## DEATH OF WILLIAM H. HUNT.

Death Followed Shortly After Passing of Sister and Brother-in-Law.

(Tugalo Tribune, May 9th.)

The death of William H. Hunt, which occurred near Seneca on last Wednesday night, May 3d, was a source of deep regret to his many relatives and friends in Oconee. Mr. Hunt had been suffering from paralysis for some time, and his death, although sad, had been expected.

Coming so soon after the passing of his brother-in-law and sister, Mr. and Mrs. Thomas Stone, the death of Mr. Hunt was indeed sad. He had been making his home for the past ten years or more in the Stone home near Seneca, on Seneca R.F.D. 4. His death occurred just one week from the day of the death of Mr. and Mrs. Stone, both of whom died the same day.

For many years Mr. Hunt lived about four miles from Westminster, in the Return section. He was a model farmer and had a fine home. His wife was Miss Maggie Holcombe, a sister of Mrs. Mary Mitchell, of this place. She died several years ago, and since her death Mr. Hunt had lived with his sister, Mrs. Stone. Mr. Hunt was an upright man, honest and true in all his dealings, and lived an exemplary Christian life. He was one of the volunteers of the Civil War, having served with the sixteen-year-old boys in the closing days of the great struggle.

The deceased was a member of the Westminster Baptist church for a number of years. His body was buried in the South Union cemetery on Thursday afternoon at 2 o'clock, the services being conducted by Rev. L. M. Lyda, of Walthalla, pastor of the Return church, where Mr. Hunt worshipped often. There were numerous sympathizing friends and relatives present at the interment.

Mr. Hunt had no children. He is survived by three sisters and one brother, as follows: Mrs. H. J. Reeder, Westminster; Mrs. W. M. Brown, of Oakway, and Mrs. Blackwell, of the Mountain Rest section; A. P. Hunt, of Westminster R.F.D. 3. To these and other relatives is extended condolence in their double bereavement.

Mr. Hunt had reached the age of 74 years. He was a native of Oconee county, having been born in that section in which he resided prior to making his home with his sister, in the year 1848.

# ASPIRIN

Name "Bayer" on Genuine

Beware! Unless you see the name "Bayer" on package or on tablets, you are not getting genuine Aspirin prescribed by physicians for twenty-one years and proved safe by millions. Take Aspirin only as told in the Bayer package for colds, headache, neuralgia, rheumatism, earache, toothache, lumbago and for pain. Handy tin boxes of twelve Bayer Tablets of Aspirin cost few cents. Druggists also sell larger packages. Aspirin is the trade mark of Bayer Manufacture of Monoacetic-acid-ester of Salicylic acid.—adv.

## BRUTAL MURDER AT COLUMBIA.

J. C. Arnette, of Columbia, Killed—Arrests Follow Quickly.

Columbia, May 10.—F. M. Jeffords and Ira Harrison and Glenn Treece, three white men of Columbia, are held for the killing in this city about midnight last night, of J. C. Arnette, a business associate of Jeffords in a gasoline filling station. The trio were arrested between three and four o'clock this morning, and the coroner's jury to-night held that Arnette came to his death at the hands of Jeffords and Harrison, with Treece as an accessory.

The coroner's jury also recommended that the men be brought to trial at once, and the coroner bound over all witnesses to the Circuit Court, which is now in session in Columbia for Richland county. The testimony will likely be given to the grand jury by the solicitor to-morrow.

The crime was one of the most foul committed in the State since the famous Brazell murder of last summer, when E. C. Cox, Jesse Gappins and S. J. Kirby literally cut the heart out of William Brazell, a taxi driver of this city.

Arnette was struck in the head last night, his life being beaten out with a heavy piece of iron. The body was then placed in an automobile and the machine driven about a mile and sent down an embankment with the lifeless body left in the front seat. The machine and the dead man were found before the body was cold. Treece and Harrison were arrested within a short while, and in an alleged confession incriminated Jeffords, who was then placed under arrest. It is alleged that the murder had been plotted some time, and that Treece and Harrison were to receive an interest in the business for helping to kill Arnette.

