Barnwell Coroner's Jury Holds Moles Hair for the Killing.

Williston, S. C., Aug. 11.—About 6.30 o'clock this morning, about one mile east of Elko, three miles from Williston, Moles Hair, Jr., it is alleged, shot and instantly killed his step-father, D. S. Mims. The only eyewitnesses were Quincy Hair, 15-year-old brother of Moles Hair, and Jesse Hair, a distant relative.

From the testimony introduced at the coroner's inquest, held at Elko this morning, it seems that Mr. Mims and young Hair became involved in an argument, and Hair says that Mims made at him with a knife and was cursing him at the same time. Hair ran out of the house and Mims pursued him with the knife in his hand, the defendant said. Hair fired once and continued to run and was followed by Mims, it is alleged. He then fired twice and Mims fell. All three bullets took effect, one penetrating the heart, one entering the stomach and one striking the right arm of the deceased.

The verdict of the coroner's jury was that Mims came to his death in accordance with the above testimony.

Hair immediately surrendered to Sheriff Sanders and is in the Barnwell jail. Young Hair is about 21 years of age and bears a good reputation. Both parties are well known and have large family connections. Mims left no children. His widow is the mother of young Hair.

ENGINEER LOST LIFE IN WRECK

Near Columbia—Sand on the Track Caused Derailment of Engine.

Columbia, Aug. 13.—Seaboard Air Line railroad train No. 3, northbound from Jacksonville to Washington, jumped the track at 5.30 o'clock this afternoon half a mile from Dixiana, S. C., killing Engineer John Preacher, of Savannah, Ga., and injuring Fireman Dave Stevens, also of Savannah. One passenger was taken to a Columbia hospital badly shaken up, but is not thought to be seriously hurt.

Sand on the track, railroad officials say, caused the derailment of the locomotive, which practically buried itself beside the track. Three cars were also derailed.

The wreck occurred at a point where the track is crossed by the highway leading into Columbia, and the sand, it is believed, was thrown on the rails by the heavy traffic during the day. There are no indications of foul play, the officials said.

SPECIAL MEETING NEXT SUNDAY

At Walhalla Presbyterian Church at Four o'clock in Afternoon.

The Gipsy Smith Advertising Committee have arranged for a mass meeting to be held next Sunday afternoon at 4 o'clock, at the Presbyterian church in Walhalla. There will be several prominent speakers from different parts of the county, and special music and singing has been arranged.

This meeting will be in preparation for the Gipsy Smith meeting, which will begin in Seneca on Sept. 3, and it is earnestly desired that as many as possible attend. Come out and help make it a success.

Mr. Smith, the noted evangelist, has never visited as small a place as Seneca, and his visit there was made possible by enlisting the co-operation of all the churches of our entire county. The Advertising Committee hopes that you will show your appreciation of the opportunity that is to be given the people of Oconee to hear this world-famed evangelist by taking an active part in all the meetings preparatory to the real evangelistic campaign, as well as by attending the series of services when they shall begin early in September.

Remember this meeting at the Walhalla Presbyterian church next Sunday afternoon and be present if possible.

Not only is a most cordial invitation extended to everybody, but all are URGED to come.

Local Notes from Seneca.

Seneca, Aug. 15.—Special: Mrs. J. B. Wilson, Mrs. Lois Shoemaker and children, of Granbury, Texas, were recent guests in the home of Mr. and Mrs. Julian Dendy.

Mrs. Montie Pearson and daughters, Misses Sara and Montie, of Anderson, who are spending the summer at Jocassee Camp, were stopping in Seneca Friday.

Mr. and Mrs. Henry White and little Annie left Tuesday for Heidelberg Park, Flat Rock, N. C., after a week's visit to Mr. and Mrs. John Edwards. Heidelberg Park is the assembly grounds for the Seneca church.

Miss Sallie Burgess had the misfortune to fall while walking in her yard in Greenville recently and broke her arm. Her many friends in Seneca deeply regret the accident and hope that she will soon recover.

Mr. and Mrs. Deerheart and children, Mr. and Mrs. Walter Kelley, left Monday morning for a few days camp at Whitewater.

The many friends of Dr. and Mrs. J. H. Burgess sympathize with them in the illness of Dr. Burgess, and sincerely hope there may soon be a decided change for the better in his condition.

L. D. Wyly, of Lumberton, N. C., arrived in Seneca Friday, making the trip of 285 miles in the day. He will be accompanied on his return trip home (early to-morrow) by Mrs. Wyly and David, Jr., they having spent some time here with relatives.

Among the outstanding social events of the week was the bridge party given by Mrs. John Edwards Friday morning, complimenting her sister, Mrs. Henry White, of Chester. A score of young maids and matrons enjoyed the hospitality of Mrs. Edwards and were delighted to meet the fair honoree, most of whom had met her on previous visits as Miss Gene Harris, of Anderson, before her marriage. A refreshing ice course was served.

