. Previously five founderships had been given by the members of the chapter. A foundership consists of a \$100 gift towards an endowment fund for the Tamassee school, and a movement is on foot among the various chapters of South Carolina to get as large a number of founderships as possible for the endowment of the school.

Perhaps one of the most interesting phases of the matter is the fact that the Andrew Pickens Chapter has given its second foundership, given at this time in memory of the graduates of Clemson College who lost their lives in the service during the war. The chapter had already given a foundership in its own name.

This makes a total of 21 founderships which the Andrew Pickens Chapter—rather small in number—is able to report to the State organization, which is fostering the Tamassee school, and the report of Mrs. Bryan to the chapter indicates that several other founderships are to be expected within the next few weeks.

Local Notes from Fair Play.

Fair Play, Sept. 21.—Special: Miss Ethel Counts met with the Home Demonstration Club at the school house last Wednesday, and a very enthusiastic meeting was held. A large number of ladies were present, all eager to do their part to make the second community fair, which is to be held on Oct. 15th, a great success. Mrs. W. C. Mays was elected president of the club and Mrs. L. M. Glymph, treasurer. The president, treasurer, Mrs. J. L. Sheldon, Mrs. L. B. Marett and Mrs. G. L. Harris, were elected as the business committee. Miss Counts will have charge of the program. She requests that all men in the school district who play on stringed instruments will please meet and practice at their earliest convenience, as a prominent feature of the program on fair day will be the music of this band.

The following committee will decorate the stage: Mrs. Ural Mitchell, Misses May Brock, Minnie Patrick, Montez Marett, Gladys Lovingood, Hazel Leathers, Flora Bramlett, May Richardson, Jewel Grubbs and Winnie Wooten.

Errand Committee—Clyde Brock, Willie Glenn, Clyde Durham, Wyatt Glymph, Hubert Royster, Ben Lovingood, Marett Glymph and Jim Bryson.

Miss Julia Davis entertained the young people of the community very pleasantly at her home Saturday evening at a lawn party. Delicious fruit punch was served.

Dr. W. C. Mays attended the annual meeting of the Fourth District Medical Association, which was held at Seneca on Sept. 17.

Miss Gertie Davis left last Wednesday to resume her studies at Anderson College.

Feelings of deepest regret were expressed on all sides last week when it was learned that W. R. Davis had sold his home here and will move in January to his new home, the Meares farm, near Westminster. This splendid family are always for anything that will help the community, and they will be sadly missed in the church, school, social and business life of Fair Play. However, we will gladly welcome the Meares family, whom, we understand, will move to the Davis home.

Mrs. David McClanahan, of Ware Shoals, was the guest of Mrs. M. G. Glymph last week.

Little Miss Montez Marett has been ill with typhoid fever, but is improving.

Mr. and Mrs. T. U. Mitchell are entertaining a new daughter at their home. The little lady has been christened Ruth.

The weather conditions are ideal with us now for the harvesting of hay, fodder and cotton crops, and the farmers are making splendid use of their time.

No Worms in a Healthy Child

All children troubled with worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS chill TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a General Strengthener to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

Many a Pretty Face Spoiled by Pimples

Not only are these pimples and blotches disfiguring, but they lead to serious skin diseases that spread and cause the most discomforting irritation and pain. Sometimes they foretell Eczema, boils, blisters, scaly eruptions and other annoyances that burn like flames of fire, and make you feel that your skin is ablaze. If you are afflicted with this form of skin disease do not expect

to be cured by lotions, ointments, salves and other local remedies, as they can not possibly reach the source of the trouble, which is in the blood. Begin taking S.S.S. today, and write a complete history of your case to our chief medical adviser who will give you special instructions, without charge. Write at once to Medical Director, 162 Swift Laboratory, Atlanta, Ga.

Four Millions in Back Pay.

Washington, Sept. 24.—The sum of \$4,364,661.00, covering back pay for increased wages for the months of May, June and July, has been paid by the Southern Railway system to its employees who were granted increases by the award of the railway labor board, which gave increases to certain classes of railway employees and made the increases applicable from May 1st, although the award was not announced until late in July.

The amount paid out by the Southern for each of the three months was: May, \$1,401,306.58; June, \$1,444,533.74; July, \$1,518,820.68. It is thought that this may be taken as a fair index of the sums that will be added to the Southern's monthly pay-roll as the result of the increased wages made effective by the award of the railway labor board.

Brazil provides for the payment of compensation to workmen killed or injured in the performance of labor.

SHERIFF'S SALE.

On MONDAY, October 4, 1920, between the legal hours of sale, I will sell, to the highest bidder, for cash, in front of the Court House door, in Walhalla, S. C., the following described property, to-wit:

"One five-passenger Ford Touring Car, License No. 27-994, Motor No. 3384618, owner being unknown to me."

Same being seized by Officer B. R. Moss while transporting contraband liquor, near Madison, some time in June of this year.

Any person making claim for this car must do so on or before the day of sale, or will forever thereafter be barred. The owner of same has the legal right to redeem said car by paying the actual marketable value thereof, to the County Treasurer, the value to be determined by the Supervisor and his Board, any time before the day of sale, or be barred.

Said car has been declared forfeited to this county for violation of the prohibition laws of this State.