Jeffords also hoped to benefit from the murder of his partner by reason of certain insurance policies, three in number, each for the sum of two thousand dollars. The partners in the filling station business had taken out two policies of insurance for two thousand dollars, the one insuring the life of Arnette being payable to Jeffords, and the one on the life of Jeffords being payable to Arnette in case of the death of the former. Another policy for two thousand dollars was taken out recently, this one being a joint policy on the lives of the two men, Arnette and Jeffords, and payable to the survivor in case of the death of either one of the two. Jeffords, therefore, stood the chance of cashing two of the three policies on the death of Arnette.

Bloody clothes hanging in the room occupied by Jeffords led to his arrest. He had retired when the police arrived at his lodging place. The clothing of Harrison is also said to have been liberally blood-stained.

Healing, Beautifying to the Complexion.—I used Hagan's Magnolia Balm as directed, and in expressing my thanks for the great relief I have received from its use, I will add that your claim for its utility does not fully express its merits; it seems to possess a healing and beautifying power heretofore unknown. I will help to introduce your wonderful Balm. I remain, happily your friend, (signed) Miss Marie Almeida, Newhall, California. Instant beauty from this liquid face and toilet powder.—Brunette, white, pink, rose-red, 75c. at druggists, or by mail, Lyon Mfg. Co., 42 So. Fifth St., Brooklyn, N. Y.—adv.

## Acquitted of Murder Charge.

Anderson, May 11.—The jury returned a verdict of not guilty in the case of Sherman Browning, charged with killing his father, C. M. Browning, at Piedmont, Oct. 22. Witnesses testified that the elder Browning was drinking and had threatened the life of his son, and that he struck the younger man over the head with a bottle. Sherman Browning went on the stand and stated that on the afternoon of the killing he had worked until noon at the mill, then went to his home, later going to the Y.M.C.A. On his way back home he stopped in a field to talk to some boys, and it here that his father struck him with a bottle. He remembered the fight with his father, but did not remember anything about shooting his father. Despite much cross-examination the young man stuck to his story. Evidence was taken showing that when he went to his home for his gun his wife spoke to him, but he did not seem to recognize her.

## Oconeean to Write History.

(Pickens Sentinel, 11th.)  
N. Boone Carey, of Seneca, was a recent visitor in Pickens. He was here collecting material for a history of Pickens district, which he expects to publish soon. For many years Mr. Carey has been gathering up bits of interesting history of Pickens district, and is probably the best informed man living on this subject.

## COLUMBIA SLAYERS FOR EARLY TRIAL—Case Will be Called Tuesday Morning, May 16th.—True Bills.

Columbia, May 11.—The Richland grand jury at noon to-day returned "true bills" against J. W. Jeffords, Ira Harrison and Glenn Treece, who are charged by the grand jury with the murder, Tuesday night, of J. C. Arnette, who was a business partner to Jeffords in a Main street filling station.

The grand jury heard witnesses and within an hour had made its report. The main testimony was that presented by Sheriff Heise and the other officers of their arrest of the three men, and of the confessions made by the trio to them at the coroner's investigation, together with their finding of bloody clothes and the automobile of Mr. Arnette headlong in a ditch, with Mr. Arnette's body in the car.

Sheriff Heise said the men confessed the killing of Arnette. According to the sheriff, the men said they had plotted the undoing of Arnette for three weeks, with the view of getting possession of his business and other assets, including a \$2,000 insurance policy Jeffords had on Arnette's life and a joint policy the two had for a like amount, the last of the two partners to survive being the beneficiary. The men told Sheriff Heise and other officers that Harrison had struck the first blow and Jeffords had then struck him cold with an automobile axle. Harrison took the body to the lonely spot in the suburbs.

The trial of the three men who stand indicted for the Arnette murder has been set for hearing on Tuesday, May 16th.

