LOCAL NEWS OF BOUNTY LAND.

Farmers Making Good Use of Fine Weather Preparing Lands.

Bounty Land, March 7.—Special: The many friends of Miss Julia Davis are glad to welcome her home again after a visit of several months to relatives in Atlanta.

Mrs. Rob Hubbard, Misses Zola Hubbard and Sybil Chamblin and Marion Hubbard motored to Liberty Sunday.

Mr. and Mrs. J. N. McDonald, J. H. Alley and son, Herman, spent Sunday with relatives in Anderson.

The numerous friends of Mrs. J. H. Alley will be delighted to learn of her improvement in health, and hope she will soon be able to return home.

Mr. and Mrs. Jesse Williams last week moved to Newry. Miss Lilla Williams accompanied them to their home for a few days' visit.

Mrs. Ma'tie Rankin Brown, whom we reported quite ill last week, is able to sit up, and her friends are encouraged to believe that she will soon be convalescent.

Charlie Verner was in Greenville the latter part of last week on business, bringing back with him a fine pair of mules, which he purchased while there.

Miss Pauline Davis, of the Newry teaching force, spent the week-end with her parents, Mr. and Mrs. R. M. Davis.

Our Bounty Land teachers, Misses Lalla Ballenger and Sybil Chamblin, attended the Oconee Teachers' Association at Seneca Saturday.

Maxwell Wilkison, of Columbia, and Marion Hughs, of Atlanta, were late guests at the home of Mr. and Mrs. W. H. Hughs. Mr. Wilkison will probably remain some time at Richland.

Miss Winnie Gambrell, of Ebenezer, spent the week-end with her parents, Mr. and Mrs. C. E. Gambrell.

Brown Verner, of Seneca, and Mr. and Mrs. J. B. Shanklin and family, of Anderson, attended services at Richland Sunday.

Mr. and Mrs. W. A. Rankin and

family, of Townville, spent Sunday with Mrs. R. N. Rankin. Miss Eula Rankin accompanied them home.

Misses Leota George and Mary Dickson, of Anderson, were weekend guests of Mrs. W. E. Woolbright. Other late guests at the Woolbright home were Mr. and Mrs. Jake Cromer, of Seneca.

J. P. Stribling was an Oconee representative to the meeting in Columbia last week of the executive committees of the associations of bankers, press, automobile, cotton and the American Products Export and Import Corporation. Mr. Stribling went in the interest of the cotton acreage reduction that is being so strongly endorsed by the American Cotton Association.

There is still a good deal of unpicked cotton in the fields, and it is generally conceded that the farmers have on hand enough cotton to do them another year, but the habit of planting and cultivating the staple has become so fixed that a few patches will be planted, although the acreage will be reduced to a great extent, and quite a lot of cotton will probably remain stored until the next crop is harvested.

Mrs. Henry Duncan of Six-Mile, Pickens county, is spending a week with her father, A. R. Stuart.

Mrs. Arwood Davis, of Seneca, was a recent guest of Mr. and Mrs. Ben Tarrant.

Mr. and Mrs. D. S. Abbott and son, D. S., Jr., of Seneca, visited relatives in the community recently.

Our farmers are making good use of the pretty weather we have been having for the past week. Quite a good deal of land has been turned and some gardening done.

Ebenezer R. S. I. A.

The Ebenezer Rural School Improvement Association will meet on Friday, March 11th, at 3 o'clock. The Ebenezer Washington Literary Society will carry out a short program. The patrons and trustees are urged to be present.

HOME DEMONSTRATION NOTES.

County Superintendent of Education L. C. Speares, Miss Mattie E. Thomas, of the State Department of Education, and the County Home Demonstration Agent held quite a number of meetings last week in the interest of the school building and grounds and the general uplift and betterment of the community.

These clubs were organized at the following schools:

Norton—President, Mrs. Jesse W. Rankin; vice president, Mrs. C. S. Moody; secretary, J. H. M. Whitmire; treasurer, Mr. Evatt.

Salem—President W. D. Nicholson; vice president, R. S. Nichols; secretary, Miss Jessie Barker; treasurer, J. A. Sloan.

Oconee Creek—President, W. M. Murphree; secretary, Mrs. Rogers; treasurer, W. W. West.

Ebenezer—President, Mrs. Acte Wood; vice president, Mrs. H. D. Huskamp; secretary, Miss Annie Cason; treasurer, Miss Bertha Lecroy.