The union Sunday night preaching services and mid-week prayer meetings are well attended and Christian fellowship prevails throughout each service. The mid-week prayer meeting last week was of unusual interest inasmuch as it was conducted by several young boys, each giving a brief talk. The service to-night in the Presbyterian church will be conducted by girls from the different denominations. There will no doubt be a full attendance. Cottage prayer meetings every Tuesday and Friday at 8 p. m. are held in different parts of the town and will continue until the Gipsy Smith revival in September.

ORR'S REGIMENT REUNION.

We had started on the report of the meeting of Orr's Regiment of Rifles, but we find that some of the records furnished us are incomplete, and for that reason, as well as the fact that the report is of necessity quite lengthy, we have held it over until next week, when it will appear in full, with all necessary corrections of data inserted. We prefer to do this rather than to give partial information and data, and for the further reason that its publication in this issue would necessitate leaving out several columns of other matters to make room for it.

The old soldiers had a glorious time, so they tell us, and we feel sure that they did, judging by the radiant countenances of the old veterans who called to see us at the Courier office and expressed their deep appreciation of the kindnesses shown them and the royal entertainment accorded them during their two days' stay in our midst.

TEN LIVES ARE LOST AT SEA.

Five Killed When Spontaneous Combustion of Coal Takes Place.

Aboard the Steamship Adriatic, off New-England, Aug. 11.—(By wireless.)—An explosion occurred to-day aboard the steamship Adriatic in the reserve coal hatch, killing five members of the crew and injuring four others.

The explosion, which took place at 1.10 a. m., was caused by spontaneous combustion. Not a passenger was killed. Of the five members of the crew who were killed, one was believed to have been blown overboard.

"It came like a roar of thunder," said one of the passengers, describing the incident. "The captain of the ship, Hugh R. David, is a strict disciplinarian, and this showed this morning when he performed great work. He had the fire in the hold under control and the ship again on her way a few hours after the explosion."

Five Lost on Converted Yacht.

Miami, Fla., Aug. 11.—Five persons are known to have lost their lives and two others are believed to have drowned when an explosion and fire destroyed the converted yacht Shirin, three miles off the Miami beach at 4 o'clock this afternoon, just an hour after it put out from here for Nassau.

Survivors could not tell what happened or how the explosion was caused. The craft, in commercial use, was operated by gasoline engines. Two thousand gallons of gasoline was in flames a moment after the blast occurred, and the vessel was at once enveloped from stem to stern. Passengers and crew had little chance to get to the life boats, only one or two small craft being lowered. A mad scramble ensued, and when rescue boats arrived, the explosion having been witnessed from shore, all who had been aboard were swimming about in the water or clinging to the ship's boats that they had managed to get down.

The launch Genevivo was the first on the scene and picked up most of the crew and passengers and three of the bodies of those who lost their lives. The fire swept rapidly through the Shirin, and in less than an hour the boat had sunk.

E. Johnson.

The woman testified that Stevens, who died early yesterday, had threatened her, and that as her husband, Larry Avera, welterweight boxer, was not there, she shot in self-defense. Other witnesses testified that Stevens' record was bad.

THE OLD MARKETING SYSTEM

Impoverished the South—Hope from Co-operative Marketing.

Columbia, Aug. 15.—"If 40 years of marketing under the old system have left this section impoverished, except for abnormal prices paid during the war, then is it not at least time to begin to look for some other system of marketing?" asks W. W. Bradley, State Bank Examiner, in a statement issued to-day, strongly endorsing the co-operative marketing of cotton and tobacco, and urging the banks of the State to back the two associations.

Mr. Bradley declares that the success of the associations rests more largely with the banks than with any other force in the State. The plan will succeed, he declared, just in so far as the banks will succeed.

"There is nothing in the problem that is inimical to their interests, and there is every probability of material prosperity to the banks, as well as the communities they serve, in promoting this marketing plan," declares Mr. Bradley in enumerating some of the reasons why the banks should support the associations.

"In the past farm products have been sold to thoroughly organized compactly by thoroughly disintegrated producers. The man who produces has no word in the conduct of produce exchange. The law of supply and demand has been inoperative except in the case of extremely large or extremely small crops, and then has been used mainly to the advantage of the speculator.

"Co-operative marketing, it is believed, will remedy, if not cure, this evil by enabling the producer to get some advantage of the selling end of the law of supply and demand."

Campaign Meeting at High Falls.

It is said that there was only one eyewitness to the affair, Monroe Harley, a white farmer about 25 years old. It is reported that Hill fired the first shot and then Wood fired twice, killing Hill. Hill, it is said, reported Wood and Harley for alleged dealing in whiskey a short time ago.