## To Stop a Cough Quick

take HAYES' HEALING HONEY, a cough medicine which stops the cough by healing the inflamed and irritated tissues. A box of GROVE'S O-PEN-TRATE SALVE for Chest Colds, Head Colds and Croup is enclosed with every bottle of HAYES' HEALING HONEY. The salve should be rubbed on the chest and throat of children suffering from a Cold or Croup. The healing effect of Hayes' Healing Honey inside the throat combined with the healing effect of Grove's O-Pen-Trate Salve through the pores of the skin soon stops a cough. Both remedies are packed in one carton and the cost of the combined treatment is 35c. Just ask your druggist for HAYES' HEALING HONEY.

## Miller Making Rep. in Liquor Case.

From the Anderson Tribune report of Court proceedings for Anderson county we take the following items:

H. C. Miller scored another acquittal in the Court of General Sessions yesterday morning when he started search warrant maneuvers—a tactic that he has perfected to the n-th degree—and secured a directed verdict in the case of the State against Hamp Godfrey charged with violation of the prohibition law. Godfrey was arrested by city officers after a search of his home revealed seven gallons of liquor. Mr. Miller, counsel for the defendant, showed to the satisfaction of the Court that the officers conducting the raid—Chief Driscoll, Sergt. Burdin and Patrolman Erskine—obtained permission to search Godfrey's home from Godfrey himself. A directed verdict of not guilty was ordered by Judge Geo. E. Prince. Search warrants must be made to measure and to stand the technicalities raised in such instances as this.

Sylvester Fretwell and O. W. Pitts pleaded guilty to violation of the prohibition law, and each was sentenced to pay a fine of \$50 or serve three months on the county chain gang. Judge Prince lectured the young men, both of whom are from prominent families, and who were caught with thirteen gallons of blockade liquor on the Portman road a short time ago by Deputies Hall and Hilliard, and the Judge begged them to redeem their good names.

## An Undisputed Authority.

Willie—"Papa, teacher asked us to find some new words that have just come into the English language. Can you tell me some?"  
Papa—"Go ask your mother, Willie. She always has the last word."

Pictures printed in dots on the Braille system are the latest innovation for assisting the blind.

## SOME D. A. R. NOTES.

The April Board Meeting.

(From the Sunday State.)

The April meeting of the Tamassée board was held at Walthalla with Mrs. Hayne Jones and at Clemson College with Mrs. F. H. H. Calhoun, owing to a few cases of influenza at the D. A. R. School.

Upon arrival at Mrs. Hayne Jones' lovely home the board was met by the members of the Walthalla Chapter, D. A. R., who refreshed the early travelers with tea and sandwiches.

Those present were: Mrs. Cain, the State regent; Mrs. Calhoun, Mrs. Turner, Mrs. Hames, Mrs. Bailey, Mrs. Jones and Mrs. Richardson. Mrs. Turner and Miss Wil Lou Gary were re-elected to serve two years. Mrs. M. G. Richardson, of Greenville; Mrs. J. T. McLees, of Greenwood, and Mrs. A. B. Bryan, of Clemson College, were elected members of the board, with Mrs. Hayne Jones and Mrs. A. J. Baker as honorary members.

Miss Hine, superintendent of the school, was present and gave a report of the good work done by the school this year.

The school is in splendid condition—water-works finished, and the New York cottage will be built this summer. The board has every reason to be most proud of the work done by it and the school.

Marie Gilreath Richardson, Acting Secretary.

## A Visit to Tamassée.

Dear Daughters;

On my way to the annual congress of the D. A. R. in Washington in April, I went by our D. A. R. School at Tamassée and spent a few days with the teachers and pupils, seeing the school in actual operation and looking over what we have in the way of equipment, and getting suggestions for what we need in planning for the future of the school.

I was very much pleased with all phases of the work. A splendid spirit of co-operation existed, which spoke well for the success of the year's work. In addition to their studies and household duties, they had closing exercises that would have been a credit to any school.

