Junior Red Cross Praised for Work Influencing Peace

The advancing standard of the Junior American Red Cross made two outstanding gains during the last year—one in the field of domestic activity, which is rapidly linking up the schools with the Junior program, the other a gain of a dozen countries in Europe pledged to organize Juniors on the lines of the American organization.

\$1,441,486 A YEAR'S DISASTER RELIEF COST

Red Cross Aided 145,000 Victims in United States—Losses Total \$30,000,000.

Seventy-two disasters, with hundreds reported killed and injured, and more than 145,000 either homeless or requiring assistance, called for emergency relief measures and the expenditure of \$1,441,486.86 by the American Red Cross during the fiscal year ending June 30, 1922, according to a statement based on the forthcoming annual report of the Red Cross.

The year's disasters reported included twenty-six floods, nineteen tornadoes, fifteen fires, four epidemics, two theatre collapses, two shipwrecks (one an airship), and a bridge collapse, mine explosion, railway collision, and a drought.

A National Calamity

In the Red Cross disaster relief records there will probably remain for many years one calamity which touched nearly every state with a sense of horror and of loss. This was the distressing collapse of the roof of the Knickerbocker Theatre in Washington, D. C., resulting in ninety-six deaths and 125 persons injured.

ended June 30, 1922, will show 24,528 schools enrolled, with a total of 4,483,845 pupils wearing the "I Serve" button of the American Junior Red Cross—the badge of unselfish service earned by each individual member through personal sacrifice.

In international school correspondence 796 classes and schools engaged in friendly communication with 623 schools in European countries, 90 schools in United States territories, 13 in South Africa and 10 in a miscellaneous list of foreign countries. The work in foreign fields in establishing playgrounds, school libraries, sewing and manual training classes, homes for war orphans, school reconstruction in devastated areas, encouraging community gardens and many other activities was financed through the National Children's Fund raised by the Juniors at a cost of \$338,237.40.

S. Army's large airship Roma in Virginia last February with the loss of 34 officers and men and 11 injured was the first disaster of its kind to call for Red Cross relief in this country. The suddenness of the accident tested the preparedness of the organization and of the Chapter at Hampton, Va., but the response was immediate and relief furnished the survivors, also funds for the expenses of relatives of the dead, who came from long distances to claim their own.

In the year's overseas record for aid rendered by the Red Cross are two fires in the Philippines, one in Manila, which destroyed 1,000 homes, with a loss of \$1,500,000 and 5,000 persons made homeless, the other at Tonlo, which drove 3,000 from their dwellings. In medical relief that was quick and effective the smallpox epidemic in San Domingo, which had a total of 22,000 cases with 225 deaths in a single day, tested the readiness of the Red Cross for action, and the same can be said of the San Domingo hurricane, which killed 12 persons and reduced the homes of 182 persons to wreckage.

Relief Machinery Perfected

The year has seen the further perfection of disaster relief administrative measures in every field of American Red Cross activity, and that the work may be carried out to still greater accomplishments the American Red Cross is appealing for widespread renewal of membership during the annual Roll Call, to be conducted this year from Armistice Day (November 11) to, and including, Thanksgiving Day (November 30).

HOME DEMONSTRATION

NOTES.

Interest at Poultry Show.

A most interesting section of the State poultry show was the section devoted to the boys' and girls' exhibits, meaning as it does more for the future of the State than all the birds gathered together by breeders and fanciers in the usual show of poultry. This section, larger this year than ever before, is expected to show a still larger increase next year.

The members of the county and community poultry associations had a very creditable exhibit of poultry, considering the fact that these are new organizations and their first time to enter birds at the fair. These members, however, by their enthusiasm, made the egg show a decided success. In most cases the eggs were well graded and packed, and the display was a striking addition to the Home Demonstration Poultry Show.

The following winners were listed from Oconee county:

Mrs. G. L. Harris, Westminster—1st, Barred Rock cockerel; 4th, Barred Rock pullet.

Mrs. Larry B. Marett, Westminster—2d, Barred Rock pullet; 5th, Barred Rock pullet; 4th, Barred Rock cockerel; 2d, brown eggs.

Mrs. Davis Martin, Westminster—3d, Barred Rock pullet; 3d, Barred Rock cockerel.

Mrs. Effie Harris, Westminster—3d, brown eggs.

Mrs. J. H. Allen, of Westminster, won first place in the State butter contest.

Ethel L. Counts, Co. Home Dem. Agent.

Good Meeting at Village Creek.

Three young members were added to the church, and the community seems to be benefited by hearing the fine sermons preached by these God-called men. These two good brothers came for the good of our community and to save lost souls for Christ. God speed the day when the people of this community will wake up to their lost condition and give up their

moonshining, bootlegging and other sinful ways of living.

Revs. Baumgardner and Beatty have brought the Word and preached the truth to the people. Don't take their word for it, but take your Bibles and read them. Citizens, if we will practice reading our Bibles more so much of this community gossip would cease and we would have a fine community to live in. You have a school placed in your community, and there is a possibility of this school getting better. We have almost enough pupils to have two teachers. Citizens, if you are interested in your church, school, community in general, "show your colors." You have as bright a band of school children as any community in the county. So train them up in the way they should go, and when they grow up to be men and women they will not depart from it.

Officers of Oconee, do your duty! Stand for the right, and let's make not only Village Creek community better, but every other section of our county and our country.
