LOCAL MANAGER WANTED.

Unusual Opportunity for Right Man.

A large brokerage firm doing a successful business with well-rated concerns throughout the country, wants a capable man at once to develop and handle their local business.

The opportunity is an unusual one because of the possibilities offered for substantial earnings in a highly respectable business which will steadily increase as it becomes more firmly established locally.

The position requires a man possessing executive and sales ability, with business experience and having commercial banking connections, although no investment is necessary. He may devote only a portion of his time to the business at first if desired, though we prefer a man who is able and willing to give the business his entire time and best efforts.

The local branch should pay from \$25.00 to \$10,000 the first year, according to population and the ability of the manager, as the commodity which we handle is a staple, always in demand, and which our large buying facilities permit us to sell less than average market prices.

Owing to the demand, we must fill this position at once. Send your application to Guarantee Coal Mining Co., 1405 Como Bldg., Chicago, Ill., but do not write unless you can satisfy us as to honesty, reputation and business ability.—adv.-17.

A Special Communication of Blue Ridge Lodge, No. 92, A. F. M., will be held Friday night, April 29th, 1921, at 8.30 o'clock.

But for the prompt action of Dick Biemann and Jack Darby a serious fire might have resulted. —Father A. K. Gwynn, who for many years was pastor of St. Francis Catholic church of Walhalla, has been honored with the office of dean. At a meeting of all the diocesan clergy in Charleston last week Bishop Russell announced the appointment of Very Reverend Thomas J. Hegarty, rector of St. Peter's church, Columbia, to be dean of that vicinity and the appointment of Very Reverend A. K. Gwynn as dean in the Piedmont section. Dean Gwynn is well known locally, having served most of his twenty-five years of priesthood in this section. He collected the funds which made possible the erection of St. Francis church on Mauldin street, which is but one of several churches built by Dean Gwynn in portions of his parish, which was once as large as all of Belgium. The dean has been the recipient of many words and letters of congratulation from his many friends. He will continue to act as rector of St. Mary's parish, Greenville.

—Two prisoners from the Oconee jail, Earle Cheek (alias R. T. Henson) and Waddy Vaughn, made their escape last Friday night during the heavy down-pour of rain, which took place just about midnight. It is evident that they had assistance from the outside of the jail, as there were muddy footprints about the barred windows, on the ground and on the bricks under the window, where parties had evidently climbed up far enough to enable them to pass a steel saw into the cell. This was done, it is supposed, by means of a split stick, which, after having made it possible to push the saw into the cell, fell to the passage-way between the cells and the barred outside windows. The scheme to release the two men was evidently carefully planned and well timed. A large bar of soap was among the things passed inside, this being used to deaden the sound of grating as the bars were sawed. Not an unusual sound was heard in the jail proper, and nothing was known of the escape of the two men until in the morning when the first visit to the prisoners' quarters was made. Earle Cheek was being held in the jail to answer to the charge of stealing an automobile, his case having been put off at the recent term of Court. Waddy Vaughn was tried at the recent term of Sessions Court and was acquitted by the jury. However, after the case had been disposed of circumstances were such that the Judge ordered the defendant held on a new warrant. The Oconee jail is a very easy place to break out of—or into, for that matter, though we have never heard of any one attempting the latter feat. There are some repairs and additions badly needed, and if we mis-

Tenant Shoots Farmer.

Bishopville, S. C., April 25.—Elijah Gilbert, a well-known farmer of the Ashland section of this county, was shot and seriously, if not fatally, wounded by Lucas Horrell, a tenant, on his farm this morning. Both parties are white.

A shotgun loaded with buckshot was shot. The load took effect in the abdomen. Gilbert was rushed to the Florence Hospital and is said to be in a serious condition. Horrell came to town and gave himself up to Sheriff Scarborough and is now in jail.

The cause of the trouble is said to have been brought on by Gilbert forbidding Horrell to work his crop.

CHICAGO LEADS IN UNEMPLOYED

Negroes—Fifteen Thousand Are Idle There—Few Idle in Richmond.

Washington, April 25.—The Calumet district of Illinois, of which Chicago is the centre, leads the country in the number of negro unemployed, with approximately 15,000 idle negroes. In the Pittsburgh district of Pennsylvania the number of 4,500, while in Michigan it is 2,350. In announcing these statistics Commissioner Phil H. Brown, of the Department of Labor, after an emergency survey of selected industries, declared almost one-fifth of the total unskilled negro labor of the country joined the army of unemployed during the last three months of industrial depression. Only 2.63 per cent of the skilled negro labor was thus affected. From these facts, Mr. Brown declares, there is strong evidence of the growing inclusion and retention of negro workers, and it should act as an encouraging sign to negro labor that gained a foothold in the skilled

group. Disposition to apply themselves to early road construction and repairing and to return to agricultural pursuits has had an effect to reduce in some measure the number of negro unemployed, he said. The number of involuntary unemployed negroes in Richmond, Va., has been reduced to practically zero by a revival of the building industry there, according to reports to the Department of Labor.

Negro Woman Discharged.

York, S. C., April 25.—Charges that Violet Shaw, a 60-year-old negro woman, “cast spells” over Miss Margaret Thomasson, an aged white woman of Ebenezer, and thereby obtained \$3,500 were dismissed here Saturday when the white woman told Judge John Wilson in Common Pleas Court that “some one else had put the ‘spells’ upon her.” Violet Shaw and her grandson, Otis Powell, arrested with her, were released. The pair had lived on Miss Thomasson's farm for many years.