We have been successful in securing the services of a fine farmer, who is in charge of the property and runs the farm, garden, etc. Our horse, "Prince George," commonly called "Pete"; the two cows with their calves, and the two pigs, recently given by Daniel Morgan Chapter of Gaffney, and named by them "Mrs. Morgan" and "Daniel," are fat and "sassy." Several hives of bees have recently been sent by Mrs. H. B. Carlele, of Spartanburg. A garden has been planted to raise vegetables enough to can this summer for the use of the school in winter.

Altogether, our beloved D. A. R. School at Tamassée presents an ideal appearance of peace, plenty and prosperity, and every daughter in the State, as well as every one interested in the welfare of others, will be proud and happy to know of the success that is being met with in our efforts for patriotic education in our own State. Could you have been with me there your heart would have swelled with pride, as mine did, at the realization of our "dreams come true." Last summer we built a cottage for our farmer; last winter we installed a system of water-works, which is giving perfect satisfaction, and which is a joy indeed; this summer we plan to build the New York cottage, which will accommodate twelve girls and two teachers, all of the rooms in which have already been applied for, as well as most of the space in the main building, which last session the girls filled to its capacity. With the prospect of this increase of our boarding girls, we will need many more pigs. Who will follow the good example of the Daniel Morgan Chapter of Gaffney? No matter how little it is, we will raise it.

With 2,100 women in South Carolina working for the success of Tamassée, do you not realize that growth will, and must?

Lillian M. Cain, State Regent.

## Echoes of Congress.

Having recently returned from the annual D. A. R. congress in Washington, I feel that you will be interested in the many events arranged for us there, as well as the business of the organization.

Our first night the representatives of the nine nations who were present at the disarmament conference were present as guests of honor on the rostrum, and Secretary Charles E. Hughes, J. J. Jusserand and Sir Auckland Geddes addressed the society.

Tuesday afternoon our D.A.R. congress went to Arlington to place wreaths on the grave of the unknown soldier. Your State regent could not be present, but your State auditor,

"THE WOOD THAT ALL ITS USERS PRIZE, THE WISE INVESTOR SAFELY BUYS."

If repairs are needed around the Home Place because

# "TIDE WATER" CYPRESS "THE WOOD ETERNAL"

was not used at first there is Good Cheer in the fact that if you repair with Cypress you stop the cycle of costly and annoying replacements.

Then,—“Buy the Grade That Fits the Job.” Why pay for a higher grade than the work needs? That kind of intelligent buying gives you still another real saving. It's worth while.

Your nearest lumber dealer will give you honest advice. So will we.

Write for list of FREE PLANS for farm buildings.

## Southern Cypress Mfrs.' Assn.

200 Graham Building, JACKSONVILLE, FLORIDA.

YOUR LOCAL DEALER WILL SUPPLY YOU, IF HE HASN'T ENOUGH CYPRESS LET US KNOW AT ONCE.

Mrs. H. F. Rice, acted in her place in this ceremony, so fittingly observed.

Thursday congress made a pilgrimage to Mount Vernon, there to be met by Marshal Joffre, accompanied by his wife and daughter, and Mr. Jusserand, who brought a tree from the ancestral home of Lafayette and planted it at the home of Washington. A tree from Sulgrave manor, the original home of the Washingtons, in England, was also presented and planted by a representative of the English government, Col. Weaver. Wreaths were placed on Washington's tomb by these friends from France and England, and many expressions of good will and esteem were heard.

The usual reception by the president general in Continental Hall, and the President of the United States in the White House, were given, and one at the Congressional Club to meet Mary Roberts Rinehart, by the members of the club.

The assessment of 25 cents per capita for the publication of the "Manual for Immigrants" was continued, this having proved to be a great factor in helping those foreigners who come to our shores. Mr. Marie Gilreath Richardson, of Greenville, formerly chairman of this committee, has consented to continue her services, and will be glad to hear from every chapter promptly.

It was also decided that when a member was dropped she could only be reinstated upon payment of the \$5 initiation fee, in addition to her chapter and national indebtedness.

When the chapter treasurer sends her report to the treasurer general, the dues and names of those paying same should be mentioned. This leaves the matter of notifying delinquents to the treasurer general and relieves the chapter treasurer. All dues, both State and national, have to be sent in in January and credited on the treasurer general's books before representation is allowed at congress.