Tokeena—President, Mrs. Lily Burwell; secretary, Miss Singleton; treasurer, Mr. McPhall.

Chattooga—President, Mrs. W. P. Henry; vice president, I. W. Henry; secretary, Bob Hamby; treasurer, Mrs. Mary Mongold.

Cleveland—President, Mrs. J. D. Jones; vice president, B. F. Cleland; secretary, Miss Mary Gaines; treasurer, J. D. Jones.

Tugaloo Academy—President, A. W. Nix; vice president, A. M. Moore; secretary and treasurer, Shirley Hunter.

Other Schools Visited

during the week were Fort George, Keowee, Cross Roads, Earle's Grove and Hopewell. We failed to meet appointments at Fairview and Oak Grove on account of car trouble.

It will be impossible for the Home Demonstration Agent to be present at all of the meetings of the several clubs, but if it is felt that the help of the agent is needed, club officers and members should not hesitate to let their needs and their desires be known. If there are any other communities that would like to have a similar organization, write to the Demonstration Agent about it.

Girls' Clubs

were organized as follows:
Norton—(Sewing)—Ellen Morgan, Ellen Owens, Lizzie and Bessie Whitmire, Belle and Julia Evatt, Myrtle Bottoms, Ollie May Frady, Ruth Whitmire, Neely Chandler, Nan and Tex Gray, Janie Todd, Pearl Turner, Ruby White and Sallie Morgan.

Tokeena—(Garden)—Zenobia and Zonell McPhall, Mary Nell Shirley, Frances Grant, Ruby Holden, Nena May Grant, Kate Cole, Nancy Giles, Bernice Church, Lella and Zelma Grant.

PROCTER COMPANY.

In presenting Mr. Harold Procter, the eminent Irish tenor, and supporting artists, Miss May Rees, violinist, and Miss Fleta Lawrence, pianist, the Redpath Bureau predicts that every community which enjoys an artist trio of extraordinary attainments, acknowledged ability and superior accomplishments, will find this company meeting or surpassing every expectation.

Mr. Harold Procter has sung throughout the British Isles, singing in concert and oratorio under such men as Hans Richter, Gaul and other great English composers and conductors and in company with the leading singers of England. He later traveled throughout the United States in companies headed by Kitty Gordon, Fritz Scheff and Charlotte Greenwood. For two years he was tenor soloist at the

HAROLD PROCTER.

Temple Baptist church, Los Angeles, the largest church west of the Mississippi.

Miss May Rees is of Welsh descent, coming from a noted musical family. She has studied with the masters of both America and Europe.

Miss Fleta Lawrence is well equipped by nature and training for the important place she has in the program of the Procter Company. As an accompanist, she is dominated by that fine spirit of understanding and sympathy so necessary as the background of an artist. As a pianist she displays in her solo numbers a power and technique which insures for her a future of unusual brilliancy.

Use Our Fish Goods This Year.

We are recommending our 10-3-0 and our 10-2-2 Fish Goods this year as being the best goods on the market, beyond the shadow of a doubt.

Use the 10-3-0 Goods on red soil and gray lands with a red clay subsoil. These lands have sufficient potash for a good crop this year. Lands with a yellow clay subsoil have very little potash, and we recommend our 10-2-2 Fish Goods for these soils. A 10 per cent Phosphoric Acid Goods pays better than an 8 per cent Phosphoric Acid Goods in this neck of the woods, where the seasons are short, where the summer is late and the fall is early. This extra two per cent of Phosphoric Acid will make the cotton mature and open earlier.

Mr. R. D. Coker advises farmers not to plant any more cotton than they can gather before bad weather sets in and damages the cotton. He says low-grade cotton does not pay cost

of production, and, more than that, makes good white cotton sell for less than it should. We know of no better authority on matters of this sort than Mr. Coker, and we wish his article could be published all over the cotton belt. We believe it would help wonderfully. A good portion of the cotton belt does not use fertilizer at all, and when that section finds that this and other sections requiring fertilizer are not using it, the farmers there will probably increase their acreage. When you cut out fertilizer you are playing to their hand.

Just remember, you can't get out of the hole by making short crops.

You will not find anything as good as Fish Fertilizer for your cotton and corn. Fish is the best material going into fertilizer, lasts longer in the ground and makes better crops. We have the best Fish Goods made. The prices are right. We have plenty of Kainit and Soda.
