Oldsmobile

The Best Thing on Wheels.

We are to-day driving an Oldsmobile, Model 18-A, four cylinders, five passenger car, which has today gone eleven thousand one hundred and seventy-nine (11,179) miles, with a total expense for parts of 75 cents. The car is still running on its original tires. It is actually performing better to-day than the day it was first driven.

THIS IS NOT AN ISOLATED INSTANCE, but there are Oldsmobiles right here in Walhalla which have run thousands and thousands of miles with practically no expense at all. We do not believe there is any car in the market that can equal the OLDSMOBILE in price, good looks and endurance. Eighteen (18) to twenty (20) miles to one gallon of gas and from twenty-five hundred (2500) to three thousand (3000) miles to one gallon of lubricating oil is what the new Model Four-Cylinder Oldsmobile is doing from day to day. It is one of the very few cars in the country that is sold with a twelve months' guarantee.

GIVE US A CHANCE TO PROVE TO YOU THAT THE "OLDSMOBILE IS THE BEST THING ON WHEELS."

THE NEW STETSONS ARE HERE.

That's all we need to tell you. New Fall Styles with the distinctive mark, and the good, old-rock bottom Stetson Quality.

If you're a regular Stetson customer, of course you'll want one of the new Fall Styles. If not, let us urge you at least to come and try one on.

You can judge for yourself what this Stetson "feeling for style" is, that the young men talk about.