The South Carolina room committee reports over one-third of our \$1,000 paid in for our room. The committee appeared before Secretary of the Navy Denby and asked for the privilege of getting material, etc., from the battleship South Carolina for use in finishing and furnishing our South Carolina room in the new administration building. A permit was given Mrs. A. E. Baker, of this committee, which will allow her to go on board and select what can be used, provided the battleship is not already dismantled. We are in hope of getting something for the old exchange buildings in Charleston also, and of securing the flag, presented by the South Carolina D. A. R. to the battleship some years ago. Permission was asked of the building committee for the privilege of placing what we thought wise in our room.

Mrs. F. H. H. Calhoun spoke during congress for Tamassée, and in closing presented to Mrs. Minor a bouquet of organdie flowers, sent by the girls at Tamassée. We were all so pleased, after the fire at the New Willard Hotel, where Mrs. Minor was stopping, to know that Mrs. Minor, hurrying out with only time to slip into her cloak, seized her president general's badge and these same organdie flowers.

An exhibit of Tamassée products was shown throughout the congress, and folders, telling of our work and needs, given to all those interested.

Your State regent, Mrs. Calhoun, and Miss Mamie McLees appeared before the Tamassée committee from New York State and told of our D. A. R. School and its pressing needs, after which the ladies voted to put on the New York cottage this summer, having already in hand over \$7,000 toward this fund.

The Michigan delegation brought the message to \$500 given at their State conference for scholarships at Tamassée.

Our Tamassée School has done a splendid work this year, and all of the girls now there are applying for admittance next fall, and others in the community are planning to come to us. The influence for good which the South Carolina D. A. R. have had on these young women in the most impressionable years of their lives has been of incalculable value. Our work there is four-fold, for we have a day school, a night school, a boarding department, and the community work. This latter includes Sunday school every Sunday and preaching when we can get a supply, and a mid-week service of song and prayer. Every girl takes her part willingly in the devotional exercises, and the few not already members of some church have recently joined the church of their choice. Last summer we cooperated with the illiteracy commission of South Carolina in putting on a "Moonlight School," at which sixteen girls and twenty men learned to read and write. Our plans are not complete for this summer, but if there is the opportunity we will have another this year, for our motto is "Service," which includes the older ones who need us as well as the younger ones.

Tamassée is our one big word and we are slowly but surely making the success of it that we all hope for. We feel that in doing this we are carrying out the ideals of the national society, whose slogan, "For Home and Country," carries the broad interpretation of service to others in helping them to higher aims of life, both here and hereafter.

## No Worms in a Healthy Child

All children troubled with Worms have an unhealthy color, which indicates poor blood, and as a rule, there is more or less stomach disturbance. GROVE'S TASTELESS CHILL TONIC given regularly for two or three weeks will enrich the blood, improve the digestion, and act as a general strengthening Tonic to the whole system. Nature will then throw off or dispel the worms, and the child will be in perfect health. Pleasant to take. 60c per bottle.

## Man Boasts Beard Nine Feet Long.

Brighton, Mich., May 12.—The longest whiskered championship of the world is claimed by John J. Tanner, 84 years old, for more than half a century a resident of this village.

His beard measures exactly nine feet from chin to tip. Ordinarily Mr. Tanner controls it by thrusting the end inside the band of his trousers.

More than fifty years ago, when Mr. Tanner's beard was only two or three feet in length, he decided to seek the championship. To this end he braided his beard and tucked it inside his vest. The whiskers soon attained proportions making the braiding impracticable.

Ten years ago Mr. Tanner's beard was six feet long. Five years ago two feet more had been added, and now it measures nine. The owner hopes to attain a growth of twelve feet.

The Quinine That Does Not Affect the Head Because of its tonic and laxative effect, LAXATIVE BROMO QUININE is better than ordinary Quinine and does not cause nervousness, nor ringing in head. Remember the full name and look for the signature of H. W. GROVE, 30c.
